MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal hole and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for

information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 26 Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Room 905, City Hall Annex, for all information relative to the erection of poles, the building of conduits, the installation of wires and electrical apparatus. DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to Andrew J. Morse & Son, Inc., for furnishing six super deck guns, with tips ranging from 1½-inch to 2½-inch, at a price of \$320

each, delivery to be made to the Bureau of Supplies and Repairs, Fire Department, Bristol street.

I have received information from the Fire Commissioner to the effect that the Morse gun has been accepted as the standard by the department, and that the price quoted, namely, \$320 each, is a fair and reasonable one.

In the view of the recommendation made by the Fire Commissioner, I respectfully request that the permission asked for be granted.

Respectfully yours,

G. J. CRONIN,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PUBLIC WORKS DEPARTMENT (Paving Service).

An addition, amounting to \$53, on contract with John Kelley Company for artificial stone sidewalks in Ashfield, Congreve, Hastings and Walk Hill streets, West Roxbury, on account of constructing driveway not shown on plan; removing

buried stumps; breaking out old concrete to allow construction to proper grade. Original contract, \$21,545.70; total addition, \$53; contract as standing, \$21,598.70.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Additions, amounting to \$302.84, on contract with Antony Cefalo for sewerage works in Centre street and outlets in Guernsey, Central and LaGrange streets, West Roxbury, on account of removing trees on northerly side of Centre street, due to change in location of sewer and surface drain on northerly side of Centre street, between point opposite Central street and point about 171 feet westerly, and excavating under and supporting 12-inch water pipe found in different location than shown on plan. Original contract, \$75,296.25; total additions, \$577.36; contract as standing, \$75,873.61.

SCHOOLHOUSE DEPARTMENT.

An addition, amounting to \$990, on contract with John J. Lane, dated July 20, 1920, Winship School, viz.: Additional work, side wall, \$75; new concrete, easterly side, \$450; new concrete, westerly side, \$250; covering foundation, school, \$125; laying granolithic on coal pocket, \$90; total, \$990. Original contract, \$13,800; total addition, \$990; contract outstanding, \$14,790.

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force without advertising for competitive bids:

To repair steel work and wooden flooring of Columbus Avenue Bridge, over the Boston & Albany Railroad, the estimated cost for labor and material being \$5,000.

JOSEPH F. SULLIVAN, *Secretary*.

Approved December 24, 1920.

ANDREW J. PETERS, *Mayor*.

CLAIMS.

The Mayor has approved the following claims, with the indorsement of the Corporation Counsel:

Catherine A. Betterly, for refund of amount deposited by her in the Boston Municipal Court as security for bail for her husband, Henry E. Betterly, August 5, 1920 (the husband having defaulted said bail as he was in an insane condition and unable to appear in court, now being in the State Hospital at Worcester), by payment of \$50.

REJECTED CLAIMS.

On December 29 the Law Department disapproved ten claims against the city, in seven of which no amounts were specified, and the other three amounted to \$172.88 and are classified as follows:

Against the Park and Recreation Department, one, in which no amount was specified; against the Public Buildings Department, one, in which no amount was specified; against the Public Works Department, eight, in five of which no amounts were specified and the other three amounted to \$172.88.

All these claims have been disapproved for the reason that there appeared to be no legal liability on the part of the city.

MUNICIPAL GYMNASIA.

The Park and Recreation Department, City of Boston, desires to inform its patrons that the regular gymnastics of the municipal gymnasias have been resumed at the various municipal buildings.

The following buildings have gymnasias and shower rooms which are open to the free use of the public every week day:

Roslindale Building.—Corner of Ashland and Washington streets.
Curtis Hall Gymnasium and Swimming Pool.—South street, Jamaica Plain.
Cabot Street Gymnasium and Swimming Pool.—Roxbury.
Vine Street Gymnasium.—Corner Vine and Dudley streets.

RE GARBAGE CONTRACT.

BOSTON 9, December 24, 1920.

MR. CHARLES CRANFORD, *President Boston Development and Sanitary Company, Old South Building, Boston, Mass.:*

DEAR SIR,—Your letter of August 23 heretofore acknowledged, asking to be relieved from the terms of your contract with the City of Boston for the disposal of garbage and other refuse on and after April 1, 1921, has been duly considered, as have also two further communications from you on the same matter. These further communications, dated respectively December 22 and December 23, announce your intention of ceasing operations under the terms of your contract, on December 31, 1920, unless certain modifications be made in the terms of payment, by which modifications the City of Boston would be called upon to pay you an amount considerably in excess of the amount that it is required to pay under the contract now outstanding.

These several letters have been carefully considered by the committee appointed by me to consider the matter of refuse disposal generally, and I have considered them and the report of said committee with respect thereto.

It is manifest that the communications from you of December 22 and 23 took the place of your communication of August 23, rendering necessary the consideration only of the two later communications. After a careful consideration of these communications, and of the report of the committee with respect thereto, I find myself compelled to reject the proposal submitted by you in them, and to notify you

that you will be held to a strict compliance with all of the terms and conditions of your contract. In event of any default by you with respect to such terms and conditions, the city will have recourse to such remedies as are in the contract provided.

Very truly yours,

ANDREW J. PETERS, *Mayor.*

SALE OF FORD RUNABOUT.

To the Mayor of Boston:

I respectfully request permission to sell to Burnett & Sherman, Inc., one old Ford runabout, the property of this department, for the sum of \$155.

This sale is in part payment for a new Ford runabout to be purchased from this firm for the Street Cleaning Service, and which has been ordered through the Supply Department.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Approved December 24, 1920.

ANDREW J. PETERS, *Mayor.*

GARBAGE CONTRACT.

BOSTON, December 29, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Your letter of December 24 has been referred to the directors of this company, to whom full report has also been made of the interviews of representatives of this company with the com-

mittee appointed by your Honor to consider the matter of refuse disposal generally.

In view of the wish expressed by your committee that it be given further time in which to study the situation, the directors of this company have decided to continue operations under this company's contract with the city.

We respectfully request that you urge upon your committee the importance of their completing their investigations and of communicating to you and to this company such plan as they may have to suggest before this company's resources are wholly exhausted.

We beg to urge upon you and upon them that this company be informed of their conclusions prior to February 1, 1921.

Very respectfully yours,

BOSTON DEVELOPMENT AND
SANITARY COMPANY,
CHARLES CRANFORD,
President.

TRANSFERS IN BUDGET.

Under authority of section 3 of chapter 486 of the Acts of 1909 the Mayor has approved the transfers requested in the following communications:

ASSESSING DEPARTMENT.

Boston, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—In view of the fact that the salaries of the First Assistant Assessors were increased by provision of chapter 1 of the Ordinances of 1920, to become effective April 1, fixing the amount at \$1,500 per annum, it becomes necessary to ask for an additional appropriation to cover part of said increase, and we respectfully request a transfer of \$4,708.50 for this purpose.

Respectfully,

EDWARD T. KELLY,
Chairman

CITY CLERK.

Boston, December 16, 1920.

MR. J. ALFRED MITCHELL,
City Auditor:

DEAR SIR,—You are hereby requested to make the following transfers in the items appropriated for the City Clerk Department:

From the appropriation for A-1, 1 Clerk, \$2,000 per year, \$350, to the appropriation for A-3.

From the appropriation for A-1, 1 Clerk, \$2,000 per year, \$14.70, to the appropriation for B-35.

From the appropriation for A-1, 1 Clerk, \$2,000 per year, \$423.85; B-1, \$100; B-3, \$64.20; C-9, \$40; C-10, \$46.40, to the appropriation for D-1, \$674.45.

Yours very truly,

JAMES DONOVAN, *City Clerk.*

Boston, December 16, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—In explanation of my request of this date for transfers I will say that the transfer for D-1, Office Expenses, is to cover absolutely necessary bills incurred in excess of the appropriation, which were authorized by you under date of November 15.

The transfer for A-3, Unassigned, is for payment for extra work on account of the cleaning and rearranging and indexing of the records and papers in our vaults. This work is now completed, and, as I stated in my previous communication to you on this subject, I feel that the present condition of the records reflects credit on the city and the department, and that by having the work done by the method adopted the city has been saved at least \$1,500.

Respectfully,

JAMES DONOVAN, *City Clerk.*

INSTITUTIONS DEPARTMENT.

The above transfers are requested in closing the accounts for the year 1920-21.

Very truly yours,

THOMAS C. O'BRIEN,
Commissioner of Institutions.

Boston, December 22, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Complying with your request we submit the following reasons for transfers within the appropriation granted to the Infirmary Division of this department:

BOSTON ALMSHOUSE AND HOSPITAL.

A-1, Permanent Employees.—The request for \$30 on position for first assistant

resident physician is needed because of error in transferring too much from that item earlier in the year.

The amount requested for engineers is needed because of the fact that allowances for board in the sum of \$6 per week has been granted during vacation period as part of their salary.

Earlier in the year \$3,913 was transferred from item for attendants. Since that time it has been possible to secure the full quota of attendants owing to the fact that increases in salaries have been allowed. It will therefore be necessary to ask that \$1,451.63 be returned to this item.

A-2, Temporary Employees.—The amount needed on this item is to pay for expenses of two metal workers employed to make necessary emergency repairs.

B-18, Cleaning.—The amount needed on this item is to pay bills for laundry work done at Deer Island.

B-35, Fees, Service of Venires, Etc.—The transfer to this item was made necessary on account of payment of \$4 for inspection of moving picture machine.

C-16, Wearing Apparel.—A transfer to this item was made necessary on account of the fact that the number of men's suits needed proved to be larger than was anticipated.

D-4, Forage and Animal.—The shortage on this item was occasioned by the fact that Rainsford Island did not pay a bill for hay as was expected.

D-13, Chemicals and Disinfectants.—Additional funds on this item are needed to cover expenses for chemicals for the refrigerating plant.

E-1, Building.—Additional funds are needed on this item because of the fact that repairs to boilers estimated under B-39 were performed by masons from the Public Works Department, and materials charged to this item.

E-10, Electrical.—The amount on this item is to cover cost of materials used to make emergency repairs to fire alarm and telephone systems.

STEAMER "GEORGE A. HIBBARD."

C-11, Marine.—Our estimate on this item did not prove to be sufficient to cover the items of equipment necessary.

E-11, Marine.—Transfer of funds to this item was made necessary on account of requirements of the steamboat inspectors.

OFFICE EXPENSES.

A-1, Permanent Employees.—Transfer of \$25.12 to bookkeeper is made necessary because of error when budget was passed.

Very truly yours,

THOMAS C. O'BRIEN,
Commissioner of Institutions.

INSTITUTIONS DEPARTMENT.

Boston 9, December 22, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Will you kindly arrange with the City Auditor for the following transfers within the appropriation for the steamer "Monitor" and House of Correction to balance accounts for the fiscal year?

From the appropriation for E-1, Materials, \$40.58, to the appropriation for B-8, Light and Power, \$1.60; C-13, Tools, \$3.57; D-1, Office Supplies, \$26.23; D-8, Laundry, Cleaning, Toilet, \$6.08; D-14, Marine, \$3.10.

HOUSE OF CORRECTION.

From the appropriation for A-1, Permanent Firemen, \$75.97, to the appro-

priation for A-2, Temporary Employees, \$75.97.

From the appropriation for A-1, Assistant Engineers, \$33-36, \$100, to the appropriation for A-2, Temporary Employees, \$100.

From the appropriation for C-7, Furniture and Fittings, \$823.97, to the appropriation for A-1, 21 Officers, \$700-1,200, \$823.97.

From the appropriation for B-2, Postage, \$54.30, to the appropriation for B-12, Premium and Surety Bonds, \$4; B-35, Fees, etc., \$5; B-37, Photo and Blueprints, \$43.58; C-13, Tools and Implements, \$1.72.

From the appropriation for C-4, Motorless Vehicles, \$185.49, to the appropriation for B-39, General Plant, \$185.49.

From the appropriation for D-4, Forage and Animal, \$528.91, to the appropriation for D-1, Office Supplies, \$239.32; D-2, Food, Ice, \$289.59.

From the appropriation for B-3, Advertising and Posting, \$10, to the appropriation for D-3, Fuel, \$10.

From the appropriation for C-16, Wearing Apparel, \$562.94, to the appropriation for D-3, Fuel, \$562.94.

From the appropriation for D-5, Medical, Surgical, Laboratory, \$280.02, to the appropriation for D-3, Fuel, \$280.02.

From the appropriation for D-11, Motor Vehicles, \$226.55, to the appropriation for D-3, Fuel, \$226.55.

From the appropriation for C-6, Stable, \$26.60, to the appropriation for D-8, Laundry, \$26.60.

From the appropriation for E-10, Electrical, \$303.50, to the appropriation for E-1, Building, \$303.50.

From the appropriation for C-12, Medical, Surgical, Laboratory, \$13.68, to the appropriation for E-13, General, \$13.68.

Total, \$3,191.93.

Transfer to A-2, Temporary Employees.—Original appropriation called for seven permanent firemen at \$5.50 per day. Have gotten along with six and transferred this amount to take care of one temporary fireman for winter months. Next budget will be six permanent and one temporary—rather than seven permanent firemen.

Transfer to twenty-one officers, \$700-1,200, in the budget as passed, there was an item of one officer and clerk, \$193.89. He was suspended and reappointed and charged to item for twenty-one officers; the money to be transferred later from item of officer and carpenter. This money from officer and carpenter was transferred to item for two deputies—so we now provide for the extra officer by this transfer.

Transfer to B-12, New Chief Clerk and New Master, new bonds required.

Transfer to B-35, Fee for Notary at House of Correction.

B-37.—Copper Plates and Finger Prints—on account of escaped prisoners.

B-39.—Expenditures larger than anticipated in budget—payment of an old account being paid out of this year's appropriation.

D-1.—New printing for carrying out certain lines of distribution not anticipated when the budget was made up and a cost higher than figured on for regular supplies.

D-2.—Care of Reds and Stowaways for which no extra appropriation was allowed and for which the city has received considerable revenue causes this slight shortage.

D-3.—To pay for extra charge for two lots of coal on account of New England Coal and Coke Company refusing to live up to contract.

D-8.—Sufficient supplies left to cover apparent deficit if they could have been ordered in a smaller quantity.

E-1.—Some old accounts, about \$200, supposed to have been paid are included in the deficit.

Respectfully,

THOMAS C. O'BRIEN,
Commissioner.

PRINTING DEPARTMENT.

BOSTON, December 3, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Your Honor's approval is respectfully requested to make the following transfer in this department:

From the appropriation for A-3, Unassigned, \$371, to the appropriation for A-1, Permanent Employees, 1 Operator at \$45 (new item), \$315; 2 Operators at \$39-43, \$56.

Total, \$371.

The above is made in conjunction with the operating of the new linotype machines installed in this department recently. The scale of wage for a linotype operator is higher than that of a monotype operator, the latter being the scale that was computed in the department budget of 1920-21.

Respectfully yours,

CHARLES S. LAWLER,
Superintendent.

CITY TREASURER.

BOSTON, December 15, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—May I respectfully request the following transfer:

From the appropriation for A-1, Permanent Employees, Clerk and Stenographer, 1 at \$1,000-\$1,100, \$250, to the appropriation for B-12, Premium on Surety Bonds.

I have been anxious for some time to take on "cheek alteration and forgery" insurance. This insurance costs \$5 per \$1,000, and if the above transfer is allowed, I shall take on \$50,000 at a total cost of the \$250 above requested.

Yours respectfully,

THOMAS W. MURRAY,
City Treasurer.

BOSTON, December 22, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—May I respectfully request the transfer of the sum of \$60.53 from A-1, Permanent Employees, Clerk and Stenographer at \$1,000-\$1,100, to B-4, Transporation of Persons. The latter appropriation is short the above amount necessary to pay the unpaid bills for the balance of the municipal year.

Yours very truly,

T. W. MURRAY,
City Treasurer.

SUPERIOR COURT—CLERK'S OFFICE.

BOSTON, December 22, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I request that a transfer be made from the \$800 group of Item A-1 of the appropriation for this department to the \$1,322 group of the same item and appropriation, as specified below.

This transfer is necessary because of a request of the Auditing Department.

From the appropriation from A-1, transfer from \$800 group to \$1,322 group, \$18.35.

Respectfully,

FRANCIS A. CAMPBELL, *Clerk.*

MUNICIPAL COURT OF THE CITY OF BOSTON.

BOSTON, December 21, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—It is necessary and I request that transfers be made to Item C-16, on the appropriation of this court, for \$100, and to F-7 for \$2. These sums can be safely transferred from C-9.

Very truly yours,

WILFRED BOLSTER,
Chief Justice.

INSTITUTIONS DEPARTMENT.

BOSTON, December 20, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully ask that transfer of funds be allowed on appropriation for office expense:

OFFICE EXPENSE.

From the appropriation for B-4, Transportation of Persons, \$23.16; B-13, Communication, \$1.96, to the appropriation for A-1, Permanent Employees, Bookkeeper, 1 at \$1,500 per year, \$25.12.

From the appropriation for B-13, Communication, \$0.77, to the appropriation for B-2, Postage, \$0.77.

The above transfers are requested in closing the accounts for the year 1920-21.

Very truly yours,

THOMAS C. O'BRIEN,
Commissioner of Institutions.

BOSTON, December 20, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully ask that transfers of fund be allowed on appropriation for Steamer "George A. Hibbard":

From the appropriation for A-1, Permanent Employees, Mate, 1 at \$1,500 per year, \$39.11, to the appropriation for C-11, Marine, \$39.11.

From the appropriation for A-1, Permanent Employees, Mate, 1 at \$1,500 per year, \$3.14, to the appropriation for D-14, Marine, \$3.14.

From the appropriation for A-1, Permanent Employees, Mate, 1 at \$1,500 per year, \$5.21; A-1, Engineer, 1 at \$1,700 per year, \$114.63; A-1, Engineer, 1 at \$1,500 per year, \$4.29, to the appropriation for E-11, Marine, \$124.13.

The above transfers are requested in closing the accounts for the year 1920-21.

Very truly yours,

THOMAS C. O'BRIEN,
Commissioner of Institutions.

BUILDING DEPARTMENT.

BOSTON 9, December 22, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—I request a transfer in the appropriation of this department as follows:

From the appropriation for A-1, Building Inspector and Consulting Engineer, \$2,400-\$3,000, to the appropriation for

B-2, Postage, \$10; B-14, Motor Vehicle Repairs, \$37.38; C-9, Office Equipment, \$155.25; D-1, Office Supplies, \$25.

Yours very truly,

HERBERT A. WILSON,
Building Commissioner.

—
Reasons.

B-1.—The edition of the building law is exhausted. We wish to have a new edition printed.

B-2.—Outstanding bill of short postage, paid by the cashier.

B-14.—Outstanding bill for recent breakdown of Ford car.

C-4.—We desire to purchase a Ford coupelet for the use of the inspector on dilapidated buildings and fire menaces.

C-9.—We desire to exchange one old typewriter for a new one to replace a dater and a time stamp.

D-1.—Outstanding bill for Boston pencil sharpeners, scissors, etc.

CITY PLANNING BOARD.

BOSTON 9, December 22, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Your approval is respectfully requested of the transfer of \$11.06:

From the appropriation for B-39, General Plant, to the appropriation for D-1, Office Supplies.

Respectfully yours,

R. A. CRAM, Chairman.

HEALTH DEPARTMENT.

BOSTON, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully request the following transfers in the appropriation for the Health Department during the current fiscal year. The reasons given for the necessity for each individual transfer are those stated to me by the Deputy Commissioner, Division of Vital Statistics, Records and Accounts, and available time and facilities have not permitted their verification. It seems clear, however, that whatever the reasons may be for the deficiencies that have arisen in particular items such deficiencies do actually exist, and for that reason I am asking that transfers be made to meet such deficiencies. A statement of the relation of these deficiencies to your order of October 27, 1920, follows the itemized statement, so that it may be of record, and for your information.

Transfers Within Item A, Personal Service.

From Item, Deputy Commissioner, 1 at \$1,500 a year, \$1,125, to Deputy Commissioners, 4 at \$3,300 a year, \$12,914.24, \$252.—This transfer appears to have been rendered necessary by reason of the transfer of the name of the Deputy Commissioner, Food Inspection Division, Dr. Patrick H. Mullooney, from the monthly pay roll to the weekly pay roll, in February, 1920, with a resultant increase in the amount to be paid him during the current fiscal year. This represents, of course, no actual increase in payment, but merely a payment during the current year of money that otherwise would have been paid during the coming fiscal year, on the monthly pay roll.

Transfers Within Item B, Service Other Than Personal.

From Sub-Item 3, Advertising and Posting, \$1,000, to Sub-Item 1, Printing and

Binding, \$3,000, \$685.—This transfer is reported by the Deputy Commissioner, Division of Vital Statistics, Records and Accounts, as necessary because of increases in the cost of printing that have occurred since last year. It will be noted that expenses under this item during the current fiscal year were estimated by the Health Commissioner as \$4,000, whereas the budget provided but \$3,000.

From Sub-Item 26, Protective and Preventive, \$1,000, to Sub-Item 2, Postage, \$3,600, \$334.—The Deputy Commissioner, Division of Vital Statistics, Records and Accounts, says that this transfer is due to an increase in the number of monthly bulletins sent out by the Health Department, to the sending of several notices to all of the physicians in Boston, which notices would ordinarily not have been sent, and to similar causes. The estimated budget under this item during the current year, as prepared by the Health Commissioner, was \$4,000, but only \$3,600 was provided.

From Sub-Item 26, Protective and Preventive, \$1,000, to Sub-Item 8, Light and Power, \$750, \$250.—The Deputy Commissioner, Division of Vital Statistics, Records and Accounts, says that this transfer is necessary because of the increased use of light in the Health Unit on Blossom street, and at the Detention Hospital and to the payment of an old bill for lighting at the Detention Hospital, payment for which had been long delayed because of a dispute as to the obligation as between the Boston City Hospital and the Health Department, the Boston City Hospital having occupied the Detention Hospital during the period when the obligation was incurred. The matter of the alleged increase in the use of light at the Health Unit and at the Detention Hospital will be made the subject of special inquiry by the Health Commissioner. The amount asked for under this item by the Health Commissioner in the budget for the current year was \$800, but only \$750 was allowed.

Transfers Within Item C, Equipment.

From Sub-Item 9, Office, \$300, to Sub-Item 10, Library, \$200, \$14.—The Deputy Commissioner, Division of Vital Statistics, Records and Accounts, attributes this shortage in Sub-Item 10 to the fact that there were certain outstanding obligations under Sub-Item 10 that did not come to his notice until after the appropriation had been exhausted. He has been instructed to keep more closely in touch with the outstanding obligations of the department.

Transfer to Item D, Supplies.

From Item B, Service Other than Personal, Sub-Item 4, Transportation of Persons, \$17,500, to Item D, Supplies, Sub-Item 1, Office, \$5,000, \$2,200.—The Deputy Commissioner, Division of Vital Statistics, Records and Accounts, reports that this transfer is necessary because of increases in the cost of printing and stationery since the Health Department budget for the current year was prepared, and because of the use of new forms by various divisions of the department. These matters will be inquired into.

Transfers Within Item D, Supplies.

From Sub-Item 2, Food and Ice, \$3,000, to Sub-Item 8, Laundry, Cleaning, Toilet, \$1,000, \$415.—This transfer is reported as necessary because of a considerable increase in the price of toilet paper since the budget for the current year was prepared, and because of an increase in the quantity of toilet paper used, attributed

to the increased use of public convenience stations since the closing of barrooms.

From Sub-Item 3, Fuel, \$3,000, to Sub-Item 11, Motor Vehicle, \$1,150, \$303.—The necessity for this transfer is due, according to the statement of the Deputy Commissioner, Division of Vital Statistics, Records and Accounts, to an increased use of automobiles and to an increase in the price of gasoline.

From Sub-Item 3, "Fuel, \$3,000," to Sub-Item 13, "Chemicals and Disinfectants, \$310," \$37.—The Deputy Commissioner, Division of Vital Statistics, Records and Accounts, reports that this transfer is due to an increase in the cost of disinfectants used.

In making this request for transfers, I have to express my great regret at the manifest noncompliance by the Health Department with your order of October 27, 1920, requiring that transfers be procured before obligations were incurred. That such a course should be followed, even without the issue of such an order by your Honor, is manifest. The only excuse—if it can be termed an excuse—that can be offered in the present instance is the dilatoriness with respect to this matter on the part of the Deputy Commissioner, Division of Vital Statistics, Records and Accounts, who was instructed by me on September 20, 1920, even before the date of your order, to prepare a letter asking for necessary transfers, and who has been repeatedly urged by me since that date to prepare such a letter, but who has done so only in the face of absolute necessity, arising out of the close of the current year. It may be added, further, that the attention of the Deputy Commissioner was, on November 9, 1920, called in writing to your positive statement regarding the matter.

The fact that certain of these transfers would have been necessary under any circumstances, unless the operations of the Health Department were to be seriously impeded, because of the monthly rates at which appropriations had been expended up to the time your order was written, may possibly serve as a mitigation of the offence, although it must be conceded it can hardly serve as an excuse.

An effort will be made to see that no violations either of the letter or spirit of your order occur hereafter.

Respectfully,

WILLIAM C. WOODWARD,
Health Commissioner.

LIBRARY DEPARTMENT.

BOSTON, December 17, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—To provide against deficiencies under certain items in the budget schedule appropriations for the Library Department, transfers are respectfully requested from items under which there are surpluses, as follows:

From the appropriation for B-1, Binding and Printing, \$278.36; B-5, Freights and Cartage, \$140.63, to the appropriation for B-10, Rents, \$418.99.

From the appropriation for B-3, Advertising, \$1.16, to the appropriation for B-4, Traveling Expense, \$1.16.

From the appropriation for B-2, Postage, \$21.09; B-31, Extermination of Insects, \$10.89, to the appropriation for B-13, Communication, \$31.98.

From the appropriation for C-17, General Equipment, \$511.62, to the appropriation for D-1, Stationery, \$511.62.

From the appropriation for D-4, Animal Supplies, \$3.56, to the appropriation for D-2, Ice, \$3.56.

From the appropriation for B-19, Removal of Ashes, etc., \$14.47, to the appropriation for D-5, Medical Supplies, \$14.47.

From the appropriation for B-5, Freight and Cartage, \$75.70; B-8, Light, \$1,501.90; B-18, Cleaning, \$102.49; B-19, Removal of Ashes, etc., \$4.53; B-22, Medical Service, \$25; B-25, Examinations, \$18; B-31, Extermination of Insects, \$0.86; B-35, Fees, etc., \$25; B-36, Boiler Inspection, \$27; C-5, Motorless Vehicles, \$42; C-7, Furniture and Fittings, \$1,206.95; C-9, Office Equipment, \$188; C-13, Tools and Instruments, \$295.46; C-17, General Equipment, \$136.48; D-4, Animal Supplies, \$4.39; D-8, Laundry, Cleaning, Supplies, \$85.36; D-10, Agricultural Supplies, \$188.89; D-13, Chemicals and Disinfectants, \$1.65; E-1, Building Material, \$154.67; E-10, Electrical Material, \$559.59, to the appropriation for D-3, Fuel, \$4,643.92.

B-39, *Repairs*.—Amount to be provided for, \$1,221.06. Deficit is owing to \$4,411.50 being taken for repairing the roof.

C-10, *Books and Periodicals*.—Amount to be provided for, \$2,585.10. Deficit owing to transfer to B-39, to cover payment for repairing roof of \$2,592.50.

Total, \$3,806.16.

Very respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ALEXANDER MANN,
President.

PARK DEPARTMENT.

Boston, December 28, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Your approval is respectfully asked for the following internal transfers in the budget appropriation for the Park Department, Cemetery Division:

From the appropriation for A-1, Tool Sharpener at \$5, 50 cents, to the appropriation for A-1, Foreman, at \$4.50 per day, 50 cents.

From the appropriation for B-39, General Plant Service, \$3.90, to the appropriation for B-8, Electric Light, \$3.90.

From the appropriation for B-39, General Plant Service, \$8.05, to the appropriation for B-13, Communication, \$8.05.

From the appropriation for B-39, General Plant Service, \$14.30, to the appropriation for B-14, Motor Vehicle Repairs, \$14.30.

From the appropriation for B-39, General Plant Service, \$3, to the appropriation for B-23, Veterinary, \$3.

From the appropriation for B-39, General Plant Service, \$62.39, to the appropriation for C-4, Motor Vehicle Equipment, \$62.39.

From the appropriation for B-39, General Plant Service, \$338.49, to the appropriation for C-13, Tools and Instruments, \$338.49.

From the appropriation for B-39, General Plant Service, \$11.53, to the appropriation for E-13, General Plant Material, \$11.53.

The above transfers are asked for the reason that it was necessary to incur these expenses in the conduct of the department. The reason for the request of a transfer to C-13, Tools and Instruments, of the sum of \$338.49, is that an inspection of the tools was made when the Cemetery Department was consolidated with the

Park Department, and it was found necessary to procure immediately additional tools in order that the department work could be properly performed.

Yours very respectfully,

JAMES B. SHEA, *Chairman.*

INSTITUTIONS REGISTRATION DEPARTMENT.

Boston 9, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—I would respectfully request that there be transferred from Item D-1, Supplies, Office, to Item-D-2, Food, the sum of 75 cents.

Respectfully yours,

THOMAS C. O'BRIEN,
Commissioner.

ASSESSING DEPARTMENT.

Boston, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—We respectfully ask for the transfer of \$871.84 within our appropriation from the following items:

From the appropriation for A-1, Permanent Employees, 2 Clerks at \$1,400—\$1,500 per year, \$44; 1 Stenographer at \$1,300—\$1,500 per year, \$58.34; 1 Conveyancer at \$1,200—\$1,500 per year, \$3.45; 1 Messenger at \$375—\$720 per year, \$62.11 (\$167.90); A-2, Temporary Employees, \$332; B-2, Postage, \$68.42; B-3, Advertising and Posting, \$64.95; B-4, Transportation of Persons, \$12.15; B-37, Photographic and Blueprinting, \$0.17; B-39, General Plant, \$0.97; C-9, Office Equipment, \$14.09; C-10, Library Equipment, \$99.25; F-14, Special Items (Listing), \$111.94 (\$703.94), \$871.84, to the appropriation for A-3, Unassigned.

The transfer requested is to cover final payment for overtime work, as per letter of even date herewith.

Respectfully,

FREDERICK H. TEMPLE,
Secretary.

Boston, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—We respectfully ask for the transfer of \$1,047.19, within our appropriation, from the following items:

From the appropriation for A-1, Permanent Employees, Clerks, 6 at \$1,800—\$1,900 per year, \$115.15, to the appropriation for 6 Clerks at \$1,500—\$1,600 per year; Clerks, 3 at \$1,400—\$1,500 per year, \$4, to the appropriation for 6 Clerks at \$1,500—\$1,600 per year; Conveyancer, 1 at \$1,200—\$1,500 per year, \$9.80, to the appropriation for 1 Stenographer, \$720—\$820 per year.

From the appropriation for B-39, General Plant, \$86.73, to the appropriation for B-14, Motor Vehicle Repairs and Care, \$30.78; D-11, Motor Vehicle, \$55.95.

From the appropriation for C-9, Office Equipment, \$831.51, to the appropriation for B-1, Printing and Binding, \$464.33, to D-1, Office Supplies, \$367.18.

The transfer requested within the A-1 group is occasioned by changes from monthly to weekly pay rolls during the financial year on first two items; on third item, Conveyancer, due to an error in calculation of previous transfer.

The amount requested from Item B-39 to B-14 is for repairs to automobile owned by the Public Works Department

and used by this department for a period of about five months.

The amount requested from Item B-39 to D-11 is for gasoline used in operating said machine during the same period.

The amount requested from Item C-9 to B-1 of \$464.33 is occasioned by an increase of \$390.43 in cost of poll manuscripts over amount authorized in budget, and of \$73.90 for Annual Report, caused by the Annual Reports for 1918-19 being published in the same financial year.

The amount requested from Item C-9 to D-1 of \$367.18 is occasioned by the increased cost of binding, etc.

Respectfully,

EDWARD T. KELLY, *Chairman.*

EAST BOSTON DISTRICT COURT.

East Boston, December 28, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—You are respectfully requested to authorize the transfer of \$15.95 from the unexpended balance under Item B-4 of the budget for the year now drawing to a close, and to have said sum apportioned to the following items for this court. The reason for the foregoing request is that the amounts remaining under the items below are insufficient to meet bills presented for payment thereunder.

To be added to balance under B-18, \$1; to be added to balance under D-1, \$14.85; to be added to balance under G-1, \$0.10. Total, \$15.95.

Very respectfully,

HENRY P. MOLTEDO, *Assistant Clerk.*

LAW DEPARTMENT.

Boston 9, December 28, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully request that the following transfer be made in the Law Department appropriation:

From the appropriation for B-1, Printing, \$49.80, to the appropriation for D-1, Stationery, \$49.80.

This transfer is necessary to pay for office supplies for the balance of the year.

Yours respectfully,

ARTHUR D. HILL, *Corporation Counsel.*

SUFFOLK COUNTY JAIL.

Boston, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully request that a transfer of two thousand three hundred and seventy six dollars and six cents (\$2,376.06) be made from some other source to the appropriation for Suffolk County Jail, Group B, Item 3.

The above amount was spent in excess of original amount appropriated for coal. In preparing budget estimates last year this department asked for \$10,000.

In 1919-20 budget we spent \$7,853.10 with coal purchased at \$7.50 \$10.25 and \$11 per ton. In 1920-21 we paid per ton at various times \$8.33, \$9, \$9.50 \$10.50, \$11, \$11.75, \$13.25, \$14 and \$14.50 for soft coal and as high as \$16 for hard coal.

We were allowed for coal this year \$8,500 and spent \$11,376.06, leaving deficit of \$2,876.06 to be made up by transfer from some other department.

Respectfully submitted,

JOHN A. KELIHER, *Sheriff.*

INSTITUTIONS DEPARTMENT.

BOSTON 9, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Transfer of funds within appropriation granted the Children's Institutions Department is respectfully requested as follows:

From the appropriation for B-39, General Plant, \$3, to the appropriation for B-41, Horseshoeing, \$3.

From the appropriation for B-39, General Plant, \$2.93, to the appropriation for D-5, Medical, \$2.93.

From the appropriation for A-1, Permanent Employees, Superintendent, 1 at \$2,200-\$2,400 per year, \$9.18, to the appropriation for A-1, Permanent Employees, Deputy Superintendent, 1 at \$1,200-\$1,400 per year, \$9.18.

From the appropriation for A-1, Permanent Employees, Nurse, 1 at \$1,000, \$8.91, to the appropriation for A-1, Permanent Employees, Instructors, 4 at \$900-\$1,200 per year, \$3.91.

A-1, Permanent Employees.—Although the seamstress is paid on a monthly basis, the salary for the month of January is included in the January 31 draft. The Budget Commissioner did not take this into consideration in estimating the increases for the year.

B-5, Cartage and Freight.—This item covers charges on clothing sent to boarding homes. On account of the fact that it has been necessary to allow more clothing this year than usual, the cartage item has been increased. Rates have also increased.

B-13, Communication.—An additional sum of \$20 is necessary to cover services

of public messenger, now that an office boy is not employed. There has also been more spent for toll calls than was estimated.

B-18, Cleaning.—The small sum requested on this item is to cover the expense of laundering children's clothing.

E-13, General Plant.—An additional amount in the sum of \$57.96 is needed to pay for materials used by seamstress. The estimated amount proved to be insufficient.

D-5, Medical, Surgical, Laboratory.—It is impossible to estimate the exact amount needed on this item. Some years there is more illness among the children than in other years.

C-16, Wearing Apparel.—A transfer of \$3,600 to C-16, is respectfully asked. During the past year the cost of living has been extremely high. In order to keep the families in which our children are boarding satisfied and to lighten their burden somewhat, our rules as to not furnishing clothing were suspended temporarily. A great deal more in the way of clothing was furnished the children than ever heretofore. It is hoped that the decline in prices will make it possible for us to adhere to the rule of not giving clothing to children over five years of age in the future.

The transfers to items under the appropriation for Suffolk School for Boys are all under \$10, and are necessary to close the accounts for the year.

Respectfully,

THOMAS C. O'BRIEN,
Commissioner.

PARK DEPARTMENT.

BOSTON 9, December 28, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Your approval is respectfully asked for the following internal transfers in the budget appropriation for the Park Department, Park Division:

From the appropriation for A-3, Unassigned, \$27.73, to the appropriation for B-2, Postage, \$27.73.

From the appropriation for A-3, Unassigned, \$69.40, to the appropriation for B-3, Advertising and Posting, \$69.40.

From the appropriation for A-3, Unassigned, \$171.81, to the appropriation for B-8, Light and Power, \$171.81.

From the appropriation for A-3, Unassigned, \$42, to the appropriation for B-10, Rent, Taxes and Water, \$42.

From the appropriation for A-3, Unassigned, \$31, to the appropriation for B-23, Veterinary, \$31.

From the appropriation for A-3, Unassigned, \$17, to the appropriation for B-35, Fees, etc., \$17.

From the appropriation for A-3, Unassigned, \$0.75, to the appropriation for B-41, Horseshoeing, etc., \$0.75.

From the appropriation for A-3, Unassigned, \$18.51, to the appropriation for D-5, Medical, Surgical, etc., \$18.51.

From the appropriation for A-3, Unassigned, \$5, to the appropriation for D-9, Educational and Recreational, \$5.

From the appropriation for A-3, Unassigned, \$42, to the appropriation for B-22, Medical, \$42.

From the appropriation for B-5, Cartage and Freight, \$21.88, to the appropriation for C-9, Office, \$21.88.

From the appropriation for B-5, Cartage and Freight, \$58, to the appropriation for C-4, Livestock, \$58.

From the appropriation for B-15, Motorless Vehicle Repairs, \$82.94, to the appro-

priation for D-11, Motorless Vehicles, \$82.94.

From the appropriation for B-32, Towing, \$168, to the appropriation for B-13, Communication, \$168.

From the appropriation for C-17, General Plant, \$174.18, to the appropriation for B-13, Communication, \$174.18.

From the appropriation for D-1, Office, \$33.92, to the appropriation for B-13, Communication, \$33.92.

From the appropriation for D-1, Office, \$85.97, to the appropriation for D-16, General Plant, \$85.97.

From the appropriation for E-1, Building, \$1,372.94, to the appropriation for D-3, Fuel, \$1,372.94.

From the appropriation for E-1, Building, \$348.46, to the appropriation for D-4, Forage and Animal, \$348.46.

From the appropriation for E-9, Machinery, \$137.07, to the appropriation for D-4, Forage and Animal, \$137.07.

From the appropriation for F-7, Pensions and Annuities, \$663.33, to the appropriation for D-4, Forage and Animal, \$663.33.

From the appropriation for F-11, Workmen's Compensation, \$1,100, to the appropriation for D-4, Forage and Animal, \$1,100.

From the appropriation for A-1, Employees, 348, \$4 per day, \$1,495.42, to the appropriation for D-4, Forage and Animal, \$1,495.42.

From the appropriation for A-1, Employees, 348, \$4 per day, \$556.30, to the appropriation for D-8, Laundry, Cleaning, etc., \$556.30.

The additional amounts requested are needed on the above accounts, for the reason that necessity obliged us to incur the expenses in the conduct of the department, believing that the charges for same would not exceed the appropriation asked for, but increasing costs were mainly responsible. On Item D-4 (Forage and Animal) the additional charges are caused by the increased number of horses added to the department and the additional animals secured for the Zoological Garden, which have to be provided for.

From the appropriation for B-14, Motor Vehicle Repairs, \$560.05, to the appropriation for C-4, Motor Vehicles, \$560.05.

From the appropriation for B-31, Extermination of Insects, \$44.66, to the appropriation for C-4, Motor Vehicles, \$44.66.

On this item, C-4, the Board asked for \$11,000 and was allowed \$10,000. The additional amount above is asked to pay for the increased cost of tires, tubes and equipment, which is absolutely needed to run the cars.

From the appropriation for D-13, Chemicals and Disinfectants, \$187.09, to the appropriation for C-5, Motorless Vehicles, \$187.90.

This transfer to C-5 is asked to pay in part for the purchase of a new buggy, costing \$225, which is absolutely necessary.

From the appropriation for D-7, Veterinary, \$51.18, to the appropriation for C-13, Tools and Instruments, \$51.18.

From the appropriation for E-10, Electrical, \$229.14, to the appropriation for C-13, Tools and Instruments, \$229.14.

This transfer to C-13 is asked to pay for the necessary equipment charged to this item needed for the balance of the year.

From the appropriation for A-1, 10 Physical Instructors, \$432.81, to the appropriation for A-1, Chairman, \$432.81.

The appropriation on this item (A-1, Chairman) is \$5,000. The ordinance consolidating the Cemetery Department with the Park Department on November 10, 1920, increased the salary of the chairman \$2,000, thus necessitating the transfer of this amount.

From the appropriation for A-1, Employees, 348 at \$4 per day, \$2,893.90, to the appropriation for D-1, Agricultural, \$2,893.90.

This transfer is asked to purchase trees and shrubs that could not be purchased at a later date, and it was necessary that the planting should be done at once. A request will later be made in the budget for a sum to purchase a considerable number of evergreens, shrubs and trees of various kinds in order to re-establish the nurseries in the condition in which they were formerly maintained.

From the appropriation for B-21, Removal of Snow, \$415.70, to the appropriation for B-6, Hire of Teams, Etc., \$415.70.

From the appropriation for B-28, Expert and Architect, \$544.51, to the appropriation for B-6, Hire of Teams, Etc., \$544.51.

From the appropriation for C-6, Stable, \$111.12, to the appropriation for B-6, Hire of Teams, Etc., \$111.12.

From the appropriation for C-8, Educational and Recreational, \$126.89, to the appropriation for B-6, Hire of Teams, Etc., \$126.89.

From the appropriation for C-16, Wearing Apparel, \$916.25, to the appropriation for B-6, Hire of Teams, Etc., \$916.25.

On this item (B-6) the Board asked for the sum of \$40,000 and was allowed \$38,000. This transfer is asked to pay the amount necessary for the teaming to be done for the balance of the year, and the amount asked for is less than the sum paid for the carting of handstands to various localities for public celebrations during the past year, which was not intended to be included in this item.

From the appropriation for A-1, Employees, 348 at \$4 per day, \$222.09, to the appropriation for E-12, Parks and Recreational, \$222.09.

From the appropriation for F-12, North End Park Repairs, \$3,183.96, to the appropriation for E-12, Parks and Recreational, \$3,183.96.

From the appropriation for A-1, Employees, 348 at \$4 per day, \$1,498.19, to the appropriation for B-39, General Plant, \$1,498.19.

On the item B-39, the Board asked for the sum of \$45,000 for necessary repairs, in the various buildings in the department and was allowed but \$33,000. It became necessary later in the season to have transferred the sum of \$5,000 from E-12, Parks and Recreational, to help pay the expenses of unforeseen conditions, the urgent necessity of repairing the Charlestown Heights Building, at a cost of \$4,771 and the installation of lockers at Dewey Beach costing \$3,990. This transfer restores to E-12 the amount necessary to pay for the various kinds of material to be used the balance of the year, and to B-39, the amount required on that item for repairs for the balance of the year.

From the appropriation for A-1, Employees, 348 at \$4 per day, \$1,363.23, to the appropriation for E-13, General Plant, \$1,363.23.

This transfer is asked to pay for the different kinds of material used in repair work on automobiles, wagons, harness, etc., to the end of the year, and is needed on account of our men doing more of this kind of work this year, instead of sending it to outside shops, as in former years.

From the appropriation for F-12, North End Park Repairs, \$752.61, to the appropriation for F-12, Cottage Farm Bridge Repairs, \$752.61.

This transfer is asked to pay for the additional amount required on the contract of W. Klingberg, which was done for us under the supervision of the Public Works engineers, and is to pay the expenses of \$752.61, which the contractor was obliged to incur for flagmen needed during the time work was in progress.

Yours very respectfully,

JAMES B. SHEA,
Chairman.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, December 16, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully request the following transfers within the appropriation of Suffolk County Courthouse, County Buildings, to meet deficits in the appropriation.

From the appropriation for B-8, Light and Power, \$416.90; C-3, Electrical, \$83.40; C-13, Tools and Instruments, \$8.73; D-2, Food and Ice, \$28.66; E-1, Building, \$190.97; E-10, Electrical, \$150.57; total, \$879.23, to the appropriation for B-39, General Plant, \$879.23.

From the appropriation for B-36, Boiler Inspection, \$10; C-13, Tools and Instruments, \$8.93; D-13, Chemicals and Disinfectant, \$39.42; Reserve Fund, \$65.89; total, \$124.24; to the appropriation for C-7, Furniture and Fittings, \$124.24.

Respectfully yours,

FRED J. KNEELAND,
Superintendent of Public Buildings.

HEALTH DEPARTMENT.

BOSTON, December 21, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I hereby respectfully request your permission to make the following changes in the budget of this department for the year 1920-21 and to continue during 1921-22 and until otherwise ordered.

Under Item 1-A, Personal Service, the sub-item 4, disinfectors to be changed to three caretakers-disinfectors and one assistant caretaker, such change to be without increase in numbers or salaries.

This change is necessary in order to have ratings of the men employed under these designations conform to the duties performed by them and as required by the Department of Civil Service and Registration.

Yours respectfully,

WM. C. WOODWARD,
Health Commissioner.

CITY CHARTER CHANGES.

In 1854, 1885 and 1909 important changes in the original City Charter of 1821 were effected for the purpose of improving the methods and efficiency of the City Government. The revision of 1854 (Chap. 448, Stat. 1854) referred to the voters for acceptance, gave the Mayor a qualified veto over the action of the City Council, also the power of removal of appointed officials, besides providing for his election by a plurality

instead of a majority vote. The amendments of 1885 (Chap. 266, Stat. 1885) were not submitted to the voters for approval. They transferred all the executive powers to the Mayor, prohibiting the City Council from interference with the executive and administrative business of the City. This was done in order to end the inefficiency resulting from an excessive number of joint committees, a municipal development conforming to the traditions of the outgrown town government.

The amendments of 1909 (Chap. 486, Stat. 1909) cut down the number and powers of the legislative branch of the government to a minimum, the Board of Aldermen (13 members) and the Common Council (75 members) being abolished. For these was substituted a single City Council of nine members to be elected at large for 3-year term. The Mayor's position was further strengthened by giving him a 4-year term, subject to recall at end of two years, but requiring a majority of the registered voters to make the recall effective. The Mayor's power over appointments was no longer subject to check by aldermen but by a State board, the Civil Service Commission, and City elections were removed from all connection with national and State politics, no primaries nor caucuses being permitted, all candidates for office to be selected by means of nomination papers. The only question in this Act of 1909 which was submitted to the voters was contained in section 35, *i. e.*, whether Plan 1 or Plan 2 should be adopted, the first providing for a term of two years for Mayor and a City Council of 36 members to be chosen in primaries. Plan 2 was adopted by a majority of 3,894. Charter of 1909 amended later as follows: (1) By Chap. 437, Acts of 1910, exempting loans issued for Rapid Transit construction from the prohibition of the establishing of sinking funds, as contained in sect. 26. (2) Chap. 730, Acts of 1914, fixing date of annual municipal election on the sixth Tuesday after the state election instead of in the following January, as in sect. 32; changing the requirement as to signatures on nomination papers to 3,000 for Mayor and 2,000 for City Council and School Committee instead of 5,000 for all, as in sect. 53, also limiting the number of nomination papers issued to 300 for a candidate for Mayor and 200 for other candidates, referring to sect. 51. (3) Chap. 37, Special Acts of 1918, annulling the jurat at end of nomination papers. (4) Chap. 94, Special Acts of 1918, abolishing recall of Mayor, and making him ineligible for re-election, *i. e.*, establishing a single term of four years, but not prohibiting the election of any Mayor for other than consecutive terms.

AREA OF BOSTON.

Area to ward lines (26 wards), 30,598 acres (*i. e.*, 47.81 square miles), 2,843 acres being filled land, 1,143 acres water area and 1,585 acres flats. Land area only, 27,870 acres (*i. e.*, 43.55 square miles). Included in the latter are 138 acres of filled flats added to the land area of South Boston in 1919 and 48 acres to that of East Boston in 1918. Original Boston contained about 780 acres of land. Of the twelve leading American cities, five are larger in land area than Boston, *viz.*, New York, Chicago, Philadelphia, St. Louis and San Francisco. The only city in Massachusetts with larger land area is Taunton.

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 20, 1920.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Building, Mason street, at 6:27 o'clock P. M., the Chairman presiding.

Present: Messrs. Bogan, Corcoran, Miss Curtis, Messrs. Lane and O'Connor.

AMENDMENT AND APPROVAL OF RECORDS.

On motion, the minutes of previous meetings were amended as follows:

Oct. 18, 1920, on page 186, to provide that the appointment of Adeline A. Lufkin, special assistant, Day School for Immigrants, shall read Madeline instead of "Adeline."

Nov. 29, 1920, on page 215, to provide that the resignation of Mary A. McKinlay, assistant, Hyde District, shall take effect Nov. 5, 1920, instead of "Nov. 8, 1920."

The reading of the records of the last meeting was omitted, the Board approving them as printed.

APPOINTMENTS OF TEACHERS.

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the last meeting.

The appointments were approved.

INCREASED PENSION FOR JANITORS AND ATTENDANCE OFFICERS

The following communication was presented:

CITY OF BOSTON

Office of the Mayor.

Boston 9,

December 11, 1920.

Mr. Thornton D. Apollonio, Secretary,
Boston School Committee.

Mason St., Boston, Mass.

Dear Sir:—

I am in receipt of your letter of December 1st calling my attention to the order passed by the School Committee at its meeting on November 29th, requesting me to approve Chapter 132 of the Special Acts of 1913, entitled "An Act Relative to the Maximum Pension Payable to Retired School Janitors or Attendance Officers in the City of Boston," which provides for increasing the pension rate of janitors and attendance officers from \$360. to \$500. per annum.

On June 9, 1919, I vetoed the order of the City Council which endeavored to accept the act in question. A copy of my veto of that order is enclosed. I feel very strongly that to increase the pension of janitors and attendance officers still further would undoubtedly cause the teachers to inquire into the reasons for discriminating against them, and might readily force the issue in the Legislature as to a complete non-contributory system for the entire School Department.

I further feel that the pension system for the City should be taken up by the Legislature as a whole.

Very truly yours,

ANDREW J. PETERS,
Mayor.

(Copy of veto message enclosed.)

Placed on file.

TERMINATION OF ASSIGNMENTS.

A communication was received from the Superintendent under date of Dec. 20, 1920, reporting that, subject to the approval of the Board, he has terminated the assignment of Charles S. Davis, sub-master, Frederic W. Lincoln District to the Oliver Hazard Perry District, as reported at the meeting of Nov. 4, 1918 (p. 197). to take effect Dec. 31, 1920.

Placed on file.

A communication was received from the Superintendent, under date of Dec. 20, 1920, reporting that subject to the approval of the Board, he has terminated the reassignment of Loretta J. Curran, prevocational assistant, Mather District, on full time to the Department of Manual Arts, as reported at the meeting of June 28, 1920 (p. 115), said termination to take effect Dec. 31, 1920; and he has now assigned Miss Curran to the Department of Manual Arts four-fifths time and to the Department of Household Science and Arts one-fifth time, said assignment to take effect Jan. 3, 1921, and to continue during the school year ending Aug. 31, 1921, unless earlier terminated by the Superintendent with the approval of the Board.

Placed on file.

SUSPENSION OF A TEACHER.

A communication was received from the Superintendent, under date of Dec. 7, 1920, preferring charges against Harriet G. Jones, assistant instructor in manual training, for conduct unbecoming a teacher, as follows:

Undue familiarity with one Nathan Samuel Fishman, a pupil in the public schools.

Unwarranted interference in the family relations of said pupil.

Encouraging the staying away from home and harboring of said pupil against the wishes of his parents.

The Superintendent also reported that he has, subject to the approval of the Board, suspended said teacher

from duty, without pay, from Dec. 7, 1920, pending action on the foregoing charges.

Approved, and placed on file.

The following preamble and order were offered:

WHEREAS, The following charges have been filed by the Superintendent against Harriet G. Jones, assistant instructor in manual training:

1. Undue familiarity with Nathan Samuel Fishman, a pupil in the public schools.

2. Unwarranted interference in the family relations of said pupil.

3. Encouraging the staying away from home and harboring of said pupil against the wishes of his parents, and

WHEREAS, This Board has held a hearing on said charges on Dec. 13, 1920, and

WHEREAS, As a result of said hearing, it finds that the first charge; namely, "undue familiarity with Nathan Samuel Fishman, a pupil in the public schools," is not sustained, and is, therefore, dismissed; and

WHEREAS, Sufficient evidence has been presented to sustain the second and third charges of "unwarranted interference in the family relations of said pupil," and "encouraging the staying away from home and harboring of said pupil against the wishes of his parents," it is hereby

ORDERED, That Harriet G. Jones be and hereby is suspended from duty without pay for a period of three months, beginning at noon on Dec. 7, 1920.

The preamble was adopted, and the order passed.

REORGANIZATION OF FREDERIC W. LINCOLN AND OLIVER HAZARD PERRY DISTRICTS.

On motion of the Superintendent, it was

ORDERED, That the Frederic W. Lincoln and Oliver Hazard Perry Districts which, by order of the School Committee at the meeting of June 26, 1916 (see p. 122) were placed in charge of one principal, be hereafter administered under two principals, to take effect Jan. 3, 1921.

On motion of the Superintendent, it was

Severally laid over under the law.

VETO, PROBATION OFFICER'S SALARY.

The following was received:

Office of the Mayor,
Boston 9, December 23, 1920.

To the City Council:
Gentlemen,—I am herewith returning without my signature the order passed by the City Council December 20th, to increase the salary of Frank B. Skelton, probation officer of the Municipal Court of the West Roxbury district, from \$1,870 to \$2,200 per annum.

I am vetoing this order as I believe that the increase of \$320 is out of proportion to the increases given to other probation officers and that it therefore works an injustice to the others.

In vetoing this order, however, I desire to say that I shall be willing to sign an order authorizing the justice of the West Roxbury Municipal Court to determine the salary of Probation Officer Skelton at \$2,000 per annum.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Placed on file.

VETO, JAMES T. HART SQUARE.

The following was received:

Office of the Mayor,
Boston 9, December 22, 1920.

To the City Council:

Gentlemen,—I am herewith returning without my signature the order passed by the City Council on December 20, to give to the open space at the junction of Ruggles, Hampshire and Cabot streets, the name of "James T. Hart Square." I am vetoing this order as its passage would effect a change in the present name of this open space which is now known as "Seaver Square," and I have previously indicated my disapproval of such changes.

I would again suggest that in selecting places to be named after Boston men who were killed in the war, the City Council confer with the Board of Street Commissioners.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Placed on file.

VETO, POLICE MATRONS' SALARIES.

The following was received:

Office of the Mayor,
Boston 9, December 24, 1920.

To the City Council:

Gentlemen,—I am herewith returning without my signature the order passed by the City Council on December 20, affecting the salaries of certain police matrons at the House of Detention.

I am attaching a copy of a communication just received from the Police Commissioner in connection with the order in question. I am vetoing the order in view of the statements made by the Police Commissioner.

Respectfully yours,
ANDREW J. PETERS, Mayor.

City of Boston,
Police Department, December 24, 1920.
Hon. Andrew J. Peters,
Mayor of Boston:

Dear Sir,—Your letter of the 23d inst., informing me that the City Council has passed an order establishing salaries for police matrons, is received.

On November 29, 1920, I sent to the honorable the City Council, a communication asking that they concur in the establishing of salaries for police matrons of the House of Detention; asking that they concur in changing the compensation paid to the matron at Station 14, which means an increase and not a decrease; and asking that they concur in reducing the pay of the matron of Station 6. In that letter to the City Council, I said, "The foregoing increases and decrease to take effect simultaneously and as an entire scheme February 1, 1921."

The City Council not having concurred in my recommendation, no new salaries for any matrons, House of Detention or otherwise, will be established. The action, therefore, of the City Council is not concurrent action with mine as I expressly stated in the language that I above quoted to you that the foregoing increases and the decrease were to take effect simultaneously and as an entire scheme February 1, 1921, and I put that sentence in my letter advisedly.

Very respectfully,
E. U. CURTIS,
Police Commissioner for the City of Boston.
Referred to the Executive Committee.

BOSTON PENSION SYSTEMS.

The following was received:

Office of the Mayor,
Boston 9, December 22, 1920.

To the City Council:

Gentlemen,—I am herewith attaching a copy of a communication just received from the Finance Commission relative to an appropriation of \$9,000 to be expended by the commission in making a comprehensive study of the existing pension systems in Boston. You will recollect that I requested a similar appropriation last summer, but the City Council refused to grant it.

In view, however, of the statements in the attached communication from the Finance Commission, I believe that the City Council should reconsider its previous decision and pass the attached order.

Respectfully yours,
ANDREW J. PETERS, Mayor.

The Finance Commission,
Boston, December 20, 1920.

Hon. Andrew J. Peters,
Mayor of Boston:

Sir,—Last summer your Honor recommended to the City Council an appropriation of \$9,000 so that the Finance Commission might make a comprehensive study of the existing pension systems in Boston. The City Council rejected the order.

A recess committee of the Legislature has made a study of the pension question for the Commonwealth of Massachusetts, and the commission believes that in the discussion of this question next year before the Legislature the city officials should have the facts in regard to the present or any proposed system for Boston and the ultimate burden to the city.

In the opinion of the Finance Commission such a study should be made at once. Accordingly the commission believes that the City Council should again be requested to pass this appropriation, so that the Finance Commission can make arrangements for securing all necessary statistical and mortality data.

Very truly yours,
MICHAEL H. SULLIVAN, Chairman.

Ordered, That the sum of \$9,000 be and the same is hereby appropriated, to be expended under the direction of the Finance Commission, for investigation of pension situation as it relates to city employees, and that to meet said expenditure the City Auditor be and hereby is authorized to transfer the said amount from the appropriation for City Debt Requirements, Interest, to a special appropriation for said purpose.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Annie Baker, for a hearing on her claim on account of defect at 12 Gannett street, October 29, 1920.

Mrs. M. Walsh, for compensation for damages at 52 Cliff street caused by blasting.
Washington-Essex Building Trust, for refund of portion of fee for permit to use sidewalk on Hayward place.

Executive.

The Jamaica Plain Neighborhood House, for permit for children under fifteen years of age to appear at Boylston Hall, December 29.

CONSTABLE'S BOND.

The City Treasurer, after having duly approved of the same, submitted the constable's bond of Reddick J. Royster.

Approved by the Council.

NOTICES OF CONTRACTS.

Notice was received from Joseph P. Manning, trustee of the City Hospital, of interest in contract to sell tobacco to the Penal Institutions Department.

Notice was received from Maginnis & Walsh (Mr. Walsh being a member of the Board of Appeal and Mr. Maginnis a member of the Art Commission) of their employment as architects by the city.

Placed on file.

NOTICE OF HEARING.

Notice was received from the Commissioner of Public Safety of hearing on December 28 on appeal of Michigan Tanning and Extract Company from denial of the Street Commissioners to grant said company license to keep, store and sell gasoline in South Boston.

Placed on file.

MEDICAL SERVICE, MUNICIPAL COURT.

The following was received:

Commonwealth of Massachusetts,
Municipal Court of the City of Boston,
December 24, 1920.

To the Honorable the City Council:

Gentlemen,—I trust I may be pardoned the liberty I am taking in urging, with the full concurrence of the other justices of this court, that reconsideration be had upon acceptance of chapter 508 of the Acts of 1920, concerning medical service in this court. Time for such acceptance expires on December 31. The act is purely permissive, and does not commit to present expenditure.

I cannot help feeling that failure of acceptance hitherto must have been due to my failure to make adequate presentation of the nature and needs of this work. It was begun here and is spreading all over the country. It would be most regrettable if Boston should lapse into provincialism in this matter. The work is one of the few lines of effort which hold some promise of checking in part the stream which in constant recurrence clogs our courts, and adds to our tax rates. That the work in the past has not realized a maximum of success, that its methods may be improved, is beside the point. It is confessedly experimental work, and the field is new.

It is the deliberate conviction of the justices of this court, whose nearness to this work enables them to speak with some degree of familiarity and confidence, that the opportunity for its expansion and improvement which this act affords should not be lost.

Very truly yours,
WILFRED BOLSTER,
Chief Justice.

Referred to the Committee on County Accounts.

EXTRA CLERICAL ASSISTANCE, CRIMINAL COURT.

The following was received:

Commonwealth of Massachusetts,
Municipal Court of the City of Boston,
December 20, 1920.

To the Honorable, the Board of County Commissioners of the County of Suffolk:

Gentlemen,—You are hereby notified that at a meeting of the justices of this court, held on this twentieth day of December, current, and acting under the provisions of chapter 71 of the Acts of the Commonwealth of the year 1916, it was determined by said justices, or a majority of them, that it is necessary for the clerk of said court, for criminal business, to expend annually for extra clerical assistance in his office, the sum of two thousand five hundred dollars (\$2,500) in addition to the amounts now allowed by law to be expended by him for that purpose (see chapter 449 of the Acts of said Commonwealth of the year 1906, and order of City Council passed December 27, and approved December 28, 1916.) Wherefore the justices of said court respectfully recommend and request that your Honorable Board approve of an increased annual expenditure by said clerk of the sum of two thousand five hundred dollars (\$2,500) for extra clerical assistance in his office as such clerk, in addition to the amounts now allowed him by law for that purpose.

Very truly yours,
WILFRED BOLSTER,
Chief Justice.

Referred to the Committee on County Accounts.

SIDEWALK SCHEDULES.

A communication was received from the Commissioner of Public Works giving cost of construction of sidewalks and setting edgestones on Linden street, Ward 25, amounting to \$2,170.65—and recommending the passage of the following, viz.:

Ordered, That the persons named in the foregoing schedule be and the same are hereby assessed the sums set against their respective names as their proportional parts of the cost of constructing sidewalks in front of their estates bordering on the above-named street, and the same is ordered to be certified and notice given to the parties as aforesaid.

The order was passed.

ANNUITY FOR MRS. WILLIAM R. REID.

Coun. DONOGHUE offered an order—That under the provisions of chapter 107 of the Acts of 1880 and acts in amendment thereof or in addition thereto, an annuity of \$600 he allowed and paid to the widow of William R. Reid, a member of the Fire Department who died from injuries received in the performance of his duties; the amount so paid to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

RECESS TAKEN.

The Council voted at 2.40 p. m., on motion of Coun. DONOGHUE, to take a recess subject to the call of the President.

The members of the Council reassembled in the Council Chamber and were called to order by the President at 3.23 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. WATSON, for the Executive Committee, submitted the following, viz.:

1. Report on petition of the Jamaica Plain Neighborhood House (referred today) for permit for children under fifteen years of age to appear at Boylston Hall, December 29, 1920—that permit be granted.

Report accepted; permit granted on the usual conditions.

2. Report on order (referred December 20) that a special committee of five members be appointed by the President to confer with the Street Commissioners and City Planning Board concerning a direct highway from the South Station to the Back Bay—that the order ought to pass.

Report accepted; order passed.

3. Report on veto message of the Mayor and communication from the Police Commissioner (referred today) establishing salaries of police matrons—recommending the passage of the following, viz.:

Ordered, That the salaries of the police matrons at the House of Detention be established as follows to take effect February 1, 1921, viz.:

Chief matron, \$1,600 per year; assistant chief matron, \$1,400 per year; three matrons, \$1,200 per year.

Report accepted; order passed.

COUNTY ACCOUNTS.

Coun. FORD, for the Committee on County Accounts, submitted the following, viz.:

1. Report on communications from the Chief Justice of the Municipal Court (referred October 25 and December 27), relative to chapter 508, Acts of 1920—recommending the passage of the following, viz.:

Ordered, That chapter 508 of the Acts of 1920, entitled "An Act Relative to the Medical Service Furnished to the Municipal Court of the City of Boston Sitting for Criminal Business" be and the same is hereby accepted.

Report accepted; order passed.

2. Report on communication from justices of the Municipal Court for Criminal Business (referred today), relative to additional amount for clerical assistance—recommending passage of the following, viz.:

Whereas, It has been determined by the justices of the Municipal Court, under the authority of chapter 71 of the General Acts of 1916, that it is necessary for the clerk of the said Court for Criminal Business to expend yearly for extra clerical assistance in his office, as such clerk, the sum of \$2,500 in addition to the amounts now allowed by law.

Ordered, That the expenditure of \$2,500 annually, as aforesaid, be and the same hereby is approved.

Report accepted; preamble and order passed.

CONFIRMATION OF APPOINTMENTS.

President MORIARTY called up Nos. 1, 2 and 3, unfinished business, viz.:

Action on appointments submitted by the Mayor, December 6, 1920, viz.:

1. Joseph F. Devine, to be a Constable.

Educational certificates issued to all minors 14 to 20 years of age (inclusive), 30,843.

Only 174 in each 1,000 of pupils in Boston are in private schools, while the average for the large cities is 284. The School Centers for educational and social improvement of other than school pupils started in 1912. There are now 9 with 100 to 110 leaders and assistants and 30 to 40 study clubs in each; total attendance during the 7 months' sessions in 1918-19, 324,282. Cost of this "extended use of public schools" in 1918-19, \$39,134.

Per capita (of Boston population) cost in 1919 of schools, approximately \$10.21 (including special appropriations from taxes, etc., for new schoolhouses); in 1917 (for maintenance) \$8.10, ranking highest among the 9 leading American cities. (2) Pittsburgh, \$7.52; (3) New York, \$7.35; (4) Detroit, \$7.26; (5) Cleveland, \$6.52; (6) Chicago, \$6.23; (7) St. Louis, \$6.03; (8) Philadelphia, \$4.80; (9) Baltimore, \$4.07. (See U. S. Census Bureau's Financial Statistics of Cities, 1918, p. 209.)

INCREASE OF PUBLIC DEBT IN LEADING CITIES, 1908-1919 (RANKING FROM HIGHEST).

The net debt in the 10-year period increased as follows: (1) San Francisco, \$31,534,084 or 267.57 per cent; (2) Detroit, \$11,561,738 or 118.10 per cent; (3) Baltimore, \$32,797,853 or 98.40 per cent; (4) Cleveland, \$23,673,655 or 72.59 per cent; (5) Buffalo, \$13,026,177 or 61.14 per cent; (6) Pittsburgh, \$20,912,039 or 58.76 per cent; (7) Philadelphia, \$47,282,300 or 57.62 per cent; (8) New York, \$348,840,074 or 50.97 per cent; (9) Boston, \$12,596,050 or 17.11 per cent.

All of Boston's increase was Rapid Transit debt, representing a 41 per cent investment. Omitting this, there was a decrease of \$3,849,927 or 5.23 per cent in Boston's net debt during the period stated.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MILK.

The Supply Department of the City of Boston invites proposals for furnishing the Consumptives' Hospital, Mattapan, with approximately 42,000 quarts of Massachusetts Standard Grade "A" milk as required, from January 10 to April 1, 1921. Blank proposals can be obtained at the office of the Supply Department, Room 811, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. Bids will be opened and read Friday, January 7, 1921, at 12 m., at Room 811, City Hall Annex. The successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts. The contract calls for pure dairy milk, neither skimmed nor topped, nor in any way deprived of its natural proportion of cream. An average of fifty-five (55) cans of eight and one half (8½) quarts each is required for delivery per day, including Sundays. The Superintendent reserves the right to accept or reject any or all proposals and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

In 1875 the annexed territory had a population of 201,250 or 58.86 per cent of City's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included.

METROPOLITAN DISTRICT OR "GREATER BOSTON."

Consists in the most inclusive sense of 40 municipalities, including Boston, or 14 cities and 26 towns, all within 15 miles of the State House. The 7 cities in the first zone, *i. e.*, adjacent to Boston, are these, *viz.*, Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the 6 cities in the second zone, not adjacent, are: Lynn, Malden, Medford, Melrose, Waltham and Woburn. The 6 adjacent towns are: Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the 20 other towns are: Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated 11 of the cities and 12 of the towns; south and southwest, 2 cities and 14 towns. Area of Northern Division in 1915, 149.18 sq. miles and population 647,675, or a density of 4,342 per sq. miles; Southern Division, 219.62 sq. miles and 193,979 population, or, density of only 883 per sq. mile; in the whole Metropolitan District, 3,851 per sq. mile. In percentages Boston shows 10.5 per cent of District's area and 47 per cent of population; Northern Division, 36.2 of area and 40.8 of population; Southern Division, 53.3 of area and 12.2 of population. In the period 1910-1915, increase of population 2.18 per cent larger in Northern than in Southern Division.

Total area of District in 1918, 409.5 square miles; population by census of 1915, 1,593,898. Of the total population of the State, "Greater Boston" has 43 per cent; of total valuation, 53.21 per cent; of total value of manufactures 32.21 per cent.

Total valuation of taxable property in District on April 1, 1919, \$2,606,890,872, *i. e.*, for realty and tangible personalty, including bank stock, intangible personalty being exempt from taxation (except income therefrom) in 1917 and thereafter. The said total exceeds the 1918 valuation by \$63,721,584, a gain of 2.51 per cent. Of said total 58.62 per cent was in Boston and 41.38 per cent outside. The four organized Metropolitan Districts existing for the purpose of constructing and maintaining certain extensive systems of public works under state control are as follows: Metropolitan Park District, established by chapter 407, Acts of 1893, including all the cities and towns except Lexington, and managed by a State Board of five commissioners; Metropolitan Water District, established by chapter 488, Acts of 1895, including 10 cities and 9 towns, and covering an area of 175 square miles; Metropolitan Sewerage District established by chapter 439, Acts of 1889, consisting of the North System and South System, including 17 cities and towns in the former system and 8 in the latter, and covering an area of 225 square miles; the last two districts managed by a single State board of three Commissioners; Charles River Basin District established by chapter 465, Acts of 1903, including all the cities and towns except Cohasset and Lexington, and in charge of the Metropolitan Park Commission. By Chap. 350, General Acts of 1919, the two Metropolitan boards were abolished and a single Metropolitan Commission of five members was established.

Another Metropolitan District, *viz.*, the Fire Prevention District, was organized in 1914 by the enactment of chapter 795. In this district are the 14 cities of "Greater Boston," but only 10 of the

towns, to which were added Reading and Rockland, a total of 26 municipalities.

The District is in charge of a single commissioner, assisted by a deputy commissioner both appointed for a term of three years. The number of fires causing losses in the District decreased from 4,169 in 1914-15 to 3,099 in 1918-19, a reduction of 25.67 per cent, a creditable record. This office was also abolished by said Chap. 350, the work of same being transferred to Department of Public Safety.

Total gross Metropolitan debt for water, parks, sewers and Charles River Basin improvements on July 1, 1919, \$77,072,475; sinking funds, \$25,246,294; net debt, \$51,826,181, or \$1,513,914 less than in 1918. The division of this net debt was: Water supply, \$27,548,717; sewers, \$12,575,351; parks, boulevards, etc., \$8,318,109; Charles River Basin, \$3,381,004. Of the latter, \$1,119,108 is payable by Boston alone, *i. e.*, \$642,287 for Boston Embankment and \$476,821 for Charles River Bridge. Of 1919 tax rates, the highest among the cities was Malden's (\$30.50) and the highest among the towns, Stoneham's (\$29.60); the lowest among the cities was Newton's (\$19.80) and among the towns, Dover's (\$6.50). Mean tax rate of the 13 cities in the District outside of Boston, \$25.81, or \$2.21 in excess of Boston's rate. Mean tax rate of the 26 towns, \$20.74, or \$2.31 more than in 1918. There were in the District in 1918, 4,319 manufacturing establishments, value of product, \$1,240,496,193; capital invested, \$672,377,072; value of stock and materials used, \$737,506,555; total wages paid, \$210,781,794; average number of wage earners, 212,629 (maximum number 251,867); increase over 1917 product, 30.87 per cent. Rank 1 to 12, in value of product; Boston, \$522,646,032; Lynn, \$130,346,667; Cambridge, \$130,022,595; Somerville, \$107,572,650; Quincy, \$85,284,312; Watertown, \$53,131,801; Everett, \$34,366,419; Chelsea, \$31,492,524; Malden, \$20,583,671; Woburn, \$18,786,306; Waltham, \$17,608,720; Newton, \$14,817,126. Boston's total product value was 42.13 per cent of the Metropolitan District's.

MAYORS OF BOSTON.

In its 98 years of existence as a city Boston has had 36 elected Mayors and five *ex officio* Acting Mayors. Of the 36 men who have held the office for one year or more, five were elected for other than consecutive terms and 25 were re-elected one or more times. Those born within the present limits of Boston numbered 21; in towns near Boston, 8; in neighboring New England States, 5; in Ireland, 2. The Mayor longest in office was Mayor Lincoln, who served 3 years ending 1860 and then 4 years ending 1866. Next in length of service were the first Mayor Quincy and Mayor Fitzgerald, who served 6 years each. Those who served 4 years were Mayors Prince, O'Brien, Matthews, (third) Quincy, Hart and Curley. Mayor Collins was in office nearly 4 years, his death occurring 3½ months before his second term expired. Those serving 3 years were Mayors Otis, Eliot, Chapin, (second) Quincy, Bigelow, Shurtleff and Cobb; 2 years, Mayors Wells, Lyman, Brimmer, Seaver, Smith, Rice, Wightman, Gaston, Pierce (22 months) and Hibbard; 1 year, Mayors Phillips, Armstrong, Davis, Norcross, Green, Palmer, Martin and Curtis. The five Acting Mayors were Chairmen (Board of Aldermen) Parker, Leavitt, Allen, Cutter and Whelton.

Mayor Otis was Speaker of Massachusetts House of Representatives, President of Senate, United States Representative and United States Senator before becoming Mayor. Mayor Armstrong was Lieutenant-Governor and at times Acting Governor before serving as Mayor. Mayors Rice and Gaston served 3 years and 1 year (respectively) as Governor, after their terms as Mayor. Mayors Collins, Curley, Fitzgerald, Peters, Pierce and Rice have represented Boston in the lower house of Congress, Mayor Peters having also served as Assistant Secretary of the Treasury.

Ex-Mayor Curtis was appointed Police Commissioner in 1919 for term of five years. Ex-Mayor Quincy died in 1919, and Ex-Mayor Green in 1918. (See annual City Doc., Boston Municipal Register, for full list of Mayors from 1822 to 1920, with place and date of birth, years of service and date of death.)

SUPPLY DEPARTMENT.

On December 31 to bidders indicated in following communication and bids on supplying hay, grain and straw to various departments:

BOSTON 9, December 30, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Attached please find list of bids on hay, grain and straw for deliveries during January, 1921, which were publicly opened and read at this office under date of December 30, 1920.

I respectfully request that permission be granted me to award these contracts to the lowest bidders in each district as indicated on the attached sheet.

In the South Boston and the Brighton districts, where there were identical bids on hay, would state that the award in both these districts was made by lot. In the city proper district the lowest bidder on corn was Sumner, Crosby Company, Inc., and as the amount involved in this contract will amount to but one or two hundred dollars no contract will be made for same.

Respectfully yours,

G. J. CRONIN,

Margaret C. Daley, for personal injuries caused by hole in Dorchester street, South Boston, at or near junction of Old Harbor and West Fifth streets, September 8, 1920, by payment of \$150.

New England Fuel & Transport Company in the sum of \$1,000 for damage to tug "Dione" caused by collision with draw of Chelsea North Bridge, January 9, 1920.

Reverend James Rea, for personal injuries and damage to clothing caused by low curbing on southwesterly sidewalk of Portland street, 69 feet northerly of its junction with Sudbury street, and near 72, October 5, 1920, by payment of \$500.

Leopold Morse Company, for suit of clothes bought by the Supply Department for the Penal Institutions Department, November 17, 1920, for an inmate at Deer Island who was to be discharged, and whose clothing was stolen from the tailor shop at said Institution August 27, 1920, by payment of \$30.

Armstrong Transfer Express Company, for damage to taxicab of said company and to automobile of P. S. Murphy, 2 St. Botolph street, caused by taxi striking hole in pavement on Park street, opposite the Union Club, on April 8, 1920, by payment of \$88.32.

Paul Young, in the sum of \$250 for personal injuries caused by hole in sidewalk in front of 21 Lexington street, East Boston, March 22, 1290.

Angelo Manni, in the sum of \$300 for personal injuries caused by hole in sidewalk in front of 34 Clark street, March 10, 1918.

John S. Slater, for personal injuries caused by unsafe and slippery condition of Poplar street, Roslindale, near 335, caused by accumulation of oil, June 2, 1920, by payment of \$75.

Philip S. Phillips, in the sum of \$200 for personal injuries caused by hole in sidewalk on Shawmut avenue, August 24, 1920.

P. DiNapoli & Co., for damage to team which was caught in the South Ferry, October 27, 1920, smashing wagon, damaging goods and injuring horse, by payment of \$99.

Augusta E. Luce, in the sum of \$550 for personal injuries caused by hole in sidewalk on Hyde Park avenue, June 5, 1920.

Homer J. Ludington, in the sum of \$75 for damage to real estate at 4 Putnam place, January 22, 1919, caused by leaky water pipe.

REJECTED CLAIMS.

On December 31 the Law Department disapproved fifteen claims against the city, in eight of which no amounts were specified, and the other seven amounted to \$695.27, and are classified as follows:

Against the Fire Department, two, in which no amounts were specified; against the Police Department, two, in one of which no amount was specified, and the other amounted to \$168.27; against the Public Works Department, eleven, in five of which no amounts were specified, and the other six amounted to \$527.

All these claims have been disapproved for the reason that there appeared to be no legal liability on the part of the city.

On January 5 the Law Department disapproved ten claims against the city, in five of which no amounts were specified, and the other five aggregated \$579.10, and are classified as follows:

Against the Building Department, one, in which no amount was specified; against the Hospital Department, one, in which no amount was specified; against the Park and Recreation Department, one, in which no amount was specified; against the Public Works Department, six, in two of which no amounts were specified, and the other four amounted to \$79.10; against the Street Commissioners, one, amounting to \$500.

All these claims have been disapproved for the reason that there appeared to be no legal liability on the part of the city.

FIRE DEPARTMENT ORDERS.

General Order No. 1.

Motto.

Acting under rule No. 368 of the rules and regulations a member of the Fire Department suggested to the Fire Commissioner that the motto "*Semper Paratus*" might be inscribed on the walls of the quarters of Engine Company 26-35. The suggestion was made with the idea that this motto could be adopted by the Boston Fire Department.

The commissioner found that the motto "*Semper Paratus*" had already been adopted by another organization so that it could not be considered.

The members of the department are requested to suggest an appropriate motto for the department. The suggestions

are to be submitted in writing, signed by the member of the department sending it, and forwarded to the Fire Commissioner at headquarters, Bristol street. All suggestions should be sent on or before the fifteenth day of February, 1921.

COMMENDATIONS.

Capt. Florence Donahue of Ladder Company 5 is commended for responding to and working at fire, still alarm, corner of Dorchester street and Broadway, January 1, 1920, while on a day off.

SUBMARINE CHASERS.

BOSTON, December 28, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I find that some of the submarine chasers in Brooklyn were made by Lawley. I think in view of that fact it would be good judgment to send a representative of the Fire Department together with a representative of the Police Department to examine the boats in Brooklyn.

I therefore ask your permission to send First Deputy Chief John O. Taber to New York, to be absent Thursday, Friday and Saturday of this week, to examine the submarine chasers with the intention of picking one which is suitable for use in the Fire Department, subject to the approval of Professor Miller and a naval architect.

Yours very truly,

John R. MURPHY,
Fire Commissioner.

STATEMENT BY MAYOR.

Statement by the Mayor on "Personal Service" appropriations at the meeting of department heads, Wednesday afternoon, January 5, at 2.30 o'clock, Old Aldermanie Chamber.

"This meeting was called for the purpose of advising you as to the policy to be adopted in making your estimates for 'Personal Service' appropriations.

"The problem of proper compensation for employees is one that requires intelligent and serious consideration at all times. During the last three years much of my time has been devoted to this problem, with a view to treating all the employees of the city as fairly as a fixed limit upon the appropriating power would allow.

"As a result of increases granted, particularly last year, our appropriations for Personal Service are now in excess of \$13,000,000 annually, with no prospect of reduction. As a matter of fact, while salaries and wages paid to government employees during the last few years have

not been as large as those paid for comparable work on the outside, on the other hand there is not likely to be the reduction in rates now paid to government employees such as is occurring to those employed in general industries.

"After carefully considering the situation from all angles, I am of the opinion that rates now prevailing in the various departments should be the bases of estimates for Personal Service in the new budget, and you are, therefore, advised to prepare such estimates, submitting the same to the Budget Commissioner at once.

"In those cases where sliding-scale salaries are in effect, the annual increment of \$100 may be allowed for such positions where the maximum has not been reached.

"In some few cases correcting adjustments may be necessary, but those are not to appear on the budget without my previous approval.

"The pay roll problem as it affects the city is serious. I am anxious to reduce numbers wherever this can be done without detriment to the service to which the citizens are entitled. Every vacancy which occurs through pension, resignation, promotion or death should not be filled if it is possible to distribute the work of such position among other employees. New positions should be established only in those cases indicating a real service that cannot be performed by present employees. You are advised, therefore, to study the pay rolls of your respective departments with a view to eliminating any unnecessary positions as well as to improve the service rendered by those necessarily employed.

"Of the budgets already submitted for items other than Personal Service, many of the estimates indicate amounts far in excess of original appropriations made this year. While I am aware of the excessive prices prevailing for certain commodities during the past year, I feel that 'peak prices' have been passed and there should be a material reduction in many of the appropriations for supplies and materials. Large reductions in wholesale prices have already occurred in certain lines, and it will be necessary therefore for you to keep fully informed of market conditions in order that you may advise me of substantial reductions in your estimates.

"Departmental administration is comparatively simple when liberal appropriations are available, but real executive ability is exhibited when service is maintained and improved with limited and reduced appropriations.

"I am not unmindful of the excellent service rendered by many departments, but I am convinced that a material improvement in service generally would result if each one of us developed a little more energy during the coming year.

"The preparation of the new budget must go forward without delay, so it will be necessary for you to complete department estimates immediately and submit them to the Budget Commissioner."

MARKET LEASES.

On December 30 the Mayor approved the following leases:

Boston Fruit and Produce Exchange, for space in Quincy Hall, over Faneuil Hall Market, for a term of nine and one half years, from April 1, 1920, at annual rental of \$8,612.80.

Declan D. Corcoran, for Room No. 1 in Quincy Hall, over Faneuil Hall Market, for a period of nine and one half years, from April 1, 1920, at an annual rental of \$255.

From Group C, Item 12, to Group E, Item 1, \$9.

Respectfully submitted,

JOHN A. KELIHER,
Sheriff.

SUFFOLK COUNTY JAIL.

Boston, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully submit explanation of transfers requested re-appropriation for Suffolk County Jail:

A-1, \$6.31. Original appropriation insufficient, leaving matron short \$5 and watchman-engineer in charge short \$1.31.

B-8, \$566.22. Original appropriation requested not enough to care for this item. More service being used at jail.

B-13, \$32.78. Owing to changes in telephone service as result of building operations, additional rental charges and service have exhausted original appropriation.

B-15, \$13.40. Vans in poor condition and constant need of repair, insufficient funds.

B-36, \$9. More inspection this year. Not figured in budget.

B-39, \$640.39. Original request based on need of immediate and necessary repairs. Amount allowed insufficient to cover this item.

B-41, \$37.50. Insufficient funds as costs have increased.

C-16, \$44.80. Not enough money to provide necessary clothing for inmate.

C-17, \$57.16. We transferred \$100 from this item for October draft. Sewing machine had to be replaced at once, making a transfer back to this item necessary.

D-4, \$20.60. On account of prices, etc., it was impossible to keep within amount allowed.

D-8, \$361.07. On account of high prices, amount allowed insufficient.

D-13, \$129.83. High prices of chemicals and disinfectants and greater use of same left us with deficit in this item.

E-1, \$416.77. High cost of material left us with insufficient funds.

Respectfully submitted,

JOHN A. KELIHER, Sheriff.

SOUTH BOSTON MUNICIPAL COURT.

South Boston, December 28, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—The following transfers of the appropriations for the above-named court are respectfully requested:

From the appropriation for A-2, Court Officers, *pro tem.*, \$177.60, to the appropriation for B-13, Communication, \$46.51; D-1, Office Supplies, \$131.69.

From the appropriation for B-1, Printing and Binding, \$6.55, to the appropriation for D-1, Office Supplies, \$6.55.

Bills calling for these amounts have already been sent to the auditor.

Yours truly,

ADRIAN B. SMITH, Clerk.

CHARLESTOWN MUNICIPAL COURT.

Charlestown, December 28, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—In budget estimates for the current year I estimated that the special justices would hold court fifty-five days at \$10.53 per day, amounting to \$579.15.

I find that there was but \$473.85 allowed; that is, the estimate being cut \$105.30. I now find that the appropriation available for the payment of the special justices is short \$87.02 of the amount necessary to pay for their work in the current year.

I respectfully request transfer:

From the appropriation for A-2, Temporary Employees, Assistant Clerk *pro tempore*, 1 at \$4.34 per day, \$87.02, to the appropriation for A-2, Temporary Employees, Special Justices, 2 at \$10.53 per day, \$87.02.

Very respectfully,

MARK E. SMITH,
Clerk of the Municipal Court
of the Charlestown District.

DORCHESTER MUNICIPAL COURT.

Dorchester, December 27, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Kindly have a transfer made in the budget of this court from B-22 to B-4, in the sum of \$5.15, to meet expenses. I asked for a transfer last week from B-4 and through an error at this office we overdrew that item.

Yours truly,

ALPHEUS SANFORD, Clerk.

WEST ROXBURY MUNICIPAL COURT.

Jamaica Plain, December 17, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—It appears that the appropriations for this court for the year just closing for Communication (B-13), Office Supplies (D-1) and Probation Officers' Expenses (G-1) are insufficient to meet the bills, and I therefore request that the sum of \$67.17 to meet the deficiencies recited below be transferred from Conveyance (B-4), which will be adequate to meet such transfers.

Respectfully yours,

E. W. BROWN, Clerk.

BOSTON JUVENILE COURT.

Boston, December 27, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Will you please approve the following transfers in the accounts of the Boston Juvenile Court:

From G-1 to A-2, \$6. This to cover the increase in rate for a probation officer *pro tempore* in place of Mr. John B. O'Hare for six days.

From G-1 to D-1, \$2.33. This to cover the expense chargeable to D-1 for the balance of the fiscal year.

Yours truly,

FREDERICK P. CABOT, Justice.

ASSESSING DEPARTMENT.

Boston, December 23, 1920.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—We respectfully request a transfer of \$3,648.66 to cover overtime payments contracted for by the clerks of this department, which was partly anticipated when the budget was prepared last year. Certain increases in salaries were not made because it was the intention to allow the clerks to work after hours, during the busy season, in order to complete the normal work during the usual summer rush, and not make it necessary to hire a large number of extra clerks. This would have occasioned some overtime, but not to the extent that is submitted herewith. The increase is due to

the unusual condition prevailing during the current year in the work of this department.

There was a serious delay at the Registry of Deeds in obtaining the titles to real estate, delaying our work several months.

The change in the law exempting World War veterans from the payment of poll taxes and the early enforcement of the collections by the collector, brought about a rush in June and July for abatements and exemptions at a time when our clerks are usually busy upon valuations and transferring, and necessitated a large portion of the force giving their entire attention to poll taxes. Also, a change in the law regarding the taxation of foreign corporations caused confusion in obtaining definite data from the State and a consequent delay in the tax rate.

In order to prepare the tax bills and lists for the collector, the entire available force was put upon this work day and night, and the property bills turned over to the collector, October 1.

A careful record was kept of attendance during the day, and reductions in compensation made for absence or tardiness. Most of the overtime work has been compensated for upon a piecework basis, and a portion, where the work could not be measured, upon an hourly one.

As a matter of principle this Board is not in favor of overtime and it is expected that, with the installation of the addressograph and the rearrangement of the work now under consideration, there will be no necessity for overtime work in the future.

The total amount requested, as indicated by amounts set against the following named clerks, is \$4,520.50 of which \$871.84 may be transferred within our appropriation, with your permission, as per letter attached; and the additional amount indicated above, namely: \$3,648.66 to be provided by transfer.

In accordance with the above, the Board of Assessors respectfully request your approval of allowances for overtime from September 11 to December 18, 1920, as follows:

Francis T. Browne, 62 hours, \$62; 1,392 bills, \$69.60; total, \$131.60.

Harrison G. O. Browning, 1,598 bills, \$79.90.

Edward M. J. Burke, 2,374 bills, \$118.70.

Hugh J. Crane, 10 hours, \$10; 1,121 bills, \$56.05; total, \$66.05.

Marguerite P. Curran, 4 hours, \$4.

Arthur L. Curry, 2 hours, \$2; 2,858 bills, \$142.90; total, \$144.90.

John P. Donovan, 41 hours, \$41; 2,114 bills, \$105.70; total, \$146.70.

Edward L. Doyle, 58 hours, \$58; 1,895 bills, \$94.75; total, \$152.75.

Arthur H. Fogarty, 2,104 bills, \$105.20.

James E. Gallagher, 73 hours, \$73.

Hugh T. Gartland, 43 hours, \$43; 2,722 bills, \$136.10; total, \$179.10.

John F. Grant, 7 hours, \$7; 2,586 bills, \$129.30; total, \$136.30.

Edgar O. Haddock, 1 hour, \$1; 2,220 bills, \$111; total, \$112.

John J. Hastry, 123 hours, \$123; 2,303 bills, \$115.15; total, \$238.15.

Francis N. Hurley, 40 hours, \$40.

Henry P. Ireland, 44 hours, \$44; 2,321 bills, \$116.05; total, \$160.05.

John B. Kelley, 2,300 bills, \$115.

John H. A. Krauss, 52 hours, \$52; 2,337 bills, \$116.85; total, \$168.85.

Thomas A. Lynch, 61 hours, \$61; 2,807 bills, \$140.35; total, \$201.35.

John F. Mahoney, 141 hours, \$141; 1,568 bills, \$78.40; total, \$219.40.

Patrick W. A. Maxwell, 13 hours, \$13; 2,947 bills, \$147.35; total, \$160.35.

John M. McDowell, 88 hours, \$88; 2,213 bills, \$110.65; total, \$198.65.

Joseph G. O'Malley, 23 hours, \$23; 1,987 bills, \$99.35; total, \$122.35.

Lawrence D. Riley, 20 hours, \$20; 1,360 bills, \$68; total, \$88.

Daniel F. Ryan, 125 hours, \$125; 1,584 bills, \$79.20; total, \$204.20.

Thomas A. Ryan, 55 hours, \$55; 2,169 bills, \$108.45; total, \$163.45.

Rhoda E. Saunders, 5 hours, \$5.

William Sawyer, 38 hours, \$38.

Joseph M. Smart, 64 hours, \$64; 1,676 bills, \$83.80; total, \$147.80.

Alfred Spear, 65 hours, \$65; 1,357 bills, \$67.85; total, \$132.85.

Edmund G. White, 12 hours, \$12; 2,767 bills, \$138.35; total, \$150.35.

Margaret M. Walsh, 40½ hours, \$40.50. Total, \$4,520.50.

Respectfully,

FREDERICK H. TEMPLE,
Secretary.

HEALTH DEPARTMENT.

Boston, December 28, 1920.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—I respectfully request the following transfer in the appropriation of the Health Department:

Item B, *Service Other than Personal*.—From Sub-Item B-26, Protective and Preventive, to Sub-Item C-4, Automobile Equipment, \$166.

This transfer is for the purchase of a Ford sedan for the Food Division, to be used by the collectors of samples. The price complete is \$870. There is a balance in C-4 of \$454, and with an allowance of \$250 for the old car, the above amount, \$166, is needed to complete the purchase.

The car used by the collectors at present is a Buick 4-1917, and is practically worn out, and requires frequent repairs and for further use will require a general overhauling which would probably cost as much as we could get for the car at a later date. The offers for this car ranged from \$150 to \$250.

Respectfully,

WM. C. WOODWARD,
Health Commissioner.

CITY HOSPITAL DEPARTMENT.

Boston, December 28, 1920.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—As we are nearing the close of the fiscal year, in order to adjust deficiencies under certain items, the trustees of the Boston City Hospital hereby respectfully request the following transfers from the items named, under which there is a surplus:

From the appropriation for B-39, General Plant, \$1,400, to the appropriation for A-2, Temporary Employees, \$1,400.

From the appropriation for B-12, Premium on Surety Bonds, \$32.50; B-14, Motor Vehicle Repairs and Care, \$44.31, to the appropriation for B-8, Light and Power, \$76.81.

From the appropriation for B-14, Motor Vehicle Repairs and Care, \$189.20, to the appropriation for B-13, Communication, \$59.96; C-7, Furniture and Fittings, \$129.24.

From the appropriation for B-15,

Motorless Vehicle Repairs, \$24.85; B-18, Cleaning, \$9.21; B-27, Testing Materials and Supplies, \$4; C-2, Machinery, \$85; C-3, Electrical, \$46.31, to the appropriation for C-7, Furniture and Fittings, \$169.37.

From the appropriation for C-3, Electrical, \$115.48; C-4, Motor Vehicle, \$399.56, to the appropriation for D-1, Office Supplies, \$515.04.

From the appropriation for C-4, Motor Vehicle, \$146.96; C-5, Motorless Vehicles, \$350; B-39, Office Equipment, \$664.10; B-39, Medical, Surgical, Laboratory, \$2,325.72, to the appropriation for D-2, Food and Ice, \$3,486.78.

From the appropriation for B-39, Medical, Surgical, Laboratory Equipment, \$2,025.12; C-14, Livestock, \$49.50; C-13, Tools and Instruments, \$115.40; C-16, Wearing Apparel, \$174.77; C-17, General Plant, \$104.02; D-4, Forage and Animal, \$82.38; D-8, Laundry, Cleaning, Toilet, \$105.16; D-10, Agricultural, \$154.85; D-11, Motor Vehicle, \$36.70; D-13, Chemicals and Disinfectants, \$46.80; D-16, General Plant, \$757.68; E-1, Building, \$212.97; E-9, Machinery, \$433.49, to the appropriation for D-3, Medical, Surgical, Laboratory Supplies, \$4,298.84.

From the appropriation for E-9, Machinery, \$503.35; E-13, General Plant, \$85.24, to the appropriation for E-10, Electrical, \$588.59.

The seemingly large increase in temporary employees is necessary because of the installation of the sprinkler system at the South Department. We are digging trenches and paying men at the rate of 50 cents an hour, whereas if it were done under contract the cost would be \$1 now, plus 15 per cent.

Yours respectfully,

JOSEPH P. MANNING,
President, Board of Trustees.

INSTITUTIONS DEPARTMENT.

Boston 9, January 3, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—Will you kindly arrange with the City Auditor for the following transfer within the appropriation of the House of Correction, Deer Island?

From the appropriation for C-7, Furniture and Fittings, \$200, to the appropriation for F-9, Care of Dependents, Uniform Desertion Act, \$200.

On account of decrease in the amount of pay rolls in the summer months, too much money was transferred from this account, as later rolls have increased 50 per cent.

Yours respectfully,

THOMAS C. O'BRIEN,
Commissioner.

LIBRARY DEPARTMENT.

Boston, December 31, 1920.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—To provide against deficiency under certain item in the budget schedule appropriations for the Library Department, a transfer is respectfully requested from item under which there is a surplus, as follows:

From the appropriation for E-10, Electrical Materials, \$100, to the appropriation for B-28, Expert and Architect, \$100.

Very respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ALEXANDER MANN,
President.

OVERSEERS OF THE POOR.

BOSTON, December 29, 1920.

J. ALFRED MITCHELL, Esq.,
City Auditor, City Hall:

DEAR SIR,—I respectfully request that the following transfers be made in the segregated budget of the Overseeing of the Poor Department:

Central Office.—From the appropriation for B-13, Communication, \$81.40, to the appropriation for F-9, Care of Dependents, \$81.40.

Wayfarers' Lodge.—From the appropriation for C-13, Tools and Instruments, \$16.45, to the appropriation for D-8, Laundry, Cleaning and Toilet, \$16.45.

Temporary Home.—From the appropriation for C-13, Tools and Instruments, \$2.50, to the appropriation for C-16, Wearing Apparel, \$2.50.

These transfers are requested in order that balances and deficits, remaining after the transfers approved by you December 16, 1920, were made, may be corrected.

Respectfully yours,

SIMON E. HECHT, *Chairman.*

PROCEEDINGS OF CITY COUNCIL.

Monday, January 3, 1921.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at two o'clock p. m., President MORIARTY in the chair and all the members present.

INVITATION FROM MAYOR TO COUNCIL.

The following was received:

Office of the Mayor,
Boston 9, January 3, 1921.

To the City Council:

Gentlemen,—As there is a matter of some importance about which I wish to speak to the members of the City Council, I would request that the Council meet me at my office this afternoon when the regular recess occurs. I shall be in the office during the afternoon and shall be able to meet you here whenever you are ready. The matter about which I wish to speak to you is not now before the Council, but as it is of some urgency, I am anxious to discuss it today.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Placed on file.

SALE OF COWS, CONSUMPTIVES' HOSPITAL.

The following was received:

Office of the Mayor,
Boston 9, January 3, 1921.

To the City Council:

Gentlemen,—I am transmitting herewith a communication from the Consumptives' Hospital Trustees relative to the disposal of fifteen cows and one bull, and respectfully recommend the passage of the accompanying order.

Respectfully,
ANDREW J. PETERS, Mayor.

Boston Consumptives' Hospital,
December 21, 1920.

Hon. Andrew J. Peters,
Mayor of Boston:

Dear Sir,—The trustees at their meeting of December 14, 1920, voted to discontinue keeping of cows. It was found out that the hospital lost money in keeping cows.

There are fifteen (15) cows and a bull. The total value of these is over \$500.

The trustees hereby request permission to sell their cows and bull.

Yours truly,

JAMES J. MINOT,
Secretary.

Ordered, That the Superintendent of Supplies be and hereby is authorized to sell, after public advertisement, fifteen (15) cows and one (1) bull, the property of the Consumptives' Hospital.
Referred to the Executive Committee.

PAYMENT TO MRS. JOHN F. CULLEN.

Coun. McLAUGHLIN offered an order—That the City Council of the City of Boston hereby favors the enactment of legislation to enable the city to pay to the widow of John F. Cullen, late an employee of the Public Works Department, the balance of the salary to which he would have been entitled had he lived and continued to hold his position for the remainder of the financial year.

Passed under a suspension of the rule.

REPORT ASKED OF PLANNING BOARD.

Coun. McLAUGHLIN offered an order—That the City Planning Board be requested to furnish the City Council with a list and synopsis of the various investigations and reports which have been made in the past twenty or thirty years in connection with the commercial, maritime and industrial development of Boston.

Passed, under a suspension of the rule.

INDUSTRIAL AND COMMERCIAL DEVELOPMENT, BOSTON.

Coun. McLAUGHLIN offered an order—That his Honor the Mayor be requested to take the necessary steps to establish a board or commission to further the industrial and commercial development of Boston, said board to consist of a representative from the Chamber of Commerce, the Boston Real Estate Exchange, and such other important commercial or industrial organizations as the Mayor may select, and to be authorized to expend annually an appropriation by the city of at least \$100,000 and a like amount to be raised by the organizations interested; it being the intention of this order to initiate the creation of a more or less permanent board to continue at least ten years.

Coun. McLAUGHLIN—Mr President, referring to the order relative to City Planning investigations, I am simply offering that order in order to obtain certain detailed information that may have a bearing on the further consideration of matters that may come before us. My only object in offering these orders is to arouse certain interests to a realization of the work confronting them, work in which they should show an interest, and also to see whether or not it is true that the enthusiasm of Boston in connection with its industrial and commercial development is at a very low ebb, which I am not, for one, willing to say is so. I realize also that in matters of this kind one has to be very careful how he is quoted, and so I have dictated and will read what I shall have to say here, with the purpose of assisting the Press and also so that the record, so far as my speech today is concerned, may be clear, that I may not in the future be incorrectly quoted. Upon the third order read by the Clerk I would say:

In submitting this order to you for your consideration and, I hope, acceptance, I am actuated by the single desire of seeing Boston take its rightful place among the great cities of the United States. Too long are we resting quiescent in the lengthening shadows of lethargy, of pessimism, of complaint, and even of discouragement. Much of this may have been justified during the dark days of war, and strife and bloodshed; some was even justifiable in the light of the unsettled conditions which unavoidably accompanied the transition of the world from a war to a peace basis; but now, with war and unrest having passed on to their proper places in history's pages, the feelings uppermost in our minds and hearts today, at the beginning of a new year, as citizens of the United States, of Massachusetts, and particularly of Boston, should be those of optimism, of confidence, of courage, of high hopes and of pride. We are, of course, interested in the big issues of our national government; we have sent some of our best men to represent our interests in Washington. We are also interested in the affairs on Beacon Hill, the proximity of which enables us to keep closely in touch with state legislation; but our particular job is Boston, around which our best efforts should center. Boston today stands high among the cities of the world in many of the things that make for human enlightenment and human betterment. It has an international reputation in which it may take a just pride; but there are many opportunities for improvements and development in the conduct of its affairs,—

and in saying this I have in mind no peccayunish criticism but an, rather, looking at it as a broad, constructive, comprehensive proposition,—in order that it may be a still better place in which to live, and may continue to an even greater degree as an instrument in the growth of a higher, a broader and a more prosperous civilization. Boston's chief asset today should be its port facilities, or perhaps I should say possibilities, since some of its potential features are still undeveloped, but the fact remains that our advantages as a port are little known and less utilized. We are nearer Europe than any great American port, yet the United States Shipping Board estimated, on the basis of tonnage, that the Port of Boston stood tenth in the country. The impression thus conveyed has gained many adherents while the fact remains, according to the United States Treasury Department's ranking of ports, that Boston is second only to New York in imports and third, after New Orleans, in the total valuation of goods received and shipped. But it is also a fact that Boston is not progressing as rapidly as it should. This is due, not to discrimination on the part of any outside agency, or to any inadequacy of opportunity, but to the indifference of Boston itself to the welfare of its shipping interests. Too many of our business men seem to know no seaport other than New York, yet railroads converging at Boston give every opportunity of delivering goods for ocean shipment, through this port, with a shorter and less costly rail haul. Boston has an excellent terminal and dock equipment far from wholly used. That it is not more extensively utilized—that there is so much idle pier space along our waterfront—is to visitors from other cities a cause of never ceasing wonder. The United States Government has already contributed approximately \$100,000,000 to the development of Boston's waterfront facilities, and further appropriations are pending. The Commonwealth of Massachusetts has also contributed largely to port improvement. It is fitting, therefore, that Boston—the direct beneficiary of these large investments—should show its appreciation by co-operating, not only financially and commercially, but also by recognizing itself, and by making known to all the outside world, the really wonderful advantages which are hers by natural inheritance. A committee such as I suggest, therefore, and financed as I have indicated, would be in a position to stimulate foreign trade, to consider all matters affecting maritime interests, including legislation and the assembling and distribution of marine information, and to study and promote all movements directed toward harbor and port development. For several years the diminishing industrial power of the City of Boston has been the cause of a great deal of comment, but here again it is a case of lack of utilization through absence of appreciation. With the advantages of Boston as an industrial center properly understood, manufacturing concerns could be not only readily induced, but they would be actually eager to locate in a city where shipping facilities, both by land and water, are unsurpassed, where climatic conditions are favorable, where there is ample opportunity for attractive housing developments that will keep pace with industrial expansion, and where every social amenity exists and is encouraged. While a better understanding and utilization of Boston's port advantages, and the securing of new industries, are no doubt the first essentials in a campaign to restore to Boston some of its lost commercial and industrial eminence, there are others of a supplementary nature which are important and must not be overlooked. Briefly, these have to do, among other things, with the extension of the retail trade business, the development of Boston as a convention city, and the erection of further modern, attractive hotels. There should be a carefully thought out municipal advertising campaign, extending over a period of time sufficient to arouse interest, enthusiasm and actual results. This might be accomplished through the medium of the local Press, trade papers, technical publications, magazines, booklets, and a variety of printed matter. This presupposes the services of a trained publicity expert, who might well be entrusted with the executive work of the entire campaign. And I would say here that a campaign should be undertaken as something more than a spasmodic venture; it should be launched upon the firmest possible foundation, and designed to continue for at least a decade of years. This makes possible a proper follow-up system which is essential to the success of any undertaking. In making this suggestion I do not lay claim to originality. The science of advertising is as old as history itself, and from time to time there have been committees formed, and sporadic attempts made, all meeting with a certain measure of success for the time being, to secure for Boston the recognition which it rightfully merits. Neither are the arguments I am advancing either new or original. But I do maintain, without fear of contradiction, that they are true, and that Boston does not deserve the commercial, industrial and even social depression which has been visited upon her. We know that we are particularly fortunate in our park and playground system, that Boston alone among the larger American cities had an acre of recreation space for every 200 of her people against nearly 500 in other cities; we know that in property values Boston is by far the richest in its class, with a tax rate lower than three of the five cities nearest in population; we know that our

health conditions are without parallel in the country; we know that in our school system, our art and music facilities, we have at our very door the best to be had in the way of education and culture; we know that our suburbs are unsurpassed in accessibility and attractiveness; we know that we have the best banking system in the world; we know that we rank eighth in manufacturing, fourth in architectural distinction and retail trade, third in music, second in libraries and foreign trade, and first in wool and fish of the largest cities of America; we know all these things but we take little or no pains to make them known to the rest of the world. Beginning a new year, therefore, let us begin a new policy in municipal life. Let us, through the organization of a committee such as I have suggested in the accompanying order, unite all our energies in one combined effort to secure for Boston throughout the civilized world the recognition which it deserves. Let us by word, deed and action exemplify the spirit which I hope may be found dominant in every heart and mind today—a spirit which may be interpreted into the slogan I now offer you as a watch word and as a motto—"Boston—we have faith in you!"

I would not now ask that this order be passed under suspension of the rule, but I have been informed that his Honor the Mayor desires a conference with this body, and, because of that fact, not knowing how long the deliberations in the Mayor's office may take, I ask, unless there is some objection by some other member, that the order be passed under suspension of the rule. I so move. The order was passed under suspension of the rule.

EDWARD T. LEARY SQUARE.

Coun. FORD for Coun. WATSON, offered an order—That the space at the junction of Hancock street and Dorchester avenue, Dorchester, be named and known as Edward J. Leary square, in honor of said Leary, who died in the service of his country in France, and that the said location be suitably marked with signs.

Referred to the Executive Committee.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions
regarding the work of municipal depart-
ments should be made in writing to the
officials directly in charge. The failure of
such officials to make reply within a
reasonable length of time should be
brought to the attention of the Mayor.
Communications should be directed as
follows:

TO THE BOARD OF STREET COM-
MISSIONERS, Room 401, City Hall Annex, for
information relative to the laying out, relo-
cation, widening and the discontinuance of
highways; the taking of real property for
municipal purposes; the assessments of
betterments for streets and sewers; the
plotting of undeveloped areas for streets
and the opening of private ways; the
granting of licenses for the storage or
sale of merchandise in public streets; the
regulation of street traffic; the making
of specific repairs in public streets, the
naming of public streets, the planting
and removal of trees in public ways, the
issuing of licenses for the storage of gas-
olene, oil and other inflammable sub-
stances or explosive compounds, the use
of the public ways for any permanent or
temporary obstruction or projection in,

MISSIONERS, 33 Beacon street, for information
as to the care of the Common, Public
Garden, Franklin Park, Franklin Field,
Commonwealth avenue, Back Bay Fens,
Marine Park and the small parks and
playgrounds in general throughout the
city, and as to the extermination of
gypsy moths and the charges made for
such service. Application may be made
to this department for information
regarding the public baths and gym-
nasiums maintained by the city, and with
regard to municipal indoor concerts and
band concerts; also information relative
to Mount Hope, Evergreen, Fairview
and other public cemeteries owned by
the City of Boston.

TO THE SCHOOL COMMITTEE, 26 Mason
street, for information relative to the
operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS,

PUBLIC WORKS DEPARTMENT.

On January 7 to W. S. Rendle for repairing piers and fender guard for water pipes at Warren Bridge, over Charles river, Boston to Charlestown. Bids opened January 4:

W. S. Rendle, \$5,762; George T. Rendle Company, \$5,896.50; Aberthaw Construction Company, \$6,576.20; V. Grande, \$6,685; W. H. Ellis & Son Company, \$7,134; Rendle, Stoddard Company, \$7,478; William L. Miller Company, \$8,185; Lawler Brothers Company, \$8,189; Thomas Cavanagh Company, \$9,735.

SUPPLY DEPARTMENT.

On January 12 to Elm Farm Milk Company as per following communication and bids:

BOSTON 9, January 10, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—Attached please find list of bids on proposals for furnishing approximately 42,000 quarts of Massachusetts Standard Grade "A" milk to the Boston Consumptives' Hospital, Mattapan, which were publicly opened and read at this office under date of January 7, 1921.

Inasmuch as the Elm Farm Milk Company is the only bidder who has furnished this office the price on Massachusetts Standard Grade "A" milk as specified, I respectfully request that permission be granted me to award this contract to the above-named concern at 12.95 cents per quart, approximate amount of contract being \$5,439.

Very truly yours,

G. J. CRONIN,
Superintendent of Supplies.

Bids opened January 7, 1921, were as follows:

Elm Farm Milk Company, 12.95 cents per quart; H. P. Hood & Sons, \$1.10, 8½ quarts, Hood's Grade "A"; \$1, 8½ quarts, Hood's "Jersey"; E. Weiler & Sons, 11½ cents per quart, not Massachusetts Standard Grade "A."

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do work with the department forces without advertising; additions to and deductions from contracts.

SUPPLY DEPARTMENT.

Coal.

On January 7 to the New England Coal and Coke Company as per following communication:

BOSTON 9, January 6, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising the same, to the New England Coal and Coke Company for furnishing 1,700 tons, more or less, of semibituminous Pennsylvania coal to be delivered alongside pumping station, Calf Pasture.

Payment for this coal is to be on the basis of \$9.25 per gross ton, with a guarantee of 14,200 B. T. U. per pound dry basis. Should the heating value (B. T. U.) fall below 14,200 B. T. U. per pound dry basis, a deduction in price will be made of 10 cents for each 100 B. T. U. below 14,200 B. T. U. per pound dry basis.

The following prices were received on this requirement:

New England Coal and Coke Company, \$9.25 per gross ton, alongside; Pennsylvania; guarantee, 14,200 B. T. U. dry basis. Penalty, 10 cents per ton for every 100 B. T. U. below 14,200.

Northern Coal Company, \$10 per gross ton, alongside; New River; guarantee, 14,700 B. T. U. dry basis. Penalty, 10 cents per ton for every 100 B. T. U. below 14,700.

Stetson Coal Company, \$12 per gross ton, alongside; Pocahontas; no guarantee.

Stetson Coal Company, \$10.65 per gross ton, alongside; Pennsylvania; no guarantee.

Castner, Curran & Bullett, \$10.25 per gross ton, alongside; New River; guarantee, 14,700 B. T. U.

Old Colony Coal Company, \$10.85 per gross ton, alongside; Pennsylvania; no guarantee. Pool 9.

Maritime Coal Company, \$12.75 per gross ton, alongside; Pocahontas; no guarantee.

Maritime Coal Company, \$11.75 per gross ton, alongside; Pennsylvania; no guarantee.

Burton-Furber Company, no coal.

Coastwise Coal Company, \$12.50 per gross ton, alongside; Pennsylvania; no guarantee.

Permission is therefore requested to award this contract to the lowest bidder, the New England Coal and Coke Company, considering both cost per ton and guaranteed heating value (B. T. U.).

Respectfully yours,

G. J. CRONIN,
Superintendent of Supplies.

On January 11 to East Boston Coal Company as per following communication:

BOSTON 9, January 3, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—Owing to the condition of the canal at the Boston City Hospital, and also the work that they are doing on the wall, we are unable to get enough semibituminous in the pocket by lighter. Therefore we are submitting prices for teaming delivery, which necessitates quite a little labor.

The price received from the different dealers in a position to supply the same are at current prices at time of delivery and labor, with the exception of the East Boston Coal Company, who agree to furnish what extra coal we will need until such time as we are able to obtain sufficient coal by lighter, at 25 cents off the current price at time of delivery, which will be at present \$13.25, including labor in connection with putting in of same.

In view of the above, I respectfully request that permission be granted to make contract with the East Boston Coal Company to furnish the coal as stated above.

Yours respectfully,

G. J. CRONIN,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PUBLIC WORKS DEPARTMENT (Ferry Service).

An addition, amounting to \$300, on contract with W. S. Rendle Company for rebuilding roadway of three ferry drops and rebuilding one drop foundation, on account of furnishing in place one new spring beam 14 inches by 14 inches by 20 feet; removing old rocker; placing new rocker in position and fastening as directed, and repairing four dress rods. Original contract, \$10,732; total addition, \$300; contract as standing, \$11,032.

An addition, amounting to \$400, on contract with the Boston Shipbuilding Company for repairing paddle wheels of ferryboat "D. D. Kelly," on account of installing ten oak arms and twelve oak paddles on paddle wheels required by United States steamboat inspectors in addition to number called for in contract. Original contract, \$2,980; total addition, \$400; contract as standing, \$3,380.

An addition, amounting to \$1,750, on contract with the Richard T. Green Company for repairs and renewals to double screw ferryboat "Noddle Island," on account of furnishing two new tail shafts complete with sleeves, ready for installation, at agreed price of \$1,750. Original contract, \$152,400; total additions, \$2,550; contract as standing, \$154,950.

PUBLIC WORKS DEPARTMENT (Paving Service).

Additions, amounting to \$370, on contract with the Rowe Contracting Company for Topeka pavement in Beech street, Belgrade avenue and Centre street, West Roxbury, on account of hauling edgestone from South End yard to Centre street; removing reinforced concrete at Billings Field Garage; spreading filling from Hastings street, and hauling recut paving blocks to Centre street from Belgrade avenue. Original contract, \$303,398.20; total additions, \$7,645; contract as standing, \$311,043.20.

An addition, amounting to \$70, on contract with John McCourt Company for granite block pavement between the tracks in Hyde Park avenue, from Metropolitan avenue to River street, on account

of resetting manhole covers as directed; replacing concrete base removed by Eastern Massachusetts Railway Company to weld joints. Price to be paid for each square yard of concrete base furnished and placed, the sum of \$2.50. Original contract, \$27,380; total addition, \$70; contract as standing, \$27,450.

PUBLIC WORKS DEPARTMENT (Sewer Service).

An addition, amounting to \$50, on contract with V. Grande, for building catch-basins, manholes, minor drains and surface drains in Boston, on account of building one drop inlet in Freeport street, Dorchester, east side, about 320 feet north of Linden street, on account of impracticability of building the proposed catch-basin at curb line, at agreed price. Original contract, \$7,699.25; total addition, \$50; contract as standing, \$7,749.25.

An addition, amounting to \$350, on contract with S. J. Tomasello for sewerage works in Alger street, South Boston, on account of cutting out old piles, parts of old wharves and other old timbering in line of trench. Original contract, \$13,125.90; total addition, \$350; contract as standing, \$13,475.90.

SCHOOLHOUSE DEPARTMENT.

An addition, amounting to \$553.30, on contract with John Bowen Company, dated July 3, 1919, Dearborn District School, viz.: Oiling all wood floors throughout the building with two coats of raw linseed oil with raw sienna for light oak coloring, the last coat to have sufficient dryer to make a hard oil finish. For applying two coats of Hockaday paint in place of water color on nurse's and teachers' rooms. Original contract, \$156,296; total additions, \$6,645.23; total deductions, \$6,000.63; present contract, \$156,940.60.

CLAIMS.

The Mayor has approved the following claims, with the indorsement of the Corporation Counsel:

Nora F. Sullivan, in the sum of \$500, for personal injuries caused by loose manhole cover at F and West Fourth streets, June 1, 1919.

Mabel D. Stevenson, in the sum of \$1,500, for personal injuries caused by hole in street, Winter street, April 15, 1919.

Konstantin Visbitsky, for personal injuries caused by being knocked from Public Works wagon which he was driving, February 13, 1920, said wagon being struck by Fire Engine No. 28, near No. 1828 Dorchester avenue, by payment of \$150.

Israel Goldberg, 97 Crawford street, for water boiler which collapsed when water was turned off without notification on September 29, 1920, by payment of \$115.

REJECTED CLAIMS.

On January 11 the Law Department disapproved thirteen claims against the city, in eight of which no amounts were specified, and the other five aggregated \$9,989.84, and are classified as follows:

Against the Fire Department, one, in which no amount was specified; against the Police Department, one, amounting to \$450; against the Printing Department, one, amounting to \$580.30; against the Public Works Department, ten, in seven of which no amounts were specified, and the other three amounted to \$8,959.54.

All these claims have been disapproved for the reason that there appeared to be no legal liability on the part of the city.

TRANSFERS IN BUDGET.

Under authority of section 3 of chapter 486 of the Acts of 1909 the Mayor has approved the transfers requested in the following communications:

BUILDING DEPARTMENT.

Boston, January 4, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—I request a transfer in the appropriation of this department, as follows:

From the appropriation for A-1, Elevator Inspectors, 2 at \$1,800, \$132.47, to the appropriation for A-1, Superintendent of Plumbing, \$2,300, \$132.47.

Yours very truly,

HERBERT A. WILSON,
Building Commissioner.

This transfer is necessary because of transfer from monthly to weekly pay roll, causing payments for January, 1920, and January, 1921, to come out of this year's appropriation.

OVERSEERS OF THE POOR.

Boston 14, January 4, 1921.

J. ALFRED MITCHELL,
City Auditor:

DEAR SIR,—I respectfully request that the following transfer be made in the segregated budget of the Overseeing of the Poor Department:

Central Office.—From the appropriation for F-10, Mothers' Aid, \$2,983.27, to the appropriation for Central Office, F-9, Care of Dependents, \$2,983.27.

The above transfer is requested in order that surplus under F-10 may be available for our January disbursements under F-9.

Respectfully yours,

SIMON E. HECHT, Chairman.

PUBLIC WORKS DEPARTMENT.

Boston, January 4, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfer be made in the appropriation for the Paving Service:

From the appropriation for B-41, Horse-shoeing and Clipping, \$643, to the appropriation for B-39, General Plant, \$643.

This transfer is to provide money to pay for the repairs to the end of the old Mt. Washington Avenue Bridge which is used during the winter months for snow-dumping purposes.

Respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Boston, January 4, 1921.

To the Honorable the Mayor:

I respectfully request that transfer be made from the appropriation for Lighting Service to the appropriation for Central Office as follows:

From the appropriation for Lighting Service, B-13, Communication, \$4.22, to the appropriation for Central Office, B-1, Printing and Binding, \$4.22.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Boston, January 4, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfers be made from the appropriation of the Street Cleaning and Oiling Service

to the appropriation for the Sewer Service of the Public Works Department:

From the appropriation for B-2, Postage, \$94.46; B-3, Advertising and Posting, \$12.80; B-4, Transportation of Persons, \$117.90; B-5, Cartage and Freight, \$214.87; B-8, Light and Power, \$5.72; B-10, Rent, Taxes and Water, \$271.46; B-14, Motor Vehicle Repairs, \$1,021.32; B-18, Cleaning, \$4.60; B-20, Disposal of Ashes, Dirt and Garbage, \$442.85; B-22, Medical, \$20; B-23, Veterinary, \$55; B-24, Blacksmith, \$32; B-41, Horse-shoeing, \$498.50; C-5, Motorless Vehicles, \$611.42; C-9, Office, \$100.15; D-2, Food and Ice, \$8.55; D-3, Fuel, \$108.15; D-7, Veterinary, \$35.32; D-13, Chemical and Disinfectant, \$21.58; E-1, Buildings, \$11.86; E-2, Highway, \$464.06; F-7, Pensions and Annuities, \$1,144.96; A-1, Inspectors, 41 at \$1,400-\$1,600, \$3,200; A-1, Laborers, Teamsters, Watchmen, Stablemen, etc., 419 at \$3.50-\$4, \$4,502.47, to the appropriation for D-3, Fuel, \$13,000.

The reason for this transfer is on account of deficit in appropriation for Pumping Station, due to fuel prices being higher than anticipated.

Respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Boston, January 10, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfers be made from the appropriations for the Bridge Service to the appropriations for the Ferry Service of the Public Works Department.

Deficit due to the fact that price of coal was higher than estimated.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Boston, January 10, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

I respectfully request that transfers be made from the following items of the Paving Service to the appropriations for the Ferry Service:

From the appropriation for Paving Service, B-2, Postage, \$71.66; B-3, Advertising and Posting, \$32.90; B-4, Transportation of Persons, \$139.04; B-5, Cartage and Freight, \$12.76; B-10, Rent, Taxes and Water, \$175.15; B-14, Motor Vehicles, Repairs and Care, \$36.34; B-15, Motorless Vehicle Repairs, \$32.69; B-20, Disposal of Ashes, Dirt and Garbage, \$45.25; B-22, Medical, \$36.50; B-24, Blacksmith, \$152.88; B-40, Harness Repairs, \$26.55; B-41, Horse-shoeing and Clipping, \$131.35; C-7, Furniture and Fittings, \$58.50; C-13, Tools and Instruments, \$356.52; C-16, Wearing Apparel, \$257.69; C-17, General Plant, \$1.79; D-1, Office, \$345.06; D-2, Food and Ice, \$26.80; D-7, Veterinary, \$80.53; D-8, Laundry, Cleaning and Toilet, \$62.78; D-11, Motor Vehicles, \$479.25; D-13, Chemicals and Disinfectants, \$8.45; D-16, General Plant, \$263.75; E-1, Building, \$1,318.42; E-2, Highway, \$18,765.86; E-10, Electrical, \$25.86; E-13, General Plant, \$31.73; F-7, Pensions and Annu-

ties, \$50.91, to the appropriation for Ferry Service, D-3, Fuel, \$25,026.97.

These transfers are made to cover deficit in Ferry Service for coal used during the year, the price paid for coal being very much higher than was anticipated when the budget was submitted.

Respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

COLLECTING DEPARTMENT.

Boston, January 3, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

Sir,—The following transfer is requested within the appropriation for the Collecting Department for the year 1920-21:

From the appropriation for A-1, 24 Deputy Collectors at \$1,800-\$2,000 per year, \$107.40, to the appropriation for A-1, 1 Clerk at \$1,400.

To provide for new position of clerk at \$1,400, in place of deputy collector at \$1,800-\$2,000, the latter position having been abolished.

Respectfully,

FRANK S. DELAND,
City Collector.

PUBLIC WORKS DEPARTMENT.

Boston, January 4, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfer be made in the appropriation for the Central Office:

From the appropriation for A-1, Permanent Employees, Office Boys, 2 at \$500-\$540 per year, \$51.75; Clerk, 1 at \$950-\$1,150 per year, \$72.45; B-28, Expert and Architect, \$95.83, to the appropriation for B-1, Printing and Binding, \$220.03.

This transfer is to cover deficit in the appropriation for printing annual report of the Public Works Department.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Boston, January 4, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfers be made from the appropriation for Sanitary Service to the appropriation for Sewer Service:

From the appropriation for Sanitary Service, A-1, Permanent Employees, Laborers, Teamsters, Stablemen, Watchmen, Yardmen, Janitors, etc., 511 at \$3.50-\$4 per day, \$6,170.59; B-6, Hire of Teams and Auto Trucks, \$14,464.90; B-20, Disposal of Ashes, Dirt and Garbage, \$1,085; B-39, General Plant, \$488.10; C-6, Stable, \$1,000; D-4, Forage and Animal, \$6,500; F-7, Pensions and Annuities, \$474.29, to the appropriation for Sewer Service, D-3, Fuel, \$30,182.88.

This transfer is to cover a shortage in item for fuel used at the pumping station. The deficit is caused by the high price of coal throughout the year.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Boston, January 4, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfers be made in the appropriations for the Street Cleaning and Oiling Service of the Public Works Department:

From the appropriation for A-1, Clerks, 3 at \$1,000, \$100.07, to the appropriation for A-1, Chauffeurs, 6 at \$24-\$27 per week, \$100.07.

From the appropriation for A-1, Inspectors, 41 at \$1,400-\$1,600, \$119.72, to the appropriation for B-39, General Plant, \$119.72.

From the appropriation for C-5, Motorless Vehicles, \$242.07, to the appropriation for C-6, Stable, \$242.07.

The reasons for these transfers follow:

A-1, *Chauffeurs*.—To provide for shortage as Elgin machine was purchased earlier than anticipated.

B-39, *General Plant*.—To pay for work done by Water Service which was in excess of that anticipated.

C-6, *Stable*.—Through an oversight, a transfer was made from this item which caused deficit for which this transfer is requested.

Respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Boston, January 6, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfer be made in the appropriation for Sanitary Service:

From the appropriation for B-14, Motorless Vehicle Repairs, \$172.75, to the appropriation for B-41, Horseshoeing and Clipping, \$172.75.

The deficit in this item is caused by the increased price of horseshoeing since September 1.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

RENTALS OF HIGH POWER
STATIONS.

January 12 the Mayor signed the following contracts, which supersede contracts signed November 17, 1920, covering change of rental dates:

With Edison Electric Illuminating Company covering rental of 864 square feet of space in building on Stuart street, known as the thirty-eighth station property, for installing a high pressure pumping station from January 1, 1921, to December 31, 1931, at an annual rental of \$2,400. The period of rental in contract signed November 17, 1920, was from March, 1920, to February 28, 1930.

Contract with Edison Electric Illuminating Company covering rental of space

60 feet long and 32 feet wide in the ash room of the main building on Atlantic avenue, known as the third station, for the purpose of maintaining a high pressure pumping station, from January 1, 1921, to December 31, 1931, at an annual rental of \$2,400. The contract signed November 17, 1920, was for a period from March 1, 1920, to February 28, 1930.

Contract with Edison Electric Illuminating Company for providing electricity for operating in an emergency the high pressure pumping station in spaces leased by the company in property on Stuart street, thirty-eighth station, and property on Atlantic avenue, third station, at scheduled rates, from January 1, 1921, to December 31, 1931.

PROTESTING REMOVAL OF BOATS
BY SHIPPING BOARD.

"I understand it is the Shipping Board's intention to remove to Norfolk all of its boats now tied up in Boston. As Mayor of Boston I desire in the interest of the city to protest most vigorously against this course. Boston wants these boats here for we have ample facilities for provisioning and repairing them when the time comes. I bespeak your assistance in retaining them here.

ANDREW J. PETERS, Mayor."

Sent to Rear Admiral W. S. Benson, President, United States Shipping Board; Senator Henry Cabot Lodge, United States Senate, and Senator David I. Walsh, United States Senate.

STATEMENT BY MAYOR PETERS
ON DELIVERIES OF HARD
COAL.

January 7, 1921.

After consultation with the Boston Fuel Administrator, Mr. Malcolm E. Nichols, I deem it wise to announce that the order limiting deliveries of domestic anthracite coal to not more than three tons is hereby suspended. The amount of hard coal in the yards of Boston dealers on November 13, which was the Saturday before the establishment of the Boston Fuel Administration, was 32,235 tons. This amount gradually increased to 52,624 tons as of Saturday, January 1. While it appears, according to the reports received by the Fuel Administration, that the hard coal emergency in Boston has been temporarily relieved, the duties of the Fuel Administrator will be continued so that, as far as possible, the public may be protected.

Coal dealers, however, have been advised that they must still use great care in securing equitable distribution.

They will, therefore, be held strictly accountable for fair allotments. Where a dealer has reason to believe that hoarding has been practised by a consumer, he should immediately report the case to the Fuel Administrator.

"THRIFT WEEK" PROCLAMATION,
BY MAYOR PETERS.

Boston is rich in the heritage of great names but none adds more lustre to her past than that of Benjamin Franklin. His name, character and achievements are part of the early history of the town. His clear common sense, business sagacity and frugality, as well as his inventive genius and statesmanship, make his precepts and example valuable to our people in these trying days.

January 17 is the 215th anniversary of his birth. It is fitting that as a people we pause long enough to learn again some of the lessons of economy and thrift that he exemplified and taught.

The week of January 17 to 23 has been selected as National Thrift Week, and is being observed by many cities throughout the country. In our own city, plans are made by numerous co-operating organizations to use the days of that week to promote and emphasize thrift. Recognizing the importance of such plans for all our people, I urge upon the bankers, the insurance men, real estate men, credit associations, the women's clubs, the schools, the labor organizations and all associations for social betterment to co-operate by making their own contribution to the success of this week.

EQUIPMENT FOR MANUFACTURE
OF STEEL CHAIN IN NAVY
YARD.

At the request of a committee from the Construction Department of the Navy Yard, the Mayor on January 6 wrote to the Secretary of the Navy requesting him to use his good offices in providing a sufficient appropriation for installing equipment needed to manufacture steel chain.

The Mayor, in his letter to Secretary Daniels, said:

"A committee from the Boston Navy Yard have called on me with reference to an appropriation of funds necessary to cover the cost of installing equipment to manufacture steel chain at the Boston Navy Yard, and I have informed the committee that I am glad to communicate with you in advocacy of such an appropriation."

"I am informed that the equipment necessary to manufacture steel chain is as follows:

4 4,000 to 6,000-pound steam hammers, approximately \$10,000 each.....	\$40,000
4 power trimming presses, approximately \$6,000 each.....	24,000
2 500-ton hydraulic presses, approximately \$8,000 each.....	16,000
4 electric furnaces for heat treatment, approximately \$6,000 each.....	24,000
4 quenching tanks, approximately \$1,000 each.....	4,000

Grand total, approximate estimate. . . \$108,000

"Naturally as Mayor of Boston I am interested in seeing every development occur in the Boston Navy Yard, and I hope it will be possible to secure the necessary appropriation."

Very truly yours,
ANDREW J. PETERS, *Mayor.*"

THE SECRETARY OF THE NAVY,
WASHINGTON, D. C., January 10, 1921.

MY DEAR MR. MAYOR,—I have your letter of January 6, with reference to the installation of equipment necessary to manufacture steel chain. Of course, any suggestion you make has great weight with me, and I will give it my consideration and let you hear from me shortly. From the day I took office I have been greatly interested in everything that would make our navy yards better serve the need of the country, and that interest is as deep now as at any time. However, the last Congress cut our appropriation down to the place where we are compelled to ask for deficiencies, and I will not be able to do as many things as I would like.

Sincerely yours,
JOSEPHUS DANIELS.

SUPPLY DEPARTMENT.

BOSTON 9, January 6, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—In our request of December 23, 1920, for permission to award a contract for furnishing turkeys to the various city departments to Horrigan & Doe Company the total amount of the contract was stated as aggregating \$1,037.60.

This amount is in error, as the total amount of contract is \$1,402. This discrepancy was caused by the fact that the amount specified for the Infirmary Department on the tabulated list of bids was shown as 150 pounds, instead of the true amount 800 pounds.

Respectfully yours,
G. J. CRONIN,
Superintendent of Supplies.

Approved January 7, 1921

ANDREW J. PETERS, *Mayor.*

INTEREST AND SINKING FUND
REQUIREMENTS OF EAST BOS-
TON TUNNEL.

SINKING FUNDS COMMISSIONERS,
CITY HALL, January 11, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—Inclosed you will please find copy of vote passed by this Board January 11, 1921, stating that it will be necessary to appropriate \$8,082 from the tax levy in the year 1921 to meet the amount of the interest and sinking fund requirements on the East Boston Tunnel Debt not provided for by the rental received for use of the tunnel.

This sum is arrived at as follows:

Sinking Fund Requirement.....	\$17,095
Interest:	
3 per cent bonds.....	\$450,000 \$13,500
3½ per cent bonds.....	2,743,000 96,005
4 per cent bonds.....	75,000 3,000
4½ per cent bonds.....	25,000 1,063
4¾ per cent bonds.....	9,000 405
5 per cent bonds.....	1,000 50
	\$3,303,000 114,023
	\$131,118
Less amount of rental for 1920.....	123,036
Amount to be appropriated from taxes...	\$8,082

Respectfully

J. ALFRED MITCHELL,
Secretary.

Voted, To notify his Honor the Mayor that, in accordance with chapter 184 of the Special Acts of 1915, the sum necessary to be appropriated from the tax levy in the year 1921, which together with the rental received from the Boston Elevated Railway Company for the lease of the East Boston Tunnel will be sufficient to meet the annual interest and sinking fund requirements of the bonds issued to pay for the construction of said tunnel, is \$8,082.

A true copy.

Attest:

J. ALFRED MITCHELL,
Secretary.

SALE OF AUTOS.

BOSTON, January 5, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

I respectfully request permission to sell to Snow, Coombs & McBeath, Inc., for the sum of \$180, one old Ford touring car, the property of the Bridge Service of this department, in part payment for a new Ford touring car which the Superintendent of Supplies has purchased from this concern for the Bridge Service.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

BOSTON, January 7, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully ask permission to sell one Buick runabout for \$275 to the Mattapan Garage, in part payment for a Ford sedan purchased through the City of Boston Supply Department for \$870, less \$275 allowed for the Buick runabout.

Respectfully,

WILLIAM C. WOODWARD,

PROCEEDINGS OF CITY COUNCIL.

Monday, January 10, 1921.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at two o'clock p. m., President MORIARTY in the chair. Absent—Coun. Hagan and McLaughlin.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the City Council, the Mayor submitted the following appointments for terms ending April 30, 1921, viz.:

(1) John J. Buckley, 110 St. Botolph street, Boston, to the position of Constable of the City of Boston.

(2) Weighers of Goods: Edward F. Havlin, 6 Kingsbury street, Roxbury; John M. Wilder, 83 Highland street, Revere.

Severally laid over under the law.

REBUILDING OF WHARF, LONG ISLAND.

The following was received:

Office of the Mayor,
Boston 9, January 7, 1921.

To the City Council:

Gentlemen,—The back wharf which carries the coal pocket for the city institution at Long Island is in a very dangerous condition. It is now unfit for use because of the fact that there are a large number of piles missing, so that there is practically no support for the structure at several points. In addition, the wharf deck has been broken through in several places, making it unsafe for foot travel.

The Commissioner of Public Works estimates that to rebuild the wharf so that it will be in good condition will involve an expenditure of \$25,000. The engineering work will be done by the Public Works Department, and as the repair of the wharf is urgent, I recommend the immediate passage of the accompanying order.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of \$25,000 from the appropriation for City Debt Requirements, Interest, to an appropriation for Long Island Wharf and Coal Pocket, Rebuilding, etc.

Referred to the Executive Committee.

INCREASE IN SCHOOL SALARIES.

The following was received:

Office of the Mayor,
Boston 9, January 5, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a true copy of chapter 441 of the Acts of 1920, entitled "An Act relative to Appropriations for School Purposes in the City of Boston," which is the act passed by the special session of the Legislature to enable the School Committee to grant certain increases in the salaries of teachers and janitors in their employ, and for other purposes.

I recommend the immediate passage of the accompanying order.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Ordered, That chapter 441 of the Acts of 1920, entitled "An Act Relative to Appropriations for School Purposes in the City of Boston," be and the same hereby is accepted.

Referred to the Executive Committee.

COUNTY AID TO AGRICULTURE.

The following was received:

Office of the Mayor,
Boston 9, January 4, 1921.

To the City Council:

Gentlemen,—Chapter 75 of the General Acts of 1919 provides for the appointment in the County of Suffolk of Trustees for County Aid to Agriculture. Section 1 of the act, outlining the manner of appointment, is as follows:

"The mayor and city council of the city of Boston, acting as county commissioners of the county of Suffolk, may appoint an unpaid board of nine trustees to be known as trustees for county aid to agriculture in the county of Suffolk, three of whom shall serve for one year, three for two years, and three for three years, from the first day of April in the current year, and thereafter, as the term of each trustee expires, or as a vacancy occurs, the mayor and city council shall appoint a successor for a term of three years. One of said board shall always be the mayor or a member of the city council. Said trustees shall have in said county all the powers and duties conferred and imposed upon trustees for county aid to agriculture in the several counties by chapter two hundred and seventy-three of the General Acts of nineteen hundred and eighteen, and all the pro-

visions of said chapter, so far as they may be applicable, except as is otherwise provided herein shall apply to the trustees hereby established."

I am herewith submitting a list of nine persons whom I recommend be confirmed as Trustees for County Aid to Agriculture for the County of Suffolk, for the terms indicated:

Mrs. James J. Storrow, term of five years.
Mr. Charles M. Davenport, term of five years.
Mr. Alfred S. Hall (Revere), term of five years.
Mr. Walter L. Collins, term of two years.
Mr. Frank V. Thompson, term of two years.
Mrs. John B. Osborn, term of two years.
Miss Mary A. Barr, term of one year.
Mr. John C. Brodhead, term of one year.
Mr. James A. McKibben, term of one year.

All of the persons mentioned have indicated their willingness to serve if confirmed by the City Council.

I hope that immediate action may be taken on this in order that the trustees may submit a budget before the first of February.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Referred to the Executive Committee.

ANNEXATIONS TO BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250 or 58.86 per cent of City's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included.

FOREIGN TRADE OF UNITED STATES, CALENDAR YEAR, 1919, WITH RANK OF TEN LEADING PORTS.

Exports, \$7,922,150,592, or \$1,773,-063,047 more than in 1918 and the highest total on record.

Imports, \$3,904,406,327, or \$873,193,-617 more than in 1918 and the highest for imports. Total foreign commerce in 1919, \$11,826,556,919, or \$2,646,256,664 (*i. e.*, 28.82 per cent) more than in 1918. Excess of exports over imports, \$4,017,-744,265.

New York, ranking first among United States ports, handled 46.69 per cent of total commerce, or 4.69 per cent more than in 1918; New Orleans (2d) 6.26 per cent; Philadelphia (3d), 5.72 per cent; Boston (4th), 5.36 per cent; Seattle (5th), 4.13 per cent; Galveston (6th) 4.10 per cent; San Francisco (7th), 4.04 per cent; Baltimore (8th), 3.32 per cent; Detroit (9th), 3.14 per cent; Buffalo (10th), 2.50 per cent. Of value of all imports, 69.14 per cent free of duty. Total duties collected, \$249,774,753, or 44.62 per cent more than in 1918. Of total export value, 70.30 per cent applied to manufactured and partly manufactured materials, 20.78 per cent to crude materials for use in manufacturing and 8.75 per cent to foodstuffs (crude) and food animals.

Boston's rank for many years as the second importing port changed to fourth place in 1917, Seattle taking second place and San Francisco third, probably due to war conditions. In 1918 Boston advanced to third place and was but slightly behind Seattle. In 1919 it regained its former rank of second.

FIRE DEPARTMENT

Pension.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—In accordance with a vote of the City Council dated January 10, 1921, and approved by Your Honor January 12, 1921, I will place on the pension roll of this department the name of Mary E. Reid, widow of William R. Reid, a member of the Fire Department who died from injuries received in the performance of his duties.

Subject to your approval her name will be placed on the pension roll at the rate of \$600 per annum, and shall remain on the roll so long as she remains unmarried.

Yours very truly,
JOHN R. MURPHY,
Fire Commissioner.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—Under the provisions of section 5, chapter 550, Acts of 1907 as

amended, I ask your written approval to take down building, 87-89 Hampshire street, which building is in an unsafe and dilapidated condition and a fire menace. The department has made diligent search to find the owner of the premises but has been unable to do so.

Yours very truly,
HERBERT B. WILSON,
Building Commissioner.

HON. ANDREW J. PETERS,

Mayor of Boston:

Dear Sir.—

The City Planning Board submits herewith its final report upon an order introduced by Councilman Hagan and passed by the City Council at its Meeting October 4, 1920.

ORDERED: That the City Planning Board, through His Honor the Mayor, be requested to furnish the City Council with information on the following subjects:

1. To what extent does a shortage exist in housing facilities in the City of Boston at the present time.
2. Have conditions improved or become more acute in the last six months.
3. In the absence of the investment of private capital what, in the opinion of the Board, can the city do to relieve the situation.

A tentative report covering these questions was submitted to Your Honor under date of October 15, 1920. This report called attention to a survey which was completed in July, 1920 covering 107 industrial plants in the City of Boston employing over 50 per cent of the total number of wage earners; 75 real estate dealers, including local dealers in all the different sections of the city; 35 furniture storage warehouses; and 24 of the larger mercantile establishments. The returns at that time received indicated a shortage for the entire city at from 3,000 to 5,000 houses. This tentative report also advised you that a re-survey was then under way in an attempt to ascertain from those same sources whether the situation had become more or less acute during the intervening months. The returns thus far received from this re-survey are as follows:

Number of inquiries sent out—178.
Number of returns received—146.
Of this number (146)

76 (or 52 per cent) report no change in conditions.

47 (or 32 per cent) report improved conditions.

21 (or 14 per cent) report worse conditions.

2 or 2 per cent are closed, or undecided about conditions.

There is apparently very little to be learned from a further analysis of these figures, or from any attempt to classify them by districts. The furniture storage warehouse concerns report a generally improved condition throughout the city so far as they are able to judge from the number of units of furniture in storage.

The real estate dealers report conditions very much improved so far as Boston Proper and Charlestown are concerned, while they are apparently worse in East Boston, West Roxbury, (including Jamaica Plain and Forest Hills) and Hyde Park, with practically no change in the other suburban districts. A slight improvement is reported in housing conditions among industrial employees in Hyde Park, Dorchester and the South End. No apparent change exists among employees of mercantile establishments throughout the city.

It would appear, therefore, that conditions have improved somewhat since July 1920, although this improvement may be accounted for by the doubling up of families in many instances, and by a general tendency toward depression in industrial circles. It is also a fact that many families have, for the time being, sought homes outside the city limits. As a matter of fact, it is not to be expected that conditions would show any material improvement since practically no building has taken place, and no tangible work has been attempted in an effort to relieve the existing congestion.

So far as question three is concerned, practically every possible source of revenue has been investigated by the City Planning Board in an attempt to discover ways and means of meeting the housing shortage. This included possible opportunities for service through the medium of co-operative banks, as reported to you under date of October 15, 1920, and the balances remaining from unexpended charitable funds as reported to you under date of December 14, 1920. The possibility of private capital becoming available has seemed from the beginning very remote, while the Corporation Counsel has ruled that, in his opinion, the existence of high prices coupled with a shortage of dwellings, resulting from the war and the existing economic situation, was not sufficient to warrant Your Honor in issuing the proclamation provided for in Statute 1920, Chapter 554, entitled "An Act to authorize cities and towns to provide shelter for their inhabitants in cases of emergency."

While all of these facts are apparently of a negative character, there are, in the opinion of the City Planning Board, certain positive features of a more encouraging nature. The housing question is not an isolated phase of the problems accompanying the transition of the world from a war to a peace basis; its settlement must go hand in hand with the adjustment of industrial, commercial and social conditions. This means, among other things, that many people who were lured to the larger centers of population during the period of prevailing high wages, will, in the process of readjustment, seek less crowded surroundings and eventually become relocated in their original environment. Particularly is this true of the rural communities. Ten years ago the country had a ma-

jority of 7,000,000 over the population of the cities; today the cities have a population of 4,000,000 over that of the country. The new census shows that there are some 18,000,000 homes in this country; also it will show, for the first time in our history, that more than half of these homes are in towns and cities. This denotes a condition of affairs which has contributed largely to the housing congestion to be found in every large city throughout the country today. There are indications that the tide has turned in the other direction, however, and although its reformal will not be accompanied by the haste which manifested the original movement, it will be more orderly and should be promoted and encouraged.

Another factor which will influence the situation to a certain extent is that, with the wage readjustment now going on, many families will be compelled to seek less expensive living accommodations than was permitted under the recent increased wage schedules. This may be unfortunate in some instances, but it is nevertheless true and must therefore be taken into account in any general summing up of the housing situation.

These features will not solve the whole problem by any means nor does the City Planning Board believe that it can be solved by any one effort in any one direction. It must be a gradual, sane, orderly, and co-ordinated readjustment, not only of housing accommodations, but of food, of clothing, and of general living conditions. It is a fact that money is more readily obtainable now for real estate purposes than had been the case for the last few years; speculative investments are becoming less attractive; labor conditions are becoming more favorable; and house building materials, which have been almost prohibitive in cost, as well as impossible to secure, are now becoming available. This all means encouragement for the private builder and makes not alone for home ownership, but for good citizenship as well.

England has embarked upon a government-aided home building project which looks little short of disastrous, and entirely out of keeping with all American ideals and traditions of independence. That is to say, England is proposing to build today 500,000 homes for her people at an estimated cost to the taxpayers of Great Britain of over \$100,000,000, loss every year for a period of sixty years. These houses which should let on the basis of 32 shillings a week in order to meet the actual cost of construction and maintenance, are being let at the rate of 12 shillings a week, leaving the remaining 20 shillings a week to be paid by the taxpayers.

The City Planning Board has been conducting a survey of municipal activities among some of the larger cities of the United States, including among other features, the housing situation. Of the six largest cities from which returns have been received, only two of them have made any attempt to relieve housing con-

ditions through the expenditure of private funds raised by public subscription. There is, however a constantly increasing number of industrial house building programs, where concessions made to the occupants are considered offset by improved health conditions, efficiency and continuity of service. But with the exception of the Massachusetts Homestead Commission experiment at Billerica, which was undertaken previous to the war, we have failed to find a single instance of the utilization of public funds for housing purposes.

It may not be out of place to mention at this time, and in this report which summarizes conditions as they exist today, two further features in connection with the housing situation which might reasonably have some bearing upon its ultimate solution.

A corporation has been organized under the title—"Building Trades Unions' Co-operative Construction and Housing Council, Inc.," made up from the rank and file of union men engaged in the building trades of Greater Boston. The purpose of the "Council" as stated is to carry on building construction in its entirety; its immediate work being to stimulate the building of homes. A charter has been granted by the State of Massachusetts which gives to the "Council" a right to engage in any business incidental to building and contracting, even to lending money on mortgages and dealing in clothing and food. The corporation maintains that it is eliminating all unnecessary overhead charges, and all so-called profits. While this experiment has not progressed far enough to forestall its ultimate possibilities, the co-operative principle underlying it is essentially sound, and with proper encouragement and support, might reasonably be expected to contribute materially to the relief of present conditions.

The other feature is mentioned more as a note of warning than as a definite statement of fact or as an intimation. While the City Planning Board has no evidence that it can offer which would indicate that such a condition of collusion between contractors and dealers in materials exists in Massachusetts as is being revealed in New York through the Lockwood commission, it would suggest that a condition which exists in one large city might obtain in another, and that it might therefore be well for the City of Boston or for the State of Massachusetts, to take some steps to satisfy itself that there is no repetition in this vicinity of the conditions which are shown to exist in New York. The United States Attorney General has assigned two attorneys to assist in probing the alleged building trades frauds in New York, and to take charge of all cases immediately under Federal statutes, civil and criminal, which may develop from investigations now proceeding in the building trades, both in New York and other parts of the country. With the assistance thus at hand, the necessary legal steps might readily be taken to

ascertain whether any of the housing shortage which now exists in this city is the result of a reaction from unscrupulous business methods similar to those which have been shown to exist elsewhere, and which have tended to establish and maintain abnormally high building costs.

In conclusion, therefore, the City Planning Board would express its belief, that there is no royal road to a solution of the housing situation by means of governmental subsidy and regulation; that the matter should be approached upon a broader and a more comprehensive basis; that every attempt should be made to bring about a reversal of proceedings which led up to present conditions; that private initiative as well as governmental action is necessary; that business, labor, and individual interests should be co-ordinated and made to work in sympathy with one another; that governmental assistance might well be enlisted to insure the regular and cheap delivery of raw materials, together with co-operation between coastwise shipping, inland waterways, terminals and railroads; that the repopulation of the rural districts should be encouraged; that worthy attempts based upon co-operative efforts should be given moral and financial support; and that steps should be taken to preclude any possibility of collusion in business transactions. The City Planning Board believes that assistance along these lines, combined with a prompt and effective handling of individual cases, will make for a sane and more fundamental solution of the housing situation than would be had by the investment of public funds in a house building program.

Respectfully submitted,
The City Planning Board,
R. A. CRAM, Chairman.

Dating from July 1, 1913, the district includes Boston and the eight minor ports of the State. Value of exports in calendar year, 1919, \$334,554,031, or \$113,076,736 (*i. e.*, 51 per cent) more than in 1918; of imports, \$299,364,999, or \$3,457,952 (*i. e.*, 1.17 per cent) more than in 1918; total foreign trade, \$633,919,030, an increase of \$116,534,688, or 22.52 per cent over the same in 1918. Boston's total foreign trade for year 1919, the largest on record, ranks fourth among American ports, New York, New Orleans and Philadelphia leading. In 1913, Boston ranked fifth. As to imports alone Boston ranked second, and as to exports alone, sixth in 1919. Tonnage of vessels in foreign trade (entered and cleared) in year, 3,051,898, or 624,126 more than in 1918; number of vessels, 1,837, or 151 more than in 1918.

UNDERGROUND RAPID TRANSIT IN BOSTON.

The Boston Transit Commission, consisting of five members, two appointed by the Governor and three by the Mayor, began its official existence July 1, 1894, and ended it July 1, 1918, after seven extensions of the original term. It has constructed, under the authority of Acts of the Legislature, the following subways and tunnels, the ownership of which is vested in the City of Boston, and all costs to be covered by revenue from same, not by taxation: Tremont Street Subway, opened September 1, 1897, costing with subsequent alterations, \$4,416,000, the first municipal subway in the United States; East Boston Tunnel, under Boston Harbor and State street, opened December 30, 1904, costing \$3,336,000; Washington Street Tunnel, opened November 30, 1908, costing \$8,406,700 (including \$2,850,000 land damages); Cambridge Connection Subway, opened March 23, 1912, costing \$1,465,000; Boylston Street Subway, opened October 3, 1914, costing \$5,327,000; East Boston Tunnel Extension, opened March 18, 1916, approximate cost, \$2,450,000; Dorchester Tunnel, opened December 4, 1916, as far as South Station, on December 15, 1917, to Broadway, South Boston and on February 29, 1918, to the Andrew Square Junction; amount borrowed to 1920 for the Dorchester Tunnel, \$10,750,000. Total cost, approximately, for all subways and tunnels, \$36,000,000 (against which a sinking fund of about \$5,600,000 has been accumulated from the revenue), payable mostly in 40 years from date of each loan (loans since 1911 payable in 45 years), annual interest averaging 3.8 per cent. These underground ways (about 8.9 miles in all) were leased to the Boston Elevated Railway Company (which furnished the equipment) for term of 25 years (except Tremont Street, 20 years) at annual rental of $4\frac{1}{2}$ to $4\frac{3}{4}$ per cent of net cost (except East Boston Tunnel which was at $\frac{3}{4}$ of one per cent of all annual gross receipts of said company). In accordance with chapter 741, Acts of 1911, the various leases were extended to July 1, 1936, the rental to be $4\frac{1}{2}$ per cent of net cost after expiration of the first-term leases.

By chapter 185, Special Acts of 1918, the powers of the Transit Commission, whose term expired that year, were transferred to the Mayor, Commissioner of Public Works and City Treasurer, or such person or persons not exceeding three, as the Mayor might appoint. By chapter 3, ordinances of 1918, the Transit Dept. was established as a regular City department, to be in charge of three commissioners.

AREA OF BOSTON.

Area to ward lines (26 wards), 30,598 acres (*i. e.*, 47.81 square miles), 2,843 acres being filled land, 1,143 acres water area and 1,585 acres flats. Land area only, 27,870 acres (*i. e.*, 43.55 square miles). Included in the latter are 138 acres of filled flats added to the land area of South Boston in 1919 and 48 acres to that of East Boston in 1918. Original Boston contained about 780 acres of land. Of the twelve leading American cities, five are larger in land area than Boston, viz., New York, Chicago, Philadelphia, St. Louis and San Francisco. The only city in Massachusetts with larger land area is Taunton.

UNFINISHED BUSINESS.

The Board took up for consideration the communication from the Boston Elementary Teachers' Club relative to the method of deduction from the salaries of teachers absent when no leave of absence card is filed, laid over at the meeting of Dec. 6, 1920 (see p. 229).

The communication was placed on file, and the Secretary was directed to inform the petitioners that the Board finds that deductions have been made in accordance with the regulations, and that the number of cases where the leave of absence has failed to reach the Business Agent's office in time for use in making up the street car transportation for the accommodation of children similarly affected in outlying districts of the city, but understands that such transportation would not meet the situation in this particular district; and that it is proposed to make arrangements whereby the pupils may have accommodations provided for the serving of warm lunches in the school building during the noon intermission, so that it will not be necessary to make more than two trips a day between their homes and the school.

ADJOURNMENT.

The Board adjourned at 6.14 o'clock P. M.

Attest:

THORNTON D. APOLLONIO,
Secretary.

Jan. 10, 1921.

A special meeting of the School Committee of the City of Boston was held in the School Committee Building, Mason street, at 6:43 o'clock P. M., the Chairman presiding.

Present Messrs. Bogan, Cocoran, Miss Curtis, Messrs. Lane and O'Connor.

AMENDMENT AND APPROVAL OF RECORDS.

On motion, the minutes of the meeting of Dec. 20, 1920 (see p. 233), were amended to provide that the termination of the reassignment of Loretta J. Curran on full time to the Department of Manual Arts shall read to take effect Jan. 31, 1921, instead of "Dec. 31, 1920"; and that the assignment of Miss Curran to the Department of Manual Arts four-fifths time and to the Department of Household Science and Arts one-fifth time,

shall read to take effect Feb. 1, 1921, instead of "Jan. 3, 1921."

The reading of the records of the last meeting was omitted, the Board approving them as printed.

PROCEEDINGS OF CITY COUNCIL

Monday, January 17, 1921.

Special meeting of the City Council, held in the Council Chamber, City Hall, at 2 o'clock, p. m., President MORIARTY in the Chair. Absent—Coun. Lane.

The City Clerk read the call for the meeting, as follows.

Office of the Mayor,

Boston 9, January 13, 1921.

To the Members of the City Council:

Gentlemen,—You are hereby requested to assemble in the City Council Chamber on Monday, January 17, at 2 o'clock, to take action on an agreement for the continued occupancy of the West Department of the Boston City Hospital by the Federal Government.

Respectfully yours,

ANDREW J. PETERS, Mayor.
Placed on file.

LEASING OF HOSPITAL, WEST DEPT.

The following was received:

Office of the Mayor,

Boston 9, January 14, 1921.

To the City Council:

Gentlemen,—I transmit herewith an order authorizing me to execute in the name and behalf of the City of Boston a lease to the United States of America of the premises commonly known as the West Department of the Boston City Hospital in the West Roxbury District.

Under the lease made several years ago, the Government was given the right of an annual renewal of the lease on the property for a period not to exceed one year after the close of the war, at a nominal rental of \$1 a year. Under this lease, of course, the Government still has the right to occupy, and it insists upon retaining possession of the premises. It did not seem fair to me that the Government should continue to occupy this property at a return of only \$1 a year to the City, and I have therefore been able, as a result of some considerable effort, to secure an agreement from the Government to pay annual rental which will amount to about \$35,000 a year, the agreement being that the City is to receive a rental of 7% per annum of the annual assessed valuation of the premises which at the present time is \$502,500.

As rent under the terms of this lease does not begin until the lease is executed, I recommend the immediate passage of the order, so that I may execute the lease in the name and behalf of the City and that the City shall immediately begin to receive the additional compensation for the premises.

Respectfully yours,

ANDREW J. PETERS, Mayor.

ORDERED. That His Honor the Mayor be and hereby is authorized in the name and behalf of the City, in form satisfactory to the Law Department, and at a yearly rental at the rate of seven percent per annum of the annual assessed valuation of the leased premises hereinafter referred to, said annual rental in no event to exceed seven percent of \$502,500, for any given fiscal year (beginning July 1st, to be based upon the assessed valuation of the leased premises as of April 1st immediately preceding), the lessee in addition to pay the costs of changes, repairs, alterations and improvements and pay the cost of restoration of the premises after the termination of the lease or any final renewal thereof, unless the lessor otherwise agrees, to execute a lease to the United States of America for that certain tract or parcel of land, consisting of three and one-half acres more or less, together with buildings and improvements thereon, situate on Spring Street, West Roxbury District, known as the West Department of the Boston City Hospital, as at present occupied by the Public Health Service Hospital No. 44, for the term beginning with the execution of the lease and ending June 30, 1921, and at the option of the lessee to renew the said lease for the same rental, terms and conditions annually, the last renewal however not to extend beyond June 30, 1926.

The order was read once.

Coun. COLLINS. Mr. President, the reason for the immediate passage of that order is so evident that, unless some member of the Council desires to make a further investigation in Executive Committee, I move a sus-

pension of the rule so that the order may be given its second reading and passage at this time.

Coun. WATSON. Mr. President, I presume that some members of the Council, very likely the member who has made the motion, know much more about this proposition than I do, and much more than has been expressed. Undoubtedly the member has plenty of data, but I think we ought to hear something more direct. I would like to ask the gentleman if he has talked with the Mayor concerning it?

President MORIARTY. As to calling the meeting, I would say in answer to Coun. Watson that the Mayor reached me and told me he had the lease prepared and asked me in regard to calling a special meeting, inasmuch as we had adjourned for two weeks. He said delay meant a loss of ninety dollars a day, approximately, for every day that elapsed before the Council passed it. The more quickly we pass the order, the more money we save. That is the whole story.

Coun. COLLINS. Mr. President, in answer to Coun. Watson's question I want to say that the Mayor told me substantially what he told the president—that, unless this is acted upon forthwith, the city will lose money at the rate of ninety dollars a day because of delay in passing on the lease. I only know about the matter in a general way. The West Department is occupied by disabled soldiers. We all know the great demand on the part of the public that the disabled veterans be taken care of. Of course, the United States Government—the gentleman knows this and all of us know it—could take this as a matter of course and give us a nominal rental. As the order explains, we are to get an average of seven per cent. rental on the assessed value of the property. Personally, I will withdraw my motion in the event of any member wishing to go further into the matter in executive session.

President MORIARTY. I would like to say to Coun. Watson that the Mayor said he would be glad to talk on the subject, if desired.

Coun. WATSON. When Coun. Collins and the presiding officer agree on this proposition, I think I ought to be the last one to seek any delay in the matter. If the President feels that this proposition is warranted and should go through, that would ordinarily be good enough for me. While I am willing to vote for suspension of the rule, I have had something else in mind. I voted some time ago for the Consolidation of the Children's Institutions at Rainsford Island and the Infirmary Department at Long Island, with the understanding that the sooner that was done the sooner the unfortunates would be put on the main land. When I heard about this meeting I had an idea that perhaps something would be done in that matter, but I found that it was simply to be called in connection with the West Department. I had hoped that that other matter might be acted upon, and I am rather disappointed, but I am perfectly willing to vote for suspension of the rule unless some other member desires it to go to the Executive Committee. It seems that one other member does desire it to go to the Executive Committee, and I would, therefore, move as a substitute motion that it be so referred.

Coun. COLLINS. Mr. President, under the circumstances I withdraw my motion to suspend the rule. That refers it, under our procedure, to the Executive Committee.

Coun. WATSON. Mr. President, before we take a recess, I would like to ask if there is anything pertaining to the Printing Department that might be considered here today?

President MORIARTY. No, sir. This is a special meeting called for the specific purpose of acting upon this lease.

The message and order stood referred to the Executive Committee.

RECESS TAKEN.

The Council voted at 2.25, p. m., on motion of Coun. FORD, to take a recess subject to the call of the President.

The members reassembled in the Council Chamber and were called to order by the President at 2.47, p. m.

Executive.

Coun. WATSON, for the Executive Committee, submitted a report on message of Mayor and order (referred today), for leasing of West Department of the Boston City Hospital to the United States Government—that the order ought to pass.

Report accepted: order passed, yeas 8, nays 0.

Adjourned at 2.48, p. m., on motion of Coun. COLLINS, to meet on Monday, Jan. 24, at 2 o'clock, p. m.

POLICE DEPARTMENT OF BOSTON.

Number of police force, December 1, 1919, was 1,568 (195 less than in 1918), viz., the Superintendent, Deputy Superintendent, 27 captains, 30 inspectors, 41 lieutenants, 125 sergeants, and 1,343 patrolmen distributed in 19 divisions. Signal service men, 18, and clerks, janitors, etc., 93. Cost of maintenance for 1919-20, \$3,206,267 or \$333,534 more than in 1918. Total number of arrests in calendar year 1919, 64,370 or 26,010 less than in 1918, this remarkable decrease being due mostly to the widespread prevention of drunkenness because of the scarcity of intoxicants; of those arrested, 2,815 were discharged and all others held for trial; foreign-born persons arrested, 23,116; boys under 15 years of age, 2,200, or 591 less than in 1918; women and girls all ages, 5,234, or 3,044 less than in 1918; non-residents, 39.7 per cent of all arrested; drunkenness the cause of 50.89 per cent of all arrests, the total for this offence being 32,756, or 22,089 less than in 1918. The arrests for homicide numbered 108, or 18 less than in 1918. In year ending November 30, 1919, persons imprisoned, 3,714, or 1,068 less than in 1918; persons fined, 12,225, the fines amounting to \$107,325; stolen property recovered, \$1,238,206, or \$659,315 more than in 1918; licenses granted, 20,128 (including 8,292 for dogs and 8,828 for vehicles and drivers), for which \$60,399 was received. Accidents from all causes in the streets caused death of 144 persons and injury to 3,156.

Annual salaries: Commissioner, \$8,000; Superintendent, \$7,000; Deputy Superintendent, \$4,000; Chief Inspector, \$3,800; captains, \$3,500; inspectors and lieutenants, \$2,500; sergeants, \$2,300; patrolmen, \$1,400 the last year, with \$100 yearly increase until maximum of \$1,800 is reached.

In February, 1919, the reserve police force was abolished by Chapter 23, Special Acts, the 95 members becoming a part of the regular force.

REJECTED CLAIMS

On Jan. 14 the Law Department disapproved seventeen claims against the City, in twelve of which no amounts were specified, and the other five aggregated \$851.08 and are classified as follows:—

Against the Park and Recreation Department, one, in which no amount was specified; against the Police Department, one, in which no amount was specified; against the Public Works Department, fifteen, in ten of which no amounts were specified, and the other five amounted to \$851.08.

All these claims have been disapproved for the reason that there appeared to be no legal liability on the part of the City.

On Jan. 18 the Law Department disapproved seventeen claims against the City, in nine of which no amounts were specified, and the other eight aggregated \$1588.49, and are classified as follows:—

Against the Collecting Department, one, amounting to \$14.37; against the Hospital Department, one, in which no amount was specified; against the Public Buildings Department, one, in which no amount was specified.

against the Public Works Department, thirteen, in six of which no amount was specified, and the other seven amounted to \$1574.12; against the Schoolhouse Department, one, in which no amount was specified.

All these claims have been disapproved for the reason that there appeared to be no legal liability on the part of the city.

PUBLIC RECREATION.

Number of large parks, 24; separate playgrounds, 42, with total of 327 acres, also 14 playgrounds in parks, with area of 155 acres; small parks and squares, 75; total area, 2,688.5 acres. Cost of Main Park System, *i. e.*, 1,386 acres, land and construction (since 1877 when begun), \$11,788,065; of Marine Park System, *i. e.*, 457.9 acres (since 1883), \$4,436,697; of all other parks and public grounds, \$2,357,009; of separate playgrounds, \$4,416,315. Total cost, \$22,998,086.

The leading attraction of the Main Park System is Franklin Park (named for Benjamin Franklin), acquired in 1883-84, and containing 527 acres, about 80 of which are occupied by the Zoological Gardens, 15 miles of walks, 8 miles of driveways, etc., the entire cost up to 1920 being \$4,408,244. There are also within the City limits 958 acres of Metropolitan parks and parkways under State control, chief of which is Stony Brook Reservation in West Roxbury, containing 464 acres of wild forested hill and dale with many rocky knolls and an extensive view of the Charles River valley and beyond.

Number of public indoor baths open all the year, 14; 9 beach baths and 7 floating baths open during summer; indoor gymnasium, 11; total number of indoor baths taken in year 1919, 1,549,480, of which 75 per cent were by men and boys.

Park and Recreation Department maintenance for 1919-20, \$1,075,287 or 121,179 more than in 1918. Outlay for playground improvements \$105,342; for park improvements, \$257,081, of which \$79,067 was from Parkman Fund income. Gross debt for parks outstanding Feb. 1, 1920, \$10,896,550; for playgrounds, \$2,397,300; total, \$13,293,850, or \$960,311 less than in 1919.

Including the State assessments of \$886,211 for Metropolitan parks, boulevards, etc., and \$232,968 for Charles River Basin improvements, the total expended for public recreation purposes in 1919 was \$2,556,889, or \$14,757 less than in 1918.

Total valuation of City properties devoted to recreation, \$69,072,400 (including \$55,112,400 for Boston Common and Public Garden), which far exceeds that of any other American city except New York. The L street seaside bath, opened in 1866, was the first municipal bath established in the United State so far as known.

TRANSFERS IN BUDGET

Under authority of section 3 of chapter 486 of the Acts of 1909 the Mayor has approved the transfers requested in the following communications:

LIBRARY DEPARTMENT.

January 14, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—To provide against deficiencies under certain items in the budget schedule appropriations for the Library Department, transfers are respectfully requested from items under which there are surpluses as follows:—

From the appropriation for A-1 Service, \$973.12, to the appropriation B-8, Light, to cover 12th payment for year 1920, \$973.12.

From the appropriation for A-1, Service, \$159.48, to B-10, Water Tax and Sidewalk assessment at Faneuil. \$616. No appropriation made.

From the appropriation for A-1 Service, \$125, to the appropriation for Repairs, B-39, \$125. Deficit owing to payment on Farquhar contract made from original appropriation.

From the appropriation for A-1 Service, \$256.31, to Machinery Equipment, C-2, \$256.31. Original appropriation insufficient.

From the appropriation A-1 Service, \$286, to Furn. and Fittings, C-7, \$286. Too much transfer from original appropriation to cover coal bill.

Very respectfully,
Trustees of the Public Library
of the City of Boston,
SAMUEL CARR,
Vice-President.

THE ASSOCIATE MEDICAL EXAMINER SUFFOLK COUNTY

January 4, 1921.

MR. J. ALFRED MITCHELL:

MY DEAR MR. MITCHELL,—In continuation of our conversation of a few days ago I may state that on account of an accident that Dr. Magrath received I was called upon to cover for five days in December. This was in addition to the regular time that I was supposed to cover by law. I was very glad to cover for the Doctor during this time, but some incidental expenses were incurred which were necessary and which I cannot cover in my appropriation on account of its being practically entirely expended. These were as follows:

Stenographic services, \$17.50; clerical services, \$10.00; automobile expenses, \$25.00; telephone expenses, \$2.50. This will make, as you will

see, therefore, a total of \$55.00. Dr. Brickley, the other associate, says that he has a surplus on his budget and will be perfectly willing to have sufficient transferred to cover the above amount. This also meets with the approval of Dr. Magrath and Dr. Leary. If such arrangement can be made, I will appreciate it.

Very sincerely yours,
W. H. WATERS.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—Under authority of section 3 of chapter 486 of the Acts of 1909, I will, with your approval, make the following transfers within the appropriation for Associate Medical Examiner Service, Northern Division:

From the appropriation D-1 to A-2, \$13.50; B-28 to B-4, \$25.00; B-5 to B-13, \$2.00; B-2 to B-13, \$50c.

Yours respectfully,
J. ALFRED MITCHELL,
City Auditor.

BOARD OF APPEAL

January 14, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully request a transfer in the appropriation of this department, as follows:

From the appropriation for Members of Board, A-1, to the appropriation for Office Supplies, D-1, \$30.54. Amount asked for last year (\$90.00) was not sufficient to cover expense of supplies needed.

Very respectfully yours,
CARL GERSTEIN,
Chairman, Board of Appeal.

ELECTION DEPARTMENT.

January 10, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—We respectfully request that the following transfers be made in the budget items of this department:

From the appropriation for City Debt Requirements, Interest, \$7,635.66, to the appropriation for B-1, Printing and Binding, \$6,061.63; B-2, Postage, \$632.61; B-3, Advertising and Posting, \$497.09; B-5, Cartage and Freight, \$20.78; B-6, Hire of Teams and Auto Trucks, \$217.50; B-18, Cleaning, \$2.50; C-7, Furniture and Fittings, \$19.95; D-2, Food and Ice, \$183.60.

From the appropriation for A-1, Assistant Registrars, 21, \$1,600-\$1,800 per year, \$186.82; A-2, Temporary Employees, \$598.40, to B-5, Cartage and Freight, \$785.22.

From the appropriation for A-2, Temporary Employees, \$642.10; A-3, Unassigned, \$499.79, to the appropriation, B-39, General Plant, \$1,141.89.

From the appropriation for A-3,

Unassigned, \$1,125.21; B-4, Transportation of persons, \$873.72; B-8, Light and Power, 94c; B-10, Rent, Taxes and Water, \$305.82; B-13, Communication, \$5.04; B-35, Fees, venires, etc., \$5.10; C-10, Library, \$25.20; C-13, Tools and Instruments, 11c; D-3, Fuel, \$17.00; D-13, Chemicals and Disinfectants, \$3.00; D-16, General Plant, \$19.13; E-1, Building, \$53.10; E-13, General Plant, \$1.00, to the appropriation for D-1, Office, \$2,434.37.

The necessity of a transfer from the Reserve Fund of the sum of \$7,635.66 is occasioned by the increase in the cost of printing and binding, B-1, office supplies D-1, and postage, due to the large number of voters (Men and Women) whose names were added to the voting list, and in postage, to the Absent Voting privilege at State Elections.

Respectfully,

M. W. BURLIN,
Chairman, Board of Election
Commissioners.

PUBLIC BUILDINGS DEPARTMENT.

January 12, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully request the following transfer within the appropriation of the Public Buildings Department:

From the appropriation C-7, Furn. and Fittings, \$900, to the appropriation for General Plant, B-39, \$900. B-39, \$900;

From the appropriation for Furn. and Fittings, C-7, \$4.68, to the appropriation, A-3, \$4.68.

Regarding this request I wish to say that on Nov. 17, 1920, the City Council passed an appropriation in the sum of \$940. to meet certain repairs in the engine room, City Hall Annex. Directly having knowledge of said appropriation, orders were issued for the expenditure of this money, but up to the time of closing the supposed last draft of the year, namely, January 1st, the work was not done and therefore bills were not presented.

I, of course, labored under the impression that on account of their dilatoriness, it would be necessary to pay said bills out of next year's appropriation and I accordingly transferred the balance from B-39 to several other items, with the result that at the present time there is no money in B-39 to meet this obligation. I have, however, a balance in C-7 Furniture and therefore have made my request in the hope that you will see your way clear to grant same.

As regards A-3, this is for overtime of firemen on holiday work and therefore cannot be estimated correctly.

Respectfully yours,

FRED J. KNEELAND,
Supt. of Public Buildings.

**CITY OF BOSTON
SUPPLY DEPARTMENT.**

The grade of hay and straw must comply with the rules of the National Hay Association and shall be weighed and inspected by a weigher appointed under the ordinances of the City of Boston. The bidders are requested to bid on No. 1 oats, to test 38 to 40 lbs; it must conform to the grade adopted by the Chamber of Commerce. The bidders must use the form to be obtained at Room 811, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, to be deposited with the City Auditor prior to the time named for opening bids. The successful bidder must deposit a certified check for one-quarter the amount of the contract as surety that the terms of the contract will be carried out. The Superintendent reserves the right to accept or reject any or all proposals or any part of a proposal and to award the contract as he deems for the best interest of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders in regard to the awarding contracts will be considered by the Superintendent of Supplies. Bidders are requested to state on proposals whether the oats bid upon are bleached or unbleached.

MAYOR'S OFFICE

CASH DISCOUNTS

Boston 9, January 18, 1921.

To the Heads of Departments.

GENTLEMEN:

I have made arrangements to have bills against the City paid more promptly, thus taking advantage of cash discounts.

After March 1st, bills may be sent to the City Auditor from day to day, accompanied by a requisition and segregated budget sheet, in precisely the same manner in which the monthly bills are now forwarded. They will be examined at once and sent to the City Treasurer for payment. This, of course, applies only to bills on which discounts are allowed, all others to be sent in monthly as at present.

In order to have the plan a success, it will mean the promptest kind of service on the part of every person connected with the work, and the bills must reach the City Auditor not less than four days before the expiration of the discount period in order that they may be properly audited and the City Treasurer be given time to prepare and mail the checks.

I am asking the City Auditor to notify me of all instances where discounts were

available on bills, but in which cases the department heads failed to submit the bill to the City Auditor in time to secure the discount.

Very truly yours,

ANDREW J. PETERS,
Mayor.

CONSULTING ENGINEER—CALF PASTURE

January 22, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston.

Dear Sir,—

I respectfully request your approval of the contract with Arthur B. Raymond as supervising and consulting engineer in connection with the repair to, and overhauling of, pumping engine No. 5 at the Calf Pasture Pumping Station.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

CONTRACT FOR ARCHITECT'S SERVICES

On January 25th, the Mayor approved contract with Harrison H. Atwood for architect's services for remodelling and repair of the building at Nos. 13-15 Bea-

con, which is to be occupied by the School Committee. The architect's fee is 10% on the total cost.

OVERTIME

Boston, January 17, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston.

Dear Sir,—

Permission is hereby requested to allow approximately \$100.00 for overtime to seven per diem men in our Bureau of Supplies and Repairs, who will receive time and a half for work to be done next Saturday afternoon and all day Sunday.

We are about to take an account of stock in the Bureau of Supplies and Repairs and in addition to the seven per diem men,—twenty-one salaried men will also assist in the work named. The salaried men will not receive any overtime but I would respectfully request that they be allowed \$1.00 each for their noon-day meal on Sunday. The amount for the per diem men will be approximately \$76.00 and that of the salaried men—\$21.00 for all.

Very respectfully yours,

JOHN R. MURPHY,
Fire Commissioner.REGARDING STRIKE AT MUNICIPAL
PRINTING PLANT

On January 12th last I was asked by the employees of the City Printing Plant to give them an increase of about 10% in their wages. The basis of this request was the fact that the Boston Typothetae Board of Trade had voluntarily granted the printing trade a bonus payment of \$4 a week. I refused this request of the employees of the Printing Plant because I did not consider it fair or right to treat them differently from the way in which other city employees are treated. It should also be borne in mind that last spring when provision was made in the budget for an increase to the employees of the Printing Plant, effective in July, I distinctly stated to the representatives of the employees that no further changes would be made or could be considered until the new budget became effective.

Under the segregated budget all salaries paid by the City are determined annually and cannot, if that system is to operate effectively, be changed until the end of the fiscal year. There may be exceptional cases where this rule should be departed from, but in my judgment, this case is not one of them.

I informed the employees of the Printing Plant to this effect at the time that I refused to grant an immediate raise. On January 15th, however, they unanimously left work, stating that they did so in consequence of my refusal to grant an immediate increase.

In substance, their act amounted to a strike. I cannot admit that there is any justification for a strike by any group of city employees to acquire a special privilege for themselves.

Certainly such a strike as took place in the present instance is utterly without justification. I do not wish to deal harshly with men who, though I believe they acted wrongly in the present instance, have a good record of service to the City. Their places will, therefore,

be held open until February 1, 1921, within which time all or any of them can, if they see fit, resume work on the terms on which they were employed. Should they fail to return, I shall simply discontinue the operation of the City Printing Plant and have the City's work done by private concerns. This can, in my judgment, be done without additional cost.

ANDREW J. PETERS,
Mayor.

IN BOARD OF STREET COMMISSIONERS OF
THE CITY OF BOSTON

January 20, 1921.

ORDERED: That this Board deeming it necessary does hereby order that the sewerage works hereinafter described be constructed, and does hereby take for said City for its sewerage works, the lands, rights and easements hereinafter described. Said lands are shown on a plan marked, "City of Boston Public Works Dep't Sewer Service K-1348 T. F. Sullivan Commissioner January 17, 1921," deposited in the office of the Public Works Department, of said City, and said lands, rights and easements, and said works to be constructed are as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said City; said lands are in that part of Boston known as Boston Proper, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Boylston Place, bounded—

West by easement taken for sewerage purposes by the City of Boston May 17, 1915, fifteen feet; north by another part of Boylston Place, six feet; east by the same, fifteen feet; and south by the same, six feet; containing ninety square feet more or less.

The sewerage works to be constructed are as follows:

1 catch basin, in the above described premises, being part of the private way known as Boylston Place.

This Board determines that no person sustains damages in his estate by the taking of said easement and construction of said sewerage works, and awards no damages therefor.

GENERAL ORDERS NO. 5.

Boston, January 20, 1921.

HEADQUARTERS FIRE DEPARTMENT.

INFLUENCE.

The attention of the department has been drawn to Rule No. 370 of the rules and regulations on previous occasions. A violation of the above rule will cause charges to be preferred against the member breaking the rule.

SUSPICIOUS FIRES.

Paragraph II, General Orders No. 60, series 1920, is hereby amended by striking out the second sentence and substituting in place thereof the following:

"The Fire Alarm Office will transmit

the information to the Headquarters of the Boston Police Department immediately," so that the paragraph, as amended, will read as follows:

"Officers in command of fires which are of suspicious origin will, in addition to notifying the police officer at the fire, on return to quarters, report the matter to the Fire Alarm Office without delay. The Fire Alarm Office will transmit the information to the Headquarters of the Boston Police Department immediately. This is in addition to notices sent to the State Fire Marshal and others."

NEW APPARATUS IN SERVICE.

On January 5, 1921, Engine Co. 26 returned to the remodeled quarters on Mason Street from the temporary quarters on Church Street. The tractor drawn steam fire engine formerly assigned to this company was replaced by an American-LaFrance gasoline pumping engine of 1,000 gallons capacity. An American-LaFrance combination hose and chemical car was also installed. The tractor drawn engine was put in reserve.

On January 5, 1921, a 750-gallon American-LaFrance gasoline pumping engine replaced the self-propelled steam fire engine formerly in service with Engine Co. 35. The Seagrave combination hose and chemical car formerly in service with this company was replaced by an American-LaFrance high pressure hose car. The high pressure car is equipped with two Morse guns. There are six 2½-inch inlets to each gun, with nozzle tips ranging from 1½ to 2½ inches in diameter. This wagon is to carry 2,000 feet of hose, divided as follows: 1,300 feet of 3-inch and 700 feet of 2½-inch hose. The self propelled fire engine and combination hose and chemical car were placed in reserve.

BOARD OF MERIT.

The Board of Merit is hereby reorganized and until further notice will consist of the following officers of the Department:

Chief of Department, Peter E. Walsh, Chairman.

Second Deputy Chief, Daniel F. Sennott.

District Chief, Fitzgerald M. O'La-lor.

The Board will meet at the call of the Chairman.

GENERAL ORDERS NO. 6.

Boston, January 20, 1921.

HEADQUARTERS FIRE DEPARTMENT.

EXAMINATION FOR PROMOTION.

"The Department of Civil Service and Registration, Commonwealth of Massachusetts, announces that it will hold a competitive examination on Tuesday, February 1, 1921, to establish an eligible list for promotion from the rank of captain to the rank of district chief in the Boston Fire Department. All members of the department holding the rank of captain and who have served in that rank, in accordance with Civil Service Rules, for at least one year immediately preceding the date of the examination, are eligible to take the examination.

"Application blanks may be secured by applying in person or by letter at the office of the Department of Civil Service and Registration, Division of Civil Service, Rooms 147-152, State House, Boston. Only the first two sheets of this application need to be filled out. They should then be returned to the office of the Department of Civil Service and Registration, Division of Civil Service, to be placed on file on or before January 25, at 12.00 o'clock noon.

"The subjects of examination with their respective weights will be as

follows: Experience (13); Thesis (4); Fire Fighting Problems, Questions on Fire Prevention, and Rules and Regulations of the Department (8); Total (25).

"Experience will be marked on the following basis:

"One year eligible, 70%; 5 years following at 2% a year, 10%.

"In estimating a man's length of service, the unit shall be six months.

"Credit for class or so-called 'zone service' will be based upon the highest class or zone service an applicant has had up to the maximum of six years. Credit for this service is given only in a man's present grade. Classes or zones with their credits are as follows: Zone A at $\frac{1}{2}\%$ per year; Zone B at $\frac{1}{3}\%$ per year; Zone C at $\frac{1}{4}\%$ per year.

"In estimating zone service the unit shall be six months. Length of zone service credited will correspond with and not exceed the period of eligibility plus the period for which credit is given for seniority as outlined above.

"Executive Officer of Officers' School, 2%; Drill Master, 2%; Engineer, 1%; Asst. Engineer, 1%; Telegrapher, 1%; Chauffeur, 1%; Aide to Chief, 1 per year. Maximum, 5%.

"Provided not more than five years have elapsed since such service.

"Acting District Chief— $\frac{1}{2}\%$ for each six months (Maximum 5 years). Clear record, 1%.

Commendations—Maximum Credits

"Ordinary commendations, such as responding to alarm while off duty or other meritorious act, etc., 1%; High Commendation, 2%; Special Commendation, 3%; Roll of Merit, 4%; Fitzgerald Medal, 5%.

"Only commendations appearing in the records of the Department and received in a man's present grade will be recognized.

Penalties—Maximum Demerits

"Insubordination, 4%; Cowardice at Fire, 4%; Disrespect to superior, 3%; Conduct prejudicial to good order, 3%; Neglect of duty, 3%; Under influence of liquor, 3%; Conduct unbecoming a member, 3%; Other penalties, 1 to 3%.

"Note: Penalties given above are the maximum in each case, the particular number of points deducted being determined at the discretion of the Civil Service Commissioners.

"If an applicant has a clear record for the past five years no demerits will be given for reprimands or penalties received before that time. If, however, his record for the past five years is not clear, all reprimands and penalties will be taken into consideration.

"Captains who make application for the examination on February 1st for promotion to District Chief, will in due time receive a set of experience sheets on which Question 9 reads as follows: 'Have charges ever been made against you, or have you ever been complained of, reprimanded, fined, suspended, or punished in any other way? If so, state fully the date and circumstances of each case, including penalties and final disposition.' In answering this, the applicant is required to state ALL reprimands, penalties, etc., he has EVER re-

ceived while a member of the Boston Fire Department.

"This is necessary in order to determine whether a man has a CLEAR record, for a bonus of one per cent. for a clear record is given only to those men who have had no reprimands, etc., during their membership in the department.

"Credit for certificate from Fire School will be given as follows: (a) certificate without honor, $\frac{1}{2}\%$; (b) certificate with honor, 1%; (c) certificate with high honor, $1\frac{1}{2}\%$; (d) certificate with highest honor, 2%.

Failure on the part of an applicant to answer fully and clearly the questions on his experience sheet will NOT be regarded as sufficient reason for withholding the establishment of the eligible list until the difficulties brought about through such failure have been settled."

Each applicant should bring his own penholder, pen, blotter, pencil, eraser and ink.

Days off for January 31 and February 1, 1921, will start at 8 A. M.

Changes in days off must be made so those taking the examination will go on day off February 1, 1921.

Petitions or the passage of an act relative to the election law of the City of Boston, substantially as set forth in the accompanying bill or for such other, further or similar legislation, if any, as may be necessary or advisable to carry out the objects and purposes referred to.

Mayor.

RELATIVE TO THE ELECTION LAW OF THE CITY OF BOSTON.

Section eighty-five of chapter eight hundred and thirty-five of the acts of nineteen hundred and thirteen is hereby amended by striking out in the form the words "Personal Description," "Height," "Weight," so as to read as follows:

SECTION 85. Said board shall annually after the close of registration and before the annual state election make, by precincts, from the annual register, street lists of the voters to be used as the voting lists at elections. Each list shall contain not less than two hundred names, and names shall be added to or taken therefrom, as persons are found qualified or not qualified to vote. Said lists shall be in the following form:—

Name of Voter	Residence, Number, or other designation, April 1, of the year of election.	Length of residence in City	Age
---------------	--	-----------------------------	-----

(The above is to overcome the need of women re-registering because of their failure to give their height and weight.)

— — — Mayor of the City of Boston: petitions for the passage of an act relative to the date of the municipal election in

the City of Boston, substantially as set forth in the accompanying bill or for such other, further or similar legislation, if any, as may be necessary or advisable to carry out the objects and purposes referred to.

RELATIVE TO THE DATE OF MUNICIPAL ELECTION IN THE CITY OF BOSTON.

Section thirty-two of chapter four hundred and eighty-six of the year nineteen hundred and nine, as amended by section one of chapter seven hundred and thirty of the acts of the year nineteen hundred and fourteen, is hereby amended by striking out the entire section and inserting in place thereof the following new section:—

SECTION 32. The regular municipal election in each year in said city shall be held on the first Tuesday after the second Monday in December.

SECTION 2. This act shall take effect upon its passage.

BILLS AND PETITIONS PRESENTED TO THE LEGISLATURE OF 1921 BY MAYOR PETERS

AN ACT TO PROVIDE FOR RETIRING AND PENSIONING PRISON OFFICERS

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Section two of Chapter six hundred and one of the acts of nineteen hundred and eight is hereby amended by adding at the end thereof the following:— For the purposes of this act only, the word "officer" shall be construed to include "prison officer, watchman and matron,"— so that said section shall read as follows: Section 2. The words "prison service," as used in section one of this act, shall be construed to mean service in the state prison, Massachusetts reformatory, the state farm, the reformatory prison for women, or in any jail or house of correction in Massachusetts; and an officer of one of the said institutions shall, for the purposes of this act, be credited with all the time which he has served as an officer, with a good record, in any of them. The words "good record" shall be construed to mean that the officer has not been discharged for misconduct from any of said institutions, or that, if so discharged, it was afterward found that he was not at fault; and the restoration to duty or reappointment in the institution from which he was discharged shall be sufficient evidence for the exoneration of any officer. For the purposes of this act only, the word "officer" shall be construed to include "prison officer, watchman and matron."

To the Honorable Senate and House of Representatives of The Commonwealth of Massachusetts in General Court assembled:

The undersigned, Mayor of the City of Boston, respectfully petitions the passage of an act relative to the retiring and pensioning of prison officers, substantially as set forth in the accompanying bill, or for such other, further or similar legislation, if any, as may be necessary or advisable to carry out the objects and purposes referred to.

ANDREW J. PETERS,
Mayor.

The Mayor of the City of Boston petitions for the passage of an act relative to the construction of Stuart Street and the widening of Eliot Street in the City of Boston, substantially as set forth in the accompanying bill or for such other, further or similar legislation, if any, as may be necessary or advisable to carry out the objects and purposes referred to.

RELATIVE TO THE CONSTRUCTION OF STUART STREET AND THE WIDENING OF ELIOT ST. IN THE CITY OF BOSTON.

Sections one and two of chapter three hundred and twelve of the acts of the year nineteen hundred and twenty, as amended by chapter four hundred and sixty-five of the acts of the year nineteen hundred and twenty are hereby further amended by striking out said sections one and two and substituting the following: SECTION 1. The board of street commissioners of the City of Boston may until January first, nineteen hundred and twenty-two, with the approval of the Mayor, lay out, widen, extend and order constructed a highway, not exceeding eighty feet in width, from a point at or near the junction of Eliot Street and Warrenton Street, south-westwardly across Columbus Avenue to the junction of Arlington Street and Stuart Street; may until January first, nineteen hundred and twenty-two, with the approval of the Mayor, lay out, widen, relocate and order constructed Stuart Street, from Arlington Street to Dartmouth Street, to a width not exceeding eighty feet; may until January first, nineteen hundred and twenty-two, with the approval of the Mayor, lay out, widen, extend and order constructed a highway, not exceeding eighty feet in width, from Dartmouth Street, opposite Stuart Street, westwardly to a point at or near the junction of Irvington Street and Huntington Avenue, so that Stuart Street thus extended and reconstructed will form a continuous highway from Eliot Street to Huntington Avenue; and may until January first, nineteen hundred and twenty-two, with the approval of the Mayor, lay out, widen, relocate and order constructed Eliot Street, on the southerly side, between Tremont Street and Broadway, to a width not exceeding eighty feet. The said laying out, widening, extension, relocation and construction, and the assessment of betterments therefor, shall be made in accordance with the provisions of chapter three hundred and ninety-three of the acts of nineteen hundred and six, as amended by chapter five hundred and thirty-six of the acts of nineteen hundred and thirteen, and acts in amendment thereof or in addition thereto.

SECTION 2. This act shall take effect upon its passage.

REPORT OF THE CITY PLANNING BOARD.

To the City Council:

The following was received.

Office of the Mayor,
Boston, 9, January 17, 1921.

Gentlemen,—I am herewith transmitting a report prepared by the City Planning Board in accordance with the request of the City Council on October 4th asking that it be furnished with certain information.

Respectfully yours,

ANDREW J. PETERS, Mayor.

(Annexed was report referred to.)

Coun. DONOGHUE. Mr. President, may I hear that order read again, please?

The order is read by the Clerk.

Coun. DONOGHUE. Mr. President, I would like to hear that report of the City Planning Board on that proposition. I read something about it in the newspapers, and in my opinion I think they have gone entirely outside the scope of their jurisdiction when they make certain references to the building trade situation which is existing in Boston today. One thing in particular that struck me—if the papers quoted it correctly—was the fact that they say, without a scintilla of supporting evidence, that possibly the same situation exists in Boston as exists in New York in the building trades matter. Now,

I think that if the City Planning Board—which in my opinion really does not amount to anything as far as planning or anything else is concerned, and I personally think that there isn't any need of that body,—in fact, I am more of that opinion when I find them making a report such as this, saying that there may be some collusion between the builders and the mechanics. I think that the City Planning Board have gone entirely outside the scope of their jurisdiction and entirely outside the scope of the order that was referred to them when they made any such remarks of references such as that. And further, I say that their report, instead of being transmitted back here to the Council where the order originated and before any action was taken by the Council on the matter, was referred to the sub committee of the Chamber of Commerce. I feel that if the City Planning Board is going to be used as an adjunct to the Chamber of Commerce the City of Boston should no longer pay the "freight", and I feel that this matter should receive some consideration from this board at this time.

Pres. MORIARTY. I placed the communication on file. It is up to the Council to do what they see fit. Not wanting to talk from the floor, I was going to read the report of the Planning Board and have something to say when we come into session on the situation, but want to read over the report, not taking any news from the newspapers. But it is not at this late date that I have found out that the Chamber of Commerce is practically running Boston.

Coun. DONOGHUE. Mr. President, I did not know that you were acquainted with the situation or that you were going to say anything about it; but now that you say you know all about it, I feel that you are in position to know more about the situation than I am. I felt that possibly if placed on file that would be the end of it.

Pres. MORIARTY. The communication was placed on file.

Coun. DONOGHUE. I thought the whole matter was placed on file and there might never be any reference to it. I think that the custom which has existed here for the last dozen years of placing reports on file has gone just a little too far, and I think that some of these boards that are making the reports they are making ought to be called to time for it.

On motion of Coun. Hagan the communication was referred to the Executive Committee.

REMOVAL OF REFUSE.

The following was received:

Office of the Mayor,
Boston 9, January 19, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a communication from the Commissioner of Public Works proposing a change in the ordinance governing the removal of certain refuse, so that it will be possible for the city in the general removal of refuse to

carry grass, garden refuse and leaves.

The reason for the suggested change is this: at the present time the law prohibits the removal of such refuse but in many cases it is so intermingled with ashes and other rubbish which it is permissible for the city to remove, that it is impossible to separate it, and yet it would not be a fair course for the city to refuse to carry away ashes because there was a small amount of the refuse in question intermingled.

The Commissioner of Public Works estimates that the additional amount of refuse to be removed from homes, under the suggested revision of the ordinance, will be comparatively small and inasmuch as the city does not now find it practicable to refuse removing grass, garden refuse and leaves, it would seem a wiser course to make the removal of such refuse legal, particularly, as it will not only mean a better service to the residents of the city, but also in the long run, will lead to a cleaner city and reduce the fire hazard.

I therefore recommend the change in the ordinances as suggested by the Commissioner of Public Works in the attached amendment.

Respectfully yours,

ANDREW J. PETERS, Mayor.

CITY OF BOSTON

In the Year Nineteen Hundred and Twenty-One

An Ordinance.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section one of chapter twenty-eight of the Revised Ordinances of 1914 is hereby amended by striking out in the twenty-eighth and twenty-ninth lines the words "grass, garden refuse, leaves."

so that the said section shall read as follows:

SECTION 1. The department of public works shall be under the charge of the commissioner of public works, who shall be a civil engineer of recognized standing in his profession; shall construct all streets and sewers; shall have discretionary power as to the grades, materials and other particulars of construction of streets, sidewalks and sewers; shall have charge of and keep clean and in good condition and in repair the streets, all sewer systems under the control of the city and the catch-basins in the streets connected with the sewers; shall keep the streets properly watered; shall remove and dispose of the following classes of refuse from dwelling houses and from housekeeping apartments or tenements, when it is placed in yards or areas so as to be easily removed, free of charge to the producers of such refuse and to the owners and occupants of such dwelling houses, apartments and tenements, viz: Swill and kitchen garbage, dust and sweepings, ashes from fires used wholly or principally for heating or cooking, waste paper, cardboard, string, packing material, sticks, rags, waste leather and rubber, boxes, barrels, broken furniture and other similar light or combustible refuse; tins, bottles, jars, broken glass, broken crockery, bones, shells, waste or broken metals and all other similar heavy or incombustible refuse. But the department shall not be required to take any such refuse from hotels, apartment hotels, restaurants, shops, stores, or from any other building whatever except those first hereinbefore enumerated and except buildings occupied by the city. The department shall not so take the refuse of manufacturing or mercantile business, or dead animals, manure, plaster, building material, earth or stones except from premises occupied by the city, but the department may take and dispose of any refuse upon payment by the producer thereof to the city of such compensation as the commissioner shall from time to time prescribe. all moneys so received to be used in paying the expenses incurred by the department in such removal. The commissioner shall, on the fifteenth day of each month, send to the city auditor detailed bills of all material, tools and machinery furnished by either of the divisions of the department to any other division or for any special work.

RECISSION OF APPROPRIATION ORDER.

Office of the Mayor.

Boston 9, January 19, 1921

To the City Council:

Gentlemen,—In October, 1919, the City Council at my suggestion, passed an order

appropriating the sum of \$75,000. for the construction of new building at Rainsford Island for the Suffolk School for Boys.

Shortly after the passage of this order, it developed that there was a possibility of the Rainsford Island school being abandoned and it was, therefore, deemed inadvisable to construct any new buildings which might not after all be utilized for the purposes for which they were intended.

The Suffolk School for Boys is now entirely depopulated and arrangements have been made with the Justices of the several courts in Suffolk County that no further commitments of juvenile offenders will be made to the Suffolk School for Boys.

Therefore, the sum of \$75,000, appropriated in 1919 will not be used for the purpose intended. As it cannot be used for other necessary city improvements without appropriate action by the City Council, and as these funds are needed for such other municipal improvements, I recommend the passage of the accompanying order which will make this money available under the general debt incurring power.

Respectfully yours,

ANDREW J. PETERS, Mayor.

ORDERED. That the order, approved October 22, 1919, appropriating \$75,000. for New Building, Rainsford Island, be and the same is hereby rescinded.

Referred to the Executive Committee.

PROBATION OFFICERS SALARIES, SOUTH BOSTON.

The following was received:

Office of the Mayor,
Boston 9, January 20, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a communication just received from Judge Edward L. Logan of the South Boston Municipal Court relative to certain increases in the salaries of probation officers in that court.

I have already indicated to Judge Logan that I should be willing to approve of the increases in question if the City Council, acting as the County Commission, takes favorable action on them.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Boston, January 19, 1921.

To the Mayor and the County Commissioners of Suffolk County.

Gentlemen,—I desire to recommend that the salaries of the probation officers of the South Boston Court be increased as follows:

For Mr. Clayton C. Parmlee, an increase of \$200 so that his salary shall be hereafter \$2400 per annum.

For Miss Ellen C. McGurty an increase of \$50 so that her salary shall be hereafter \$1700 per annum.

For Mr. James F. Gleason an increase of \$380 so that his salary shall hereafter be \$1700 per annum.

I desire especially to call your attention to the increase which I have recommended for Mr. Gleason. He has been a very efficient painstaking, and earnest probation officer and has served for a substantial period, in my opinion much underpaid.

Respectfully submitted,

EDWARD L. LOGAN.

Referred to the Committee on County Accounts.

LEGAL ACTION ON STATION HOUSE.

The following was received:

Law Department,
Boston 9, January 21, 1921.

James Donovan, Esquire.

City Clerk, City Hall, Boston, 9.

Dear Sir,—In the case of E. U. Curtis vs. Boston et als, brought by the Police Com-

missioner in the Supreme Court for the purpose of obtaining a mandamus against the Mayor and the City Council, compelling them to provide a suitable police station, I beg to report to the Council that the matter was today reserved for the Full Bench by Mr. Justice Carroll, sitting as single justice in the Supreme Judicial Court for Suffolk County. The learned justice did not intimate any opinion of the merits of the question but expressed the view that it ought to be determined by the Full Bench. To this both parties agreed. I did so in the belief that it would be to the advantage of the authorities of the City that the law should be definitely ascertained as soon as possible.

I have seen no reason to change my opinion that the court as a matter of law ought not to issue his mandamus and believe the court will probably take that view and dismiss the case. In that event I anticipate some attempt for legislation before the General Court.

I have sent a copy of this letter to the Mayor in order that he and the members of the Council may be advised of the progress of this litigation.

Yours very truly,

ARTHUR D. HILL, Corporation Counsel.
Referred to the Executive Committee.

HEARING FOR WILLIAM J. CRONIN.

The following was received:
CITY OF BOSTON.

Law Department,
Boston 9, January 13, 1921.

James Donovan, Esquire,

City Clerk, City Hall, Boston 9:

Dear Sir,—On behalf of the City Council you have asked my opinion on what action, if any, should be taken on the petition of William J. Cronin, dated January 6, 1921, a copy of which is hereto annexed.

Under the statutes now in force no veteran holding office in the service of the city of Boston can be suspended except after a hearing before the City Council; nor can any office held by such veteran be abolished until after such hearing.

General Laws, Title IV, Chapter 31, Section 26.

If Mr. Cronin is a veteran in the legal definition of the term, as to which I express no opinion as no facts are before me, his suspension and the abolition of the position held by him by the Penal Institutions Commissioner are both wholly without legal effect and he is still an officer of the House of Correction, bound to perform the duties and entitled to receive the remuneration which would go with that office. Nor can the city Council legally entertain his petition without having been asked to do so by the penal Institutions Commissioner, as for them to do so would be a violation of the charter provisions, St. 1909, c. 486, s. 8, forbidding the City Council from taking any part in the conduct of the executive or administrative business of the city or in the appointment or removal of any municipal employee.

If, on the other hand, Mr. Cronin is not a veteran in the legal sense of the term he is not entitled to a hearing before the City Council.

For these reasons I respectfully advise the City Council that the proper action for them to take is to dismiss the petitioner.

Very truly yours,

ARTHUR D. HILL, Corporation General.
Referred to the Executive Committee.

Approved and ordered paid.

SOLDIERS' RELIEF.

Coun. BRICKLEY, for the Committee on Soldiers' Relief, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families in the city of Boston for the month of January, 1921.

Report accepted; order passed.

INFORMATION CONCERNING DISCHARGED EMPLOYEES, HOUSE OF CORRECTION.

Coun. BRICKLEY offered an order—That the Institutions Commissioner be requested, through His Honor the Mayor, to inform the

City Council what were the circumstances attending the recent resignations of two women, Hulda E. Heitman and Miss Hicks from their positions at the House of Correction, and whether or not the statements in the newspapers are true that they were forced to resign and thereby lost the pensions to which they would have soon been entitled.

Coun. BRICKLEY. Mr. President, just a few words on that order. I think at this time that this order covers a multitude of sins. We have up to the present time been doing something towards the veterans of wars. I think that we should do something towards the benefit of the veterans who have been in the service of the City of Boston. In these two instances, as these women have spent twenty-eight or twenty-nine years in the City's service and now because under a new regime somebody does not want them they are thrown out, I think that we should take some action and find out what we can do for them; and I think the only way, and the proper way, to do is through this order which I have just filed and see if we cannot get some idea from the Commissioner of Penal Institutions why they were forced to do what they had to do.

The rule was suspended, on motion of Coun. Brickley, and the order was passed.

DAVID A. HOFFMAN PARK.

Coun. WATSON offered an order—That the Board of Park Commissioners be requested, through His Honor the Mayor, to name the playground or park now in process of construction at the old reservoir on Eagle Hill, East Boston, David A. Hoffman playground or park, in honor of Ensign David A. Hoffman who gave his life for the cause of Liberty during the World War, and that said location be suitably marked with signs.

Coun. WATSON. I introduce this order, Mr. President, for the friends and relatives of the deceased. It will be remembered by the Council that early after the close of the war we passed several orders to commemorate those who died in the service. Among them was one in honor of the memory of David A. Hoffman of East Boston. The order was that Central Square, East Boston, be changed in name to David A. Hoffman Square. There was considerable opposition from the merchants because Central Square had been known as Central Square for many years; and the result was that this Council, I believe, took no action, that is, it took no favorable action upon the naming of Central Square for David A. Hoffman. I am now informed by those who are interested, as I am—much more so than I am, perhaps,—relatives and friends—that the Park and Recreation Department have been approached and are inclined favorably to naming the new playground in East Boston formerly the Eagle reservoir in honor of the memory of David A. Hoffman; and that being the case I move you, sir, the suspension of the rules in order that it may go on its passage at this time.

The rule was suspended on motion of Coun. WATSON and the order was passed.

EDWARD J. MCGOLDRICK SQUARE.

Coun. COLLINS offered an order—That the space at the junction of Harbell Terrace, Leonard street and Duncan street, Dorchester, be named and known as Edward J. McGoldrick square, in memory of said McGoldrick who was killed in action during the World War at Chateau-Thierry, July 15, 1918; and that said space be suitably marked by signs.

Passed, under a suspension of the rule.

FRED C. W. OLSEN SQUARE.

Coun. COLLINS offered an order—That the space at the junction of Adams and Codman streets, Dorchester, be named and known as Fred C. W. Olson square in honor of said Olson who fell in action during the World War in the Meuse-Argonne sector, November 4, 1918; and that the space be suitably designated by signs.

Passed, under a suspension of the rule.

PENSION FOR WARREN J. STOKES.

Coun. LANE offered the following—Resolved that the City Council of the city of Boston hereby favors the enactment of legislation increasing the pension of Warren J. Stokes, a retired attendance officer of the Boston School Department.

Referred to the Executive Committee.

PENSION FOR WILLIAM S. FOSTER.

Coun. COLLINS for Coun. FORD offered the following:

RESOLVED—That the City Council of the City of Boston, acting as County Commissioners of the County of Suffolk, hereby approves the enactment of legislation authorizing the retirement on pension of William S. Foster, an employee of said county.

Referred to the Executive Committee.

PROTEST AGAINST HOUSE BILL 476.

Coun. DONOGHUE offered the following:

RESOLVED—That the City Council of the city of Boston hereby protests against the passage of House Bill No. 476, entitled "An Act Relative to the Compensation of Probation Officers."

ORDERED—That the City Clerk be directed to send an attachable copy of this resolve to the Clerk of the House of Representatives.

POLICE STATION SITE, POST OFFICE SQUARE.

Coun. DONOGHUE offered an order—That His Honor the Mayor be requested to consider the advisability of taking sufficient land in Post Office square to provide a site for a new police station, (2) and to inform the City Council as to his views on such a taking.

Coun. DONAGHUE. Mr. President, in view of the fact that this controversy relative to police station No. 2 is now up before the Supreme Court and not exactly knowing what rights a member of the Council has, if they have any rights—and I am coming to the opinion that they really have no rights, but I think they ought to have some rights in this matter—owing to the fact that I was one of the minority that voted against the location of police station 2 down on Milk Street, and it seeming to me that the reasons that have been advanced for the location of the police station down in that district were not sufficient to change my opinion that that was not the proper place for a new police station,—I feel that as the land in front of the Post Office down there in Post Office Square is now being mainly used for a parking station for automobiles and in view of that fact that it is owned by the City and there would not be any expense connected with the purchase of the land, and also thinking that there is sufficient land there to build a police station adequate for the needs of the Police Commissioner, I think that it should at least receive the consideration of the Mayor and let us find out what he thinks about that location.

The order was referred to the Executive Committee.

PAYMENT TO MRS. JAMES E. McDONOUGH

Coun. DONOGHUE offered the following: RESOLVED—That the City Council of the city

of Boston hereby favors the enactment of legislation to enable the city to pay to the widow of James E. McDonough, late an employee of the Public Buildings Department, the balance of the salary to which he would have been entitled had he lived and continued to hold his position for the remainder of the financial year.

Referred to the Executive Committee.

REVENUE FROM PROBATE COURT.

Coun. HAGAN offered an order—That the Finance Commission, through His Honor the Mayor, be requested to make an investigation of the system in use in other cities regarding methods of procedure of the Probate Court, and determine whether or not an additional and large source of revenue to the city cannot be obtained from the Suffolk County Probate Court.

The order was declared referred to the Executive Committee.

Coun. HAGAN. Mr. President, I move reconsideration of the reference, hoping the same will not prevail. I think it is well that a few words be said, as a matter of record here as to the real object of this order. At a recent committee hearing on another matter we had quite a protracted audience with District Attorney Pelletier, who brought this matter up and suggested the thought that there was a great source of revenue that could be obtained by adopting the practice in use in some probate courts in other cities, of which we have never taken advantage. My object in presenting the order is that the Finance Commission may make an investigation and compare the probate methods here with those in other cities, seeing if it may be possible to obtain revenue which could be utilized by the city treasury from that source.

Reconsideration of reference was lost, and the order stood referred to the Executive Committee.

RECOMPENSE FOR THOMAS F. GOODE.

Coun. HAGAN offered the following:

Resolved—That the City Council of Boston hereby favor the consideration of legislation recompensing Thomas F. Goode for injuries received while assisting a police officer of the city of Boston to make an arrest.

RECESS TAKEN.

The Council voted at 3.12 p. m., on motion of Coun. McLAUGHLIN, to take a recess subject to the call of the President.

The members of the Council reassembled in the Chamber and were called to order by the President at 5.52, p. m.

Coun. FORD, for the Committee on County Accounts, submitted the following, viz:

1. Report on communication from Chief Justice of the Municipal Court (referred today), appointing probation officer and fixing salary—recommending the passage of the following, viz:

ORDERED, That the appointment of John P. Bogan, Jr., as a male assistant probation officer of the Municipal Court of the city of Boston, in place of James F. Wilkinson, retired, at an annual salary of \$2600 from January 3, 1921, determined by the Chief Justice of said Court, be and the same is hereby approved.

Report accepted; order passed.

2. Report on communication from Justice of West Roxbury Court (referred today) fixing salary of probation officer—recommending the passage of the following, viz:

ORDERED, That the salary of the probation officer of the Municipal Court of the West Roxbury District of the city of Boston, Frank B. Skelton, determined by the justice of said Court from and after January 1, 1921, at \$2000 per annum, be and the same is hereby approved.

Report accepted; order passed.

3. Report on communication from Justice

of South Boston Municipal Court (referred today), fixing salaries of probation officers—recommending the passage of the following, viz:

ORDERED, That the salaries of the probation officers of the South Boston Municipal Court, determined by the Justice of said Court from and after January 1, 1921, viz: Clayton C. Parmlee, \$2,400 per annum; Miss Ellen C. McGurty, \$1700 per annum; James F. Gleason, \$1,600 per annum, be and the same are hereby approved.

Report accepted; order passed.

SETTLEMENT OF PRINTING TROUBLES.

Coun. HAGAN offered an order, That His Honor the Mayor be respectfully requested to hold a conference with a committee of the Allied Printing Council for the purpose of a speedy adjustment of the controversy now existing between the city and the employees of the printing department.

Passed under suspension of the rule.

EXECUTIVE.

Coun. WATSON, for the Executive Committee, submitted the following, viz:

1. Report on petition of Joseph J. McGonagle (referred today), to be retired under the provisions of chapter 765, Acts of 1914—recommending the passage of the following, viz:

ORDERED, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of Chapter 765 of the Special Acts of 1915, Joseph J. McGonagle, employed in the labor service of the City of Boston, in the Public Works Department.

Report accepted; order passed.

2. Reports on petitions (referred today), for permits for children under 15 years of age to appear at various places of amusement—that permits be granted, viz:

Gertrude A. Goodman, South Boston Municipal Building, January 21.

Birmingham, Roughan Hall, February 22.

Annette E. Cooper, Dorchester W. C. Hall, March 7.

Reports severally accepted; permits granted on the usual conditions.

3. Report on communication from Corporation Counsel (referred today), relative to mandamus proceedings concerning police station 2—that the same be placed on file.

Report accepted; communication placed on file.

4. Report on resolution (referred today), concerning pension of Warren J. Stokes—that the resolution ought to pass.

Report accepted; resolution passed.

6. Report on resolution (referred today), for payment to Thomas F. Goode—that the resolution ought to pass.

Report accepted; resolution passed.

7. Report on resolution and order (referred today), protesting against the passage of House Bill No. 476—that the resolution and order ought to pass.

Report accepted; resolution and order passed.

8. Report on order (referred today), for taking of land for site for police station in Post Office square—that the order ought to pass.

Report accepted; order passed.

9. Report on message of Mayor and order (referred today), rescinding appropriation of \$75,000 for new building, Rainsford Island—that the order ought to pass.

Report accepted; order passed, yeas 9.

10. Report on message of Mayor, communication and order (referred Dec. 27), for appropriation of \$9000 for investigation by the Finance Commission of the pension situation as it relates to city employees—that the order ought to pass.

(The Committee voted as being in favor of the employment of Boston people to conduct the investigation, either city employees or outside experts who are citizens of Boston, and strenuously protest against the employment of outside experts, believing that the work can be done as well and as quickly by citizens of this city).

The report was accepted, yeas 8, nays 1.

Coun. Moriarty voting nay. The question came on the passage of the order, and the Clerk called the roll.

When President Moriarty's name was reached, he said: I want to say, before casting my vote, that the reason I am voting "no" is because I believe this Council is entitled to reports on all investigations made at the request of the Council, and until we are assured that we will have those reports I will vote "no" on the matter.

The order was passed, yeas 8, nays 1. President Moriarty voting nay.

CONFIRMATION OF APPOINTMENTS.

President MORIARTY called up unfinished business, Nos. 1 and 2, viz:

Action on appointments submitted by the Mayor January 10, 1921, viz:

1. John J. Buckley, to be a Constable.
2. Edward F. Havlin and John M. Wilder, to be Weighers of Goods.

The question came on confirmation. Committee—Coun. BRICKLEY and DONOGHUE. Whole number of ballots cast 8, yeas 8, nays 0, and the appointments were confirmed.

GENERAL RECONSIDERATION.

Coun. DONOGHUE moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

Adjourned at 6.03, p. m., on motion of Coun. Brickley, to meet on Monday, Jan. 31, at 2 o'clock, p. m.

TRANSFERS IN BUDGET

Under authority of section 3 of chapter 486 of the Acts of 1909 the Mayor has approved the transfers requested in the following communications:

LIBRARY DEPARTMENT

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—To provide against a deficiency under a certain item in the budget schedule appropriations for the Library Department, a transfer is respectfully requested from item under which there is a surplus, as follows:—

From the appropriations for A-1, Personal Service, \$68.00; to the appropriations for F-11, Workingmen's Compensation, \$68.00.

Very respectfully,
The Trustees of the Public Library
of the City of Boston,
ALEXANDER MANN,
President

PUBLIC BUILDINGS DEPARTMENT

January 22, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully request the following transfer within the appropriation of the Public Buildings Department, namely:

From the appropriation for A-1, Personal Service, 8 Chief Janitors and Custodians, \$1,300—\$1,500 year, \$627; to the appropriation of A-1, Personal Service, 31 Janitors, Laborers, etc., \$3.50—\$4.00 day, \$627.

The reason for the foregoing request is that my original budget called for 32 Janitors, Laborers, etc. from \$3.50—\$4.00 day. When my budget was finally approved and returned to me, provision was only made for 29 in this particular item, but it was understood by Your Honor and the Budget Commissioner that we would be allowed 31 Janitors, Laborers, etc., \$3.50—\$4.00 day, but the appropriation was never made to cover the deficit.

Respectfully yours,
FRED J. KNEELAND,
Supt. of Public Buildings.

REGISTRY DEPARTMENT

January 21, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I herewith request your approval of the transfer of the sums of \$320.00 from item A-1, Permanent Employees (14 clerks at \$1,050—\$1,250), and \$135.00 from item A-2, Temporary Employees, to item B-35, Fees, on account of physicians. This request is necessary on account of additional fees to physicians for reporting births.

Respectfully submitted,
E. W. MCGLENEN,
City Registrar.

(Dup.)

PUBLIC WORKS DEPARTMENT

DEAR SIR,—I respectfully request that the following transfers be made in the appropriation for the Lighting Service, Public Works Department:

From the appropriation for A-1, Permanent Employees, Chauffeur and Inspector, 1 at \$24.93—\$27 per week, \$549.68; Chauffeur and Inspector, 1 at \$24.00—\$27.00 per week, \$529.82; to the appropriation for B-39, General Plant, \$549.68; B-39, General Plant, \$529.82.

From the appropriation for B-9, Lighting streets, alleys and parks, \$1,673.60; to the appropriation for B-39, General Plant, \$1,332.10; C-17, General Plant, \$341.50.

These transfers are to cover the cost of installing lamps on Woodland Road, West Roxbury, and for the purchase of five lamp posts. This work was not contemplated when Budget was made up last year.

Respectfully,
T. F. SULLIVAN,
Commissioner of Public Works.

INSTITUTIONS DEPARTMENT

Boston 9

January 21, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Will you kindly arrange with the City Auditor for the following transfer within the appropriation of the House of Correction as follows:—

From the appropriation for C-7, Furniture and Fittings; to the appropriation for B-39, General Plant, \$475.54.

This transfer is required on account of an agreement between former Commissioner Bates and the Park and Recreation Department by the terms of which this department was to pay one half the expense of putting the launch "Adeline," otherwise known as the "Dorothy May" in good working condition in return for her use as the House of Correction, Deer Island.

Yours respectfully,
THOMAS C. O'BRIEN,
Commissioner.

PUBLIC WORKS DEPARTMENT

January 19, 1921.

HON. ANDREW J. PETERS,

A-3, Unassigned, \$1,632.04; to provide for new positions created by abolishment of positions of two deputy collectors, and for cross-checking previously approved.

From the appropriation for B-3, Advertising and Posting, \$2,326.23; to the appropriation for B-2, Postage, \$70.90; D-1, Office Supplies, \$2,255.33.

Respectfully,
FRANK S. DELAND,
City Collector.

MUNICIPAL COURT OF THE CITY OF BOSTON,

COURT HOUSE, BOSTON

January 21, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

City Hall,
Boston, Mass.

DEAR SIR,—It is necessary and I request that there be transferred to item "Medical Director," on our salary sheet the sum of \$2.73. This transfer can be made from item "Assistant Medical Director" on the said sheet.

Very truly yours,
(Signed) WILFRED BOLSTER,
Chief Justice.

INSTITUTIONS DEPARTMENT

Boston 9

January 13, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—In reorganizing the department I have made William J. Graham Chief Clerk, and Miss Elizabeth G. Nelson, Fiscal Agent. I ask that their salaries be increased \$200 from January 14.

I also state that Miss Estelle A. Sweeney who is stenographer and clerk has taken over the work of Miss Barry, who was transferred to the Registry Department, October 21, and I recommend that her salary be increased by \$200 from January 14.

I further ask that the position of Secretary for the Commissioner be created and that funds be provided by transfer for salary at \$2,300 from January 14.

Transfers of funds to provide for changes noted above is respectfully requested as follows:—

From the appropriation for Penal Institutions Department Office Expenses A-1, Permanent Employees, 2 Deputies at \$3,500, \$111.26; to the appropriation for Penal Institution Department Office Expenses A-1, Permanent Employees, 1 Chief Clerk at \$2,600, Vice Clerk at \$2,400, \$7.68; 1 Stenographer and Clerk, \$7.68; 1 at \$1,100—\$1,300 (\$1,500); 1 Secretary at \$2,300, \$88.22 (new position); to the appropriation for Boston Infirmary Department Office Expenses A-1, Permanent Employees; 1 Fiscal Agent at \$2,000, \$7.68; Vice Executive Clerk at \$1,600—\$1,800.

Yours very truly,

THOMAS C. O'BRIEN,
Commissioner.

HOSPITAL DEPARTMENT.

HON. ANDREW J. PETERS,

From the Appropriation, A-1, Permanent Employees, 225 Undergrad Nurses, at \$8.33—\$16.67 per month, \$148.62; to the Appropriation, C-16, Wearing Apparel, \$72.48; D-1, Office Supplies, \$7.64; D-2, Food and Ice, \$68.50.

From the Appropriation, A-1, Permanent Employees, 7 Social Service Assistants at \$17.50—\$19.50 per week, \$45.50; B-2, Postage, \$74.39; B-5, Cartage and Freight, \$1.50; B-21, Removal of Snow, \$365.12; B-35, Fees, Service of Venires, etc., \$8.00; B-37, Photographic and Blue-printing, \$20.00; C-9, Office Equipment, \$249.10; C-12, Medical, Surgical, Laboratory, \$1492.04; C-17, General Plant, \$40.14, to the Appropriation, D-2, Food and Ice, \$2296.79.

From the Appropriation, C-17, General Plant, \$605.61, to the Appropriation, D-4, Forage and Animal, \$17.10; D-5, Medical, Surgical Laboratory, \$588.51.

From the Appropriation, D-9, Educational and Recreational, \$35.40; D-10, Agricultural, \$100.00; D-16, General Plant, \$648.26; F-11, Workingmen's Compensation, \$282.14; C-2, Special Investigations, \$376.67; B-39, General Plant, \$13.38, to the Appropriation, D-5, Medical, Surgical, Laboratory, \$1455.85.

From the Appropriation, B-39, General Plant, \$637.86, to the Appropriation, D-13, Chemicals and Disinfectants, \$18.75; E-1, Building, \$483.09; E-10, Electrical, \$107.85; E-13, General Plant, \$28.37.

In explanation of the above transfers, I would say that they are made from unexpended balances to items in which there is a deficit, and are the final transfers for the year.

Transfer from A-1, 4 Physicians at

\$38.89 per week, \$350.01, balance due to the fact that a physician for the Pediatric Department was not employed; to A-1, one physician at \$24.00—\$29.17 per week, \$4.17, to make up a slight deficit, as sufficient money was not appropriated for this position; to A-2, Temporary Employees, \$105.00. More money was expended under this item than was anticipated when the budget was made up due to the fact that we did the digging in connection with the installation of the sprinkler system at the South Department, because it could be done more cheaply by hiring our own employees at 50 cents per hour than by contract work at \$1.00 per hour. To A-1 Class C, not exceeding \$12.00 per week, \$240.84, to provide for a deficit under a greatly varying class of employees.

Transfer from A-1, 4 Physicians at \$9.17 per week, \$58.34, due to slack; to A-1 Class C, not exceeding \$12.00 per week, \$34.16, as explained above; to 3, Head Carpenter, Painter and Plumber, at \$4.50—5.00 per day, \$12.00, due to the recent increase of 25 cents per day allowed to this group; to 11 Carpenters and Painters at \$4.25—4.75 per day, \$12.18, due to the fact that they were recently granted 25 cents per day.

Transfer from A-1, 3 Physicians at \$23.33 per week, \$209.97, slack developing due to our inability to employ physicians at the South Department; to A-1, 11 Carpenters and Painters at \$4.25—4.75 per day, \$13.82—deficit explained just above; to A-2, Temporary Employees \$196.15, as explained above under A-2.

Transfer from A-1, 4 Physicians at \$19.44 per week, \$174.96, slack due to the fact that the Pediatric Service was not established; 6 clerks at \$17.00—21.00 per week, \$28.89, due to slack—total, \$203.85 to A-2, Temporary Employees, explained just above.

Transfer from A-1, 6 clerks at \$17.00—21.00 per week, \$163.61; 3 clerks at \$16.00 to \$20.00 per week, \$54.00; 7 clerks at \$13.00 to \$17.00 per week, \$32.39, total \$250.00; balances due to slack; to A-3, Unassigned, \$250.00, to take care of a deficit due to overtime and emergency.

Transfer from A-1, 7 clerks at \$13.00 to \$17.00 per week, \$123.44, balance due to slack; to B-1, Printing and Binding, \$47.45, due to the fact that only \$420.00 was appropriated under this item and the bill of the Printing Department for printing the annual report was \$467.45; to B-3, Advertising and Posting, \$15.50, due to the fact that not sufficient money was appropriated to take care of advertising the various contracts in the City Record; to B-4, Transportation of Persons, \$60.49, on account of a small deficit under this item.

Transfer from A-1, 8 clerks at \$12.00 to \$16.00 per week, \$20.67, and 16 clerks at \$14.00 per week, \$44.64, due to slack, total \$65.31, to B-4, Transportation of Persons—explained above.

Transfer from A-1, 16 clerks at \$14.00 per week, \$24.03, and 9 Hospital employees at \$37.00—40.00 per week, \$11.81, due to slack, total \$35.84, to B-13, Communication—necessary because of a deficit.

Transfer from A-1, 9 Hospital em-

ployees at \$37.00-40.00 per week, \$74.86, due to slack, 9 Hospital employees at \$30.00-33.00 per week, \$22.83, due to slack, and 6 Hospital employees at \$28.00 per week, \$160.00, due to the fact that the Electrohydrotherapeutic department was not opened until late in the year—total, \$258.59; to B-14 Motor Vehicle repairs and care—due to the fact that the repairs of the various motor vehicles exceeded by this sum the amount appropriated.

Transfer from A-1, 6 Hospital employees at \$28.00 per week, \$133.10—balance explained just above; to B-15, Motorless Vehicle repairs, \$16.50, due to the fact that the repairs exceeded by this sum the amount appropriated; to B-28, Expert and Architect, \$102.17, to make up a deficit. Early in the year money was transferred from this item and inasmuch as there was not a sufficient balance left, this transfer is requested; to C-7, Furniture and Fittings, \$14.43, deficit resulting because the expenditure under this item was greater than was anticipated when the budget was made up. This is the most inclusive item in the Hospital Budget. Every item under C-7 cost more than was anticipated when the budget was made up, consequently a large deficit resulted.

Transfer from A-1, Hospital Employees, 1 at \$25.00-27.00 per week, \$243.00; 17 at \$24.00-27.00 per week, \$13.50; 2 at \$23.00-25.00 per week, \$65.00; 5 at \$22.00-25.00-28.00 per week, \$55.01; 1 at \$21.00-23.00 per week, \$10.50; 7 at \$20.00-25.00 per week, \$12.50; 1 at \$19.00-21.00 per week, \$64.00; Class A not exceeding \$18.00 per week, \$150.00; Class B not exceeding \$15.00 per week, \$100.00; Class D not exceeding \$9.00 per week, \$275.00; 48 Head Nurses at \$55.00-75.00 per month, \$144.40; 225 Undergraduate nurses at \$8.33-16.67 per month, \$142.81—total, \$1,275.72, all due to slack; to C-7, Furniture and Fittings, deficit as explained just above.

Transfer from A-1, 225 undergraduate nurses at \$8.33-16.67 per month, \$148.62, slack due to illness, leave of absence, etc.; to C-16, Wearing Apparel, \$72.48, to take care of a small deficit due to high prices; to D-1, Office Supplies, \$7.64, on account of a small deficit existing; to D-2, Food and Ice, \$68.50. There was requested by the Hospital Department under D-2 in 1920-21, \$250,000. There was allowed \$240,000. As a matter of fact there was expended \$279,128.99. It therefore became necessary to make very effort to economize, to make up this deficit.

Transfer from A-1, 7 Social Service Assistants at \$17.50-\$19.50 per week, \$45.50 due to slack, B-2, Postage, \$74.39, unexpended balance, B-5, Cartage and Freight, \$1.50, unexpended balance, B-21, Removal of Snow, \$365.12; due to the open winter very much less snow shoveling was required; B-35, Fees, Service of Venires, etc., \$8.00, small balance remaining; B-37, Photographing and Blueprinting, \$20.00, small balance due to the fact that the photographic and blueprinting work was taken care of by the architects employed; C-9, Office Equipment, \$249.10. Not all the office equipment required was purchased, due to the fact that economies were necessary to make up deficits; C-12, Medical, Surgical, Laboratory, \$1,492.04. Realizing

that it would be necessary to make up deficits under various items, including Food and Ice, economies were practiced under this item and equipment really needed was not purchased; C-17, General Plant, \$40.14. As explained above, it was early recognized that rigid economies would be necessary to make up deficiencies, and certain equipment that we had proposed to purchase was not bought, consequently the entire amount appropriated under this item was not expended—total, \$2,295.79; to D-2, Food and Ice, to take care of a deficit as explained just above.

Transfer from C-17, General Plant, \$605.61, balance unexpended explained just above; to D-4, Forage and Animal, \$17.10, to take care of a small deficit, not quite sufficient money having been appropriated under this item; D-5, Medical, Surgical, Laboratory, \$589.51; this is one of the items under which the expenditures exceeded the amount appropriated.

Transfer from D-9, Educational and Recreational, \$35.40—small unexpended balance; D-10, Agricultural, \$100.00—another place in which economy was practiced; D-16, General Plant, \$648.26; in January interest on trust funds is paid in to the Hospital Department and assigned to this item, consequently a balance always results; F-11, Workmen's Compensation \$282.14; this item must of necessity be an approximate and too much money was requested under F-11; G-2, Special Investigations \$376.67—unexpended balance under this item; B-39, General Plant, \$13.38. There will be an unexpended balance under this item of \$13,330.00, which will revert to the City Treasury, from which this item is taken—total \$1,455.85; to D-5, Medical Surgical Laboratory, to take care of a deficit as explained above.

Transfer from B-39 General Plant \$637.86, as explained above, to D-13, Chemicals and Disinfectants \$18.75 on account of a small deficit under this item; to E-1, Building \$483.09, deficit resulting because sufficient money was not appropriated under this item; to E-10, Electrical, deficit because a sufficient amount was not appropriated; to E-13, General Plant \$28.37, to take care of a small deficit.

Yours respectfully,

JOSEPH P. MANNING,
President, Board of Trustees.

CONSUMPTIVES' HOSPITAL DEPARTMENT.

January 19, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston.

Dear Sir,—

The Trustees of this hospital sent to the Auditor on January 15, 1921, a Special Draft dated January 13, 1921, for the American Sugar Refining Company to the amount of \$158.27. This Draft was sent in from the hospital, where the accounts are kept, for the signature of the Chairman.

The Trustees have just received word from the Auditor's Office that the Draft was immediately paid, as requested. The Auditor now finds that the Draft exceeds the balance for the year 1920-21 under D-2—Food and Ice—to the extent of \$137.93, and has so informed the Trustees today. The Trustees would,

therefore, respectfully request a transfer to meet this deficit, as follows:

From the Appropriation for B-39, General Plant \$137.93, to the Appropriation for D-2, Food and Ice \$137.93.

Yours respectfully,

JAMES I. MINOT,
Secretary.

OVERSEERS OF THE POOR.

Boston 14, January 17, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston.

Dear Sir,—

I respectfully request that the following transfers be made in the segregated budget of the Overseeing of the Poor Department:

From Central Office B-28 Expert, Architect \$40.00, to Central Office A-2, Temporary \$40.00.

This transfer is requested in order that the necessary money may be available to cover payment for employment of temporary clerk at the Boston City Hospital. The Superintendent of the Boston City Hospital has for some months been unable to furnish the clerical assistance usually provided by him in the past. As a result, work has accumulated so that it is now of the utmost necessity to provide additional clerical assistance.

Yours respectfully,

SIMON E. HECHT,
Chairman.

FIRE DEPARTMENT

From the appropriation, A-1 Wire Div. Asst. Chief Clerk to F-7 Pensions and Annuities, \$664.49.

From the appropriation, A-1 Wire Div. Permit Clerk and Inspector to F-7 Pensions and Annuities, \$1,188.48.

From the appropriation, B-10 Rent, Taxes and Water to F-7 Pensions and Annuities, \$350.88.

From the appropriation, B-18 Cleaning to F-7 Pensions and Annuities, \$425.

From the appropriation, B-39 General Plant to F-7 Pensions and Annuities, \$6,000.

From the appropriation, C-2 Machinery to F-7 Pensions and Annuities, \$425.

From the appropriation, E-10 Electrical to F-7 Pensions and Annuities, \$402.46.

From the appropriation, C-4 Motor Vehicle to F-7 Pensions and Annuities, \$166.52.

Wire Division.

From the appropriation, A-1 Asst. Chief Clerk (wire) to A-1 Inspector 12/1400, \$26.85.

From the appropriation, A-1 Asst. Chief Clerk (wire) to A-1 2 Stenographers 10/1200, \$139.67.

Total, \$31,836.66.

January 18, 1921.

I submit the following statement explaining the necessity for these transfers:

The appropriation for the privates is the largest item in our annual budget, and from this item great deductions were made for slack rather than from other items on the pay roll. This office deducted \$25,000 from the amount necessary, and \$9,489.71 was deducted by Your Honor.

For the four-year regulation, i. e., advancing all members in the department who had served four years to maximum pay, it cost approximately \$4,500. For the carrying out of the provisions of the regulation granting half-pay during sick leave for a period of thirty days it cost approximately \$2,500 for six months.

The deficit in the Engineer item was due to the remittance of \$107 during the week of March 5, 1920, as a result of the pay increase to engineers retroactive to October 25, 1919. The firemen, under this increase received their pay in 1919, but our engineer did not receive his increase until 1920.

One day's pay was remitted to one of our Blacksmith's Helpers, \$3.75, for work done in 1919, which accounts for the deficit in this item.

The deficit in pensions appropriation, F-7, was caused by the following:

Under date of March 29, 1920, the pensions of all widows were increased from \$300 to \$600. Forty-three persons were affected on our rolls, and for ten months the increase amounted to \$10,821.81.

The names of five widows and five members of the department were added to the pension roll.

The estimate for pensions was also reduced \$5,000 by Your Honor.

In the Wire Division the deficit in the item "2 Stenographers 10/1200" is due to the appointment of a stenographer previous to April 2, 1920. The item in the budget was figured on the allowance of one stenographer for the full year and one from April 2, 1920, but owing to the reorganization of the department it was necessary to appoint the second stenographer previous to April 2, 1920.

In the item for inspectors in the Wire Division, 12/1400, in the rating plan of the inspectors the department was allowed \$26.85 or one week's pay less than we should have been in estimating the increase.

Yours very truly,

JOHN R. MURPHY,
Fire Commissioner.

FIRE DEPARTMENT.

January 25, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I request that the following transfer be made in the Fire Department appropriation for the fiscal year 1920-1921:

From the Appropriation, B-15, Motorless Vehicle Repairs, to C-4, Motor Vehicles, \$165.76.

This transfer is necessary to pay an outstanding bill charged to C-4.*

Yours very truly,

JOHN R. MURPHY,
Fire Commissioner.

This deficit is caused by an error in the transfers requested under date of January 18, 1921.

SOLDIERS RELIEF DEPARTMENT.

Boston, January 15, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—I respectfully request the transfer of the sum of \$50.00 from F-SPECIAL ITEMS (8) State and Military Aid, Soldiers' Relief and Burials to A-2 Temporary Employees.

This amount is requested in order that we may immediately procure the services of a temporary typist to relieve a condition which now exists in the Department, which is seriously delaying the handling of daily applicants.

Yours respectfully,

THOMAS W. MURRAY,
Acting Soldiers' Relief
Commissioner.

PUBLIC WORKS DEPARTMENT.

PAVING SERVICE.

STUART STREET EXTENSION.

Mayor Peters announced February 3, that he had decided to have the city construct the Stuart street extension which has been under consideration for several years, and that he had directed the Board of Street Commissioners to immediately proceed with the plans for the work of construction. Under the plan adopted by the Mayor, Stuart street, which now runs from Dartmouth street to Columbus avenue, will be continued in a westerly direction to Huntington avenue, and in an easterly direction through to Eliot street, where it will enter the latter street at a point about half-way between Tremont street and Park Square.

It is planned to make the street 70 feet in width its entire length. It is also planned to widen Eliot street from the juncture of Stuart street to Washington street, and also to complete the widening of Kneeland street where the widening has not already been affected. In this way, Stuart street, with its continuations, Eliot and Kneeland streets, will provide a broad and direct route from the Back Bay to Atlantic avenue and its feeders. There is every reason to believe that with the opening of this new artery a great deal of the travel which now converges at the corner of Boylston and Tremont streets, will be diverted to Stuart street.

The Mayor is proceeding in the construction of Stuart street under authority granted him by Chapter 312 of the Acts of 1920 which gave the Mayor discretionary power to have the city do this work without reference to the City Council. It will be recalled that under a previous Act authorizing the City of Boston to borrow beyond the debt limit for the construction of Stuart street, authority to issue bonds had to be confirmed by the City Council. After some debate, however, the City Council refused to give the necessary authority, with the result that Chapter 312 of the Acts of 1920 was passed giving the Mayor sole discretionary power. The Mayor believes that betterment assessments will in a large measure care for land damage taking and the cost of construction.

In commenting on his decision to proceed with the construction of Stuart street the Mayor said:

"I regard the extension and construction of Stuart street as one of the most important steps in Boston's development that has occurred in many years. For a long time, the so-called Park Square property, situated in the heart of the city, has lain practically idle. It has held an isolated position, practically shut off from the main lines of travel, and naturally, there has been no incentive for merchants to locate there. The extension of Stuart street, however, will provide a thoroughfare which I am confident will be used much more than anyone now can foresee, and such a use is bound to develop the district commercially, providing room for an expansion of which our retail shopping district has long felt the need."

"I understand that with the extension of Stuart street many new and important buildings will be erected in the district. I am informed that a new 1000 room hotel, costing approximately \$7,000,000 will be erected and a number of other large buildings of a social nature will be located there. With the Arlington street Station of the Boylston street subway completed, excellent means of approach to the Park Square district will be afforded, and I confidently anticipate in that district, one of the most rapid developments that the City of Boston has ever witnessed.

"I have no doubt that with the expansion of the retail business into this district, Boston will have one of the finest business sections of any city in the country. The amount of increased revenue which the city will receive yearly for increased valuations of improved property in the neighborhood, which amount will increase with each additional development, coming as a result of the improvement, will make this improvement a revenue producer from the start, constantly growing year by year.

"The opening of the district provides a broad highway between the now overcrowded and congested down-town retail district, thus enabling business to grow and expand along the natural route westward, and this, according to the City Planning Board, is the one solution for the unbearable condition now existing in the business section of the City."

MUNICIPAL COURT

BRIGHTON DISTRICT

BOSTON, January 25, 1921.

HON. ANDREW J. PETERS,

Mayor of the City of Boston.

DEAR SIR,—Receiving information to the effect that the appropriation of this Court under heading A-2 Temporary Employees, would be insufficient to take care of expenses, His Honor Judge Thomas H. Connelly respectfully requests that \$31. be transferred from the appropriation for this Court under heading B-4 Transportation of Prisoners, and \$25.56 he transferred from the appropriation for this Court under heading C-10 Library, to take care of the said deficit, which amounts to \$56.56, the appropriations for B-4 and C-10 being sufficient to stand this withdrawal, and it appearing that the said deficit has been caused by conditions which were overlooked, but were absolutely necessary.

Yours very truly,

DANIEL F. CUNNINGHAM,
Clerk.

AUDITORS DEPARTMENT

January 26, 1921.

HON. ANDREW J. PETERS,

Mayor of the City of Boston:

Respectfully,

J. ALFRED MITCHELL,
City Auditor.

PUBLIC WORKS DEPARTMENT

January 29, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfers be made in the appropriations of the Street Cleaning and Oiling Service of the Sewer and Sanitary Division of the Public Works Department:

From the appropriation for A-1, Clerks at \$1,000 per year, \$639.75; A-1, Foremen, 6 at \$1,800 to \$2,000 per year, \$50.20, to B-15, Motorless Vehicle Repairs, \$639.95.

The reason for these transfers is to

pay bills for cart repairs which were not presented for earlier payment.

Respectfully,

E. F. MURPHY,
Acting Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

January 28, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfer be made between budget items for the Sewer Service:

The reason for the above transfer is to provide funds for emergency work done on the gates at the Stony Brook Gate House, Back Bay Fens.

Yours respectfully,

E. F. MURPHY,
Acting Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT

January 28, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfers be made from the Appropriation for Sewer Service to the Appropriation for Paving Service:

PROCEEDINGS OF CITY COUNCIL. CITY GOVERNMENT

Monday, January 31, 1921.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 o'clock p.m., President MORIARTY in the Chair. Absent,—Councillor LANE.

SALE OF SWINE.

The following was received:

CITY OF BOSTON

Office of the Mayor,
Boston 9, January 24, 1921.

To the City Council:

Gentlemen,—I am transmitting herewith a communication from the Commissioner of Institutions relative to the disposal of one hundred and fifty pigs and four boars, and respectfully recommend the passage of the accompanying order.

Respectfully,

ANDREW J. PETERS, Mayor.

CITY OF BOSTON

Institutions Department,
Boston 9, January 10, 1921.

Hon. Andrew J. Peters,
Mayor of Boston.

Dear Sir,—Permission is hereby requested to sell, after due advertising, about 150 small pigs, averaging about 6,000 pounds, and four boars, the property of the City of Boston, located at Deer Island, amounting to approximately \$850.

Yours respectfully,

THOMAS C. O'BRIEN,
Commissioner.

Ordered, That the Superintendent of Supplies be and hereby is authorized to sell, after public advertisement, one hundred and fifty (150) pigs and four (4) boars, the property of the Institutions Department.

Referred to the Executive Committee.

INFORMATION CONCERNING MATRONS

The following was received:

CITY OF BOSTON.

Office of the Mayor,
Boston 9, January 31, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a report just received from the Commissioner of the Institutions Department in reply to the order of the City Council passed on January 24th, relative to Miss Hulda Heitman and Mrs. Marion Hix. While the report is self-explanatory, I desire to add one word as the situation has been so generally misrepresented.

The Institutions Commissioner gave Mrs. Hix a leave of absence which was approved by me on December 10th, in order that she might not be deprived of any pension rights which might in the future accrue, and at the same time a bill was prepared for introduction into the Legislature which would bring the position which Mrs. Hix occupied under the scope of the pension law.

Respectfully yours,

ANDREW J. PETERS, Mayor.

CITY OF BOSTON.

Institutions Department,
Boston 9, January 27, 1921.

Hon. Andrew J. Peters,
Mayor of Boston.

Dear Sir,—I have your memorandum of January 26th, asking for a report on the resignation of Miss Hulda Heitman, matron, and Mrs. Marion Hix.

Mrs. Hix has not resigned her position as matron at the Suffolk County House of Correction. She has been on leave of absence since December 6, which leave of absence was approved by Your Honor on December 10.

Miss Heitman resigned her position on January 15, to take effect January 20, a copy of her letter to me I append hereto. Her resignation was not requested by me, and the Master of the House of Correction informs me that it was not requested by him.

The newspaper statements referred to in the City Council order were untrue. Neither matron was forced to resign, nor has either of them lost any pension rights, since under existing law, matrons of the House of Correction have no pension rights.

Yours respectfully,

THOMAS C. O'BRIEN,
Commissioner.

January 15, 1921.

Mr. O'Brien,—

I hereby resign my position as Cook and Matron in the Inmates Kitchen to take effect January 20, 1921.

Yours respectfully,

MISS HULDA HEITMAN,
Deer Island.

Placed on file.

STATION HOUSE SITE, POST OFFICE SQ.

The following was received:

CITY OF BOSTON.

Office of the Mayor,
Boston 9, January 31, 1921.

To the City Council:

Gentlemen,—The order passed by the City Council on January 24, requesting me to consider the advisability of taking sufficient land in Post Office Square to provide a site for the new Police Station 2 and to inform the City Council as to my views on such a taking, was referred to the Street Laying-Out Department for a report. A copy of this report I am herewith transmitting to the City Council for its information, and it does not seem necessary for me to express my opinion of the plan suggested by the City Council.

Respectfully yours,

ANDREW J. PETERS, Mayor.

CITY OF BOSTON.

Street Laying-Out Department,
Boston 9, January 29, 1921.

Hon. Andrew J. Peters,
Mayor of Boston, Mass.

Dear Sir,—Complying with your request this board has considered the order of the City Council suggesting that sufficient land be taken in Post Office Square to provide a site for the proposed new station house for police division No. 2 and reports thereon as follows:

The land in Post Office square does not belong to the city. The city has merely an easement of travel over it. If any use were to be made of it, except for highway purposes, the highway would have to be discontinued, in which event the land would revert to those from whom it was taken. This would necessitate another taking, if it were desirable to use it for other municipal purposes, and those who would obtain possession of the land by reversion would probably require full payment for it.

Aside from the legal aspects of the case the plan is not feasible on other grounds. Both Congress and Pearl streets cross Post Office square, the two streets joining at Water street, making Congress street, between Water and State streets, the main artery of traffic for heavy teaming in and out of the wholesale district to and from the north side of the city. It would be a serious hardship to this traffic to cut off Congress and Pearl streets at Post Office square. If this were not done the area in Post Office square would be too small for a building for police purposes, and the shape of the lot would be undesirable.

Very truly yours,

JOHN J. O'CALLAGHAN, Chairman.

Later in the session Coun. DONOGHUE said:

Mr. President, I was rather late in arriving today, and I would like to be allowed the privilege of saying a word upon the message of the Mayor in regard to locating a station house for police division 2 in Post Office square.

Pres. MORIARTY: If there is no objection, Coun. Donoghue may proceed.

Coun. DONOGHUE: I note here, Mr. President, that the Mayor has sent back to the City Council a statement relative to the order which was passed by the Council in regard to that matter, and at the very end of his message he says:

"It does not seem necessary for me to express my opinion of the plan suggested by the City Council."

With that communication he also sent to us a communication from the Street Laying-Out Department, signed by Mr. John J. O'Callaghan, relative to this proposition. Mr. O'Callaghan says:

"The land in Post Office square does not belong to the city. The city has merely an easement of travel over it. If any use were to be made of it, except for highway purposes, the highway would have to be discontinued, in which event the land would revert to those from whom it was taken."

I want to say right there, before I go further, that I had no intention of discontinuing any highway, and he surely knows that just as well as I do. I believe that the space in Post Office square, leaving the highways as they now exist, would probably be adequate. But what I sought was information on the subject and I did not receive any here. They say:

"If any use were to be made of it, except for

highway purposes, the highway would have to be discontinued, in which event the land would revert to those from whom it was taken. This would necessitate another taking, if it were desirable to use it for other municipal purposes, and those who would obtain possession of the land by reversion would probably require full payment for it."

Possibly that might be so. Our object in passing the order was merely to receive some information relative to what would happen if that site was a desirable one. Again he says:

"Aside from the legal aspects of the case the plan is not feasible on other grounds. Both Congress and Pearl streets cross Post Office square, the two streets joining at Water street, making Congress street, between Water and State streets the main artery of traffic for heavy teaming in and out of the wholesale district to and from the north side of the city. It would be a serious hardship to this traffic to cut off Congress and Pearl streets at Post Office square."

No one ever had such an intention, that I know of. I do not believe any member of the Council even dreamed that they would close up any one of the arteries of traffic down in Post Office square. Then he says:

"If this were not done the area in Post Office square would be too small for a building for police purposes, and the shape of the lot would be undesirable."

I simply introduced the order so as to obtain some information and some reasoning, which I thought would be sent back to this Council, but instead of that we merely get a blanket statement that does not mean anything. We have simply been trying to offer a solution of the police station controversy, and when the Mayor of this city says it does not seem to him to be necessary to express his opinion on this plan, I think it surely is up to him to express his opinion on some other plan that might meet with the approval of the majority of this Council.

The matter was placed on file.

BONDING OF TREASURER'S EMPLOYEES.

The following was received:

CITY OF BOSTON.

Office of the Mayor,
Boston 9, January 28, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a communication from the City Treasurer relative to a change in Section 1 of Chapter 36 of the Revised Ordinances of 1914. I believe the suggestion of the City Treasurer is for the best interests of the city, and I recommend that the attached amendment be acted upon favorably.

Respectfully yours,

ANDREW J. PETERS, Mayor.

CITY OF BOSTON.

In the Year Nineteen Hundred and Twenty-One

An Ordinance

Concerning the Bonding of Subordinates in the Treasury Department

Be it ordained by the City Council of Boston, as follows:

Section one of chapter thirty-six of the Revised Ordinances of 1914 is hereby amended by inserting after the word "each" in the ninth line, the words "and from all other permanent employees not less than five thousand dollars," so that said section one, when so amended, shall read as follows:

SECTION 1. The treasury department shall be under the charge of the city treasurer, who shall require from his subordinates, for the faithful performance of their respective duties and for the safe custody of the money and other property entrusted to them, bonds to himself as obligee, with sureties satisfactory to the mayor, with penal sums as follows, namely: from the cashier, not less than twenty thousand dollars; from the tellers and paymasters, not less than ten thousand dollars each, and from all other permanent employees not less than five thousand dollars; shall receive receipt for, and have the care and custody of, the current funds of the city from the time the same shall come into his possession, and also of all moneys, property and securities which may come into his possession by virtue of any statute, or ordinance, or as a gift, devise, bequest, or deposit; may deposit any portion of such current funds in such national bank or banks established in Boston or such trust company or companies organized under the laws of Massachusetts and doing a banking business in Boston, and on such conditions and rates of interest, as he shall deem best, subject to the approval of the mayor, provided, however, that the amount of such deposit in any bank or trust company shall not exceed fifty per cent of its paid-up capital; shall, with the Mayor and city auditor, sign all bonds and certificates of indebtedness issued by the city; shall reserve all bids for loans, and papers relating thereto; and shall, if elected, serve as treasurer of the board of sinking-fund commissioner.

Referred to Committee on Ordinances.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Charles N. Arbee, for compensation for damages at 40 Hudson street, by water in cellar.
A. L. Budroe, for compensation for damage to automobile by a defect in Hyde Park avenue.
John E. Hayes, to be paid for windows at 195 Chelsea street, and 1 and 2 Scotts court, broken by baseballs from the Mystic Playground.

Matthew J. Lydon, for compensation for injuries caused by a defect in sidewalk at 291 Market street, Brighton.

J. M. Ogilvie, for compensation for injuries caused by a fall on Bennington street, East Boston.

Charles Williams, for compensation for damage to automobile by a defect at junction of Saratoga and Shelby streets.

May J. Donaghy, to be paid for her son's coat stolen from the boys' Public Latin School.

Mrs. Nina Snitchell, for compensation for money and articles stolen from her by one of the wards of the Institutions Department.

EXECUTIVE

Charles Blessington, to be retired under the provisions of chapter 765, Acts of 1914.

Terminal Hardware & Building Supply Co., to sell, rent or lease firearms at 2125 Washington street, ward 13.

Robert E. Bigney *et al.*, that the City Council disapprove the granting of a license to the Michigan Tanning & Extract Company for gasoline tanks in South Boston.

Joseph R. Fuller, that slaughter houses be prohibited in any residential section of the city.

COUNTY ACCOUNTS.

Paul H. Hines, for disapproval of salary of a probation officer.

COUNTY COMPENSATION AGENT.

The following was received:

CITY OF BOSTON.

Law Department, 73 Tremont Street,
Boston 9, January 28, 1921.

To the City Council acting as County Commissioners.

Gentlemen,—It has been called to my attention that while the Workmen's Compensation Act (St. 1911, c. 751, and amendments thereto) was accepted by the people of the County of Suffolk at the State election of 1913, no appointment of a compensation agent for the County, as required by s. 1 of c. 244 of the Acts of 1915, has ever been made. Doubtless this is purely an oversight and the result of the fact that claims against the County are extremely rare. Lately, however, we have had one or two such claims which are meritorious and which ought to be dealt with in the way the law prescribes and in the same manner as claims by city employees against the city are dealt with. This cannot be done until a compensation agent is appointed. In view of the very small amount of work required, I respectfully suggest that the position should be held by the same person who holds the position of compensation agent for the City of Boston. The present compensation agent of the City of Boston is Thomas B. Hartly. In my judgment if \$100 annual compensation is provided it will be ample for the small amount of work required. I enclose copy of a vote which I respectfully suggest should be passed by your honorable board.

Very truly yours,

ARTHUR D. HILL,
Corporation Counsel.

Ordered, That Thomas B. Hartly of Boston be and he hereby is appointed compensation agent for the County of Suffolk.

Referred to the Executive Committee.

APPROVAL OF APPOINTMENT

Notice was received from the Civil Service Commission of approval of appointment of John H. Dunn as Street Commissioner.
Placed on file.

EXAMINATION OF BOOKS OF CITY CLERK.

The following was received:

CITY OF BOSTON.

SALARIES OF POLICE MATRONS

Coun. COLLINS offered an order—That the salaries of police matrons be established, to take effect February 1, 1921, as follows:

At the House of Detention: Chief matron, \$1,600 per year; assistant chief matron, \$1,400 per year; three matrons, \$1,200 per year.

At Station 14: One matron, \$250 per year.

At Station 6: One matron, \$350 per year.

Coun. COLLINS—Mr. President, as the president will remember, this is a similar order to that offered by the Police Commissioner. The Council offered a compromise order and that has been rejected. I offer this order at this time that the Council may consider it further, in view of the fact that one of the chief matrons, who has been there eight years, has resigned and is about to retire February 3, and unless some action is taken she will have to retire on her present pay.

Referred to the Executive Committee.

STORAGE OF DOCUMENTS

Coun. HAGAN offered an order—That His Honor the Mayor and the Superintendent of Public Buildings be requested to set apart suitable rooms adjacent to the City Messenger's office for the storage of the documents in his charge, in view of the fact that in the present quarters the documents are a fire hazard and are fast being destroyed by heat and moisture.

Coun. HAGAN—Mr. President, as a matter of record and for the purpose of calling it to the attention of His Honor the Mayor, I would say that it will be recalled that some few years ago, when the renovating or tearing down of old station 2 was contemplated, an arrangement was made to temporarily locate policemen in the basement of City Hall and the City Messenger was required to move all his documents into an unused part of the sub-basement. They are there today, not accessible, it being utterly impossible for anybody to find anything, and things are going to ruin because of the conditions. I don't think it is known to the Executive that such is the case. It seems to me a crying shame that important documents, documents that are required by citizens and by members of the city government itself, should go to ruin because of lack of proper protection. We now have rooms, fortunately, adjacent to the City Messenger's office, where those documents can be properly stored and handled and easily obtained when wanted. The object of the order is simply to call this to the attention of His Honor the Mayor, to see if it is not possible in some way to have these conditions changed.

The order was passed under suspension of the rule.

CHARLES F. M. MALLEY SQUARE

Coun. COLLINS offered an order—That the space at the junction of River and Washington streets, Dorchester, be named and known as Charles F. M. Malley square, in honor of said Malley who died from wounds received in the World War, and that said space be suitably marked with signs.

Passed, under a suspension of the rule.

RECESS TAKEN

The Council voted at 2.30 p. m., on motion of Coun. COLLINS, to take a recess subject to the call of the President.

The members of the Council reassembled in the Chamber and were called to order by the President at 4.30 p. m.

EXECUTIVE COMMITTEE REPORTS

Coun. WATSON, for the Executive Committee, submitted the following, viz.:

1. Report on petition of Charles Blessington (referred today) to be retired under the provisions of chapter 765, Acts of 1914—recommending the passage of the following, viz.:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of chapter 765 of the Acts of 1914, as amended by chapter 63 of the Special Acts of 1915, Charles Blessington, employed in the Labor Service of the City of Boston in the Public Works Department.

1. Report on message of Mayor, communication and ordinance (referred January 24) relative to the removal of refuse, etc.—that the ordinance ought not to pass, without prejudice.

Report accepted; ordinance rejected.

2. Report on message of Mayor and ordinance (referred today) concerning the bonding of subordinates in the Treasury Department—that the ordinance ought not to pass, without prejudice.

Report accepted; ordinance rejected, without prejudice.

BONDING OF TREASURY EMPLOYEES

Coun. BRICKLEY offered the following:

City of Boston.

In the Year Nineteen Hundred and Twenty-one.

An Ordinance Concerning the Bonding of Subordinates in the Treasury Department.

Be it ordained by the City Council of Boston, as follows:

Section one of chapter thirty-six of the Revised Ordinances of 1914 is hereby amended by inserting after the word "each" in the ninth line, the words "and from all other permanent employees not less than five thousand dollars," so that said section one, when so amended, shall read as follows:

Section 1. The treasury department shall be under the charge of the city treasurer, who shall require from his subordinates, for the faithful performance of their respective duties and for the safe custody of the money and other property intrusted to them, bonds to himself as obligee, with sureties satisfactory to the mayor, with penal sums as follows, namely: from the cashier, not less than twenty thousand dollars; from the tellers and paymasters, not less than ten thousand each, and from all other permanent employees not less than five thousand dollars; shall receive receipt for, and have the care and custody of, the current funds of the city from the time the same shall come into his possession, and also of all money, property, and securities which may come into his possession by virtue of any statute or ordinance, or as a gift, devise, bequest, or deposit; may deposit any portion of such current funds in such national bank or banks established in Boston, or such trust company or companies organized under the laws of Massachusetts and doing a banking business in Boston, and on such conditions and rates of interest, as he shall deem best, subject to the approval of the mayor, provided, however, that the amount of such deposit in any bank or trust company shall not exceed fifty per cent of its paid up capital; shall, with the mayor and city auditor, sign all bonds and certificates of indebtedness issued by the city; shall preserve all bids for loans and papers relating thereto; and shall, if elected, serve as treasurer of the board of Sinking-Fund Commissioners.

Referred to the Committee on Ordinances.

REMOVAL OF REFUSE.

Coun. BRICKLEY offered the following:

City of Boston.

In the Year Nineteen Hundred and Twenty-one.

An Ordinance Concerning the Removal of Refuse.

Be it ordained by the City Council of Boston, as follows:

Section one of chapter twenty-eight of the Revised Ordinances of 1914, as amended by chapter three of the Ordinances of 1916 and chapter two of the Ordinances of 1917, is hereby further amended by striking out in the twenty-eighth and twenty-ninth lines the words "grass, garden refuse, leaves," so that the said section, as amended, shall read as follows:

Section 1. The department of public works shall be under the charge of the commissioner of public works, who shall be a civil engineer of recognized standing in his profession; construct all streets and sewers; shall have discretionary power as to the grades, materials and other particulars of construction of streets, sidewalks and sewers; shall have the charge of and keep clean and in good condition and repair the streets, all sewer systems under the control of the city and the catch-basins in the streets connected with the sewers; shall keep the streets properly watered; shall remove and dispose of, at the expense of the public works department, all refuse from buildings occupied by the city except those under the control of the school committee; shall remove and dispose of the following classes of refuse from dwelling houses and from housekeeping apartments or tenements, when it is placed in yards or areas so as to be easily removed, free of charge to the producers of such refuse and to the owners and occupants of such dwelling houses, apartments and tenements, viz., swill and kitchen garbage, dust and sweepings, ashes from fires used wholly or principally for heat-

ing or cooking, waste paper, cardboard, string, packing material, sticks, rags, waste leather and rubber, boxes, barrels, broken furniture and other similar light or combustible refuse; tins, bottles, jars, broken glass, broken crockery, bones, shells, waste or broken metals and all other similar heavy or incombustible refuse. But the department shall not be required to take any such refuse from hotels, apartment hotels, restaurants, shops, stores, or from any other building whatever except those first hereinbefore enumerated and except buildings occupied by the city. The department shall not so take the refuse of manufacturing or mercantile business, or dead animals, manure, plaster, building materials, earth or stones except from premises occupied by the city, but the department may take and dispose of any refuse upon payment by the producer thereof to the city of such compensation as the commissioner shall from time to time prescribe. The commissioner shall, on the fifteenth day of each month, send to the city auditor detailed bills of all material, tools and machinery furnished by either of the divisions of the department to any other division or for any special work.

Referred to the Committee on Ordinances.

CHARLES O'CONNOR SQUARE.

Coun. FORD offered an order—That the space at the junction of Second and Third streets, South Boston, be named and known as Charles O'Connor square, in honor of said Charles O'Connor who lost his life while serving his country during the World War; and that said space be suitably marked with signs.

PAYMENT TO MRS. LOUISE MCGILL.

Coun. FORD offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation for the payment of suitable compensation to Mrs. Louise McGill whose son, Arthur G. McGill, was killed during a street riot during the police strike in September, 1919.

Passed, under a suspension of the rule.

JAMES V. McLAUGHLIN SQUARE.

Coun. BRICKLEY offered an order—That the space at the junction of Meridian and Paris streets, East Boston, be named and known as James V. McLaughlin square, in honor of said McLaughlin who died from sickness contracted while in the service of his country during the World War; and that said space be suitably designated with signs.

Passed, under a suspension of the rule.

PROCEDURE AT COMMITTEE MEETINGS.

Coun. HAGAN offered an order—Rule 34. All committee meetings of the Boston City Council shall be held in the Council Chamber with a stenographic report of the committee work, and the business session of the committee shall be conducted along proper parliamentary rules as is the practice in City Council proceedings, and said committee meetings shall, at all times, be open to the press and public.

Coun. HAGAN. Mr. President, I move a suspension of the rule that the order may go on its passage.

Coun. WATSON. Mr. President, the gentleman who has introduced this order has done so without consulting with any other member of this body. The order may not, in the first place, be in just the form it should be, and for that, if for no other reason, I think it should go to a committee. We have a Committee on Rules and it should go there for consideration, instead of being passed here today. No matter how well the gentleman opposite may build, others may be able to build a little better. The order may be improved upon, and a hasty consideration of it at this time may later bring about regret on our part. We conduct our meetings in public. Each and every committee meets in public. Any person or citizen desiring to be heard or to hear what is going on before our committee is welcome in the room in which the meeting is held, whether it is the Committee on Appropriations or the Committee on Finance, which meet here, or whether it is the Executive Committee or the Committee on Ordinances, or the smaller committees, which meet in our committee rooms. No person has ever been denied an opportunity to be present at any of our committee meetings. This order is the result of the acceptance of an invitation by certain ladies representing certain organizations in Boston to visit us and see how our meetings are conducted. They were notified to be present and to talk with us concerning the method according to which our meetings were held. To-day they appeared, and I feel satisfied that all of them left our committee

meeting feeling that our hearings were public and that no citizen whether male or female, was denied the privilege of attending our meetings. There was some question raised concerning proper notice to the public relative to matters before this body, and as chairman of the Executive Committee I said to the ladies we were in no position to call to the public's attention these hearings, that we had to rely upon the press, and that I thought their remedy, if they desired proper notice, was either to have somebody here present at the Council meetings when the matter in which they were interested and upon which they desired to be heard was referred, at that time serving notice upon us that they desired a hearing, which hearing would be granted, or to obtain such information in some way through the press. I think they were unanimously agreed that we would in such a case set a date for a hearing for them and would give them a full hearing in every particular. It certainly struck me that if there was no other way of getting the notice they might wait upon the publishers of the Boston daily papers and solicit their help in the matter of getting publicity, so that they might know, when matters were coming up and might have a hearing upon the same. I do not admit that in any way our meetings are in private. They are public. Every time when there is a year and may vote on any particular measure before any of our committees, a record is made of it by the Clerk of Committees, and any individual who may not be present when the vote is taken may upon inquiry of the Clerk of Committees find out exactly how each and every member voted in executive session or at any meeting of any committee. It usually follows, almost invariably, that whenever we vote in a certain way on a matter in executive committee, our vote taken here is identically the same. I do not accuse the gentlemen opposite (Coun. Hagan) of any unfairness, but I think what he proposes is rather hasty action to take on any matter which we all have an interest in and which the public has an interest in. An order should not be put in on such a matter in this way and a suspension of the rule for its passage immediately asked, without giving members a chance to read it or look into it, to consider it at all. The gentleman read it in the committee meeting, and asked one of the ladies present, Mrs. Quirk, if she would not approve of it. She said "Yes, that is just what I had in mind when I came in here." She knows what she has in mind, but I think she, the League of Women Voters and other organizations, will approve my course in having this matter go through the proper channels, having it referred to a proper committee. I believe any of the lady or gentlemen voters in Boston favor our conducting our business properly and in an orderly and careful way, and this matter must, of course, be considered like any other order, giving both sides a chance to be heard on the question. We have heard only one side. Therefore, I hope the member will withdraw his motion to suspend the rule. If he insists on pressing his motion, I shall ask for a ye and nay vote.

Coun. HAGAN. Mr. President, I want to correct an impression that may have arisen because of something that Mr. Watson has said. He said that I have presented the order without consultation with any of my colleagues. As a matter of fact, I read the order in open session in the executive committee, when all the members were there, and I heard no opposition at the time. I asked the ladies in attendance, presenting their case, if that was what they had in mind, whether the adoption of a rule of the City Council like that would be acceptable to them, and they replied that such would be the case. Two or three members of this body asked me to present this order. Three or four members of the body have read the order before it was presented. Therefore, it seemed to me to meet with the approval of the members. There was no disposition on my part to spring anything. I have listened to what the gentleman has had to say. He has labored along, evidently on the defensive. Just why, he knows. After he had finished, I was not quite sure whether he was for the order or against it, or was just straddling the question. I believe it is time for us to get out in the open and state our position, whether we are for this method of procedure or against it. I don't think any great argument on the matter is needed. I believe it will be better for us to have our business conducted here in open session, giving to the public an opportunity to go into the galleries and listen to everything, and having a stenographic report of the proceedings. That is real business, and if everybody is willing to do business along proper business lines there will be no objection to this order. The gentleman asks me not to move a suspension of the rule, believing that the order should be referred to a committee. Presumably he has in mind the Committee on Rules. Let me say that, in my six years in this body, the Committee on Rules have not met once, so I wonder, if this is referred to the Committee on Rules, whether it is going to lie in the archives of that committee for the next six years. If it is to be referred to a committee, I hope it will be referred to a committee that is active, and willing to press it. I don't want to crowd anything down anybody's throat. If some of the members of this body don't wish the rule suspended so this may go on its passage today, I am entirely willing to have it referred to an active committee or one that will act on it, and in that case I might withdraw my motion.

President MORIARTY. I would like to ask the Councilor who has just taken his seat a ques-

tion, if he will answer it. I would like to ask if in your six years here there has ever been an order put in to change any rule in the rules of the Council?

Coun. HAGAN. I have no knowledge of any being presented, Mr. President.

Pres. MORIARTY. So there wasn't any business for the Rules Committee.

Coun. WATSON. Mr. President, I would say for the benefit of the gentleman opposite (Coun. Hagan) when he says the Committee on Rules in the six years he has been here has never considered any rules, that, as a matter of fact, that every year the Committee on Rules has recommended the adoption of the rules of the previous year. So the Committee on Rules does give some consideration to the matter.

Coun. HAGAN. Mr. President, I wonder if the gentleman thinks he is bluffing me or bluffing somebody in connection with this matter. I am perfectly well aware of the fact that the Committee on Rules, or somebody purporting to act for the Committee does every year present an order in regard to the rules. But, as a matter of fact, we all know that that is simply an order drawn up by the Assistant Clerk of Committees and handled in, being acted on in a perfunctory way. Why not state the fact, that the Committee on Rules does not meet.

Coun. WATSON. Mr. President, I don't want to enter into any controversy with the gentleman opposite, because I am not getting at all warm upon the proposition, if he is. But the point I make is that if we have a Committee on Rules, that is the committee that should consider matters of this sort. They do consider the rules each year. If they consider them in the perfunctory way he suggests, it is unknown to me. I have not been on the Committee on Rules and don't know the attitude of the Committee on Rules, but I do know that in my first or second year in the Council the Committee on Rules did consider several matters. I know that a number of things were referred to the Committee on Rules by Councilor Ernest E. Smith. So, if my memory serves me well, I have known them to meet at least once a year in the seven years I have been here. I want to assure the gentleman opposite that I am not trying to bluff him, but that I am perfectly sincere in the action I am taking upon this matter.

Coun. HAGAN. Mr. President, I am entirely willing to say that the Committee on Rules may at times have met. I have not been on the Committee on Rules myself for some time, but will qualify my statement by saying that when I was on the Committee on Rules they never met.

Coun. WATSON. Mr. President, I understand that the gentleman withdraws his motion to suspend the rule?

Coun. HAGAN. Mr. President, I will not object to changing the motion at the solicitation of the gentleman opposite, asking that the matter be referred to the Executive Committee, if I may make that motion.

Coun. WATSON. I accept that amendment.

Coun. DONOGHUE. As chairman of the Committee on Rules for this year I want to say that, as far as I have any knowledge of the case, there has not been any proposed change of rules brought into this Council by any member of the Council this year. Therefore, it was entirely unnecessary to call for any meeting of the Committee on Rules. But I want to say now that I am in hearty accord with the idea of meeting in the open, and I want to say further that I think a great many of the rules of this Council should be changed. I think a great many of the rules of the body were put into effect under the auspices of the Good Government Association, and I feel that this reflection, if it may be termed a reflection by the Women Voters League is directly upon those who drew the rules for this Council. You know who they are and I know who they are. I feel that these matters should be discussed in the open; there is no reason why they should not be. But when there is any reflection cast on a committee of which I am appointed chairman, I think it is a reflection on the integrity of the three members of that committee. I feel that that matter should be referred to the Committee on Rules, and I would so move, Mr. President.

Coun. COLLINS. Mr. President, Coun. Hagan is right when he says it has been the practice of the Committee on Rules not to meet, because at the first meeting of the year it has been the practice of the Council to adopt rules of the preceding year, and Coun. Donoghue is perfectly right when he says no meeting has been held because there has been no business to come before the committee. I do not consider it a reflection on anybody to have the rules changed. We are living in an era of progress.

Coun. DONOGHUE. Mr. President, I move as an amendment that it be referred to the Committee on Rules.

Coun. FORD. Mr. President, I offer as a substitute motion that the rule be suspended and the order be put upon its passage today, and I request that that be done by roll call.

Coun. WATSON in the chair.

Coun. MORIARTY. I had no intention to say anything upon this matter until later, but I want to say now that I am not opposed to the changing of the rule. I will invite the changing not only of that rule but of any other rule of the City Council and am never afraid to say anything in public. I do not agree with the member who offered the order as to what went on in executive session this afternoon. I am just finishing three

years' service as a member of the City Council, and it seems very funny that at the last meeting of the Council for the year, the last meeting for the year 1920, we should decide that we want to change the rules in order to carry our political promises. If I remember rightly, during the last campaign, in the newspapers of Boston, three men signed a notice to all the Boston newspapers that if they were elected, so far as they could have it done, all future meetings of the Council would be in public. It now seems a late date, after election day until the 31st day of January, for them to suggest in this body the passage of such an order. It seems very late for this thing now to come to the surface. It is simply because they have been smoked out by a few women. Did they forget their political promise prior to election until the women came here today and smoked them out? I am in favor of open meetings. I have nothing to fear from open meetings. But I would make the statement that another member of the Council has made here, that the rules of the Boston City Council were made not in this chamber, but in star chamber meetings that were held in Parker's when the new charter went into effect. There is where the rules were made, and they were made by the majority of the members of the Council who had been endorsed by the Good Government Association. I heard some people say in executive meeting today—I don't want to mention names—that they were members of a number of organizations, but they did not tell you in that same statement that they were members of the Good Government Association. They told you that they were members of certain organizations, but did not designate the Good Government Association. I will vote on that order and will vote that all meetings be held here as suggested, but I don't see why anybody should come in here, as the Councilor who introduced the order has done, and say that he read that order before the Executive Committee when all the members were present and that nobody objected to it. I will say that the first time I heard the order read was when the clerk read it in this room, that I did not know the order was going to be introduced until I came into this room. So I, for one, did not know anything about the order being introduced until I heard it here just now. I have no objection to the order and will vote for it at any time, but I will not vote to suspend the rule for its passage until it goes to a committee.

Pres. MORIARTY resumed the chair.
Coun. DONOGHUE. Mr. Chairman, I want to say that I am heartily in favor of open meetings and that all executive meetings should be held in this chamber, but I do feel that we ought to have some proper procedure in connection with this body, and I think upon an important matter like the changing of a rule that has existed for ten years, it should at least be referred to a committee for consideration. I am probably in favor of the order as it is worded, but I am going to insist, as far as I can, that it first be referred to a committee, and that the proper procedure be followed in the matter. I am, however, against the passage of the order at this time. I will vote for its reference to a committee.

Coun. McLAUGHLIN. Mr. President.
Coun. WATSON. Mr. President, if the gentleman will give way for a moment, as I shall be compelled to leave at once, I would like to say that I shall vote against suspending the rule today, if I am present when the vote is taken, and that I would vote in favor of referring the order to the Committee on Rules. If that motion does not prevail, I would favor sending it to the Executive Committee. I want the public to know how I stand.

The motion to suspend the rule was lost, yeas 3, nays 5.

Yeas—Coun. Collins, Ford, Haglan—3.
Nays—Coun. Briekley, Donoghue, McLaughlin, Moriarty, Watson—5.

Pres. MORIARTY. By your vote you have defeated suspension of the rule.

Coun. FORD. Mr. President, I now move that the whole matter be referred to its proper committee, the Committee on Rules.

Coun. McLAUGHLIN. Mr. President, I rise now to speak on that, simply saying that I have not seen and do not see any great need for alarm on the subject matter now before us for consideration. One of the young ladies appearing before us in executive session said she had heard my voice on the floor of the Legislature many times and has not heard it since I have joined the membership of the City Council; so, as I see that she has been kind enough to stay here, I thought I would seize the opportunity of speaking before she left. In my experience of several years in the Legislature, when any particular matter such as assignment to a committee was considered, it was thought proper first to get the assent of the chairman of the committee to which the matter should properly be referred. That seemed to be a matter of courtesy. I voted against suspension of the rule after asking the chairman of the Committee on Rules whether or not the gentleman who offered the order had got in touch with him. There is no great need for alarm. I fail to see any absolute necessity for this being passed today, after eleven years of our present mode of operation under the city charter, under suspension of the rule. We do meet in open session. There will be nothing new take place under this order, Mr. President, except the appropriation of additional money, as I see it, for the services of the stenographer. So, as a matter of courtesy to the chairman of the Committee on

Rules, sir, showing him the same deference, the same courtesy, that I would want to be shown as chairman of committees over which I preside, I have voted "no" on the question of suspending the rule. I am ready to vote for the passage of the order after it has been duly referred. I am willing to work for the order in committee and to vote for it in committee, and to vote for it on this floor. But I fail to understand that there has been any particular intrigue going on because nobody here is trying to put anybody in a hole or to place them in a position where they will be misunderstood. If there were any such intent it would fail, because the Committee on Rules, if I understand the membership of it—and I am a member of it—will bring in a unanimous report in favor of the order, and there will be nobody on the floor who will vote against it. So as I say, solely as a matter of courtesy to the chairman of the Committee on Rules, I voted against suspension of the rule for the passage of the order today. I think it should be considered by the proper committee. I think it is always a good thing for us to show a little deference and courtesy to the chairman of our committees.

Coun. HAGAN—Mr. President, I wish to correct the impression that may exist in the minds of some that there was any intention on my part to cast any reflection whatever on the chairman of the Committee on Rules. He knows, without any statement on my part, that such was not the case. As a matter of fact, I did not know at the time who the chairman was. I did know that the committee was an inactive committee and that the Executive Committee was an active committee, meeting at every session. Therefore, I would say that I am now willing to accept the motion of Coun. Ford to refer the matter to the Committee on Rules.

Coun. DONOGHUE—Mr. President, I would like to know what motion is now before the house? My interpretation of the proper procedure of this Council is that when that matter was presented the rules provide that it should be automatically referred to the Committee on Rules, and in order to refer it to any other committee there must be a definite motion to so refer made, whether to the Executive Committee or any other committee. I have not risen to move that the matter be referred to the Committee on Rules. I say, Mr. President, that that motion is entirely out of order.

Pres. MORIARTY—I would say that the point of order is well taken, and that the matter is referred to the Committee on Rules.

The order stood referred to the Committee on Rules.

PENSION FOR TIMOTHY R. SULLIVAN.

President MORIARTY offered the following:

Resolved, That the City Council of Boston favors the enactment of legislation for the retirement of Timothy R. Sullivan, Court House employee, on a pension.

Referred to the Executive Committee.

CONFIRMATION OF APPOINTMENTS.

President MORIARTY called up unfinished business, Nos. 1, 2 and 3, viz.:

Action on appointments submitted by the Mayor January 24, 1921, viz.:

1. Powhatan Bagnall, to be a Constable.
2. George W. Shoales, to be a Constable.
3. Charles J. Messenger, Charles McQueen and George M. Gould, to be Weighers of Goods.

The question came on confirmation. Committee—Coun. Ford and Haglan. While number of ballots cast 7, yeas 7, and the appointments were confirmed.

GENERAL RECONSIDERATION.

Coun. COLLINS moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

Adjourned at 5:12 p. m., on motion of Coun. COLLINS, to meet on Saturday, February 5, at 11 a. m.

STATEMENT OF MAYOR PETERS ON ANNUAL REPORT OF FINANCE COMMISSION

Mayor Peters in reply to a question from a representative of the press on the annual report of the Finance Commission to the General Court, extracts from which were printed in the morning papers, said:

"There are only two misrepresentations in the report which are worth commenting on; that is, the increase in the budget after I had submitted it to the City Council and the increased number of contracts for more than \$1,000 awarded without advertising.

"The Commission states that the budget was increased \$318,000 by the City Council. This is not so. Every addition to the budget was made only with my sanction.

"Of the total amount mentioned, \$243,000 or more than three-fourths of

the total addition, had to be added to care for the removal of snow. Of course, I must admit with the Finance Commission that it was utterly reprehensible that the Public Works Department and myself should have gone so far astray on our weather prognostications as to have have been unable on February first, when the Budget was presented by the Public Works Department to foresee the heavy snows which were to occur during the latter part of the winter."

Speaking of the Commission's reference to the fact that last year there were a larger number of contracts over \$1,000 awarded without advertising than during the previous years, the Mayor said:

"More than one-half of the increases in the number of contracts awarded without advertising were accounted for in a few items: 15 contracts had to be immediately awarded for snow removal because the citizens insisted upon having the snow removed at once without waiting the customary two weeks' advertising period. This is doubtless unreasonable on the part of the citizens but it all relates back to my failure to forecast the weather, so I am responsible.

"The coal situation was such last year that we had to buy coal whenever we could get our hands on it. Advertising in several instances yielded us no bids. We found we had to get out and buy like the ordinary purchaser. I may have been responsible for the general coal situation.

"There were nine contracts for the purchase of automobiles which it would have been useless to advertise and contracts for additional motor apparatus for the fire department which would yield nothing by advertising as we are standardizing the department and can buy from only one concern. We had to make a number of purchases of sugar; this commodity being about as scarce as coal at certain times last year. Of course, all these facts could have been determined by the Finance Commission if they had cared to determine them. Still, as long as the Commission did not take credit for the entire administration of city affairs I suppose I should be satisfied."

STATEMENT OF MAYOR PETERS SURPLUS AT BEGINNING OF FISCAL YEAR 1921.

"Citizens of Boston will be greatly pleased to learn that the surplus in the Treasury at the beginning of the fiscal year in the highest in the history of the city, amounting to \$3,817,249.93, an increase of almost \$50,000 over the surplus of last year, which was up to that time the largest ever piled up in the history of Boston.

"It is unnecessary for me to say that the showing is one that reflects great credit on the officials responsible for it, especially on the City Collector, Frank S. Deland.

"At the same time, I wish to congratulate the other heads of departments for their share in making this surplus possible. Their economical handling of their departments made it possible for them to turn back unsuspended balances totalling \$370,000 which is a remarkable showing in view of the severe pruning of the budget last year before it was sent to the City Council. It is evident that having once marked out their program of expenditure for the year, the present heads of departments do not feel required to expend the full amount allotted them, but that they take advantage of opportunities that may arise to save unnecessary outlay."

PUBLIC WORKS DEPARTMENT.

February 5, 1921.

To the Mayor of Boston:

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to M. De Russo, 133 North street, Boston, Mass., is hereby requested on the ground that this contractor is not selected by the city in the first instance, but by the abutters; and secondly, the expense of construction being divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand dollars (\$1,000).

Respectfully yours,

T. F. SULLIVAN,

Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

January 28, 1921.

To resurface with asphalt macadam Morton street, from Harvard street to Canterbury street, with Division forces, the estimated cost of labor and material being \$12,000.

PARK DEPARTMENT.

February 8 to J. C. Coleman & Sons Co. as per following communication:

HON. ANDREW J. PETERS,

Mayor of Boston,

City Hall, Boston, Mass.

DEAR SIR,—You are respectfully notified that proposals were opened at this office on January 13, 1921, for the development of the World War Veterans Burial Lot at Mount Hope Cemetery, West Roxbury, as follows: John Williams & Co., \$26,570; John W. O'Connell, \$26,465; John McCourt Co., \$25,410; Coleman Bros. Inc., \$24,750; De Stefano Bros., \$22,975; Chas. Duncan & Son, \$22,650; Anthony Baruffaldi, \$22,210; Jeremiah Sullivan Sons, \$21,530; Alexander Palladino, \$19,974; D. M. Biggs & Co., \$19,850; John Kelly Co., \$19,690; J. A. Singarella, \$19,350; Chas. M. Callahan, \$19,161; A. G. Tomasello & Son, \$18,220; Martino DeMatteo, \$17,925; Smith & Leonard, \$16,049; J. C. Coleman & Sons, Co., \$15,991; Frank Drinkwater, \$14,850.

The lowest bidder, Mr. Frank Drinkwater, after being notified that the Board had awarded him the contract, subject to your approval, stated that he desired to withdraw his bid as he could not accept it for the reason that he believed there was too much rock work to be done for the price which he submitted. The Board voted that the check for \$500 submitted by Mr. Drinkwater was to be forfeited by him.

It was then voted, subject to your approval, to award the contract to the second lowest bidder, J. C. Coleman & Sons Co., 1620 Tremont street, Roxbury, for the approximate sum of \$15,991, same to be charged to the Special Loan Appropriation, Mount Hope Cemetery World War Veterans Burial Lot.

Very respectfully yours,

DANIEL J. BYRNE,

Secretary.

ADDITION TO AND DEDUCTION FROM CONTRACTS.

STATEMENT OF MAYOR PETERS ON "GREATER BOSTON."

February 4, 1921.

At the hearing before the Committee on Metropolitan Affairs at the State House, this morning, with reference to a Greater Boston, Mayor Peters said in part:

"The advantages of a metropolitan city, of Greater Boston, in other words, are so numerous and substantial as to justify all the study of particulars and all the missionary effort which will be necessary in order to effect the change. They would justify even the surrender of personal preference and the sacrifice of local pride, in so far as this may be at all necessary in a process which, as I have said, is likely to leave the present cities and towns intact and in full control of their domestic affairs.

"The most powerful and far-reaching advantage of a union is the stimulus it will give to commerce and industry. It should not be necessary to argue that our whole life, from the daily wages of a casual laborer up to the rarest manifestations of art and culture, rests on these two basic elements. We are holding our own, perhaps, in both, but we are not gaining, as we should and can, in either.

"I have been asked whether I think mere size is desirable in itself or will of itself attract business to Boston. Obviously it is not for an empty boast of numbers or to advance a few places in the list of cities that we ask for this radical remedy. It is for the weight of authority that goes with mass. We are now misrepresented to the outside world, as no other American city is, when the municipal Boston, which is about half the district, is reckoned as the real Boston. The real Boston is Greater Boston and the parts at present excluded contain some of the elements that contribute most to our prosperity. We want all the credit and advantage that should come to us for having built up on the shores of

our magnificent harbor a flourishing city of a million and a half souls.

"Such a Greater Boston, for example, might impress the authorities at Washington so as to persuade them to modify the present differential or otherwise dispatch bulk freight from the West to be sent abroad with our more costly and compact New England manufactures. In this way, and in no other that I can see, regular steamship service to foreign ports will be established. The commercial ascendancy of New York depends largely on just such regular connections.

"The benefits of commerce and manufactures, so stimulated and supported, would diffuse themselves throughout the whole district and among all classes of the population. There would be steady employment, good profits, liberal wages, increased deposits in the savings banks, and a higher purchasing power in the community.

"A second advantage of the proposed union is that it would give the federated city a better balanced citizenship. Several years ago it was estimated that 70,000 persons living in the suburbs came into Boston every day to work. The number today is probably 100,000. It includes business and professional men, store and office and factory workers, none of whom are permitted any voice in the government of the city, though errors of policy here may sensibly affect their interests.

"A federated city would bring them together, on common ground, and round out the electorate where it is now excessively one-sided. Not only should it be the right of Boston business men and Boston workers, living a little beyond the present limits, to vote on affairs of large interest to the district; it should be their duty to do so and to take part in the general government.

"A third broad gain would be the organization of our fire and public services and the highway system on a metropolitan basis. The police problem is ob-

viously a metropolitan one. The fire houses should be distributed with an eye to the hazards of the district as a whole, without regard to municipal boundaries which a conflagration might not feel bound to respect. As for the highway system, we have recognized its metropolitan character in the construction of the parkways and boulevards. But the teaming ways, which are more important, have been neglected and are far behind the present needs of the district, to say nothing of the future. The whole metropolitan area suffers, of course, from the congestion due to a central highway plexus that has been well called 'the bewilderment of strangers.' The remedy is the metropolitan city, which will widen the radial roads and join the circumferential ways in a series of concentric thoroughfares.

"Another large benefit from amalgamation in the form proposed would consist in the shifts and transfers of population that would follow. The present boundaries, artificial and all but invisible as they are, exercise a certain restrictive influence. The effect of the union of cities and towns in Greater Boston, accompanied by wise housing and health laws, will be to relieve city congestion and promote the growth of the less thickly settled suburbs.

"Finally, there are administrative improvements and economies that are by no means negligible—the reduction of overhead charges, the saving by purchase in large quantities through a central department of supplies, all the gains that go with concentration in ordinary business. Various functions that these thirty or more cities and towns now perform separately could be performed better through a common organization."

TRANSFERS IN BUDGET.

Under authority of section 3 of chapter 486 of the Acts of 1909 the Mayor has approved the transfers requested in the following communications.

SUPPLY DEPARTMENT.

Boston, January 27, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—Permission is respectfully requested to transfer:

From the appropriation for A-3, Unassigned, \$217.04, to the appropriation for B-27, Testing Materials, \$217.04.

This transfer is made necessary by the fact that I have had extensive tests made of the canal coal supplied to the Fire Department which necessitated a greater expenditure than the amount which was reserved under this item for this purpose.

Respectfully yours,

G. J. CRONIN,
Superintendent of Supplies.

HEALTH DEPARTMENT.

January 26, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR,—I respectfully ask for the following transfer within the appropriation for the Health Department:

From B-4, Transportation of Persons, to B-17, Care of Persons, \$1,216.00.

This transfer is rendered necessary by reason of the increase in the number of patients in the several sanatoria and the increases in the charge made by cities and towns for the care of patients ill with communicable diseases.

Respectfully,

WM. C. WOODWARD,
Health Commissioner.

PUBLIC WORKS DEPARTMENT.

January 28, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfer be made in the appropriation for the Water Service, Public Works Department:

From the appropriation for A-1, Permanent Employees, Mechanics, 46 at \$4.00-\$4.50 per day, \$0.00 to the appropriation for A-1, Permanent Employees, Mechanics, 45 at \$4.00-\$4.50 per day, \$0.00.

From Mechanics, 23 at \$4.50-\$5.00 per day, \$0.00 to Mechanics, 24 at \$4.50-\$5.00 per day, \$0.00.

The above to become effective January 28, 1921.

Yours respectfully,

E. F. MURPHY,
Acting Commissioner of Public Works.

FIRE DEPARTMENT.

HON. ANDREW J. PETERS,
Mayor of Boston:

I request that the following transfers be made in the Fire Department appropriation for the year 1920-1921:

From the appropriation for D-11 Motor Vehicle, to the appropriation for C-16 Wearing Apparel, \$200.

From D-13 Chemicals and Disinfectants, to C-16, Wearing Apparel, \$1,100.

From D-16, General plant, to C-16, Wearing Apparel, \$200.

This transfer is necessary in order to pay for the uniforms delivered by A. Schuman & Company this year.

Yours very truly,

JOHN R. MURPHY,
Fire Commissioner.

Reasons for transfers:

A-1, Personal Service. Too much money previously transferred from these to other items.

B-39, General Plant. Transfer necessary to make payment of estimate on contract.

Respectfully yours,

E. F. MURPHY,

Acting Commissioner of Public Works.

PARK DEPARTMENT.

January 28, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston,

DEAR SIR,—Your approval is respectfully asked for the following internal transfers in the appropriation for the Park Department and the Cemetery Division of the Park Department as follows:

From the appropriation for A-1 Personal Service; 1 Secretary, at \$2,800, \$42; 3 Stenographers at \$1,350, \$77.67; 2 Stenographers at \$1,200, \$46.02; 10 Foremen, \$1,900, \$145.72; 1 Tankman at \$4.50 per day, \$252; 1 Wheelwright, \$1,600, \$184.07; 1 Draughtsman at \$1,300, \$413.13; 2 Transistmen at \$1,600, \$591.67; 10 Physical Instructors at \$1,500, \$553.49; 1 Head Keeper of Birds at \$4.50 per day, \$104; 10 Carpenters at \$5 per day, \$988.50; 1 Concrete Moulder at \$5 per day, \$30; 13 Custodians at \$1,500, \$168.50; 6 Custodians at \$1,300, \$975.67; 1 Electrician at \$5.10 per day, \$10.20; 7 Engineers at \$33 per week, \$125; 6 Firemen at \$33 per week, \$99; 7 Gardeners at \$5 per day, \$134; 26 Gardeners at \$4.50 per day, \$1,864.99; 4 Gas engine Operators at \$5 per day, \$100; 5 Inspectors at \$1,500, \$236.32; 1 Ironworker, \$5 per day, \$45; 10 Machinists at \$5 per day, \$375; 1 Machinist at \$5 per day, \$30; 2 Masons at \$5 per day, \$87; 10 Painters, \$5 per day, \$195; 6 Parkkeepers at \$4.50 per day \$52.50; 10 Pianists at \$16 per week, \$1,651.66; 1 Pipe fitter at \$5 per day, \$15; 2 Plant cleaners at \$16 per week, \$814; 4 Plumbers at \$5 per day \$45.31; 2 Riggers at \$5 per day, \$894; 1 Shepherd at \$4.50, \$27; 6 Swimming Instructors at \$4.50 per day, \$1,377; 116 Matrons at \$16, \$1,228.18; 37 Matrons, \$2.66; 16, \$1,634.25; 1 Harnessmaker at \$96.08, to Employees, etc., 348 at \$4 per day, \$15,667.35.

The above transfers are asked for to restore to the Item Employees, mechanics, etc. the amount taken from it as slack when making up the estimates in the budget.

From the appropriation 1 Harnessmaker at \$4.50 per day, \$254.92, to 1 Deputy Commissioner at \$2,800, \$13.42; 1 Civil Engineer, \$2,000, \$3.84; 1 Supt. of Parks at \$2,300, \$3.83; 1 Curator at \$2,800, \$3.83; 1 Physical Director at \$2,300, \$3.83; 8 Chauffeurs at \$27, \$196; 4 Engineers at \$31, \$30.17.

The above transfers are asked for to pay for salary increases made in January 1921 made necessary by the reorganization caused by the consolidation with the Cemetery Department. The reason for asking for transfer of \$196 for 8 Chauffeurs is that the amount asked for was insufficient.

The transfer of \$30.17 for 4 engineers is asked for on account of error in taking \$30.17 too much from the wrong line on engineers to charge to special appropriation.

From C-7, Furniture and Fittings, \$11.97, to B-4, Transportation of persons, \$11.97; from Furniture and Fittings, \$2, to B-10, Rent, Taxes and Water, \$2; from Furniture and Fittings, \$1, to B-41, Horseshoeing, \$1; from Furniture and Fittings, \$75, to D-7, Veterinary, \$75; from Furniture and Fittings, \$15, to E-1, Building, \$15; from Furniture and Fittings, \$10, to E-12, Parks and Recreation, \$10; from F-11 Workmen's Compensation, \$155.83; to D-4, Forage and Animal, \$155.83; from F-12, Randolph St. Playground, \$43.64, to D-4, Forage and Animal, \$43.64.

The above transfers are asked to adjust charges made necessary by credit of \$500.

charged against B-39 for incidental expenses to be accounted for at the end of the year.

From A-1, 26 Gardeners at \$4.50, \$624.45; to B-39, General Plant, \$624.45; A-2, Temporary, \$240.20 to B-39 General Plant, \$240.20; from A-3, Unassigned, \$71.01, to B-39 General Plant, \$71.01.

From Cemetery Division Appropriation: A-1, 42 Laborers, \$713.20, to Park Dept. Appropriation, B-39 General Plant, \$713.20; from A-3, Unassigned \$318.50, to B-39 General Plant, \$318.50; from B-6, Hire of Teams, \$37.37, to B-39, General Plant, \$37.37.

The above transfers are needed to make final payment on bills for repairs urgently needed that had to be done. This item for General Plant Repairs was cut from \$45,000 to \$33,000.

From A-1, General Supt., \$425, to B-42, Music Concerts, \$425; from E-1 Building, \$282.82 to B-42, Music Concerts, \$282.82.

The above transfers are asked to pay for expenses incurred for Christmas tree for which no appropriation was provided.

Yours very respectfully,

JAMES B. SHEA, Chairman.

PUBLIC WORKS DEPARTMENT.

January 29, 1921.

To the Honorable the Mayor:

I respectfully request that the following transfers be made in the appropriation for the Sanitary Service, Public Works Department:

From Mechanics Assistants, 8 at \$3.75-\$4.25, \$1,081.57 to B-19, Disposal of ashes, dirt and garbage, \$1,081.57.

From Laborers, Teamsters, Stablemen, Watchmen, Yardmen, Janitors, etc., 511 at \$3.50-\$4.00 per day, \$4,881.83, to B-19 Disposal of Ashes, Dirt and Garbage, \$4,057.99; D-4, Forage and Animal, \$823.84.

From B-6, Hire of Teams and Auto Trucks, \$1,680.90 to D-4, Forage and Animal, \$1,672.90; C-5, Motorless Vehicles, \$3.00.

The reasons for these transfers is explained below:

A-1 and A-3, to cover deficit caused by insufficient appropriations being made.

F-11, to provide for payment to injured employees not anticipated.

B-15, to pay for outside repairs on a number of carts which was not provided for when budget was submitted.

D-4, to pay for hay and grain furnished.

B-19, to cover deficit caused by default of contractor in Dorchester district as a result of which a higher price had to be paid on a new contract.

Respectfully,

E. F. MURPHY,

Acting Commissioner of Public Works.

INSPECTION OF PRISONS.

Coun. BRICKLEY, for the Committee on Prisons, submitted the following, viz.:

(Document 116-1920.)

ANNUAL REPORT OF THE COMMITTEE OF THE CITY COUNCIL ON INSPECTION OF PRISONS.

In City Council, February 5, 1921.

This report is made in accordance with the provisions of chapter 223 of the Revised Laws by the Committee on Prisons, which has attended to its duty and submits the following:

The following institutions are reported on: Suffolk County Jail, Charles street; House of Correction, Deer Island; Suffolk School for Boys, Rainsford Island.

SUFFOLK COUNTY JAIL.

This institution was inspected twice by the Committee and the conditions existing there indicated a painstaking and intelligent administration. A high standard of cleanliness was in evidence throughout the institution. The inmates appeared contented and the discipline and morale of the jail is commendable. The addition to the jail structure, which will afford hospital accommodations and provide space for religious exercises, promises to be completed early in the coming summer. We again strongly urge the installation of flush toilets and running water to take the place of the obsolete, filthy and unsanitary bucket system, and an immediate appropriation should be made for this work. The jail records show that over fourteen thousand persons visited the inmates last year, and as all authorities seem to agree that visits of relatives and friends have a salutary effect upon those detained this record of the jail upon this phase of correctional management is worthy of praise. The Suffolk County Jail meets all requirements, and any attempt to disturb present conditions should, in the interests of the city, be vigorously opposed.

HOUSE OF CORRECTION.

The required number of visits were made by the Committee and conditions on the Island were found to be excellent. The old prison and temporary building—the new prison, known as Barrack B during the Navy's occupancy of the Island, and the hospital are not used at the present time. The inmate population of the Island is the smallest since the House of Correction was established there, and it is housed in the new Women's Prison. There have been no female prisoners cared for at Deer Island since February last. The inmates are better housed than in any other prison in the State and the menu has been greatly improved, comparing favorably with any penal institution the committee has any knowledge of. The office and detention rooms at Eastern avenue wharf have been put in excellent repair. New toilets have been placed in the detention room and cement floors replace the old un-hygienic wooden floors. The buildings have been painted inside and out. The Committee feels that repairs must be made immediately on the sea wall, as the central power plant is in danger of destruction during the next severe storm.

The Committee make the following recommendations, viz.:

1. Immediate action in repairing sea wall as spoken of above.
2. Work should be begun on the new cow-tie-up, and be completed as soon as possible.

SUFFOLK SCHOOL FOR BOYS

The Committee visited the School but as it was officially closed December 31, 1920, any remarks concerning it would be idle and of no weight. Therefore, the Committee respectfully submits its report to the City Council.

For the Committee,

DAVID J. BRICKLEY,
Chairman.

(Annexed were tables giving number of inmates at the various institutions.)

The report was accepted and ordered printed.

CLAIMS.

Mrs. Charles E. Wentworth (referred June 28), personal injuries.

Reports severally accepted; petitioners given leave to withdraw.

2. Report submitting list of claims acted upon during the municipal year 1920—recommending that the same be printed as a city document (Document 115).

Report accepted; said recommendation adopted.

REPORT ON PRINTING PLANT.

Coun. BRICKLEY, for the Special Committee on labor trouble at Printing Plant, submitted the following, viz.:

The Special Committee of five members of the City Council have met in conference with the delegates of the various printing unions, and have listened to their case with a desire on the part of the committee to adjust the controversy existing between the Executive Department of the city and the printers' unions.

The result of this conference has decided the Council Committee to advocate a compromise between the parties interested, as we believe this compromise is fair and equitable, and will be for the best interests of the city.

We arrived at this conclusion because of knowledge obtained from the office of the City Auditor, which proves that the Municipal Printing Plant has not only paid all of its overhead charges but is a distinct asset to the city, as the plant shows for the last fiscal year a net profit of approximately \$69,000, and for the past three years a net profit as noted on the auditor's books, of \$127,000. A further study has shown that the Municipal Printing Plant has shown a net profit during a previous administration of a substantial sum. The auditor's books show that during a previous administration \$50,000 was transferred from the profits of the Municipal Printing Plant to the Overseers of the Poor to care for urgent needs in that department.

The Committee is convinced that the Municipal Printing Plant is a success and should be continued, and that it would be a direct loss to the city to close it and let the city printing out to private printing establishments. We have in mind the fact that the city has an investment there of approximately \$100,000, which would show a big loss to the city if it was scrapped and discontinued, and we likewise believe that during the period of inactivity now at the plant the overhead charges that must be met will show quite a loss to the city as the machinery and plant has naturally deteriorated, and, therefore, work should be started as apedily as possible.

The Special Committee of the Council is in favor of continuing the Municipal Printing Plant, and is opposed to the thought, as publicly expressed by His Honor the Mayor, of discontinuing the plant.

We, therefore, advise that the Mayor agree to the wage scale prevailing in this community, so as not to be a menace to the wage standards of the several thousand printers and binders in Boston, the same to take effect as of March first. This means but a small increased expense to the city and will be a happy settlement of this controversy, and if accepted by the Mayor will start the wheels of progress at the Printing Plant. This compromise, if agreeable to the Mayor, will be agreeable to the women and men employed by the city at the plant.

For the Committee,

DAVID J. BRICKLEY, Chairman.

The report was accepted, yeas 9, nays 0.

RULES.

Coun. DONOGHUE, for the Committee on Rules, submitted a report on amendment to rules (referred January 31), as to conduct of committee meetings—recommending the passage of the following, viz.:

Ordered, That the rules be amended by inserting after Rule 30, the following new rule, and renumbering the subsequent rules:

Rule 31. All meetings of committees shall be open to the press and the public, and shall be conducted in accordance with the rules of the City Council and parliamentary practice.

The report was accepted and the question came on the passage of the order.

Coun. HAGAN—Mr. President, I move the substitution of the original order because I personally prefer to have an opportunity to go on record as in favor of the original order, and I think that there are other members of this Council who feel the same way as I do. I believe in doing business absolutely in the open, and in that open-door policy which I think should be the practice in this city government. The report of the committee as sent back is, to my mind, more or less meaningless, for it does not grant any requests that have been made upon this body by the women

connected with the Municipal League who called on us and presented their case at the meeting of the Executive Committee at our last session. After reading the report of the committee, the only so-called change I see is in the words:

"All meetings of the committee shall be open to the press and the public, and shall be conducted in accordance with the rules of the City Council and parliamentary practice."

Mr. President, I ask the Chairman of the Committee on Rules to inform me what change that is from the present existing methods. The Chairman of the Executive Committee at the last session repeatedly assured the women voters who were there, and also stated to us, his colleagues, that that was the practice; that the public were always invited to our meetings, or always have been permitted to come into the committee rooms. Now if the Chairman of the Executive Committee was right in his conclusion that that policy always has been the policy of the City Council, then there is no need of this report of the committee, because it is only setting down in black and white that which has been the custom according to the statement of the Chairman of the committee. But what do we really find, Mr. President, after tearing the veil right down? We find that there is the disposition to meet in committee session in the committee room, in preference to this open Council chamber, and that what has been stricken out of the original order is an objection to the stenographic report. Now, I do not see why any man, in a committee session dealing with a public matter, should object to whatever he might say on the subject up for consideration becoming a matter of public record. If it is worth saying, it is worth preserving, and if there is a whole lot now said that should not be said, it probably would not be said if there were a stenographer present. We are told in the report of the committee that "all meetings shall be open to the press and the public." The press covering City Hall will know that, and they know how to get into that committee room. Those who are well acquainted with City Hall and the Council chambers will likewise know. But the public-at-large—how are they to know, and how can they get in? Naturally, they would expect to go through the front door, which is the door that leads from the corridor. The public are always invited, and the public are being publicly invited, but the door is locked all the time. How are they going to get in? Why, there is another entrance we will say, we will call it a back door, through the Clerk of Committee's room,—a door not generally known to the public. It is for our convenience, the convenience of the Council, to get from one room to the other. It is not a public door, it is not opened to the public. That door is likewise closed, never open, but not locked. But the one public door that the public are being invited to enter is locked; I cannot get into the room without taking a passkey. Now, I want to know if that is dealing fairly with the Women's Municipal League voters? I wonder if making a statement of this sort is really open and above-board, and the policy that this Council ought to adopt. We are saying that they are free to enter, but we have closed the door in their faces. As I understand it, what the women wanted was, that the meetings be held in this Council chamber where they might be privileged to enter, here and in the balcony, which is at all times open to the public,—and carry back to their respective meetings anything that they cared to, anything that they were interested in or could remember of the proceedings of the members of the city government. Are those women voters to be expected to find some way to get into that committee room to listen to the proceedings,—in a small room where nine men are smoking, where the atmosphere and the environment are not of the best, where it is not best for you or for me to be from a health standpoint? This is the open place in here, and this is the place where the committee meetings, in my judgment, should be held. Mr. President and gentlemen of the Council, I believe I am voicing the sentiments of the Women's Municipal League in asking that the original order be substituted, passed upon, and adopted by this Council, for, in my judgment, if I sense properly their temper, they are not going to be satisfied with this camouflaged, meaningless report of this committee, which simply says they are given the privilege of coming in, when they are at the same time told that they always have had that privilege if they cared to enjoy it. If I sense their temper, they mean to have something that is more to their liking.

Coun. DONOGHUE—Mr. President, I did not intend to get into any argument over this rule, but, inasmuch as our friend on the left (Coun. Hagan) is trying to make some political capital out of this rule, I think that, in justice to those who feel that the Council is now conducted along the lines of proper parliamentary procedure, and in view of the fact that the women voters as represented by Miss Luscomb at the last Executive Committee meeting stated that the meetings as conducted by the Council were absolutely satisfactory, we should not get alarmed over this wonderful rule that has been introduced by the Council on the left (Coun. Hagan). I would like to ask him just what difference there is in the original which he suggests and the report of the committee? As far as I can understand, the only difference is that possibly he thinks every meeting of every committee, whether it be of two or three members of this Council or of the entire membership, should be held in this par-

ticular room. That to me is meaningless, because if we had a meeting such as we had yesterday, for instance, with the Mayor of this city, I do not believe that we would have been able to have had such a satisfactory talk as we did have with him if the meeting was held out here. Further than that, I feel that as far as the stenographic report goes, or a copy of everything that anyone says at a committee meeting, it would be entirely impracticable; and, in the second place, it would be expensive for this city government. I think that now we have altogether too much talking and too little action; I feel that the shelves of this old hall are cluttered up with many reports that would only be added to if some of the orators of the day were to have their say and have everything that they said taken down in shorthand for the benefit of whoever might find the time to read it. I feel that very few people would be interested in what is going on in many of the committee meetings I have sat in on in the last two years that I have been a member of this Council. It seems to me rather ridiculous that at this time, the last meeting day of the year, the rule that has applied for eleven years (seven or eight of which the Council who introduced the order has been a member of this Council) should be objected to. He (Coun. Hagan) never saw fit to object to the meetings in the days gone by. And why now, the last meeting day of the year, amend these rules which have existed for eleven years and which expire automatically, as we expire, at twelve o'clock or half past twelve today? Now, I think in the first place it was introduced merely for political reasons, and, in the second place, I feel that, with the committee meetings open to the press and to the public, we should take the word of those who are responsible for the introduction of this order that they are absolutely satisfied with the way the meetings of this Council and the committee meetings are held, and I do not believe that they will insist that every meeting of this Council must be held in a particular place. I think that the convenience of the committee should be considered. A large committee might necessarily meet here, and there is nothing to prevent us from meeting here if we so see fit, under this rule. On the other hand, I do not think we should be so bound down that we must meet in this chamber,—although it doesn't make very much difference. I cannot see where the Council sees any real difference between the order that be introduced and the amended order passed by the committee. The Council on the left (Coun. Hagan) said that the door on the outside is always locked. Well, I have been coming up here for the last two years and I have always found the door wide open. I think he is referring to one of the side doors, and I think that it is an unfair statement to make—that the doors of these committee rooms are always locked. I do not believe that any such statement as that should go by and the inference be allowed to carry that we meet here behind closed doors, because it is not so, and the members know that it is not so, and everybody in this room knows that that is not so. And when that statement is made I think that it is absolutely uncalled for and unjustified. I feel that he (Coun. Hagan) is only trying to boost along his own political aspirations at the expense of the colleagues with whom he has served for at least the last two years, and I think it is a very unfair statement. I hope that the rule as reported by the committee will be accepted, and the other rule suggested by the Council on my left (Coun. Hagan) defeated.

Coun. WATSON—Mr. President, I presume that I have no place in this debate strictly speaking in view of the fact that the introducer of the order and the Chairman of the committee have reported on the order and have had their say. And I would not perhaps enter into the discussion if it were not for the fact that the gentleman opposite (Coun. Hagan) referred to the Chairman of the Executive Committee a great deal in his remarks. As a matter of fact, I have never been considered a conservative or an ultra-conservative, but usually a radical or a conservative-radical,—which is what I presume I am today. But I consider this whole proposition a tempest in a teapot, and, if it were not for certain surroundings here today, I doubt very much if there would be anything said on this order. But there are certain surroundings, and the gentleman opposite (Coun. Hagan) is, in my opinion, entitled and has a right to discuss the question under consideration—more particularly in view of the fact that during the campaign, for publicity purposes, he, the leader of the minority in this body, and the gentleman on my left (Coun. Lane), and the gentleman who didn't arrive in this body by the Good Government vehicle, but remained at home because of the good judgment of the voters in re-electing our President, saw an opportunity to get, speaking in the vernacular of the newspaper room, "good copy," or a little publicity in the press at a vital moment in the campaign when things looked dark and issues were scarce, and so decided that they would issue a statement that all committee meetings should be in public, and that a stenographic report of those meetings should be published. That, I understand, was the result, additionally, of some talk, either privately or publicly, that the leader of the minority had with the League of Women Voters at a meeting held in Pilgrim Hall or some hall on Beacon street. That was issued, and it sounded mighty good; it made good copy for them. When I first entered this body, Earnest E. Smith, then a member of the body, also thought things were not right, that there was not enough publicity, but

after I had been here awhile tussling with my job, and getting accustomed to things, I found out that half of what some people imagined wasn't true. So, this is really a tempest in a teapot. The only change in this order from the order introduced by Coun. Hagan is the striking out of the words "to be held in the Council Chamber." Whenever there is occasion to hold committee meetings here to accommodate those who desire to be present, they are held here. We have had several meetings of the Executive Committee here in this chamber because of lack of room in the committee room, and of course that should be so. But there have been days, and the gentleman knows it, when we have had committee meetings with only four or five of us present, and if we couldn't have huddled together and kept warm we would have frozen to death. As a matter of fact, when the novelty of attending meetings is worn off, and when Miss Luscomb finds out more than she has up to date, I am satisfied that she will endorse the attitude taken by the Committee on Rules, and by the majority who will vote that we accept its report—as I am going to vote. Now, as a matter of fact, the order introduced by Coun. Hagan says this rule shall be rule 34. As a matter of fact we have a rule 34, which provides "that the foregoing rules shall not be altered, and so forth." Now concerning the conference we had yesterday. The ladies said they would like notices of when our committees hold their bearings. Well, if we had a hard and fast rule concerning notices to the public about committee meetings, and had that rule applied to all meetings, we could never have had such a meeting as we had yesterday, hurriedly called to confer with His Honor the Mayor concerning the possible compromise of the strike at the Printing Plant. There was an occasion where speed was necessary, and perhaps some slight privacy, if I may say so, because I doubt very much if His Honor the Mayor would have talked as frankly in public concerning the situation where there would be a stenographic report taken, as he did yesterday, because those who were not present have to depend on the other fellow's version, or my version, or my friend's version, as to the position taken at that particular meeting. Now, I believe in absolute publicity, and I believe that my good friend opposite (Coun. Hagan), the leader of the minority, is satisfied that we have sufficient publicity, and he is pretty well satisfied, I think—although I may be in error—that our committee meetings are all right. But he has got to be consistent; his publicity stroke in the press prior to election is printed in black type, and he has got to justify it in a way. I don't blame him, and of course he is a practical business man, and he has grown into a practical politician, because, in my opinion, Henry E. Hagan, my friend, is the most practical and the ablest politician in this body, notwithstanding the fact that he secures the support of the Good Government when he runs. Of course we know he was close to the line this year, but he got by. So much for that. Now let us go to work and vote unanimously for this order which says that all meetings of the committee shall be open to the press and to the public and shall be conducted in accordance with the rules of the City Council. I am advised by my friend on the left (Coun. Ford) that I am doing finely. This is the last meeting of the Council, and we are going to have a mighty fine time this afternoon although it is prohibition time. I am informed we are going to have malted milk, and we can't have any frozen pudding because the necessary wherewithal isn't forthcoming—unless Henry produces it! I say in all sincerity now that this is a trivial matter. I know that the ladies representing the organization that appeared before us the other day are pretty nearly satisfied when they stop to think that there is only one more hour for the rule to live. As a matter of fact, there will never be a committee meeting under this rule even if we do adopt it in its entirety as suggested by Coun. Hagan. Is it worth while to leave here today with a division? Let us all at this time vote unanimously in favor of the Committee's report. Let us go to work and then this matter can be taken up and considered by the new Council. Even if the order of Coun. Hagan can secure five votes, if it becomes a rule for the year, we will not live under it, and if it receives only four votes, we will not live under it. Here we have about five minutes left, and time is too precious to even waste five minutes. I am going to ask my good friends to vote unanimously and start the good time that we are preparing for now at Young's Hotel.

Coun. HAGAN'S motion to substitute was declared lost. Coun. Collins doubted the vote and asked for the yeas and nays.

The motion was lost, yeas 4, nays 5.

Yeas—Coun. Collins, Ford, Hagan, Lane—4.

Nays—Coun. Brickley, Donoghue, McLaughlin, Moriarty, Watson—5.

The question came on the adoption of the rule.

Coun. McLaughlin asked for a roll call.

The motion was lost, yeas 5, nays 4, (a two-thirds vote being required for adoption).

Yeas—Coun. Brickley, Donoghue, McLaughlin, Moriarty, Watson—5.

Nays—Coun. Collins, Ford, Hagan, Lane—4.

RECESS TAKEN.

The Council voted at 12.11 p.m., on motion of Coun. McLaughlin, to take a recess subject to the call of the President.

The members of the Council reassembled in the Chamber and were called to order by the President at 12:37 p.m.

EXECUTIVE.

Coun. WATSON, for the Executive Committee, submitted the following, viz.:

1. Report on petition of Henrietta Fetzter (referred today), for permit for children under 15 years of age to appear at Jordan Hall, March 19, 1921—that permit be granted.

Reported accepted; permit granted on the usual conditions.

2. Report on communication from Police Commissioner (referred today), appointing substitute matron—recommending the passage of the following, viz.:

Ordered, That, in concurrence with the Police Commissioner, the compensation of the substitute matron to serve at the House of Detention be fixed at the rate of twelve hundred dollars per year for the actual time served.

Report accepted; order passed.

3. Report on order (referred January 31), that the City Council favors the enactment of legislation for retirement of Timothy R. Sullivan—that the resolve ought to pass.

Report accepted; resolve passed.

4. Report on petition of Joseph R. Fuller, *et al* (referred January 31), that slaughtering animals be prohibited in any residential district of the city—that no further action is necessary.

Report accepted.

5. Report on communication from Joseph R. Fuller, *et al* (referred January 24), protesting against proposed poultry slaughter house on Ballou avenue—that no further action is necessary.

Report accepted.

DISPOSAL OF UNFINISHED BUSINESS.

Coun. COLLINS offered an order, That all matters of an unfinished nature in the hands of the several committees of this City Council be referred to the City Council of 1921.

Passed, under a suspension of the rule.

GROUP PICTURE OF COUNCIL.

President MORIARTY offered an order, That the City Messenger be directed to obtain a group picture of the members and officers of the City Council, and furnish a copy of same to each of such members and officers, the expense to be charged to the appropriation for City Council, B-37.

Passed, under a suspension of the rule.

CLOSING PROCEEDINGS.

Coun. HAGAN offered the following:
Resolved: That the thanks of the City Council be extended to James T. Moriarty for the impartiality and ability he has displayed as presiding officer for the municipal year 1920.

Coun. HAGAN said:

Mr. Clerk, it has been the custom in this body from time immemorial during the closing session of a City Council to present such an order in recognition of the services of the retiring president who has served us during the past fiscal year. The position of president of a legislative body such as we have here—composed of conservative gentlemen, business men, radicals, almost radicals and conservative radicals, as they see fit to describe themselves—is something that tests the nerve of any presiding officer. He has much to contend with, and I wonder that our president, patient and deserving as he has been during the past year, with all the opportunities that we as members of the body have presented to him to upset his equilibrium, has come through as he has. The words of the order are cold indeed, and would not truly express the sentiments of your colleagues here were something not to be said by word of mouth in the way of felicitations to you on this occasion, to show that we are extremely grateful to you for the fair and impartial manner in which you have conducted your office during the past year. You have always observed a good spirit of brotherhood and fairness, and we feel that any City Council of the future that will have as able and fair-minded a presiding officer will be most fortunate indeed. Words, after all, are apt to be forgotten, particularly words in the City Council chamber, which do not resound down into history. But your colleagues, believing that they would like to leave with you some more lasting manifestation of their affection and their feeling for you, have given to me the very pleasing task of presenting to you this slight token of their esteem, with the hope that the friendships made between us here during the past years, even with the political differences that have sometimes been interjected, will live long with us. (Applause.)

(Coun. Hagan here presented President Moriarty with a handsome gold watch.)

The resolutions were adopted by a unanimous rising vote.

President MORIARTY said:

Fellow members, I wish to say in closing the last meeting in which I am to preside as president of the City Council for the year 1920, that it was

not only a pleasure to be selected as presiding officer of the Boston city government at the hands of you eight men, but that it has been an honor that I will hand down to mine. That honor could not have been shown me without the votes of you men who put me here. I realize that when I was elected there was a division; but I felt upon taking the chair that that division ought to be wiped out, and I tried to use each and every member as a representative-elect of the citizens of Boston, endeavoring to carry out that idea in my every act as presiding officer. I trust that in this present year, when I go back to the floor with you, my fellow members, in this body where we are not going to have a change of faces, that during the year 1921 things will be as harmonious to the new presiding officer who will be elected to take this chair as they have been during my term. I have no word of criticism of any member of the Boston City Council for anything that has been done during my term as presiding officer, and in leaving here today I leave with regrets, realizing that the position of president of the City Council of Boston is a big one, that the presidency of the government of such a city is a great honor to any citizen. And so I shall carry with me the honor of having once occupied that position. I thank each and every member of the Council and the attaches for their kindness and co-operation throughout the year, and I hope the feeling between all of us will continue to be as close and friendly as it has in the past. Again, I thank each and all of you as I leave the chair as your presiding officer.

Adjourned without day, on motion of Coun. Watson at 12:47 p.m.

Monday, February 7, 1921.

The first meeting of the City Council of 1921 was held in the Council Chamber, City Hall, at 10:30 a. m., all the members and members-elect for 1921 being present.

Senior member Coun. WATSON took the chair and called the members to order at 11:09 a. m.

On motion of Coun. Collins, a committee of two was appointed (the Chair appointing Coun. Collins and Coun. Brickley) to escort His Honor Mayor Peters to the Council Chamber.

The committee retired, accompanied by the City Messenger, and presently returned escorting the Mayor and suite, including heads of departments and ex-mayors Thomas N. Hart and Daniel J. Whelton to the chamber.

His Honor Mayor Andrew J. Peters took the Chair, and said:

"The audience will now give their attention while the Chaplain leads us in prayer."

Chaplain Rabbi Harry Levi of the Temple Israel prayed:

"Our Father, to whom we owe all that we have, are and hope to be, we are so dependent on Thee, so small, and the universe is so large, that without Thy help the utmost of our efforts will be of absolutely no avail. We need Thee in our every undertaking. Except the Lord filleth the house, those who fill it labor in vain. That is why at this hour we lift our hearts and our voices to Thee in prayer, asking Thy guidance and Thy counsel, as we enter anew at this hour into the field of civic service and civic toil. Do not let us underestimate its responsibilities; make us realize always its far-reaching significance, its promise and its possibilities. Make us understand always that we are but stewards of that which we possess; that whether we have means or talent or station, Thou hast given it to us that we might share and serve; that the measure of our means is the measure of our obligation, that the measure of our ability is the measure of our responsibility. Let us not disappoint Thee in the use of the generous opportunities Thou hast given us; let us not disappoint our fellows whom we represent and give us Thy power in order that we may serve Thy interests; let us measure up to the significance of the hour in which we stand here in all that we do. If by the service we render we shall merit a measure of Thy favor, grant it to us; if we do not merit it, smite us with Thy disfavor and displeasure. May the service we render result in something of good to the whole community of which we are a part. Bless us in it, that we may well serve. Bless this community and help us to do something of real and lasting benefit for it. May the measure of our works and the measure of our hearts be acceptable to Thee, our Lord and Redeemer. Amen."

At the conclusion of the prayer the City Clerk read the communication from the Election Commissioners certifying the election to the City Council for three years of Henry E. Hagan, Daniel W. Lane and James T. Moriarty, and the oath of office was then administered by the Mayor to these members-elect.

The members-elect then took their seats with the other members, and His Honor Mayor Peters then read his message, as follows:

MAYOR'S ADDRESS.

Gentlemen of the Council:

Outwardly this occasion would appear to be almost an exact repetition of our meeting a year ago. The citizens of Boston in the exercise of their judgment have decided that your honorable body should still consist of nine members, each elected as before by the entire electorate, and that those members who served in the preceding term should be asked to continue to give of their knowledge and

experience for the benefit of the community. But in other respects the twelve months that have elapsed since I was privileged to address you have been months of substantial change. We ourselves may have changed a little. We may have accepted some new convictions or abandoned a point of view that had previously influenced our action. The general conditions that surround us, the problems presented to us for solution, are certainly different.

What does not alter in a twelvemonth or a century is the obligation that rests upon each of us to serve his fellow citizens in a spirit of loyalty to his own ideals and at the same time of co-operation and mutual forbearance, so that the city may not through any action or neglect of ours fall short of its own high standard.

GENERAL FINANCE.

The expenses of government, like those of private living, mounted constantly during a great part of the year just ended.

The universal inflation of costs was reflected in our total appropriations.

As a consequence of these larger appropriations, the tax rate rose to \$24.10 a thousand, the highest tax rate in the history of Boston, though still one of the lowest among the cities of the Commonwealth, 32 of which had higher rates and only 5 lower rates in 1920, and much lower than that of several of the other large cities of the country. A comparison with the figures of the previous year shows that the rate for the departments over which the Mayor and City Council have jurisdiction actually declined, while the rate for the School Department and for the state tax and assessments rose to an unusual degree.

Tax Rate.	1919.	1920.	Increase.
General departments	\$12.13	\$11.90	2%*
Schools	5.02	7.14	42%
State	3.24	3.64	12%
Elevated Railway deficit	1.79	...	...
County	1.42	1.42	...
Total	\$23.60	\$24.10	
*Decrease.			

While the rate for the general departments was the lowest since 1917, the rate for the state charges increased by 12.3 per cent and that for the schools by 42.2 per cent. Had these two items been kept down to the percentage of increase of the other appropriations, the tax rate would have shown a large decrease. The increased cost of the schools was due, among other causes, to an advance of salaries, but I think it wise to call attention to the disproportionate rise in the school expenditures as compared with those of other departments not less essential to the public welfare. I may note that the maximum of the school allowance from taxes for the coming year will be further increased by about \$1,750,000, a total increase of nearly 91 per cent over the appropriation for 1918.

Other factors affecting the tax rate unfavorably were the increase in wage appropriations in our own departments, amounting to more than \$1,600,000, the very large expenditure for the removal of snow and the loss of \$470,000 in liquor revenue.

Among favorable factors was the omission of the special assessment to cover a deficit in the operation of the street railway system, which in 1919 had amounted to nearly \$3,000,000. An increase of \$44,000,000 in assessed valuations, the largest ever known in a single year, and a surplus of \$3,769,327 both tended to lower the rate. Of this surplus, \$1,098,000 was appropriated for particular items, such as the High Pressure Fire Service, the Hyde Park and South End Municipal Buildings and the Ferry Service, for most of which loans would ordinarily have been issued, and about \$2,200,000 was appropriated for general purposes, leaving nearly \$500,000 to be applied directly to the tax rate.

There was also a decrease of about \$310,000 in the city debt requirements.

THE CITY DEBT.

On January 31, 1921, the net city debt, exclusive of Rapid Transit debt, was \$48,203,935. This represents a reduction of \$1,947,046 during the last fiscal year and a total reduction of \$5,985,713 since January 31, 1918. The net Rapid Transit debt during the same period has shown an increase of \$795,461.

THE BASIS OF VALUATIONS.

In 1917 the valuation of the city was reduced by about \$167,000,000 as a result of the state income tax law and in 1920 there was a further reduction, estimated at \$40,000,000, due to the laws affecting foreign corporations. The full effect of the earlier reduction was felt for the first time in 1920. The full effect of the second will not be felt until 1923. By that year, unless this condition is corrected, the city will have suffered a permanent reduction of \$5,000,000 in its debt limit and at the moderate hypothetical tax limit of \$15 per thousand an annual reduction of \$3,000,000 in appropriating power for the general departments and the schools. It is for this reason that we were obliged to go outside the debt limit in 1920 and obtain legislative authority to borrow \$2,500,000 for Stuart street, \$1,000,000 for new ferry boats and \$100,000 for Old Harbor improvements. The same condition is partly responsible

for the increase of the tax limit since 1917, an increase which has been to this extent nominal rather than real in respect to the actual amount available for appropriation. I am of the opinion that, as these results were not intended when the legislation was enacted, amending laws should be passed so as to restore the appropriating and borrowing powers thus incidentally taken away.

THE FINANCIAL PROSPECT.

Over \$1,100,000 will be added this year to the amount that may be appropriated for the city departments from taxes, and the schools, as I have said, will receive an increase of about \$1,750,000. The city also starts with a surplus of \$3,817,250.61, the largest recorded in the history of the city government. This gratifying result was due to various causes, among them the successful collection of taxes, the balances of appropriations, amounting to \$370,808, returned by the city departments and the unexpectedly large returns from the income and corporation taxes.

We are assured that no deficit is probable in the operation of the Boston Elevated Railway system. On the other hand we must reckon with a full year of the salary increases granted for a part of 1920; and the rapidly growing number of unemployed workers opens up a prospect of increased outlay in the Overseeing of the Poor, Soldiers' Relief and other departments.

The estimated borrowing capacity is \$4,451,821.61. Against this sum, together with our appropriating power from taxes, surplus and revenue must be set a long list of needed improvements. The program of street improvements should be carried on and we cannot postpone indefinitely the building of a house for Police Station 2 and the traffic squad. We are almost committed to a branch library in West Roxbury. The D Street Gymnasium will soon be torn down and that section of South Boston looks to us for some replacement of its shower baths and other accommodations. There are demands for sanitary buildings at City Point and elsewhere; for a bath house at Columbus Park; for the filling in of Neponset Playground; for the resealing and replanting of the historic cemeteries down-town, and for extensive improvements in the Fens, including the continuation of Jersey street to the Ruggles street entrance. There is a serious deterioration of the plants at Long Island and Deer Island. The City Hospital asks for three or four new buildings. The Consumptives' Hospital needs a new building for the out-patient department. Bridges all over the city are in bad condition. The regular sewer and highway expenditures cannot safely be curtailed. The maintenance estimates for the departments surpass all previous figures.

To meet these demands there are no new resources available. A committee on New Sources of Revenue labored earnestly during the year and considered many suggestions. Some of their recommendations, such as fees from itinerant vendors and a substantial increase in water rates, were adopted, but the aggregate increase of income is not yet so great as to afford appreciable relief to the owners of property. We have asked for legislation awarding the city its proper share of the motor vehicle fees and an allowance for its expenditure on the Normal School, but these are, to say the least, uncertain factors. For some of the bridge improvements which have become necessary, such as the rebuilding of the Chelsea South Bridge, we have petitioned to be allowed to borrow outside the debt limit. The proposed widening of Court and Cambridge streets must be paid for, if at all, in the same manner. There is no margin of unclaimed wealth in the municipal exchequer.

THE FINANCIAL DEPARTMENTS.

That we stand so well, as on the whole we do, is due in no small measure to the integrity and good judgment of the heads of our financial departments. I think the citizens should know and realize how well they are served by these officials.

During the past year the City Auditor, by personally detecting an overcharge of interest on a bill presented by the Commonwealth, saved the treasury approximately \$25,000, one small item in his inestimable contribution of service to the city, extending over a period of 46 years.

The City Treasurer has made an advantageous exchange of bonds held in the George F. Parkman Fund for liberty bonds, as a result of which the fund will benefit over a period of eight and one-half years by approximately \$104,000. He has also protected the city deposits in a most vigilant manner and has developed a method of payment by checks instead of cash which has given great satisfaction to business men who have dealings with the city.

The Board of Assessors, faced with a shrinkage of tangible personality estimated at \$40,000,000, due to State legislation, succeeded in raising real estate valuations by \$66,783,000 and personal valuations by nearly \$18,000,000, apart from the \$40,000,000 taken over for tax purposes by the State.

The City Collector on February 1 had collected 85.3 per cent of the taxes for 1920, and 97.85 per cent of the taxes outstanding from previous years. He has also brought poll tax collections up to a standard that compares favorably with the percentage in other cities despite the greater difficulties presented here through the shifting character of our

population. The percentage of poll tax collections, which was formerly under 25 per cent for the current year and only 33 to 35 per cent for final collections, was raised to 77 per cent in 1920, although the tax itself had been increased to \$5.00.

WAGES AND PENSIONS.

Practically all the city employees have received increases of wages since 1917. The aggregate appropriations for Personal Service in the city departments exclusive of schools, during the past four years are shown in the following table:

1917	\$9,652,490
1918	10,180,235
1919	11,389,567
1920	13,010,117

The increase, most of it due to individual wage increases and affecting some 10,000 employees, amounts to \$3,357,627, or nearly 35 per cent in three years. The increase in the schools averages now \$600 a year, affecting some 4,000 or more employees.

In view of the gradual decline in prices and the prevalence of unemployment, which must inevitably reduce the ability of the public to pay higher taxes, it is a question how much farther we can go in this direction. I remain firm in the conviction that all important readjustments should be made in the budget and should remain substantially undisturbed throughout the fiscal year. A recent difference of opinion on this point with the employees of the Printing Department has compelled me to take executive action in support of my view. I cannot admit that there is any justification for a strike by any group of city employees to acquire a special privilege for themselves.

During the year I was obliged to veto an order of the City Council accepting Chapter 179 of the Acts of 1920, which extended laborers' pensions to certain foremen, mechanics, and other designated classes of city employees. On June 29 and again on December 22, I recommended an appropriation of \$9,000 for a study of the pension problem by the Finance Commission, and this recommendation has recently been adopted by your honorable body. In 1919 there were 1,312 city pensioners, drawing \$658,711 a year from the treasury. An increase to \$1,000,000 a year in the near future has been predicted. This large sum is entirely without return in the form of present service. It should not be increased further by haphazard legislation, following methods which the State has itself rejected in the pension system provided for its own employees.

CONSOLIDATION OF DEPARTMENTS.

Two important consolidations have recently been effected in the city departments. The Park and Recreation Department has taken over the care of the cemeteries—a natural combination which should result in greatly improved care and service,—and the four Institutions Departments, so called, have been united under a single jurisdiction. The situation on the three islands had become deplorable and it was high time that a radical change was made.

The problem at Deer Island is still complicated by the uncertainty as to the policy of the State authorities. The prison population has fallen to an average of about 160 inmates and the number of employees has been reduced to 60. A combination of all the county prisons in one system, now under consideration at the State House, would result in a net saving to this city of approximately \$200,000 a year, and would permit the Commonwealth, if it were so disposed, to purchase Deer Island and its buildings for a state prison, incidentally releasing its valuable property in Charlestown. Pending definite action, we must postpone the costly repairs that are badly needed on the sea wall, the buildings and the wharves. It is a satisfaction to note that the service has been much improved and that a better spirit prevails among the prisoners.

The Suffolk School for Boys has been closed and juvenile offenders in this county will henceforth be cared for by the State. The buildings on Rainsford Island were damaged and unsuitable and the location left much to be desired. The boys will probably receive better care and the city will save about \$150,000 appropriated or authorized for the erection of new buildings, besides a part of the annual cost.

A new Child Welfare Division, under the direction of a deputy commissioner, has taken over the care of neglected and dependent children, and has already won back the confidence of the various social agencies whose co-operation is so desirable in this important work.

The most perplexing difficulties and the most backward conditions were encountered at Long Island. The transformation effected in a short period of time reflects credit upon the new management. The medical, surgical and nursing service have been raised to a high standard and every effort has been made to provide the patients with proper care and nourishment and more cheerful surroundings. Occupation will be provided for as many as possible and small payments will be made, as an incentive for certain work done. The Island will be improved by planting and by the introduction of sheep. If the plans of the new Commissioner can be carried out, we shall have a model establishment of its kind, instead of the chaos and inefficiency that were permitted to exist too long.

A third consolidation that might well be made would result in the abolition of the Licensing Board.

Although liquor licenses are no longer issued, this department is still operating at practically full cost. At least \$11,000 could be saved in the salaries of the three commissioners if its duties were transferred to the Police and Health Departments. Unfortunately the city has not been allowed to exercise its own judgment in this matter.

TRAFFIC AND TRANSPORTATION.

After three years' experience we are now able to view the street surfacing program broadly as a whole and to summarize the results accomplished. The expenditure in 1918 and 1919 of a little more than \$3,000,000 and the resurfacing of over 1,000,000 square yards of street area was followed in 1920 by an expenditure of over \$1,000,000 and the resurfacing of about 350,000 square yards.

About half of all this expense was incurred on certain main arteries of travel, such as Atlantic avenue and Commercial street, Dorchester avenue, Main street and Rutherford avenue, Charlestown; Saratoga street, East Boston; Washington and Centre streets, West Roxbury; Norfolk street, Dorchester; Washington, Cambridge and North Beacon streets, Brighton; Broadway and Fourth streets, South Boston; and Tremont street. On each of these thoroughfares the expenditure was over \$100,000. There is a long list of highways, only less important, on each of which the expenditure was over \$50,000. In all, some 300 streets or parts of streets have been resurfaced. Over a considerable mileage macadam has been replaced by harder and more durable forms of pavement.

While certain instances of executive carelessness have been pointed out and corrected, the general plan of repairing central highways and radial thoroughfares has been endorsed by neutral experts, whose comment is the best vindication of our judgment in this particular. "The practical result of this plan," they write, "is that you now have the larger part of the business section improved. . . . We have no hesitation in endorsing this program. . . . We consider it good policy to continue these expenditures for some years to come."

Supported by such competent opinion, I feel justified in recommending a pursuance of the policy which has brought about what the experts note as "a decided improvement" in our streets as compared with the conditions "five or six years ago."

STREET CHANGES.

Actual changes in the lay-out of streets have not been numerous. During 1920 the important project for the widening of Charles street has been started and Tremont and Boylston streets have been widened by taking strips from the Common. A permissive bill for the widening of Exchange street was defeated in the legislature and the bill of the City Planning Board for a diagonal highway across the North End was withdrawn for presentation at some later date.

In the meantime interest in this subject has become more and more intense and two large projects are receiving direct consideration. One of these is the proposed widening of Court and Cambridge streets, advocated by the Street Commissioners, with the extension of Causeway street to Cambridge street or some parallel connection, as a subsidiary feature. This improvement would carry a wide, direct thoroughfare from Scollay square to Cambridge Bridge and the Causeway street branch would create a detour route from the North to the South Stations by way of Charles and Eliot streets.

STUART STREET.

The Street Commissioners are proceeding with the laying out and construction of Stuart street, from the corner of Tremont and Eliot streets, across Columbus avenue, Dartmouth street and the intervening streets, and cutting Huntington avenue at its bridge over the Boston & Albany Railroad. It is hoped to follow up this construction by widening Eliot street from Tremont to Washington streets, and by widening the narrow part of Kneeland street. This will complete a new thoroughfare from the South Station to Huntington avenue.

The business of our city is seriously handicapped by the congestion of traffic in our streets. The most crowded point is at the intersection of Tremont and Boylston streets, and it is expected that this new thoroughfare will relieve congestion there, as well as aid in the development of the land in the district through which it passes.

It is believed that the betterments will defray a considerable portion of the cost, so that the net expense to the city will be but a small part of the total, and improvements already contemplated on this new street will greatly increase valuations and add to the revenue of the city.

To provide parking space for motor vehicles eight feet have been taken off the westerly sidewalk of Charles street and most of the easterly sidewalk will be removed as soon as the granolithic walk on the Common is finished. The provision of parking space and the adoption of traffic rules designed to keep the currents of travel moving freely are two of the devices adopted to relieve the congestion in the business district. New thoroughfares offer the prospect of more radical relief, especially those that would facilitate an overflow of business into the region south and west of the congested area, which is without question the final remedy.

TUNNELS AND RAILWAY PROBLEMS.

In the spring of 1919, I spoke in favor of constructing a new tunnel station at Arlington street and later I favored the change of plan which would provide additional entrance and egress at Berkeley street. This was virtually a return to the original plan of the Transit Commission, which the Boston Elevated Railway Company had rejected. The new station will be opened for travel this year and is expected to stimulate a more rapid development of the Park square section. Unfortunately the cost of the alteration will be \$200,000 and there is no certainty that the property benefited will pay any considerable proportion of this expense.

Three noteworthy investigations will soon be completed by the Transit Commission, one independently and two in conjunction with the State boards. The first relates to an extension of the Boylston Street Subway to Post Office square; the others to the proposed East Boston traffic tunnel and a contemplated system of rapid transit in Dorchester with feeders from Hyde Park. Any or all of these studies may form the basis of legislation and of subsequent action by the city government.

Transportation between Hyde Park and the rest of the city has not yet been placed on a self-supporting basis. Last year the government was compelled to appropriate \$80,000 to place the street railway in an operable condition, and to provide a fund for its operation. I fully recognize the importance of securing cheaper transportation for the people of Hyde Park and I have made every effort to obtain it and I shall continue to try to secure improved service and a lower fare. I cannot, however, for the benefit of a small section of the city, approve a plan which I am convinced places too heavy a burden on the taxpayers at large, and still be faithful to my duty to the citizens of Boston as a whole.

FERRIES.

Since 1917 and largely during the past year provisions have been made for improving the facilities for travel to and from East Boston by the creation of what is virtually a new ferry fleet. The city has been authorized to borrow \$1,000,000 for this purpose and has also used a part of an appropriation from last year's surplus. Two new boats are in process of construction and the "Noddle Island" is undergoing extensive alterations. When this work is completed, the city will have five four-roadway boats, all built or re-built in the last three years, and all or most of them having twice the capacity of the older boats, some of which are still in commission. There will also be some improvement of the docks, and the engineers are studying out a rearrangement of the approaches so that teams may be taken on or discharged more quickly. The two new boats will have fire-pumps and will prove valuable as auxiliary fire-boats in water-front conflagrations. As each of the larger ferries is equipped to carry all the apparatus responding to a second alarm in East Boston, the Fire Commissioner believes that that section will be better protected than ever before. I think we may say that when the new boats are running it will have as good service as may reasonably be expected.

BRIDGES.

The Clarendon Street Bridge, an important linking up of main thoroughfares, will be completed in the spring and the Ashland Street Bridge in West Roxbury will be in use by June. Warren Bridge is practically completed and will now be strong enough to support the heaviest traffic. The Chelsea South and Charles River Bridges will be taken up as soon as the legislature grants the necessary authority; but other bridges such as Congress Street Bridge and some of the railroad bridges, are not less in need of radical treatment.

With the main thoroughfares largely resurfaced, with new arterial outlets likely to be opened up west and southwest of the city centre, with a new tunnel station and the prospect of new tunnels, with ferry and bridge connections vastly improved, I feel that one of our chief problems—the free movement of traffic and travel—is proceeding toward a reasonable solution.

HOUSING.

The housing problem has taken a new turn since the war. Formerly we were concerned with the question of making the habitation of every citizen safe, clean and wholesome. The present problem is to find dwelling places for the population or, at least, to prevent a degree of crowding that is undesirable.

Studies made by the City Planning Board and the Rent and Housing Committee appointed by me in March proved a shortage of some 3,000 to 5,000 dwellings. The condition is not local but national and world-wide. Primarily, no doubt, it is an after-effect of the war, but the proximate causes are the increased cost of labor and materials and the refusal of capital to embark upon long-term investments in a period of inflated prices.

The remedies proposed are numerous, varying from the exemption of new buildings from taxation for a period of years to the direct financing of building operations by the city or the State. I have not been able to persuade myself that any local measures will afford complete relief for a condition the causes of which are so far-reaching and the effects universal.

In Boston it has been found that, while there is much crowding together of families, no family is unhouse. On the whole it seemed to me best to

address our energies to the protection of the citizens against profiteers. The Rent and Housing Committee was entrusted with this responsibility. During the first nine months of its existence it considered over 6,000 cases. In 1,746 cases it was instrumental in preventing unreasonable increases of rent, and in 725 cases it furnished relief by obtaining extensions of orders to vacate. Besides the actual relief it extended, this Committee, acting as a court of appeal, ready to hear the complaint of any tenant, undoubtedly exercises a moderating influence and, perhaps, deters many landlords from presenting exorbitant demands.

FIRE PROTECTION.

During the present year the citizens will see notable improvements in the agencies for protection against fire. The two-platoon system has recently been rejected at the polls and this disturbing agitation has been set at rest for a time. The pipes for the High Pressure system have been extended and thoroughly tested; two of the pumps have been contracted for; and the system is expected to be in operation during the spring or early summer. Thirty-five pieces of motor apparatus have been purchased to date at an expense of nearly \$350,000. A submarine chaser will be loaned to the city by the National Government and will be fitted out as an additional fire boat. The National Board of Fire Underwriters, previously critical of this department, has found much in its present administration to commend after a two weeks' examination conducted in November.

HEALTH.

The city death rate, whether measured by the census figures or by our own estimate of population, shows a decline from the rate of 1919, in spite of mild epidemics of certain dangerous diseases. Special appropriations were granted the Health Department for the control of infantile paralysis and to guard against the plague, which has made its appearance in some American ports. The constant trapping of rats for laboratory analysis and a study of building conditions, undertaken with the assistance of the Building Commissioner, are expected to develop a program for protection against plague, part of which must consist of a campaign of education among the citizens. A Director of Health Education has been appointed to take charge of this and other publicity work. There has been great activity in the inspection of food and drugs and in the supervision of dairies, as well as swimming pools, day nurseries, and other establishments and occupations. The Commissioner hopes to establish a Child Welfare Service this year and is considering the division of the city into four sanitary districts and the motorization of the Dairy Service.

At the City Hospital new laboratories and clinics have been established and the policy of concentration of patients has been extensively followed, notably with the children. All the young patients are now gathered in the children's pavilion, where they have a teacher and a children's library with a librarian in charge. The West Department is still occupied by the National Government as a hospital for disabled soldiers, but the nominal rental of \$1 a year has recently been increased to about \$35,000 a year for a period of not more than five and a half years by an agreement between the officials of the United States Health Service and the Mayor and the City Council of Boston. Under the circumstances this is an extremely profitable arrangement for the city.

The Consumptives' Hospital reports fewer applicants for admission and fewer deaths than in the previous year. The number of applicants is less than half as many as in 1916, and the number treated at the out-patient department shows a similar falling off. Unfortunately, there is no certainty that this indicates a corresponding decline in the prevalence of the disease.

PUBLIC WORKS.

I have already touched upon the effective work of the Public Works Department in such matters as street improvements, ferries, bridges, and the High Pressure pumping stations and distribution system. In addition, some 20,000 feet each of sanitary sewers and surface drains have been laid this year and 70,000 square yards of artificial stone sidewalk. Water metering has proceeded, as required by law, until the city is now about 75 per cent metered. A waste water survey, conducted in Charlestown, Brighton, South Boston and the South End, has revealed many sources of leakage and will result in an annual saving of several thousand dollars.

The contract for the disposal of ashes, garbage, street sweepings and rubbish has been brought to public notice by the efforts of the Boston Sanitary and Development Company first to cancel the contract, paying an indemnity to the city, and subsequently to obtain an increase of payment amounting to \$25,000 monthly until the expiration of the contract on July 1, 1922. Acting on the advice of experts, I have rejected all propositions of this nature and am prepared to take over and operate the disposal plant in the event of default by the company and proceed against their assets and bondsmen for such loss as the city may sustain.

PARK AND RECREATION DEPARTMENT.

The scope of work in this department, as at present constituted, may be judged by the total credits for 1920, which amounted to nearly \$1,500,000, besides over \$1,000,000 in loan and special appropriations.

On the Common the war community buildings have been removed; the playground has been leveled; granolithic walks will soon extend along the Charles Street Mall and across the middle path of the Common and the Public Garden; the Parkman Bandstand has been developed into a public forum by the installation of seats and the planting of shade trees, as well as a rearrangement of the paths. During the past two summers noonday and evening concerts have been given on this bandstand with pronounced success. It is largely because of these well conducted concerts that the Common has recovered its early reputation as a safe and pleasant resort on summer evenings.

Other evidences of activity in this department should be mentioned, such as the extensive resurfacing operations carried on at Jamaica Way and the Fens; the opening of the lion house and the renovation of the golf links and the Refectory in Franklin Park; the creation of a playground on the site of Eagle Hill Reservoir, East Boston; the enlargement by more than an acre of the Carolina Avenue Playground; the Strandway developments at South Boston and the contract for the restoration of the Head House, with greatly improved restaurant and bathing accommodations. Some of these results have been made possible by the expenditure of Parkman Fund income. In my address last year I suggested that a general plan might be prepared under which this income could be applied more systematically and in close adherence to the intentions of the donor. A committee of landscape architects and others is now at work, preparing for public distribution a pamphlet which will set forth the purposes of the Parkman Fund and will also outline certain principles and conceptions illustrated in the features of the Boston park system.

OTHER DEPARTMENTS.

The Supply Department, with a new Superintendent, an increased force, and a reorganization of its divisions, is now well equipped to fulfill its function as the purchasing bureau for the entire municipal plant.

All purchases of supplies are made directly through the Superintendent. It is an absolute rule that the lowest bidder (unless he is found unsatisfactory for some special reason) shall receive the award. The inspection division follows up deliveries, imposes penalties for defects and eliminates unreliable dealers. Orders for the different departments are combined when this is possible and the Superintendent's knowledge of market conditions has been placed at the service of the heads of departments in making up their estimates for the budget.

The Election Department met with success this year the double emergency of a presidential primary and the addition to the voting list between August 1 and November 24 of 82,858 new voters, of whom 56,354 were newly enfranchised women. The Board, with my approval, is now urging legislation which will make it unnecessary for the women whose names are already on the list to re-register, by waiving the requirements for a personal description including the weight and height of the applicant.

It is quite natural that the enfranchisement of women should have been preceded and accompanied by a wider recognition in our city government of the value of women's services. Besides the women serving on unpaid boards and committees and those who have risen to high rank in the School Department and the Public Library, the Deputy Commissioner, the Secretary and the Fiscal Agent of the Institutions Department, the Chief Clerk and one of the Assistant Secretaries in the Mayor's office and the Secretary of the City Planning Board are women.

The City Planning Board, with an appropriation that barely permits it to live, has earned for itself a distinctive position by its breadth of view, its fertility in suggestion, and its readiness and capacity to undertake all sorts of investigations on subjects of the largest scope.

The Public Library, which, like the park system, had been severely criticized before the present administration took hold, has gradually won back a good share of the esteem it formerly enjoyed. The circulation of books is increasing, special courses in library science have been taken by many members of the staff, important new departments have been created, and much valuable work has been done in co-operation with the schools. The lectures, exhibits and Americanism work of the Library are conducted on a high plane of excellence.

By establishing public markets in different sections of the city the Market Department has done its share in keeping down the price of foodstuffs. Six more of these markets will be established this summer in addition to the eight that were conducted last year.

In November, when the shortage of coal threatened serious consequences, I designated the chairman of the Transit Department to act as agent for the State Coal Administrator. The coal dealers of the city, in response to my personal appeal, promised their co-operation and the weekly inventories

of hard coal which they have filed show that the danger of a coal famine has passed. The stock in hand had more than doubled by January 1 and it was then found possible to suspend the rule requiring retail deliveries to be in lots of not more than three tons each.

THE CENSUS.

According to the national census enumerators the population of Boston, which was given as \$748,060, had increased by only 2,621 between 1915 and 1920. Realizing that, if an error had been made, it would affect prejudicially not only our rank in the list of cities, but all our vital, commercial and municipal statistics, I endeavored by correspondence and personal appeal at Washington to obtain at least a partial test of these improbable figures. I pointed out certain factors which seemed to indicate a reasonable growth, instead of stagnation, during the five-year period. The number of births had increased by 1,346, the number of men recorded in the annual police list by 13,274, the buildings occupied for habitation, in spite of the well-known crowding of families, by 2,744. The extraordinary decline in the population of certain wards, in Ward 5 amounting to 14,332 persons, corresponded to no conditions that are known to exist in those localities. The Census Bureau refused, however, to undertake even a partial recount and the city must wait until 1925 before it can expect to resume its former numerical standing.

THE MUNICIPAL OUTLOOK.

The two great social questions that force themselves upon our attention today are unemployment and the lack of dwellings. For the latter we can offer such indirect relief as may be afforded by continuing the work of the Rent and Housing Committee. We may remind ourselves, also, that high taxation has a deterrent effect and all proper measures of municipal economy act as a stimulant to the building trade as well as other business enterprises. I take it as a matter of course that we should extend our good offices in the settlement of disputes between building employers and employees.

Unemployment, as I have pointed out, is sure to be reflected in the applications for mothers' aid, poor relief and soldiers' relief. The city may ease the situation somewhat by urging forward its own undertakings. For the Hyde Park and South End municipal buildings, the Forest Hills Court House, the building for Police Station 8 and Engine 31, and the Head House, the appropriations already made total some \$1,500,000. A building for Station 2 and the traffic squad would cost a substantial sum and the appropriations for new school-houses, bridges and highways, either granted or pending, will add several millions more. In advancing these and other necessary public works, we shall be furnishing employment to many and reducing to that extent the lines of idle workers.

GREATER BOSTON.

The people of Metropolitan Boston should be united in one governmental unit. Their interests are now one and they cannot be kept apart by town lines. City and town lines serve today to hinder proper municipal management. The members of the community should be able to express themselves with reference to their interests at large,—this is what is needed and what will make a Greater Boston.

We need one central force which shall direct the development of our commerce and our great highways. We need one fire and one police system for the protection of the whole community. We need one health centre, and in every emergency there should be one man in control. We should have one school system, in order that all the children of the Metropolitan District may have the advantage of the best educational facilities. The people of Boston have their future in their own hands. The community needs to show belief in itself and in its future, for how can others believe in us if we lack confidence in ourselves?

RAILROAD SITUATION.

The operation of the railroads of the country by the Government during the war has changed their relation to the people. Their operation once more under private ownership presents new problems. The Transportation Act, passed by Congress on February 28, 1920, recognizes this, and provides that the Interstate Commerce Commission shall prepare and adopt a plan for the consolidation of the railways of the United States into a limited number of systems and which would provide that "wherever practicable the existing routes and channels of trade and commerce shall be maintained." Studies of this problem are now being made and will soon be considered for recommendation for action by the Interstate Commerce Commission.

One plan under consideration is that the New Haven system shall be consolidated with the Pennsylvania Railroad, and that the Boston & Maine and Northern railroads shall be joined to the New York Central. Another plan is that the New England roads shall be consolidated in one or two systems.

The proposed consolidations of the New England railroads with the Pennsylvania and New York Central would be a most unfortunate catastrophe for all New England, especially for the people of Boston. This transfer would take the control and direction of our railroads away from Boston and place them in the hands of interests in New York or elsewhere. To such interests the problems of New England would be of minor importance, and the

intimate touch with local conditions so essential in this situation would be entirely lacking.

I am deeply opposed to any consolidation which would give to the railroads west of the Hudson River the power to determine whether New England should develop its present industrial facilities, or become the rich man's summer playground. These railroads would take over the New England roads provided only that such a consolidation was profitable to their stockholders. Such profit could come only at the expense of New England.

Our manufacturers would have new difficulties in reaching western markets. At the present time New England shippers can ship west over any of six trunk lines, but, were the New Haven consolidated with the Pennsylvania under the ruling of the Interstate Commerce Commission, the latter road could compel New England freight, originating on its lines, to move over its own rails to Chicago, or its other western terminals. So, shippers would have but one line in place of six. In export traffic, it is easy to see that the Pennsylvania road would do its export business at its own terminals in Baltimore, Philadelphia, or New York, rather than haul its ocean bound freight the additional distance to Boston.

With the harbors of Boston and New England, and a proper amendment of our Interstate Commerce Act, it would be possible for a New England road to develop its water connections and, by the aid of water routes, reach any of the distributing points of our country.

COMMERCIAL SITUATION.

The commercial situation of New England and of Boston is one which may well give us deep concern. To maintain the industrial position of New England, her financial, manufacturing and social forces must work hand in hand. Boston is the centre of New England's commercial activities, and the successful development of New England directly affects the city, while the prosperity of the city, in

turn, reacts directly on the rest of New England.

Our city has not been making the progress that we desire for it. Boston has exceptional port facilities which are not being used to anything like their capacity. The railroads of New England converge in Boston. Today they are in a most precarious condition financially, and this condition cannot indefinitely continue. The people of Boston need to arouse themselves, to have confidence in themselves, in their city and in New England.

I have confidence in New England, and confidence in Boston and her people. Our future rests in our hands. Let us show courage, determination, confidence in ourselves and in that spirit which has kept New England and her people ever to the fore in the development of our country. Never more than today have we needed to show civic spirit and courage. No question of more pre-eminent importance to the people of New England has ever been presented. If the people of Boston fail to protect themselves they surely should not look to others to do so. I am sure I speak for the best interests of Boston, and I believe I voice the almost unanimous sentiments of her people when I say that she will be unalterably opposed to any attempt to place the control of her transportation system outside of New England. Boston and New England must control their own future.

CONCLUSION.

Gentlemen of the Council, this is our last year of public association. I trust that any differences of opinion we have had may soon be happily dissolved and that we may on both sides acquire more and more the strength that comes from united action. Working together in that spirit, we can make the municipal year preceding the centennial one for which the reviewers on that occasion will have little need to apologize. I see no reason why we should not make a record upon which we and they can look back with some degree of satisfaction.

The Mayor commenced reading his address at 11:25 a.m. and finished at 12:23 p.m., and was greeted with applause at its conclusion.

After the retirement of the Mayor and suite Chairman WATSON said:

Coun. HAGAN, the senior member of the Council for 1921, will now preside.

Coun. HAGAN took the chair.

The Clerk called the roll and all members of the Council were found to be present.

Chairman HAGAN—The Council is ready to transact business.

BALLOTS FOR PRESIDENT.

Coun. WATSON offered an order—That the Council proceed to the election of a president for the ensuing year.

The order was passed, and, by direction of the Chair, the Clerk called the roll. Each member when his name was reached announced his choice for president, with the following result.

For David J. Brickley—Coun. Brickley, McLaughlin and Moriarty—3.

For Daniel W. Lane—Coun. Collins, Ford, Hagan and Lane—4.

For Edward F. McLaughlin—Coun. Donoghue.

For James A. Watson—Coun. Watson.

And there was no choice.

Coun. WATSON—Mr. Chairman, I ask for unanimous consent to make a statement.

Chairman HAGAN—If there is no objection the gentleman will proceed.

Coun. WATSON—Mr. President, I thank my associates for the opportunity to make a statement of a very personal nature. I make it with some embarrassment, but realizing that I owe it to myself, my associates and the people of Boston that I do so.

Mr. President, I have been a member of this body for eight years, beginning today, having been elected three times by the electorate of Boston.

I assume that I have some virtues, as I know I have many faults. This city is operating under a charter that was inaugurated in 1910.

Nine members were elected that year, three to serve one year, three to serve two years and three to serve three years from the date of their election.

Each year since three members have been elected for the term of three years. At least two of them have passed to their reward. It was an established custom, if I am correct, and I believe I am, growing out of agreement of the members of that time, in 1910, that each year the president of this

body should be elected, and the custom then was established that no member should hold the office twice while any member remaining a member had not held the office.

That plan was carried on without interruption from 1910, when Walter Ballantyne was elected, through 1911, when Walter Leo Collins was elected, and in 1912, when John Joseph Attridge was elected president of this body. I then became a member of the body, in 1913, and Thomas J. Kenney was elected president. Then followed the election of Daniel J. McDonald in the following year, George W. Coleman the year following that, then Henry E. Hagan, then James J. Storrow, and then in the next year a Good Government member of this body who had already served as president, contrary to the custom, my colleague Coun. Collins, was elected for a second term. That year, being a senior member of this body who had not held the office, believing that I had some ability and feeling that I was of average honesty, I suggested to three of my colleagues that I have their support as a matter of fair play, in order that there might be no reflection upon me in the minds of the public through my not being recognized in that way.

I sought the support of the three members besides myself who constituted the minority membership of this body, realizing that the Good Government members would have five votes and that I could not under any circumstances be elected. I could not receive the vote of the Good Government Association membership in this body, because I was not a party to their program nor was I ever elected here with their assistance. In fact, according to practical politicians, men who observe political conditions in Boston, it has been stated, and perhaps truly, that my entrance into this body was because of the vilification and unfairness of that organization when I was a candidate the first time.

I won the contest without newspaper support, without organization support, and with very little money, at the hands of the open-minded, fair people of Boston. I then suggested that I thought I had enough ability to come here and that I wanted to represent the people with my limited ability, and I was elected to the body in spite of opposition by that association. I have tried since to represent all the people in the community regardless of class, creed or financial standing and to observe my oath as a member of this body.

I then stated that I desired the empty honor of being a minority candidate, receiving four votes and no more. But another member, with much ability, with a greater education and with a profession that I did not have, desired that honor. He told me in a gathering, with himself, myself and two other members of this body, that if I voted for him he could be elected, could get a fifth vote. I said to him, "I don't think you can, but if you can you shall have my vote." When the roll call was called that day Walter Collins, my colleague on the left, a man whom I admire and respect, was elected. We differ in politics—I mean so far as being associated in politics with organizations is concerned. He believes in the Good Government Association dominating affairs here. I never have and never will until they come out in the open like any other political organization. But, when the vote was taken there were four for Walter Collins and three for my colleague, Francis J. W. Ford, and I, stepping aside and sacrificing the empty honor, voted for you (Coun. Ford) with whole-heartedness, although in the natural course of fair play that empty honor belonged to me. Thank God, there is no vanity or conceit in my make-up. I know my limitations, my lack of ability and other things that go to make up a man in public office, but there is one thing of which I am as proud as I am of my father, mother and family. Thank God, I am recognized as being of average honesty, and by those who know me best as being absolutely honest. So much for that, Mr. President and fellow members.

It is unfortunate that I must speak as I do today, but my self-respect demands it, demands that I tell the public today my reason for voting for myself. The office is an empty honor, true. It carries dignity with it, but it does not add any inch of dignity to my stature in the minds of those who know me, does not add to my financial condition, but it means much to me as far as my character is concerned. What have I done, Mr. President and fellow members, that I cannot secure a majority of the votes of this body? What have I done so that the red-blooded members here, called by the people the "gang" members, cannot support me? Why cannot we get together and do something for one of our own? The others do; why not we?

The next year there was another contest on for president, and, by virtue absolutely of fair play, I was then entitled to my chance for the presidency, to occupy that chair, and I again said I would not vote for anybody but myself. I went into conference with four other members, including the gentleman on my left (Coun. Ford), and, although Daniel McDonald was my personal dear friend when we came in here and the roll was called and the vote was four to four, I, without any hesitation and without a promise and without a thought of reward, cast my vote for you, sir (Coun. Ford), the vote that made you the presiding officer of this body. It has been said that I broke my word to another man in order to do it, but I did not take my word. I regret some things in my life—voting for you—but at that time one member and I had a talk and we made an agreement. It was a bargain, pure and simple. He had some-

thing to give and so did I, and the agreement was, "You give it to me and I will give it to you." I had a right to determine whether or not the agreement was kept. I did not break my word to that man, although perhaps he and his friends believed so. I might have been president that year if I had held out, but I had my duty to perform and when the vote was four to four I cast my vote for you, sir, without regard to any personal feeling I might have.

Then last year came along and I was again shuffled into the discard. I have red blood, thank God. A member of this body who has been president has said that it is no great honor to be president, except that you can band it down to your offspring, your children being able to point out the fact that their father was president of the body. I have a daughter twenty-four years of age. She knows what it is to be proud of a father. But I don't want to appeal to your passions or to use sentiment. Therefore, I am simply explaining to-day my position, so that the public may understand it, as my justification for voting for myself. You may call it egotism or conceit. But, embarrassing as it may be, Mr. President, I intend to stand by my character and my self-respect. I would be unable to enter my home and look into the faces of my people if I did not stand here today and every day until the ballots are counted and vote for James A. Watson for president of this body.

I thank the members of the body for this opportunity to state my position. I appreciate it and whatever the outcome is I will continue to hold my self-respect and conduct myself as a man and according to my oath as a member of this body. I thank you, gentlemen, and I move, Mr. President, that we proceed to another ballot.

The motion was carried and a ballot was taken with the following result:

For David J. Brickley—Coun. Brickley and Moriarty—2.

For Daniel W. Lane—Coun. Collins—1.

For James A. Watson—Coun. Donoghue, Ford and Watson—3.

For Francis J. W. Ford—Coun. Hagan—1.

For Walter L. Collins—Coun. Lane—1.

For John A. Donoghue—Coun. McLaughlin—1.

And there was no choice.

RULES FOR 1921.

Coun. McLAUGHLIN offered an order—That the rules of the City Council of 1920 be hereby adopted as the rules of the City Council of 1921.

Coun. WATSON—Mr. President, before acting upon the rules I would say that I wish to offer the order that was reported Saturday for the Committee on Rules by Coun. Donoghue in regard to public meetings, and I would then move its reference to the Committee on Rules. Or I would offer as an amendment that the rules of last year be adopted with the addition on the order then reported by the Committee on Rules in regard to public meetings. Coun. McLaughlin's order was passed.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the City Council the Mayor submitted the following appointments for terms ending April 30, 1921, viz.:

1. James Nugent, 46 Winthrop street, Hyde Park, to the position of Constable of the City of Boston.

2. John B. Blotto, 599 South street, Roslindale, to the position of Constable of the City of Boston.

3. Daniel William O'Brien, 365 Sumner street, East Boston, to the position of Constable of the City of Boston.

4. Charles L. Warren, 48 Templeton street, Dorchester, to be a Weigher of Coal and a Measurer of Wood and Bark.

5. Frederick G. Harris, % B. T. Ilsley and Company, 93 Broad street, Boston, to be a Weigher of Goods.

Severally laid over, under the law.

NEW WEST ROXBURY BRANCH LIBRARY.

The following was received:
Office of the Mayor,
Boston 9, February 4, 1921.

To the City Council:

Gentlemen,—The West Roxbury Branch of the Boston Public Library has long since outgrown its present quarters which are wholly inadequate for the demands made upon the branch. Money has already been appropriated for the necessary additional land for the site of the library.

It is estimated that the new structure will, together with the preparation of the plans, cost about \$55,000. As the improvement is a necessary one, I am recommending the passage of the accompanying order.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Ordered, That the sum of \$55,000 be appropriated to be expended by the Trustees of the Public Library for the erection of a building for the West Roxbury Branch of the Public Library, and that to meet said expenditure the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance when appointed.

LOAN FOR SEWERAGE WORK.

The following was received:
Office of the Mayor,
February 4, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a communication just received from the Commissioner of Public Works requesting the authorization of a loan of \$1,000,000 for sewerage work during the coming year.

I recommend the immediate passage of the accompanying order.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Ordered, That under the provisions of chapter 426 of the Acts of 1897, as amended by chapter 204 of the Acts of 1908, the sum of \$1,000,000 be and hereby is appropriated to be expended under the direction of the Commissioner of Public Works for sewerage work, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance, when appointed.

HIGHWAY LOAN.

The following was received:

Office of the Mayor,
February 4, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a communication from the Street Laying-Out Department requesting the authorization of a loan of \$1,400,000 for the laying out and construction of highways during the current fiscal year.

I recommend the immediate passage of the accompanying order.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Ordered, That the sum of \$1,400,000 be and hereby is appropriated for highways, making of, under the provisions of chapter 393 of the Acts of 1906, and that to meet said appropriation the City Treasurer be and hereby is authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance, when appointed.

APPROPRIATION FOR TUNNEL EXPENSES.

The following was received:

Office of the Mayor,
February 1, 1921.

To the City Council:

Gentlemen,—I submit herewith an order for an appropriation of \$8,082.00 to meet in part the expenses during the financial year beginning February 1, 1921, for interest and sinking fund requirements on the East Boston Tunnel debt.

I respectfully request the immediate passage of this order in order that the system adopted several years ago of discontinuing the collection of tolls in connection with the East Boston Tunnel be maintained.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Ordered, That to meet in part the expenses during the financial year beginning February 1, 1921, for interest and sinking fund requirements on the East Boston Tunnel debt issued under authority of chapter 548, Acts of 1894, chapter 500, Acts of 1897, chapter 190, Acts of 1903, and chapter 187, Acts of 1905, the sum of eight thousand and eighty-two dollars (\$8,082), be and hereby is appropriated and that said amount be raised by taxation upon the polls and estates taxable in the City of Boston.

Ordered passed under suspension of the rule, yeas 9, nays none.

FOREST HILLS COURT HOUSE LAND.

The following was received:

Office of the Mayor,
February 4, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting an order providing for the appropriation of \$30,000 to be expended in acquiring land for a new site and preparing plans for the Forest Hills Court House.

The justices of the West Roxbury Court are unanimous in support of the purchase of a new site, all agreeing that the site now held by the city is absolutely unsuited to its purpose.

I recommend the immediate passage of the accompanying order that the preparation of plans may be started at once.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Ordered, That the sum of thirty thousand dollars (\$30,000) be and the same is hereby appropriated to be expended in acquiring land for a new site, and preparing plans for the Forest Hills Court House, to be erected thereon within a reasonable distance of Forest Hills square, and to meet said appropriation the City Treasurer be authorized to issue from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance, when appointed.

FOREST HILLS COURT HOUSE BUILDING.

The following was received:

Office of the Mayor,
February 4, 1921.

To the City Council:

Gentlemen,—I am herewith submitting an order providing the sum of \$110,000 necessary for the construction of the Forest Hills Court House. The sum of \$115,000 is already available, but as the Superintendent of Public Buildings estimates that the building will cost \$225,000, it is necessary to appropriate the additional sum of \$110,000.

I therefore recommend the immediate passage of the accompanying order.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Ordered, That the sum of \$110,000 additional be and the same is hereby appropriated to be expended by the Superintendent of Public Buildings for the construction of a Court House, Forest Hills, and that to meet said expenditure the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance when appointed.

REBUILDING HEAD HOUSE, ETC., MARINE PARK.

The following was received:

Office of the Mayor,
February 5, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a communication just received from the Park Department relative to an additional appropriation of \$7,500 to be added to the appropriation of \$150,000, for rebuilding the Head House, bath houses, etc., at Marine Park.

I recommend the immediate passage of the accompanying order.

Respectfully yours,

ANDREW J. PETERS, Mayor.

Park Department,
Boston 9, February 3, 1921.

Hon. Andrew J. Peters,
Mayor of Boston.

Dear Sir,—On July 6, 1920, an order by the City Council was approved by your Honor, that the sum of \$150,000 be appropriated to be expended by the Park & Recreation Commissioners for the rebuilding of the Head House, bath houses, etc., at Marine Park.

This department awarded a contract for the rebuilding of the Head House and bath houses for the sum of \$133,000. This sum with an addition to the contract of \$675, the architect's fees of \$7,950, and other incidental expenses will amount to \$141,968.60 which will be necessary to complete the work of rebuilding the Head House and bath houses.

We have advertised and received a proposal to construct a convenience station at Marine Park for the sum of \$14,150, together with the architect's fees of \$849, thus making a total of \$14,999. The above amounts indicate that the sum of \$157,500 is needed for both contracts.

In order for this department to proceed with the work, you are respectfully asked to make a request on the City Council for an appropriation of \$7,500, same to be added to the appropriation of \$150,000, for rebuilding of the Head House, bath houses, etc., and that this Commission be authorized to charge the expense of constructing the proposed convenience station to the appropriation for the rebuilding of the Head House, bath houses, etc.

Very respectfully yours,

JAMES B. SHEA, Chairman.

Ordered, That the sum of \$7,500 additional be appropriated to be expended by the Park Commissioners for the rebuilding of the Head House, bath houses, etc., and for building of a convenience station at Marine Park, South Boston, and that to meet said appropriation the City Treasurer be hereby authorized to issue from time to time on the request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

Referred to the Committee on Finance, when appointed.

MUNICIPAL REGISTER, ETC.

Coun. COLLINS offered an order—That the Statistics Department be authorized, under the direction of the Committee on Rules, to prepare and have printed the Municipal Register for 1921, and that the Clerk of Committees be authorized to prepare and have printed a pocket edition of the organization of the city government and heads of departments; the expense thus incurred to be charged to the appropriation for city documents.

Passed.

SPECIAL COMMITTEE ON RULES.

Coun. DONOGHUE offered an order—That a special committee of three members be appointed to consider such matters relating to rules as may be referred to said committee from time to time.

Passed.

UNFINISHED BUSINESS OF LAST YEAR.

Coun. LANE offered an order—That all matters referred as unfinished business from the City Council of 1920, be referred to the appropriate committees of the City Council of 1921, when appointed.

Passed.

UNCLAIMED BAGGAGE.

Coun. MORIARTY offered an order—That a special committee be appointed, to consist of two members of the Council, to whom shall be referred all petitions for leave to sell unclaimed baggage, and said committee is hereby authorized to make in each case the examination required by law.

Passed.

GENERAL RECONSIDERATION.

On motion of Coun. McLAUGHLIN, a reconsideration of all action taken today was refused.

Adjourned, on motion of Coun. DONOGHUE, at 12.52 p.m., to meet on Monday, February 14, at 2 p.m.

METROPOLITAN DISTRICT OR "GREATER BOSTON."

Consists in the most inclusive sense of 40 municipalities, including Boston, or 14 cities and 26 towns, all within 15 miles of the State House. The 7 cities in the first zone, i. e., adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the 6 cities in the second zone, not adjacent, are: Lynn, Malden, Medford, Melrose, Waltham and Woburn. The 6 adjacent towns are: Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the 20 other towns are: Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated 11 of the cities and 12 of the towns; south and southwest, 2 cities and 14 towns. Area of Northern Division in 1915, 149.18 sq. miles and population 647,675, or a density of 4,342 per sq. mile; Southern Division, 219.62 sq. miles and 193,979 population, or a density of only 883 per sq. mile; in the whole Metropolitan District, 3,851 per sq. mile. In percentages Boston shows 10.5 per cent of District's area and 47 per cent of population; Northern Division, 36.2 of area and 40.8 of population; Southern Division, 53.3 of area and 12.2 of population. In the period 1910-1915, increase of population 2.18 per cent larger in Northern than in Southern Division.

Total area of District in 1918, 409.5 square miles; population by census of 1915, 1,593,898. Of the total population of the State, "Greater Boston" has 43 per cent; of total valuation, 53.21 per cent; of total value of manufactures 32.21 per cent.

Total valuation of taxable property in District on April 1, 1919, \$2,606,890,872, i. e., for realty and tangible personalty, including bank stock, intangible personalty being exempt from taxation (except income therefrom) in 1917 and thereafter. The said total exceeds the 1918 valuation by \$63,721,584, a gain of 2.51 per cent.

Of said total 58.62 per cent was in Boston and 41.38 per cent outside. The four organized Metropolitan Districts existing for the purpose of constructing and maintaining certain extensive systems of public works under state control are as follows: Metropolitan Park District, established by chapter 407, Acts of 1893, including all the cities and towns except Lexington, and managed by a State Board of five commissioners; Metropolitan Water District, established by chapter 488, Acts of 1895, including 10 cities and 9 towns, and covering an area of 175 square miles; Metropolitan Sewerage District established by chapter 439, Acts of 1889, consisting of the North System and South System, including 17 cities and towns in the former system and 8 in the latter, and covering an area of 225 square miles; the last two districts managed by a single State board of three Commissioners; Charles River Basin District established by chapter 465, Acts of 1903, including all the cities and towns except Cohasset and Lexington, and in charge of the Metropolitan Park Commission. By Chap. 350, General Acts of 1919, the two Metropolitan boards were abolished and a single Metropolitan Commission of five members was established.

Another Metropolitan District, viz., the Fire Prevention District, was organized in 1914 by the enactment of chapter 795. In this district are the 14 cities of "Greater Boston," but only 10 of the towns, to which were added Reading and Rockland, a total of 26 municipalities.

The District is in charge of a single commissioner, assisted by a deputy commissioner both appointed for a term of three years. The number of fires causing losses in the District decreased from 4,169 in 1914-15 to 3,099 in 1918-19, a reduction of 25.67 per cent, a creditable record. This office was also abolished by said Chap. 350, the work of same being transferred to Department of Public Safety.

Total gross Metropolitan debt for water, parks, sewers and Charles River Basin improvements on July 1, 1919, \$77,072,475; sinking funds, \$25,246,294; net debt, \$51,826,181, or \$1,513,914 less than in 1918. The division of this net debt was: Water supply, \$27,548,717; sewers, \$12,575,351; parks, boulevards, etc., \$8,318,109; Charles River Basin, \$3,381,004. Of the latter, \$1,119,108 is payable by Boston alone, i. e., \$642,287 for Boston Embankment, and \$476,821 for Charles River Bridge. Of 1919 tax rates, the highest among the cities was Malden's (\$30.50) and the highest among the towns, Stoneham's (\$29.60); the lowest among the cities was Newton's (\$19.80) and among the towns, Dover's (\$6.50). Mean tax rate of the 13 cities in the District outside of Boston, \$25.81, or \$2.21 in excess of Boston's rate. Mean tax rate of the 26 towns, \$20.74, or \$2.31 more than in 1918. There were in the District in 1918, 4,319 manufacturing establishments, value of product, \$1,240,496,193; capital invested, \$672,377,072; value of stock and materials used, \$737,506,555; total wages paid, \$210,781,794; average number of wage earners, 212,629 (maximum number 251,867); increase over 1917 product, 380.7 per cent. Rank 1 to 12, in value of product; Boston, \$522,646,032; Lynn, \$130,386,667; Cambridge, \$130,022,595; Somerville, \$107,572,650; Quincy, \$85,284,312; Watertown, \$53,131,801; Everett, \$34,366,419; Chelsea, \$31,492,524; Malden, \$20,583,671; Woburn, \$18,786,306; Waltham, \$17,608,720; Newton, \$14,817,126. Boston's total product value was 42.13 per cent of the Metropolitan District's.

ORDERED, That for the school year 1920-21 the Board of Superintendents be authorized to extend the privileges now given to approved State-aided classes for vocational teachers, to include not more than twenty hours of practice teaching for each member in approved training classes, provided that no expense to the city shall thereby be incurred; such approved practice training to be given under the general direction of the Board of Superintendents and under the immediate control of the principals or directors of schools or classes wherein is conducted practice teaching.

AMENDMENTS TO RULES AND REGULATIONS.

The Superintendent offered the following:

ORDERED, That the rules and regulations are hereby amended as follows:

In the paragraph defining the supervising staff in the Glossary, at the opening of the Rules and Regulations, insert after the words "primary supervisors" the words "commercial coordinator," so that the paragraph will read as follows:

Supervising staff. This term includes directors, first assistant directors, assistant directors, first assistants and assistants to directors, primary supervisors, commercial coordinator, medical inspector of special classes, school physicians, supervising nurse and school nurses.

Passed, under a suspension of the rules.

The Superintendent offered the following:

ORDERED, That the regulations are hereby amended as follows:

Section 281, paragraph 1. In the eighth and ninth lines strike out the word "instructors" and substitute in place thereof the word "assistants," so that the paragraph will read as follows:

Sect. 281. 1. Teachers of day elementary schools shall consist of one principal holding the rank of master for each district; sub-masters in charge; master's assistants in charge; sub-masters; master's assistants; first assistants, grammar; first assistants in charge; assistants; first assistants in charge of special classes; instructors, special classes; assistants, speech improvement classes; assistants, classes for the conservation of eyesight; and pre-vocational assistants.

2. There shall be one division foreman; shop foreman; shop instructor; trade assistant; helper; instructor, boys' classes; instructor; assistant; vocational assistant; special instructor, or special assistant, for each group of pupils representing three hundred pupil hours of instruction per week. A teacher serving on part time shall not be counted as equivalent to a teacher serving on full time.

Passed, under a suspension of the rules.

The Superintendent offered the following:

ORDERED, That the regulations are hereby amended as follows:

Section 299, paragraph 1, item 10. Strike out the item and substitute in place thereof the following:

A commercial coordinator.

Passed, under a suspension of the rules.

The Superintendent offered the following:

ORDERED, That the regulations are hereby amended as follows:

Section 288. Strike out paragraphs 1 and 2 and substitute in place thereof the following:

Sect. 288. 1. Teachers in the Day School for Immigrants shall consist of an assistant in charge, assistants and special assistants. There shall be one assistant for each group of pupils representing three hundred pupil hours of instruction per week.

2. An additional assistant may be employed for an excess of two hundred pupil hours of instruction per week.

Passed, under a suspension of the rules.

The following was offered:

ORDERED, That the regulations are hereby amended as follows:

Renumber Chapters XIX. to XXIV. as Chapters XX. to XXV.; renumber Sections 360 to 382 as 364 to 383. Insert the following new chapter:

CHAPTER XIX.

Regulations for the Department of the Extended Use of the Public Schools.

SECT. 358. 1. The department of the extended use of the public schools shall include such activities as school centers, meetings of school alumni associations, parents, parents' associations, responsible citizens, local improvement associations, municipal concerts, lectures and addresses, prize drills, high school cadet officers' parties, boy scouts, girl scouts, camp fire girls, school and class parties, posts of American Legion and such other educational, social, civic, recreational and philanthropic activities as the Board shall approve.

SECT. 359. 1. School centers may be established by the Board in school buildings upon recommendation of the director of the extended use of the public schools.

2. School centers shall include men's clubs, women's clubs, boys' clubs, girls' clubs, orchestral clubs, dressmaking clubs, millinery clubs, embroidery clubs, gymnasium clubs, choral clubs, whist clubs, dramatic clubs, and such other activities as may be organized under the direction

and with the approval of the director of the extended use of the public schools, who shall determine the maximum number of persons who may be admitted to each activity.

SECT. 360. 1. The term of the school centers shall begin on the first Wednesday in October and continue up to and including the thirtieth day of June. Sessions shall be suspended on the twelfth of October, the week in which Thanksgiving Day occurs, from the second Friday preceding Christmas Day to and including the first day of the following January, the week of the twenty-second of February, the week of the nineteenth of April, and on the seventeenth of June; provided, that when the first day of January of any year falls later than Wednesday of any week, the sessions of the school centers shall be suspended on the remaining days of that week.

2. The sessions of school centers shall be held on such days of the week as shall be determined by the director of the extended use of the public schools in each case.

3. The regular afternoon sessions of school centers shall begin not earlier than 2:30 o'clock and close not later than 5:30 o'clock; provided, that the closing hour may be extended by the director of the extended use of the public schools.

4. The regular evening sessions of school centers shall begin at 7:30 o'clock and close at 10:30 o'clock; provided, that the closing hour may be extended by the director of the extended use of the public schools.

5. Schoolrooms shall be opened and workers shall be present fifteen minutes before the time for their respective activities to begin as determined by their respective managers and associate managers.

6. Premises shall be vacated within fifteen minutes after the close of the session.

Sect. 361. 1. Managers of school centers shall be the responsible administrative heads of their respective centers, charged with the supervision and direction of persons occupying buildings under their control and with the general maintenance of good order and discipline. They shall see that the rules and regulations of the Board and the directions of its officers are observed, and they may establish and enforce such regulations, not contrary to the general rules and regulations or orders of the Board and instructions of the director of the extended use of the public schools as may, in their opinion, be advisable for the successful conduct of their centers. They may require their workers to keep such records and to make such reports as they deem necessary.

2. The associate manager, in the absence of the manager, or in a center where there is no manager, shall have the authority and shall assume the responsibilities set forth in paragraph 1 of this section.

3. The manager and the associate manager of a center shall have joint authority in matters pertaining to the organization of groups, the assignment and direction of workers, the arrangement of programs and the determination of general center policies. They shall decide these matters in conference, and in cases where they fail to come to an agreement, they shall refer such matters to the director of the extended use of the public schools for a final decision.

4. Managers and associate managers shall keep, or cause to be kept, such records and make such reports as the regulations of the Board set forth, and as the director of the ex-

tended use of the public schools may require.

5. Managers shall be responsible for the organization and direction of all men's work and boys' work conducted in their respective centers. They shall also have charge of all mixed gatherings except those composed of members and guests of clubs supervised and controlled by associate managers.

6. Managers shall keep the financial accounts and make the financial reports of their respective centers; provided, that in centers where there is no manager, these duties shall be performed by the associate manager.

7. Associate managers shall be responsible for the organization and direction of all women's work, all girls' work and all children's work conducted in their respective centers. They shall also have charge of mixed gatherings composed of members and guests of clubs under their control and supervision.

8. Associate managers shall keep the attendance records and make the attendance reports of their respective centers; provided, that in centers where there is no associate manager, these duties shall be performed by the manager.

9. Whenever a manager proposes to absent himself from his main building he shall notify the associate manager or a general helper who shall assume charge thereof until his return.

10. Whenever an associate manager proposes to absent herself from any building in which she is in charge she shall notify a general helper who shall assume charge thereof until her return.

11. Managers and associate managers shall be appointed by the Board in June of each year and at such other times as the needs of the service require.

12. The workers in the department of the extended use of the public schools shall consist of general leaders, orchestra leaders, song leaders, special leaders, head operators, club leaders, general helpers, auditorium leaders, floor directors, operators, leaders, gymnasium leaders, general pianists, assistant floor directors, assistant operators, stage managers, doormen, matrons, helpers, pianists, assistant club leaders, assistant auditorium leaders, attendants, assistant gymnasium leaders, assistant stage managers, assistant helpers and such other employees as the Board shall authorize.

13. Workers shall be appointed by the Board in September of each year and at such other times as the needs of the service require.

14. Workers shall perform such duties as may be assigned them by their respective managers and associate managers.

Sect. 362. 1. Persons not less than six years of age may be admitted to afternoon sessions of school centers; provided, that managers and associate managers may, in their discretion, admit persons of younger age when accompanied by their parents or by adults in charge.

2. Minors who are not attending a day school and adults may be admitted to evening sessions of school centers, and pupils attending the day schools may be admitted to special group meetings and to assembly hall activities at the discretion of the respective managers and associate managers, provided, that no objection be made by the principal of the day school which such pupils may attend.

Sect. 363. 1. Managers of school centers shall keep a set of books in such form as the business agent shall determine, showing all receipts and expenditures which pass through

their hands, which shall be audited from time to time by the business agent or other person authorized by the Board.

2. Managers of school centers shall be authorized and required to collect and pay over to the business agent all sums received by them on or before the fifth day of each month following such receipt. Such returns shall be accompanied by a report setting forth in detail the source from which such income has been received, in such form as the business agent shall determine.

3. No persons shall be employed, and no expenditures shall be authorized for activities referred to in Section 359, except such as shall have been authorized by the director of the extended use of the public schools whose approval shall be required on all bills and certifications of service.

4. Each club organized under the auspices of a school center shall elect a financial secretary, who shall turn over to the leader of the club or other person appointed by the manager or associate manager of the center, all funds in the treasury of such organization, and such leader or other person so appointed shall hold such funds and be responsible therefor. The leader shall keep an account of such funds, which account shall be kept in the office of the manager or associate manager of the center. The manager or associate manager of the center shall report to the business agent monthly on all such sums so held. Such reports and such books shall be kept in such form as the business agent shall determine.

Passed under a suspension of the rules.

The following was offered:
ORDERED, That the regulations are hereby amended as follows:

Section 228. Add the following new paragraph:

6. Candidacy for election to the Board shall operate as a resignation of the position held by any person in the employ of the Board.

The question came on suspending the rules in order to permit the immediate passage of the order. The rules were declared suspended, Mr. Corcoran being reported as in favor although absent, and Mr. O'Connor voting in the negative.

The question then came on the passage of the order, which was declared passed by the same vote.

SALARY SCHEDULE FOR TEACHERS AND MEMBERS OF SUPERVISING STAFF, FEB. 1 TO AUG. 31, 1921.

The following thirty orders, establishing a salary schedule for teachers, members of the supervising staff, and others, for the period Feb. 1 to Aug. 31, 1921, were submitted:

1. ORDERED, That the salaries of teachers, members of the supervising staff, and others in the public schools are hereby established for the period February 1 to August 31, 1921, inclusive, in accordance with the following schedules and subject to the following restrictions:

1A. ORDERED, That the salaries of teachers, members of the supervising staff, and others who receive annual salaries which have been fixed by Order 1A of the salary schedule for the year ending August 31, 1921, shall, during the period February 1 to August 31, 1921, inclusive, be fixed and advanced in accordance with the provisions of said order; provided, that the salaries of such persons in those ranks in which the minimum and maximum salaries in the follow-

ing schedules have been increased over the minimum and maximum provided in the existing schedules by the same amount, be advanced by said amount on February 1, 1921, and the salaries of such persons shall thereafter be advanced on their several anniversaries by the annual increment provided in the following schedules; and provided further, that the final increment shall be such amount as shall place the teacher on the maximum salary of the rank.

1B. ORDERED, That the salaries of teachers, members of the supervising staff, and others who receive annual salaries which have been fixed by Order 1A or Order 1B of the salary schedule for the year ending August 31, 1921, shall, during the period February 1 to August 31, 1921, inclusive, be fixed and advanced in accordance with the provisions of said order; provided, that the salaries of such persons in those ranks in which the minimum and maximum salaries have been increased over the minimum and maximum provided in the existing schedules by unequal amounts, shall be advanced in the following manner:

(a) The salaries of those teachers, members of the supervising staff, and others who have not reached the maximum salary of the existing schedule, or who have not served one year on said maximum salary, shall on February 1, 1921, be advanced by the amount of the increase in the minimum of their respective schedules, and the salaries of such persons shall thereafter be advanced upon their respective anniversaries by the annual increment provided in the following schedules until the new maxima of their ranks are reached; provided, that the final increment shall be such amount as shall place the teacher upon the maximum salary of the rank.

(b) The salaries of those teachers, members of the supervising staff, and others who on January 31, 1921, had reached the maximum salary of the existing schedules, and who have served one full year thereon, shall on February 1, 1921, be advanced by the amount of the increase in the maximum of the following schedule over the maximum of the existing schedule.

1C. ORDERED, That the salaries of masters of day elementary and day intermediate schools which have been fixed by Order 1C of the salary schedule for the year ending August 31, 1921, shall be fixed and advanced in accordance with the provisions of said order; provided, that the salaries of all persons holding this rank shall on February 1, 1921, be advanced by the amount of the increase in the minimum of the schedule over the minimum of the existing schedule, and the salaries of such persons shall thereafter be advanced upon their respective anniversaries by the annual increment provided in the following schedule until the new maximum of the rank is reached.

1D. ORDERED, That in the application of the following schedule for teachers and members of the supervising staff whose appointments to enter or re-enter the service take effect on or after September 1, 1919, and whose compensation is paid under the ten-payment plan, the annual compensation as specified for teachers and members of the supervising staff appointed to permanent positions in the day school service shall be construed as being at the rate set forth for the entire service between September 1, 1920, and June 30, 1921, but shall be applicable to the salaries of such persons from February 1 to June 30, 1921, and

such salaries shall be adjusted to such fraction of the whole period.

1E. ORDERED, That subject to the provisions of Order 1A, the salaries of assistants elementary schools, assistants kindergarten, assistants Horace Mann School for the Deaf, instructors special classes, assistants speech improvement classes and classes for conservation of eyesight, teachers of cookery, teachers of sewing and assistant instructors in manual training, appointed before February 1, 1921, shall on said date be advanced on their schedules by the amount of two hundred sixteen dollars (\$216), and the salaries of such persons shall thereafter be advanced upon their respective anniversaries by the annual increment provided in the following schedules until the new maxima of their ranks are reached; provided, that the final increment shall be such amount as shall place the teacher on the maximum salary of the rank; and provided further, that the salaries of those persons of the foregoing ranks who on January 31, 1921, had been on the maximum salaries of their several ranks for a period of one year or more shall on February 1, 1921, be advanced to the maximum salaries of their respective ranks in the following schedules.

OCCUPANCY OF ROXBURY HIGH SCHOOL-HOUSE FOR MEMORIAL SERVICE.

On motion, it was

ORDERED, That the Boston Municipal Council, United Spanish War Veterans, is hereby authorized to occupy the assembly hall in the Roxbury High School-house, on Sunday, Feb. 13, 1921, between the hours of 7:30 and 10:30 o'clock P. M., for its annual memorial service for the men who were lost on the U. S. S. Maine in Havana Harbor, Feb. 15, 1898, such occupancy to be without charge for light or heat, and the cost of janitor and other service, if any, to be assumed by this Board.

LEAVES OF ABSENCE TO JANITORS.

A communication was received from the Schoolhouse Custodian, under date of Jan. 31, 1921, recommending that Ira M. Jacobs, janitor of the Charles C. Perkins School-house, be granted leave of absence on one-half his net compensation for the period Jan. 15 to Feb. 3, 1921, inclusive, because of personal illness.

Placed on file, and leave of absence on half pay granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Jan. 31, 1921, recommending that Charles C. Fitzgerald, janitor of the Capen School-house and Portable, be granted leave of absence on one-half his net compensation for the period Jan. 18 to 21, 1921, because of illness.

Placed on file, and leave of absence on half pay granted for the period specified.

TRANSFER OF JANITORS.

A communication was received from the Schoolhouse Custodian, under date of Jan. 31, 1921, recommending that Thomas W. McLean, regular substitute janitor, the only applicant in the service desiring transfer to

the janitorship of the Horace Mann School-house, be appointed to the position, to take effect Feb. 13, 1921.

Placed on file, and the transfer of Thomas W. McLean approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Jan. 31, 1921, submitting a list of applicants desiring transfer to the janitorship of the Samuel W. Mason School-house and Portable No. 69, and recommending that John L. Nolan, janitor of the Warren School-house, who stands at the head of the list, be appointed to the position, to take effect Jan. 28, 1921.

Placed on file, and the transfer of John L. Nolan approved, to take effect on the date stated.

APPOINTMENT TO A PORTABLE.

A communication was received from the Schoolhouse Custodian, under date of Jan. 31, 1921, recommending that Denis J. Lenehan, janitor of the Quincy E. Dickerman School-house, be also appointed janitor of Portable No. 119, located in the yard of that school, to take effect Dec. 31, 1920.

Placed on file, and the appointment approved, to take effect on the date stated.

REQUEST FOR PAYMENT OF INCREASED SALARY FROM JAN. 1, 1921.

A communication was received from Julia M. Fitzpatrick, President, Boston Elementary Teachers' Club, under date of Jan. 29, 1921, stating that because of the change in date of the new bill providing funds to increase salaries the teachers will not receive the full \$216 increase during the year 1921, and asking if it will be possible to pay to the teachers during the next eleven months the \$18 necessary to give them the full \$216 expected within the calendar year 1921.

The communication was placed on file, and the Secretary directed to reply thereto substantially as follows:

The petition of this Board for additional legislation to increase the compensation of teachers and others in the employ of the School Committee and to provide additional funds for other school purposes expressly provided that the salary increase should take effect on Jan. 1, 1921. The Act passed by the Legislature, however, reads that "the School Committee may increase salaries on and after Feb. 1, 1921," and the action of the Board must, of course, be in strict conformity therewith. The Board, therefore, is of the opinion that it will not be possible to pay the teachers during the next eleven months the \$18 necessary to give them the full \$216 expected within the calendar year of 1921.

APPOINTMENT OF FIRST ASSISTANTS IN CHARGE.

A communication was received from Julia M. Fitzpatrick, President, Boston Elementary Teachers' Club, under date of Jan. 20, 1921, reporting that at a meeting of the Club held on January 19, 1921, it was voted to protest the appointment of grammar grade teachers to the position of first assistant in charge of buildings occupied exclusively by primary classes.

The communication was placed on file, and the Secretary was directed to reply thereto to the following effect:

The Board is not in sympathy with this petition. The statutes of the Commonwealth require that the Superintendent of Schools shall appoint teachers and members of the supervising staff, subject to the approval of the Board, and the rules and regulations of the Board require that such appointments shall be based upon merit.

In the opinion of the Board, the present policy of establishing eligible lists and making appointments therefrom in the order of standing is in accordance both with the State law and the rules and regulations of the Board.

The establishment of rated eligible lists of candidates for appointment to higher ranks is intended to obtain the services of teachers who would seem to promise greatest service to the schools. Limitation of eligibility for appointment to higher ranks in the interests of any particular group would threaten the accomplishment of this purpose.

The Board understands that when it was decided by the Board of Superintendents to establish an eligible list for appointment to the rank of first assistant in charge all persons in the service eligible for appointment to the rank were given opportunity to make application for rating if they so desired. Once the eligible list was established appointments were, of necessity, made in the order of standing upon that merit list.

The Board of Superintendents could not, as a Board of Examiners, deny to any persons holding certificates qualifying for a particular rank the privilege of being rated for that rank, upon the establishment of an eligible list therefor, nor has the Board any desire to establish such a procedure.

PROTEST AGAINST ANY CHANGE IN PRESENT PENSION SYSTEM.

A communication was received from Julia M. Fitzpatrick, President, Boston Elementary Teachers' Club, under date of Jan. 23, 1921, stating that at a meeting of the Club held on Jan. 19, 1921, it was voted to request the Board to use every means possible to keep the Boston teachers, both present and future, out of the State pension system, and to request the Board to disapprove any legislation this year which would change the present Boston pension law.

SELECTION OF SITE FOR NEW HIGH SCHOOL IN DORCHESTER.

A communication was received from the Upham's Corner Improvement Association, under date of Jan. 21, 1921, requesting the Board to withdraw the area which it has given the Board of Schoolhouse Commissioners in which to select a site for a new high school building in Dorchester, and that the Board grant a public hearing in order to discuss the question of the selection of a site.

The communication was placed on file, and the Secretary was directed to reply thereto substantially as follows:

The authority of the Board in respect of the selection of sites for new schools extends only to the designation of the school district or districts within which such sites shall be selected. The selection of the particular site within such district is a duty expressly imposed by law upon the Board of Schoolhouse Commissioners, which Board is required before making its selection to obtain the opinion of the Superintendent, but not necessarily his approval.

This Board has designated the Henry L. Pierce School District as the district within which the site for the proposed new high school in Dorchester shall be selected. If this district does not contain the particular location in which the Upham's Corner Improvement Association desires the new high school to be placed, this Board is perfectly willing to give a hearing thereon to the representatives of that Association. The Board understands, however, that the Association would probably not be in favor of a site outside of this particular district, but is concerned in the selection of a particular site or sites within this district. If such is the case, the Board suggests to the representatives of the Upham's Corner Improvement Association that they seek an opportunity to present their views before the Board of Schoolhouse Commissioners rather than before this Board, which has no authority as to the designation of a particular site within a school district.

CHARLESTOWN FREE SCHOOL FUND.

A statement of the receipts and expenditures of the Charlestown Free School Fund for the year ending Jan. 31, 1921, as submitted by the Treasurer of the Corporation, Michael H. Corcoran, was presented, the balance to new account being \$9,719.75.

Placed on file, and the Chairman authorized to approve the same and to verify the sums and securities belonging to said fund and in the possession of the Treasurer.

ANNUAL REPORT, BOARD OF TRUSTEES OF PERMANENT SCHOOL PENSION FUND.

The thirteenth annual report of the Board of Trustees of the Permanent School Pension Fund for the year ending Jan. 31, 1921, was received, from which it appears that the total amount appropriated for pensions during that year was \$104,324.02; reimbursement received from the State, \$33,694.42; paid for pensions during the year \$127,567.79; unexpended balance paid to the treasurer of the fund for investment, \$10,450.65. Total fund Jan. 31, 1921, \$371,300.26. Total number of teachers drawing pensions Jan. 31, 1919, 341; number added during 1920-21, 22; deaths during year, 21; number now drawing pensions, 342.

Placed on file.

UNFINISHED BUSINESS.

The three orders laid over at the meeting of Jan. 17, 1921, making changes in the Authorized List of Text and Supplementary Books, were taken up and passed unanimously.

The order laid over at the meeting of Jan. 10, 1921 (see p. 246), amending the glossary of the rules and regulations so as to include the rank of primary supervisor in the supervising staff, was taken up and passed.

The communication from the Board of Superintendents, laid over at the meeting of Jan. 3, 1921 (see pp. 242, 243), submitting its report on the intermediate schools, was taken up, and placed on file.

The order laid over at the meeting of Jan. 10, 1921 (see p. 246), relative to the printing of the report or survey of the Board of Superintendents on intermediate schools and classes, was taken up, and passed.

The communication from the Boston Elementary Teachers' Club relative to the removal of the age limitation for re-entry of teachers into the service, laid over at the meeting of Nov. 1, 1920 (see p. 204), was taken up, and placed on file, the Board deeming it inadvisable to take favorable action thereon.

The Board took up for consideration the communication from the Boston Elementary Teachers' Club relative to payment of elementary teachers in cash, laid over at the meeting of Dec. 20, 1920 (see p. 238).

The communication was placed on file, the Board deeming no action necessary on its part, inasmuch as the matter rests entirely in the hands of the City Treasurer.

The communications from the Boston Public School Nurses' Club requesting that school nurses be granted the pension privilege, laid over at the meetings of May 5, 19, and July 14, 1919 (see pp. 63, 69, 127), and the communication from the Boston Teachers' Club, endorsing the foregoing application, laid over at the meeting of May 19, 1919 (see p. 69), were taken up, and placed on file, the Board deeming it inadvisable to take favorable action thereon at this time.

The various petitions, applications, etc., relative to increases in salaries of teachers, members of the supervising staff and others, laid over at the several meetings of the Board as indicated below, were taken up and placed on file:

Meeting of September 20, 1920 (see p. 168):

(a) Manual training teachers.

Meeting of November 1, 1920 (see p. 204):

(b) Instructors of military drill.

Meeting of November 15, 1920 (see p. 213):

(c) Clerical assistants.

Meeting of November 29, 1920 (see p. 223):

(d) First assistant in charge, prevocational centers.

(e) Prevocational academic assistants.

(f) Matrons, Dorchester High School.

Meeting of January 3, 1921 (see p. 243):

(g) Assistants, Horace Mann School.

(h) Teachers in Boston Trade School.

Meeting of January 10, 1921 (see pp. 247, 248):

(j) Teachers of shop work, boys' prevocational centers.

(i) Endorsement of application of assistants, Horace Mann School.

Meeting of January 17, 1921 (see p. 252):

(k) Temporary teachers, classes for conservation of eyesight.

REFERENCE OF UNFINISHED BUSINESS TO NEXT BOARD.

On motion, all unfinished business was referred to the next Board.

ADJOURNMENT.

The Board adjourned at 7.05 o'clock P. M.

Attest:

THORNTON D. APOLLONIO,
Secretary.

UNDERGROUND RAPID TRANSIT IN BOSTON.

The Boston Transit Commission, consisting of five members, two appointed by the Governor and three by the Mayor, began its official existence July 1, 1894, and ended it July 1, 1918, after seven extensions of the original term. It has constructed, under the authority of Acts of the Legislature, the following subways and tunnels, the ownership of which is vested in the City of Boston, and all costs to be covered by revenue from same, not by taxation: Tremont Street Subway, opened September 1, 1897, costing with subsequent alterations, \$4,416,000, the first municipal subway in the United States; East Boston Tunnel, under Boston Harbor and State street, opened December 30, 1904, costing \$3,336,000; Washington Street Tunnel, opened November 30, 1908, costing \$8,406,700 (including \$2,850,000 land damages); Cambridge Connection Subway, opened March 23, 1912, costing \$1,465,000; Boylston Street Subway, opened October 3, 1914, costing \$5,327,000; East Boston Tunnel Extension, opened March 18, 1916, approximate cost, \$2,450,000; Dorchester Tunnel, opened December 4, 1916, as far as South Station, on December 15, 1917, to Broadway, South Boston, and on June 29, 1918, to the Andrew Square Terminal; amount borrowed to 1920 for the Dorchester Tunnel, \$10,750,000. Total cost, approximately, for all subways and tunnels, \$36,000,000 (against which a sinking fund of about \$5,600,000 has been accumulated from the revenue), payable mostly in 40 years from date of each loan (loans since 1911 payable in 45 years), annual interest averaging 3.8 per cent. These underground ways (about 8.9 miles in all) were leased to the Boston Elevated Railway Company (which furnished the equipment) for term of 25 years (except Tremont Street, 20 years) at annual rental of $\frac{1}{2}$ to $\frac{4}{5}$ per cent of net cost (except East Boston Tunnel which was at $\frac{3}{4}$ of one per cent of all annual gross receipts of said company). In accordance with chapter 741, Acts of 1911, the various leases were extended to July 1, 1936, the rental to be $\frac{4}{5}$ per cent of net cost after expiration of the first-term leases.

By chapter 185, Special Acts of 1918, the powers of the Transit Commission, whose term expired that year, were transferred to the Mayor, Commissioner of Public Works and City Treasurer, or such person or persons not exceeding three, as the Mayor might appoint. By chapter 3, ordinances of 1918, the Transit Dept. was established as a regular City department, to be in charge of three commissioners.

AREA OF BOSTON.

Area to ward lines (26 wards), 30,598 acres (i. e., 47.81 square miles), 2,843 acres being filled land, 1,143 acres water area and 1,585 acres flats. Land area only, 27,870 acres (i. e., 43.55 square miles). Included in the latter are 138 acres of filled flats added to the land area of South Boston in 1919 and 48 acres to that of East Boston in 1918. Original Boston contained about 780 acres of land. Of the twelve leading American cities, five are larger in land area than Boston, viz., New York, Chicago, Philadelphia, St. Louis and San Francisco. The only city in Massachusetts with larger land area is Taunton.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR DREDGING AT THE REFUSE RECEIVING STATION, VICTORY ROAD, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals for dredging at the Refuse Receiving Station, Victory road, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of \$1,500 to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked, "Proposal for Dredging at the Refuse Receiving Station, Victory road, Dorchester," and left at room 508, fifth floor, City Hall Annex, before 12 m. on Friday, February 18, 1921, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

THOMAS F. SULLIVAN,
Commissioner of Public Works.
Boston, February 10, 1921. (Feb. 12.)

CITY OF BOSTON.

SCHOOL COMMITTEE.

PROPOSALS FOR MANUAL ARTS SUPPLIES FOR THE PUBLIC SCHOOLS.

The School Committee of the City of Boston invite bids for furnishing and delivering to the several schools and to the School Committee supply room manual arts supplies as per schedule. Only proposals obtained at the office of the Business Agent of the School Committee, room 801, City Hall Annex, signed by the bidder and left before 12 o'clock m. on Thursday, February 24, 1921, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be in duplicate, the one with the check to be sent as above, the other to be filed with the City Auditor, City Hall, previous to the time named for opening bids. The successful bidder will be required to deposit a surety bond or a certified check for not less than 25 per cent nor more than 30 per cent of the amount of the contract, payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserve the right to reject any or all bids, and to accept such as may be deemed best for the interests of the city.

WILLIAM T. KEOUGH,
Business Agent of the School Committee
(Feb. 12.)

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PROPOSALS FOR REPAIRING THE EAST WHARF AT LONG ISLAND, BOSTON HARBOR.

The Commissioner of the Institutions Department of the City of Boston invites sealed proposals for repairing and strengthening the pile wharf on the east side of Long Island, Boston Harbor. A bond for doing the work will be required of a surety company, approved by the Commissioner, in the sum of 25 per cent of the amount of the proposal to secure the due performance of the contract and the full protection of the city. Plans, specifications, and proposals in blank may be obtained at room 809, eighth floor, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, and marked "Proposal for Repairing East Wharf at Long Island" and left at room 809, eighth floor, City Hall Annex, before 12 m. on February 28, 1921, with a certified check for twelve hundred dollars (\$1,200) payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the one with the check to be left as above, the sealed duplicate, without check, to be filed with the City Auditor previous to the time named for opening the proposals. The undersigned reserves the right to reject any or all proposals should he deem it to be for the best interest of the city so to do.

THOMAS C. O'BRIEN,
Commissioner.
Boston, February 10, 1921. (Feb. 12-19.)

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 26 Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO BOARD OF EXAMINERS, room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, room 905, City Hall Annex, for all information relative to the erection of poles, the building of conduits,

the installation of wires and electrical apparatus. Also to the same office for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must invariably be paid in advance.

For Rapid Transit and other debt requirements, \$1,825,805. Total extraordinary, \$4,576,705 or \$386,126 more than in 1918-19. Of the 1919 loans, the amount expended within the same fiscal year was \$1,438,590 or 44.8 per cent.

FOREIGN TRADE OF UNITED STATES, CALENDAR YEAR, 1919, WITH RANK OF TEN LEADING PORTS.

Exports, \$7,922,150,592, or \$1,773,063,047 more than in 1918 and the highest total on record.

Imports, \$3,904,406,327, or \$873,193,617 more than in 1918 and the highest for imports. Total foreign commerce in 1919, \$11,826,556,919, or \$2,646,256,664 (*i. e.*, 23.82 per cent) more than in 1918. Excess of exports over imports, \$4,017,744,265.

New York, ranking first among United States ports, handled 46.69 per cent of total commerce, or 4.69 per cent more than in 1918; New Orleans (2d) 6.26 per cent; Philadelphia (3d), 5.72 per cent; Boston (4th), 5.36 per cent; Seattle (5th), 4.13 per cent; Galveston (6th), 4.10 per cent; San Francisco (7th), 4.04 per cent; Baltimore (8th), 3.32 per cent; Detroit (9th), 3.14 per cent; Buffalo (10th), 2.50 per cent. Of value of all imports, 69.14 per cent free of duty. Total duties collected, \$249,774,758, or 44.62 per cent more than in 1918. Of total export value, 70.30 per cent applied to manufactured and partly manufactured materials, 20.78 per cent to crude materials for use in manufacturing and 8.75 per cent to foodstuffs (crude) and food animals.

Boston's rank for many years as the second importing port changed to fourth place in 1917, Seattle taking second place and San Francisco third, probably due to war conditions. In 1918 Boston advanced to third place and was but slightly behind Seattle. In 1919 it regained its former rank of second.

GENTLEMEN,—You are hereby notified that your contract for removing snow and ice in snow district No. 3, dated December 28, 1920, has been extended from January 31, 1921, to May 1, 1921.

Respectfully yours,
T. F. SULLIVAN,
Commissioner of Public Works.

February 10, 1921.

J. C. COLEMAN & SONS CO.,
1620 Tremont street,
Roxbury, Mass.

GENTLEMEN,—You are hereby notified that your contract for removing snow and ice in snow district No. 6, dated December 9, 1920, has been extended from January 31, 1921, to May 1, 1921.

Respectfully yours,
T. F. SULLIVAN,
Commissioner of Public Works.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do work with the department forces without advertising; additions to and deductions from contracts.

SUPPLY DEPARTMENT.

Automobile.

On February 14 to the Boston Buick Co. as per following communication:

February 11, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston.

DEAR SIR,—Authority is requested to purchase without advertising and enter into a contract with Boston Buick Company for the purchase of one five-passenger touring car at \$2,000.

It is also requested that authority be

given to sell to Boston Buick Company a 1918 five-passenger touring car on which the above-mentioned Company will allow the sum of \$675.

This car is for the use of the Supply Department. A request for the purchase of a new car at this time is on account of the fact that the old car is very much in need of repairs, and the cost of running it is very high.

Respectfully yours,
G. J. CRONIN,
Superintendent of Supplies.

February 11 to the Coastwise Coal Co. as per following communication:

Coal.
February 7, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR.—Permission is respectfully requested to award a contract, without publicly advertising the same, to the Coastwise Coal Co. for furnishing approximately 1,500 tons of semi-bituminous Pennsylvania coal to the Boston City Hospital at a price of \$9.50 per gross ton alongside Boston City Hospital, this price being the lowest price received. The following prices were received from other dealers:

City Fuel Co., Pocahontas, \$10.25 per gross ton, delivered alongside by lighter.
Maritime Coaling Co., Pocahontas, \$10.10 per gross ton, delivered alongside.
Coastwise Coal Co., Pennsylvania, \$9.50 per gross ton, delivered alongside.
Stetson Coal Co., Pennsylvania, \$9.20 per net ton, delivered by truck.

Batchelder Bros., \$10 per net ton, delivered by truck.

No bid received from the following: Metropolitan Coal Co., C. H. Sprague & Sons, N. E. Coal & Coke Co., Castner, Curran & Bullett, Spring Coal Co., Burton-Furber Coal Co., Northern Coal Co.

Yours respectfully,
G. J. CRONIN,
Superintendent of Supplies.

Automobile.

On February 14 to the Donovan Motor Car Co. as per following communication: February 11, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

DEAR SIR.—Authority is respectfully requested to purchase without advertising and enter into a contract with Donovan Motor Car Company, 626 Commonwealth avenue, Boston, for one Studebaker roadster at \$1,925.

Authority is also requested to sell to Donovan Motor Car Company one 1918 Buick roadster for \$900, in exchange for car mentioned in preceding paragraph.

The net amount of the contract will be \$1,025.

This Studebaker roadster is for the use of the Medical Examiner of Suffolk County, Southern District.

Respectfully yours,
G. J. CRONIN,
Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT.
February 8, 1921.

To the Mayor of Boston:

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Frank P. Rossano, 198 Putnam street, East Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance, but by the abutters; and secondly, the expense of construction being divided by the

City and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand dollars (\$1,000).
Respectfully yours,

T. F. SULLIVAN,
Commissioner of Public Works.

GENTLEMEN.—You are authorized to make the following substitution without additional cost to the city: Omit the Clinton electrically welded wire fabric specified on page 29 of the specifications for the grilles in cage and gate fronts and substitute therefor No. 4 wire vertical and horizontal 3 by 3 inch mesh with 1½ inch channel frames. Each wire to be clinched at both ends on the back of the channels. Securely attach these grilles to the 3-inch angles as per details approved by the architect.

You are herewith ordered to add to your contract sum for the erection of a lion house in Franklin Park as follows: (1) The sum of one hundred and ninety-four dollars (\$194) for building a temporary vestibule at the east end of building with doors, hardware, outside steps, etc., as follows: A pair of doors, each about two feet six inches wide by six feet eight inches high and covered on the room side with panel board like the present work. These doors to open into vestibule. A pair of outside doors, same dimensions as above, and opening out from vestibule. Walls, floor and roof of vestibule to be of lumber 2 by 4 inch frame covered by matched boards. Joists 2 by 4 inches—sills 2 by 6 inches—rafters 2 by 4 inches pitching ½ inch to foot to the south. Upper floor of vestibule of matched Georgia pine, steps of spruce plank—vestibule and steps supported on cedar posts—outside walls and roof covered with paper like present roof—each pair of doors to have rim lock and 3½-inch Japanned butts—one door in each pair to have top and bottom bolt, and latch and jet knobs.

(2) The sum of twenty dollars (\$20) for constructing an 8-inch round peep hole with frame and wood shutter in the stud wall between public space and keeper's room in second story and a similar hole without shutter in the corresponding place on the other side of entrance arch.

Contract sum, \$61,095; amounts previously added as per order of May 19, 1920, \$240; amounts added as per this order, \$214; total contract price to date, \$61,549.

MAYOR'S OFFICE.

VETO OF SALARY INCREASES.

February 16, 1921.

DR. FREDERICK L. BOGAN.

Chairman Boston School Committee.

DEAR SIR,—The salary orders passed by your honorable board, under date of February 1, 1921, include certain rates which have the effect of providing salary increases in excess of the original \$600 requested by the school teachers.

The general understanding seemed to be that the teachers were seeking an increase of the amount above stated and the petition to the Legislature for an increase in the tax limit had this end in view.

As a matter of good faith, I believe that no increases for any positions totalling more than \$600, originally understood as being the amount sought, should be granted.

I believe, further, that any amount available through increased salaries taking effect on February 1, instead of January 1, should not be used for increases beyond those originally intended. The amount thus saved would not be appropriated simply because it is available.

I shall be glad to approve the schedules of salaries as submitted, provided the increases above \$600 are eliminated.

For the above reasons I return the attached salary orders without my approval.

Very truly yours,

ANDREW J. PETERS,
Mayor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

Head Farmer (Male), Boston Almshouse and Hospital, Long Island, Boston Institu-

tions Department, March 15, 1921.—The salary is \$1,100 per year, and board. The duties of the position will be to take full charge of farming activities, to have the care of twelve horses and the care of roads. It is desirable that applicants have some executive ability and have a knowledge of soil chemistry.

Food Inspector (Male), Boston Health Department, March 7, 1921.—The salary is \$1,200 a year, with a yearly increase of \$100 to a maximum of \$2,000 a year. Applicants must not be over 45 years of age at the time of filing application, and a certificate of date of birth must be filed with the application. The duties of the position are as follows: To visit places where foodstuffs or drugs are produced, stored, or in any manner distributed; to determine whether the laws, ordinances, and regulations in force in the city of Boston as regards the sanitary construction and operation of such establishments are complied with; to examine foodstuffs and drugs, which if discovered to be unsound, unwholesome, or misbranded, or otherwise unsalable, are to be seized and condemned and the responsible parties prosecuted. Such examination is made by sight, smell, touch, and taste; if a chemical or bacteriological examination is needed these materials are turned over to specialists in the department. Further duties are to advise with tact and intelligence the persons who produce, store, or distribute foodstuffs or drugs as to their responsibilities according to laws, ordinances, and regulations governing them; to make recommendations to the Health Commissioner leading to the protection of the public; to write intelligent reports; to perform such other related duties as may be assigned from time to time. No special technical training is required,

though the possession of it is of distinct advantage. A good education is helpful, as well as a working knowledge of foreign languages, particularly Italian and Jewish.

Bookkeepers, March 15, 1921.—This examination will be held for the service of the State, all cities, and such towns as are classified under Civil Service. At present there are two vacancies in the Department of Public Works, Division of Highways, for female bookkeepers at \$1,020 a year. There is also a vacancy at the Boston State Hospital at \$1,140 a year with lunches for a female bookkeeper. There are two grades of bookkeepers: Grade A with a maximum salary of \$850, and Grade B with a salary of over \$850. Applicants who obtain a general average of 75 per cent or over will be eligible for Grades A and B. Applicants who obtain a general average of less than 75 per cent will be eligible for Grade A only.

Nurses, March 4, 1921.—An examination for nurses, including school nurses (excluding Boston School nurses), health nurses, visiting nurses, etc., will be held March 4, 1921. This examination is to be held for the service of all the cities and of such towns in the State as are classified under Civil Service. There are two vacancies as follows: Malden School Department, school nurse, \$1,450 per year; Lowell Health Department, health nurse, for which it is desirable that applicants have had experience in genito-urinary clinical work, at \$19.85 a week.

Stationary Engineers, Stationary Firemen and Marine Engineers, March 4, 1921.—The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either (a) as first, second, or third class engineer; (b) as first or second class stationary fireman; (c) as chief engineer for lake, bay, and sound service; the license to qualify a man to operate a vessel of at least 200 gross tons. The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications during the preceding three months will be given a physical examination.

Water Inspectors and Meter Readers, March 18, 1921.—This examination will be held for the service of the various cities of the Commonwealth and of such towns as are classified under Civil Service.

Chief of the Psychological Laboratory (Male), Department of Mental Diseases (Boston Psychopathic Hospital), February 28, 1921.—The salary is \$2,520 a year. The duties will be the direction of psychometric work in out-patient and house cases; the intensive study of patients (symptoms and treatment) by modern methods of the psychological laboratory; special research into causes of mental disorders and general problems of mental hygiene from the point of view of prevention (in school period and in various industrial conditions).

General Information.—In certifying from the eligible lists established as a result of the examinations named above, preference will be given to veterans as provided for in chapter 150 of the General Acts of 1919. Only citizens of the United States who have been residents of Massachusetts for the past year have a right to apply. Preference in certification will be given to applicants who, at the time of filing application, are residents of the city or town from which requisition is received.

SCHOOLHOUSE DEPARTMENT.

February 1, 1921.

MR. FRANK V. THOMPSON,
Superintendent of Public Schools:

DEAR SIR,—The Board of Schoolhouse Commissioners thinks it advisable to take, for addition to the yard of the proposed intermediate school, a certain piece or parcel of land in the George Putnam School District, Roxbury, bounded and described as follows:

Beginning at a point on the northwesterly line of Dixwell street 98 feet northeasterly from the corner of School and Dixwell streets, thence northwesterly by land of Dillon and Kelley 83 feet to land of Lincoln; thence turning and running northeasterly by land of Lincoln, Carr and Walker 105 feet to land of Gleason; thence turning and running southeasterly by land of Gleason 83 feet to line of Dixwell street; thence turning and running southwesterly by said line of Dixwell street 105 feet to the point of beginning; and contains 9,431 square feet of land. Be all said measurements more or less.

In accordance with chapter 473 of the Acts of 1901, and Acts in amendment of, or in addition thereto, we most respectfully ask your written opinion of the above.

JAMES J. MAHAR,

Acting Chmn., Schoolhouse Commissioners.

February 8, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston:

SIR,—At a meeting of the Board held this day, and in compliance with chapter 473 of the Acts of 1901, it was voted, subject to your approval, to take, for addition to the yard of the proposed intermediate school, a certain piece or parcel of land in the George Putnam School District, Roxbury, bounded and described as follows:

Beginning at a point on the northwesterly line of Dixwell street 98 feet northeasterly from the corner of School and Dixwell streets, thence northwesterly by land of Dillon and Kelley 83 feet to land of Lincoln; thence turning and running northeasterly by land of Lincoln, Carr and Walker 105 feet to land of Gleason; thence turning and running southeasterly by land of Gleason 83 feet to line of Dixwell street; thence turning and running southwesterly by said line of Dixwell street 105 feet to the point of beginning; and contains 9,431 square feet of land. Be all said measurements more or less.

We submit herewith the written opinion of the Superintendent of Schools thereon, and respectfully request your approval of an expenditure, not exceeding eminent domain—for carrying out the same.

Respectfully,
JAMES J. MAHAR,

Acting Chmn., Schoolhouse Commissioners.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, room 401, City Hall Annex,

for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street-traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 26 Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO BOARD OF EXAMINERS, room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, room 905, City Hall Annex, for all information relative to the erection of poles, the building of conduits, the installation of wires and electrical apparatus. Also to the same office for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must invariably be paid in advance.

APPROPRIATION FOR RENT AND HOUSING COMMITTEE.

The following was received:

Office of the Mayor,
February 14, 1921.

To the City Council:

Gentlemen,—I am herewith transmitting a communication just received from the Chairman of the Rent and Housing Committee, and I recommend the passage of the accompanying order.

Respectfully yours,
ANDREW J. PETERS, Mayor.Rent and Housing Committee,
February 14, 1921.Honorable Andrew J. Peters,
Mayor of Boston:

Dear Sir,—The Rent and Housing Committee has reached the end of the appropriation made by the City Council of 1920.

I respectfully request that the sum of \$7,200 be appropriated to continue the work for six months dating from February 1, 1921.

Yours respectfully,
MALCOLM E. NICHOLS, Chairman.

Ordered, That the Committee on Rent and Housing be and hereby is authorized to expend, under the direction of the Mayor, an additional sum of \$7,200, the said amount to be charged to the appropriation for Reserve Fund, when made.

Referred to the Executive Committee, when appointed.

ALTERATION AND ADDITIONS TO CITY HOSPITAL.

The following was received:

Office of the Mayor,
February 14, 1921.

To the City Council:

Gentlemen,—The City Hospital Trustees desire the sum of \$629,000 in order to make certain changes in the Out-Patient and Dispensary Building. Of this sum \$167,000 will be spent for an addition of two floors to the present building; \$134,000 to be used in extending the west wing about forty feet and carrying it to the same height as the main building; \$128,000 to be expended on the south wing to extend it thirty-eight feet and carry it to the new height of the main building; and the sum of \$200,000 to be spent in general alterations on the present building.

I recommend the immediate passage of the accompanying order.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Ordered, That the sum of \$629,000 be appropriated, to be expended by the Trustees of the City Hospital, for the alteration and additions to the Out-Patient and Dispensary Building, and that to meet said appropriation the City Treasurer be authorized to issue from time to time on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Coun. DONOGHUE—Mr. President, I am glad to see that order relative to the City Hospital come in at this time, in view of the fact that I introduced an order along these lines some six months ago and have been holding in my desk since the first of the year an order which is practically the same as that previously introduced. Feeling that possibly the introduction of the order might hinder rather than hurry an appropriation for the needed improvements at the City Hospital, I have failed

to submit it. But I want to say that I think it is high time that that order did come into this Council, and I hope it will be acted upon speedily.

The order was referred to the Committee on Finance, when appointed.

THORNDIKE MEMORIAL HOSPITAL.

The following was received:

Office of the Mayor,
February 14, 1921.

To the City Council:

Gentlemen,—The City Hospital Trustees request an additional appropriation of \$150,000 for the construction of the Thorndike Memorial Building. It was impossible to make this appropriation last year because of the very low debt incurring power. I am anxious, however, to see this improvement made at the earliest possible moment, and I recommend the passage of the accompanying order.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Ordered, That the sum of \$150,000 be appropriated, to be added to the bequest of George L. Thorndike, the same to be expended by the Trustees of the City Hospital, for the construction of "The Thorndike Memorial," and that to meet said appropriation the City Treasurer be authorized to issue from time to time on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance, when appointed.

VOTE FOR PRESIDENT

On motion of Coun. WATSON, the Council voted to proceed to a ballot for president of the body for the year. The Clerk called the roll, and the members when their names were reached responded, with the following results:

For David J. Brickley—Coun. Brickley, McLaughlin, Moriarty—3.

For Daniel W. Lane—Coun. Collins, Hagan and Lane—3.

For James A. Watson—Coun. Donoghue, Ford and Watson—3.

And there was no choice.

OPPOSITION TO PREMIUM CAPITALIZATION.

Coun. WATSON offered an order—That a special committee composed of five members be appointed by the temporary president to appear before the Committee on Power and Light of the Legislature and oppose any and all legislation permitting any lighting companies to capitalize their premiums.

Coun. WATSON—Mr. President, I move a suspension of the rule that the order may be passed at this time. In view of the fact that there is no permanent presiding officer of the body I have introduced this order providing that the temporary chairman may appoint a committee to appear before the Committee on Power and Light of the Legislature and oppose any and all legislation having for its purpose the capitalizing of the premiums of the lighting companies. Boston is in the clutches of a gigantic monopoly, the lighting trust, the Consolidated Gas Company and the Edison Illuminating Company. They have not only become greater than the citizens of Boston but have become more powerful in shaping legislation for special privilege than any organization that ever existed in this Commonwealth. They have become so powerful that they are feared and dreaded not only by the Legislature but in many cases by the chief executives of the Commonwealth. It may not be generally known what their purpose is in trying to put through the Legislature the bill to permit them to capitalize their premiums. If the people of Boston would thoroughly read the editorials in many papers, they might get some idea of the doings of the cunning, crafty people who manipulate things for the benefit of the rich stockholders of the lighting companies; but I regret to say that many of the people, and I am one of them, perhaps do not follow the things that pertain to the city and Commonwealth as closely as they might. There have appeared in the *Boston American* one or more editorials pertaining to this proposition of capitalizing premiums by the lighting companies, and the Act before the Legislature today is so plain to the ordinary man, in my opinion, that any one who reads it can readily understand that if it passes the Legislature the stockholders of the Edison Company, who bought their stock at par and under, will be permitted to sell it, if they desire to do so, at the market value of \$200, making \$100 clean in one sweep in return for the \$100 that they invested, independent of their tremendous regular and other dividends. To illustrate, as perhaps some members have not read the editorial, they have arranged by this Act that \$30,000,000 of new stock shall be issued at par, \$100 per share; and mind you, gentlemen, the market value of the Edison stock today is \$200. If that stock were issued to the general public and everybody had an opportunity to purchase it at the par value of \$100, it would be bad enough, but not as bad as under this Act. This Act provides that if this \$30,000,000 new issue of stock is permitted at par it shall be disposed of and sold proportionately to the stockholders of record, a privileged class to a great extent, and the general public must pay the dividends. Dividends will be paid out of the earnings of the company in increased cost of lighting, gas and electricity, for the benefit of the stockholders of record. In my opinion, it is a deliberate attempt to add new burdens upon the already overloaded shoulders of the light-consuming public in Boston. We, as the legislative branch of the city government of Boston, the greatest city in New England, and the parent city and really the seat of government of Massachusetts, should as strongly as possible by every legitimate means oppose this Act. For that reason, Mr. President, I have asked for a suspension of the rule, and I would certainly request the Chair to appoint this committee at his earliest convenience, in order that we may do our little bit towards protecting the consuming public of Boston, the consumers of electric lighting. This is but the first step. If this bill succeeds, the Consolidated Gas Light Company, which serves about everybody in Boston at high rates, will come along and ask the same thing, because, while they are independent companies on paper, their directorships dovetail so nicely and fit in so closely together that they, too, will go forth and get the same thing, and other public service corporations will then

attempt it. The day of progressiveness has been with us and is fading somewhat; the hour for the reactionary is at hand—and while the people are busy with their personal affairs the great big stock jobbing corporations, the public service corporations, the monopolists of the things that have to do with the well-being, happiness and comfort of the public in our city, are doing their work and are liable to get away with it. I sincerely trust that there will be a unanimous vote for suspension of the rule and that the Chair will appoint the committee forthwith.

The rule was suspended and the order was passed by roll call, yeas 9, nays none.

Chairman HAGAN appointed as the committee Coun. Watson, McLaughlin, Donoghue, Moriarty and Ford.

JOHN J. CONNOLLY PLAYGROUND.

Coun. WATSON offered an order—That the Board of Park Commissioners be requested, through his Honor the Mayor, to change the name of the Marcella street playground, Roxbury, to the John J. Connolly Playground, in honor of said Connolly who gave his life for his country as a result of his service in the World War; and that said playground be suitably designated by signs. Passed, under a suspension of the rule.

MONEY FOR SOLDIERS' RELIEF.

Coun. BRICKLEY offered an order—That there be allowed and paid to the Acting Soldiers' Relief Commissioner, and charged to the appropriation for Soldiers' Relief Department, the sum of \$300, said sum to be expended subject to the approval of the Committee on Soldiers' Relief, by said Commissioner, in affording immediate relief to persons entitled to aid under chapter 79 of the Revised Laws and acts in amendment thereof and addition thereto.

Passed, under a suspension of the rule.

JOHN F. DONOVAN PARK.

Coun. BRICKLEY offered an order—That the Board of Park Commissioners be requested, through his Honor the Mayor, to change the name of Dorchester Park, Dorchester, to John F. Donovan Park, in honor of Sergeant John F. Donovan who fell for the cause of liberty and right during the World War at the battle of the Marne (second), July 15, 1918; and that said park be suitably designated by signs.

Passed, under a suspension of the rule.

OLIVER C. FARRANT SQUARE.

Coun. COLLINS offered an order—That the space at the junction of Washington street and Blue Hill avenue, Dorchester, be named and known as Oliver C. Farrant square in honor of the late Sergeant Oliver C. Farrant of the United States Marine Corps, who bravely served and heroically died for the cause of liberty during the World War, being mortally wounded at Belleau Woods, July 19, 1918; and that said space be suitably marked with signs.

Coun. COLLINS—Mr. President, I ask unanimous consent that a few extracts from the record of this young man—those coming from General Pershing, Major General Barnett and the young man's captain in the Marine Corps, Frederic C. Wheeler, be incorporated in the records of this meeting.

Unanimous consent being given, the following extracts setting forth the record of the late Sergeant Oliver C. Farrant, U. S. Marine Corps, were incorporated in the record.

He was wounded at Tigny, France, on July 19, 1918. Though severely wounded, he continued to lead his platoon for five hours in the face of heavy artillery and machine-gun fire. His heroic and calm conduct so heartened his men that the enemy was routed and victory achieved.

Distinguished Service Cross and Citations.

Sergeant Oliver C. Farrant, U. S. Marine Corps, Company 95, 6th Regiment, distinguished himself by extraordinary heroism in connection with military operations against an armed enemy of the United States at Tigny, France, on July 19, 1918. And in recognition of his gallant conduct, I have awarded him in the name of the President the D. S. C. Awarded on September 18, 1918.

JOHN J. PERSHING, Commander in Chief.

U. S. Army, A. E. F.

Sergeant Oliver C. Farrant, Company 95, 6th Marine Corps, who died July 22, 1918. He bravely laid down his life for the cause of his country. His name will ever remain fresh in the hearts of his friends and comrades. The record of his honorable service will be preserved in the archives of the American Expeditionary Forces.

JOHN J. PERSHING, Commander in Chief.

War Service Certificate, United States Marine Corps.

This certifies that Oliver C. Farrant performed honorable active service in the United States Marine Corps from April 6, 1917, to July 22, 1918, in the following organizations, and on board the following ships of the Navy: U. S. S. *Oklahoma*, Quantico, Va., Fourth Brigade, 2nd Division, A. E. F., France. Appointed Sergeant May 16, 1918.

GEORGE BARNETT, Major General,
Commandant.

U. S. Marine Corps.

In grateful memory of Sergeant Oliver C. Farrant who on July 22, 1918, gave his life that others might enjoy the blessings of liberty throughout the world. His supreme sacrifice in devotion to duty upheld the finest traditions of his Corps and its motto, "Semper fidelis." Given under my name and seal at Washington, D. C., this twenty-eighth day of February, 1919.

GEORGE BARNETT, Major General,
Commandant.

Under the signature of Captain F. C. Wheeler,
U. S. Marine Corps.

On March 17, 1918, your son was at the front at the south of Verdun. The German drive at Chateau-Thierry developed into such alarming proportions that we were hurried to Chateau-Thierry, or rather to the sector of that particular front which was Belleau Woods. Your son was in the front lines in the fighting that turned the Germans back from Paris—the longest, hardest fight that our Marines or division took part in. Our division was then shipped off to the big Allied offensive at Soissons which came off on July 18, 1918. The first day was a glorious victory for the Allies, the capture of 12,000 Germans, vast quantities of munitions and the advance of eleven kilometers. But the fight had been hard. By nightfall the resistance had stiffened and we were held up by strong enemy reinforcements.

Early in the morning of July 19, we were sent to attack with one regiment the barrier that had blocked three regiments the night before. The answer is easy. We fought our best. Your son fell here, while passing up and down the lines, helping the morale and keeping the younger men under control. He was awarded a D. S. C. for his bravery. A comforting token to you no doubt, but not to be compared in any way with the worth of that frail little mountain of grit. I did not see him go down as I was in command of the 75th Company during that fight, the only time I was not in command of his company. He was left in command of the platoon. I heard of his fall a few hours after and it was a hard piece of news to swallow. He was always a mystery to me. I have seen him time after time carry his heavy equipment and then take on a rifle or two belonging to some other lad who was all in, and he was twenty pounds lighter than any other man in the platoon. I have never seen him lose his nerve. He went with me on every patrol I ever made. We were surrounded once by the Germans, and he and I were separated from the body for a few minutes. We lay together in a small ditch filled with water and I remember perfectly shifting my position so that he could not feel my heart pounding against his back. That was on the night of April 6, 1918, in front of the lines at Tressevaux. I have marched by his side for miles. I have stood by the hour on watch with him. I have trusted him, relied on him and sworn by him through many weary months. He was always on the job. Not much of a grumbler, but a grouchy customer when the cooks did not have enough coffee for him,—he sure did love coffee.

He was extremely popular and respected by all. "Doc," they called him. Please call on me at any time if you feel I can be of service to you or any member of your family. Please extend my sincere sympathy to those he left here and believe me,

Most sincerely yours,

FREDERIC C. WHEELER.

He was taken to Paris, and died in the No. 1 American Hospital, July 22, 1918. He was awarded the following: Distinguished Service Cross (American), French Croix de Guerre and to wear the Fourragere, with three Citations, the Victory Medal, and the Navy Medal, four Silver Stars, three Bronze Stars, Bars, etc.

The order was passed under suspension of the rule.

WIDENING OF MORTON STREET.

Coun. McLAUGHLIN offered an order—That the Board of Street Commissioners be requested through his Honor the Mayor, to consider the advisability and expense of widening Morton street, from Canterbury street to Washington street, and submit a report on the same to the City Council.

Passed, under a suspension of the rule.

PETER JOSEPH NEE SQUARE.

Coun. FORD offered an order—That the square at the junction of E street and Broadway, South Boston, be named Peter Joseph Nee square in

honor of the memory of Peter Joseph Nee who lost his life on October 5, 1918, near the town of Montigny, France, and that suitable signs be placed to designate said square.

Passed, under a suspension of the rule.

REINSTATEMENT OF JOHN J. RYAN.

Coun. FORD offered the following:

Resolved, That the City Council of Boston hereby favors the passage of legislation for the reinstatement of John J. Ryan, formerly an employee of the Bridge Division, Public Works Department, to his former position.

Passed, under a suspension of the rule.

EXTENSION OF "GREAT WHITE WAY," TREMONT STREET.

Coun. DONOGHUE offered an order—That his Honor the Mayor consider the advisability of extending the present so-called "Great White Way"

system of lighting on Tremont street, from Paul street to Huntington avenue.

Passed, under a suspension of the rule.

LEGISLATION CONCERNING JOHN GRADY.

Coun. HAGAN offered an order—That the City Council of Boston hereby favors legislation for the payment to the widow of John Grady, late an employee in the Health Department, of balance of salary to which he would have been entitled had he lived.

Passed, under a suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

Coun. HAGAN called up unfinished business, Nos. 1 to 5, inclusive, viz.:

Action on appointments submitted by the Mayor, February 7, 1921, viz.:

1. John B. Blotto, to be a Constable.
2. James Nugent, to be a Constable.
3. Daniel William O'Brien, to be a Constable.
4. Charles L. Warren, to be a Weigher of Coal and a Measurer of Wood and Bark.
5. Frederic G. Harms, to be a Weigher of Goods.

The question came on confirmation. Committee—Coun. Donoghue and Ford. Whole number of ballots cast 9, yeas 9, and the appointments were confirmed.

GENERAL RECONSIDERATION.

Coun. DONOGHUE moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

Adjourned at 2.45 p. m., on motion of Coun. McLAUGHLIN, to meet on Monday, February 21, at two o'clock p. m.

SUPPLY DEPARTMENT.

Bids on 50,000 yards 15½-inch extra weight brown linen crash for the Park Department. Bids opened February 15, 1921.

February 17, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston:

DEAR SIR,—Attached please find list of bids on proposals for furnishing 50,000 yards, more or less, of towelling for delivery to the Park Department, which were publicly opened and read at this office under date of February 15, 1921.

I respectfully request permission to award this contract to James Norrie at a price of \$0.15½ per yard (less 2% cash, 10 days) for extra weight brown linen crash similar to the sample submitted by the Park Department. In arriving at this decision I had the assistance of a textile expert, who advises me that the \$0.15½ bid is the best purchase for the city.

Since the opening of these bids the Park Department has reduced the amount required from 50,000 yards to 40,000 yards, and I would respectfully ask that permission be given me to award this contract for 40,000 yards at \$0.15½ per yard.

Respectfully yours,
 G. J. CRONIN,
Superintendent of Supplies.

R. H. White Co., 17c per yard, any delivery; Farley, Harvey Co., 17½c per yard, ½ at once, balance in 4 weeks; Thos. Butler & Co., various samples submitted varying from 13.8c to 19.9c per yard; D. F. Holland Linen Co., 15½c and 13½c per yard, 25,000 yards at once, balance

March 1, 1921; E. N. Dillaway, 17c and 18c per yard, 20,000 yards at once, remainder in 60 days; Jas. Norrie, 15½c per yard, 6,000 yards at once, 20,000 yards, February 21, 1921, 24,000 yards March 1, 1921.

PUBLIC WORKS DEPARTMENT.

February 19, 1921.

To the Mayor of Boston:

I respectfully request your permission to award a contract for dredging at the Refuse Receiving Station, Victory Road, Dorchester, to the Bay State Dredging & Contracting Company, the lowest bidder, at an estimated cost of \$1,850.00. The work to be done under this contract is to be completed within two weeks after the approval of the contract.

The following bids were received February 18, 1921:

Bay State Dredging & Contracting Company, \$1,850.

W. S. Rendle, \$2,100.

George T. Rendle Co., \$3,460.

Wm. R. Farrell, \$4,500.

Coleman Bros., Inc., \$6,500.

Respectfully yours,

T. F. SULLIVAN,

Commissioner of Public Works.

SUPPLY DEPARTMENT.

Bids on 2,000 feet 2½-inch Double Jacket Fire Hose for the Fire Department, opened February 14:

February 14, 1921.

HON. ANDREW J. PETERS,

Mayor of Boston.

DEAR SIR,—Attached please find list of bids opened at this office under date of February 14, 1921, covering proposals for furnishing 2,000 feet of 2½-inch double jacket fire hose to be delivered to the Boston Fire Department, the lowest bidder being the Boston Woven Hose & Rubber Co., at \$0.71¼ per foot.

Since opening the above bids information has been received at this office from the Fire Department that they will need another 1,000 feet of this hose, and I respectfully recommend that permission be given me to contract for 3,000 feet of 2½-inch double jacket fire hose instead of 2,000 feet as advertised at the price quoted by the Boston Woven Hose & Rubber Co., the lowest bidder, \$0.71¼ per foot.

Yours respectfully,

G. J. CRONIN,

Superintendent of Supplies.

U. S. Rubber Co., \$1.10 per foot, 30 days; Henry K. Barnes Co., \$0.84 per foot (Underwriters Double Jacket), February 28; Boston Woven Hose & Rubber Co., \$0.71¼ per foot, 10 days; Empire Tire and Rubber Corp., \$0.80 per foot, 5 days; Hamilton Rubber Mfg. Co., \$0.77 per foot, 30 days; B. F. Goodrich Rubber Co., \$0.90 per foot, 7 days; Whitney Fire Appliance & Recharging Service, \$0.90 per foot, 4 days; The Manhattan Rubber Mfg. Co., \$0.87 per foot, 30 days; C. C. C. Fire Hose Co., \$0.74 per foot, 18 days.

Respectfully yours,

T. F. SULLIVAN,

Commissioner of Public Works.

February 10, 1921.

D. M. BIGGS & COMPANY,
 60 Marsh street,
 Dorchester, Mass.

GENTLEMEN,—You are hereby notified that your contract for removing snow and ice in Snow District No. 4, dated December 27, 1920, has been extended from January 31, 1921, to May 1, 1921.

Respectfully yours,

T. F. SULLIVAN,

Commissioner of Public Works.

December 23, 1920.

MR. JOSEPH TODESCA,
 105 Walworth street,
 West Roxbury, Mass.

DEAR SIR,—You are hereby notified that your contract for sewerage works in Williams and Forest Hills streets, from about 220 feet southeast of Plainfield street to about 30 feet south of Williams street, West Roxbury, dated November 2, 1920, has been extended from January 8, 1921, to February 12, 1921.

Respectfully yours,

T. F. SULLIVAN,

Commissioner of Public Works.

February 10, 1921.

BEATTY CONSTRUCTION Co.,
 66 Warren street,
 Brighton, Mass.

GENTLEMEN,—You are hereby notified that your contract for removing snow and ice in Snow District No. 7, dated December 15, 1920, has been extended from January 31, 1921, to May 1, 1921.

Respectfully yours,

T. F. SULLIVAN,

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do work with the department forces without advertising; additions to and deductions from contracts.

ASSESSING DEPARTMENT.

February 19, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston.

DEAR SIR,—We desire your permission to make a contract with the Library Bureau for the preparation of a list of the persons listed by the Police for the year 1921 at a cost of \$5,300 as shown in the copy of the contract herewith.

This work was done in 1920 by the Library Bureau at a cost of \$3,110. The increase this year is due to the fact that the names of the women are listed, and it is necessary to show upon the list the males and females, which adds somewhat to the expense.

We request your permission to make this contract with the Library Bureau because the contract for doing this work for the Listing Board has already been made for this year and the chairman of that Board informs me that they are the lowest bidders. Under these circumstances it would prevent us from making a contract with any one else who could furnish the list as early and in the same manner as is possible by the Library Bureau.

We respectfully request your permission to make the contract without advertising.

Respectfully yours,

EDWARD T. KELLY,

Chairman.

HEADQUARTERS FIRE DEPARTMENT.

GENERAL ORDERS NO 16.

February 15, 1921.

ASSIGNMENTS.

The following assignments of men on probation are hereby announced to take effect at 9 a. m., Friday, February 18, 1921: James H. Curran, to Engine 47; Thomas E. Morrison, to Engine 31; Reginald E. Vyse, to Engine 16; James A. Feeley, to Chemical 7; James T. Kinsella, to Engine 19; Fred T. Willett, to Engine 41.

TRANSFERS.

The following transfers are hereby announced to take effect at 9 a. m., Friday, February 18, 1921: James G. Buchanan, from Engine 47 to Chemical 7; Thomas P. Higgins, from Engine 16 to Engine 21; John T. Murphy, from Engine 19 to Ladder 16; James F. Kenney, from Engine 26-35 to Ladder 29; Charles H. McDonnell, from Engine 41 to Engine 26/35; William Gavin, from Ladder 16 to Ladder 3.

CIRCUIT CHANGES.

The following changes have been made in Fire Alarm circuits. Company commanders will see that these changes are made on the circuit cards: Box 2155 taken out of circuit No. 54 and connected into circuit No. 34; Box 2166 taken out of circuit No. 54 and connected into circuit No. 34; Box 218 taken out of circuit No. 54 and connected into circuit No. 34; Box 2181 taken out of circuit No. 34 and connected into circuit No. 54.

UNIFORM CHANGES.

So much of General Orders No. 647, old style, which states that the buttons on the uniform of deputy chiefs will be of white metal is revoked. Hereafter the buttons used on the uniform of deputy chiefs will be gold-plated.

BILLS FOR ELECTRICITY.

The total amount charged for electricity used in the various fire stations has increased very much more than is warranted by the increased cost. Company officers are ordered to see that electric lights are allowed to burn only when necessary.

COMMENDATION.

Fourth Deputy Chief Walter M. McLean is commended for responding to and working at fire, Box 1492, four alarms, January 1, 1921, while on a day off.

MEMBERS ABSENT WITHOUT LEAVE OR SUSPENDED FROM DUTY.

Whenever a member of the department is absent without leave or suspended from duty, his company commander, in addition to such action as the rules call for, will report that fact to the Commissioner weekly on Form 5, until such absence or suspension ceases.

GENERAL ORDERS NO. 130

February 11, 1921.

INSPECTION REPORT.

FORM 12.

A new form on which brief reports of buildings and premises are to be made is hereby issued to the department, numbered Form 12.

This report is intended to cover in brief hazardous conditions, such as combustible waste material, defective smoke pipes, use of volatile inflammable fluids, etc., which are often found to exist in buildings and on premises.

Reports covering a large number of complaints with recommendations in one building are to be forwarded on Form 5 as heretofore.

MEDICAL EXAMINER'S FORM.

FORM 6A.

Form 6A in use by the Medical Examiner reporting members back to light-house, light or full duty, is enlarged and now includes space for a return report, which is to be filled out by company commanders when members referred to report at the time specified by the Medical Examiner.

Whenever members referred to by the Medical Examiner do not report at the time specified, company commanders will make a brief statement to that effect in the column of remarks.

Company commanders will forward these reports through regular channels.

GENERAL ORDERS NO. 15.

INSTRUCTIONS FOR CARE AND OPERATION OF THAWING DEVICE.

The following instructions for the care and operation of the Ross thawing devices to be used in the department:

To Prepare Thawing Device for Use.

Fill copper water tank "A" (capacity of water tank about two gallons) through filling cap "B" with solution consisting of one-half denatured alcohol and one-half water. This mixture is used to prevent freezing when device is not in use and will stand about 40 degrees below zero. Be sure air vent hole in filling cap "B" is open and not plugged.

Prest-O-Lite tank "C" should be connected to burner base "D" and to obtain satisfactory results, the Prest-O-Lite tank should register at least 80 pounds. If pressure is less, tank should be replaced by a new one as not enough gas is furnished the burner to give sufficient heat for thawing. The proper size Prest-O-Lite tank "C" to use, is known as the Prest-O-Lite style "B."

To Operate Thawing Device.

Place lighted match or tapers over gas burners "E" through opening in metal shield "F" surrounding burners. Open Prest-O-Lite valve "G" slowly until gas ignites at burner, then continue opening valve until flame projects 8 inches to 10 inches above the top of the device. Start pumping water into coils "H" immediately by operating force pump handle "I". At no time after the burners have been lighted should the operator stop pumping as serious damage will be done to the coils by overheating and burning out same. Pump handle "I" should be operated at the rate of about 75 to 100 strokes per minute. If flame is not applied to burner until after gas is turned on, a loud pop will result similar to a back fire in an automobile. This, however, will cause no damage but will be avoided by holding flame over burner while turning on gas.

It is advisable to have the nozzle in the open air until the device is in operation. The operator can see when steam is coming from the nozzle. Then insert the nozzle in the hydrant and use a fair amount of pressure so that same is always being forced against the ice. Not over 20 seconds should elapse from the time the device is started before steam is coming from the nozzle ready for thawing.

It is important that the operator of the thawing device operate it out of doors

several times before trying to thaw out a hydrant in order to become familiar with the device and learn how to operate it efficiently to get the best results possible.

While operating the device in practice, the nozzle should be placed so that the operator can see it and become accustomed to regulating the speed at which he operates the pump to correspond with the amount of heat supplied the oil by the burner.

It requires about two complete turns to open the valve of the Prest-O-Lite tank wide, and it will be noted that it starts to close again after reaching its maximum opening.

When device is properly operated, steam as it leaves the nozzle will be blue and transparent, condensing to a white vapor within a few inches. If steam leaves nozzle in form of heavy white vapor accompanied by water and fine spray, it is an indication that pump is being operated too fast, gas is not turned on enough, or pressure in gas tank is too low. This condition should be remedied, if possible, by turning on more gas to give greater heat. If this is not possible then pump slower. Maximum efficiency can not be obtained with pressure in gas tank below 80 pounds.

After using the device a few times with the nozzle where the operator can see it, he will know how fast he can operate the pump to get the proper results by watching the steam as it issues from the nozzle.

To Prepare Device for Service After Using.

Drain tank and refill with a fresh non-freezing solution one-half denatured alcohol and one-half water. Alcohol evaporates at a lower temperature than water and a new solution should be used each time after operating in order to be sure tank is filled with a non-freezing solution as it is impossible to tell without the proper hydrometer how much alcohol is left in the solution after operating.

If Prest-O-Lite tank does not show 80 pounds pressure, replace tank with a new one.

A strong odor of alcohol will be noticed from the escaping steam. This is as it should be and need not cause any uneasiness. The solution from which the steam is generated is composed of one-half alcohol and one-half water; the odor being caused by the evaporation of the alcohol.

There is a drop in the pressure of the Prest-O-Lite tank if exposed to cold. A tank in a warm house registering 100 pounds will drop in a few minutes' exposure to weather of zero to 80 pounds. More satisfactory results will be obtained in actual service if a newly charged style "B" size Prest-O-Lite tank is substituted each time the device has been run for any considerable time.

The tank pressure may be tested while in quarters by turning on gas and lighting burners, but not having them lit over two or three seconds or just long enough to make sure the flame has the desired force. In this case, the pump need not be operated.

STATEMENT OF MAYOR PETERS.

At a luncheon of the Pilgrim Publicity Association, Mayor Peters said in part:
GREATER BOSTON.

The advantages of a metropolitan city, of Greater Boston, in other words, are so numerous and substantial as to justify all the study of particulars and all the missionary effort which will be necessary in order to effect the change. They would justify even the surrender of personal preference and the sacrifice of local pride, in so far as these may be at all necessary in a process which, as I have said, is likely to leave the present cities and towns intact and in full control of their domestic affairs.

The most powerful and far-reaching advantage of a union is the stimulus it will give to commerce and industry. It should not be necessary to argue that our whole life, from the daily wages of a

casual laborer up to the rarest manifestations of art and culture, rests on these two basic elements. We are holding our own, perhaps, in both, but we are not gaining, as we should and can, in either.

I have been asked whether I think mere size is desirable in itself or will of itself attract business to Boston. Obviously it is not for an empty boast of numbers or to advance a few places in the list of cities that we ask for this radical remedy. It is for the weight of authority that goes with mass. We are now misrepresented to the outside world, as no other American city is, when the municipal Boston, which is about half the district, is reckoned as the real Boston. The real Boston is Greater Boston, and the parts at present excluded contain some of the elements that contribute most to our prosperity. We want all the credit and advantage that should come to us for having built

up on the shores of our magnificent harbor a flourishing city of a million and a half souls.

Such a Greater Boston, for example, might impress the authorities at Washington so as to persuade them to modify the present differential or otherwise dispatch bulk freight from the West to be sent abroad with our more costly and compact New England manufactures. In this way, and in no other that I can see, regular steamship service to foreign ports will be established. The commercial ascendancy of New York depends largely on just such regular connections.

The benefits of commerce and manufactures, so stimulated and supported, would diffuse themselves throughout the whole district and among all classes of the population. There would be steady employment, good profits, liberal wages, increased deposits in the savings banks, and a higher purchasing power in the community.

A second advantage of the proposed union is that it would give the federated city a better balanced citizenship. Several years ago it was estimated that 70,000 persons living in the suburbs came into Boston every day to work. The number today is probably 100,000. It includes business and professional men, store and office and factory workers, none of whom are permitted any voice in the government of the city, though errors of policy here may sensibly affect their interests.

A federated city would bring them together on common ground and round out the electorate where it is now excessively one-sided. Not only should it be the right of Boston business men and Boston workers, living a little beyond the present limits, to vote on affairs of large interest to the district; it should be their duty to do so and to take part in the general movement.

A third broad gain would be the organization of our fire and police services and the highway system on a metropolitan basis. The police problem is obviously a metropolitan one. The fire houses should be distributed with an eye to the hazards of the district as a whole, without regard to municipal boundaries which a conflagration might not feel bound to respect. As for the highway system, we have recognized its metropolitan character in the construction of parkways and boulevards. But the teaming ways, which are more important, have been neglected and are far behind the present needs of the district, to say nothing of the future. The whole metropolitan area suffers, of course, from the congestion due to a central highway plexus that has been well called "the bewilderingment of strangers." The remedy is the metropolitan city, which will widen the radial roads and join the circumferential ways in a series of concentric thoroughfares.

Another large benefit from amalgamation in the form proposed would consist in the shifts and transfers of population that would follow. The present boundaries, artificial and all but invisible as they are, exercise a certain restrictive influence. The effect of the union of cities and towns in Greater Boston, accompanied by wise housing and health laws, will be to relieve city congestion and promote the growth of less thickly settled suburbs.

Finally, there are administrative improvements and economies that are by no means negligible—the reduction of overhead charges, the saving by purchase in large quantities through a central de-

MAYOR'S OFFICE.

STATEMENT BY MAYOR PETERS ON THE SCHOOL COMMITTEE'S STATEMENT IN PASSING THE TEACHERS' SALARY SCHEDULE OVER THE MAYOR'S VETO.

I do not wish to enter into any controversy with the School Committee, but the statement which appeared in this morning's papers overlooked the fundamental principles upon which my veto was based and the public ought to know what my position was.

The fact that the salary schedule adopted by the School Committee is well within the \$0.59 of the tax limit allowed by the Legislature for salary increases is quite beside the point. The amount was allowed for salary increases dating from January 1 of this year and by delaying the increases until February 1, the School Committee in effect distributed over a period of eleven months the amount of money which was originally authorized for a twelve months' schedule. It is obvious in this way that a greater increase was made possible than was contemplated under the legislative authority.

I have insisted at all times that my department heads economize in every direction and I have pointed out time and time again that the presence of money in the treasury should not be the reason for its being spent. The result has been that each year we have had substan-

tial unexpended balances in department appropriations. Applying this same principle to the situation which confronted the School Committee the latter should have been able to save for the taxpayers of Boston one-twelfth of the \$0.59 in the tax limit authorized by the Legislature. It seems to me that the School Committee's act is wrong in principle.

In addition, it was distinctly understood when the School Committee petitioned the Legislature for an increase in the tax limit for the purposes of salary increases that the maximum increase was to be \$600. The items I objected to in the School Committee's salary schedule were those giving more than a \$600 increase as I felt that there should be a strict adherence to the terms of the petition to the Legislature. The fact that increases in excess of \$600 could be granted within the \$0.59 tax limit increase is quite beside the point. The argument which supports the increases on the fact that it can be given within the \$0.59 is fallacious and disregards the principles of sound finance.

The public should not lose sight of the fact that as Mayor of the city I signed the petition to the Legislature requesting sufficient additional funds to grant a \$600 increase for the teachers. This fact alone should remove any misunderstanding as to my position. My veto was aimed only at increases over \$600, and was made because I believed we should live strictly up to the letter of our petition to the General Court.

February 16, 1921.

To the Heads of Departments:

GENTLEMEN,—A number of city departments do not have automobiles for

their exclusive use. Many of these departments, however, need cars at times, and under the present system they find it necessary to hire cars. After a long observation, I am convinced that such hiring of cars would often be unnecessary if those departments which have cars would make an effort to co-operate with the departments that do not have automobiles.

Frequently, a number of city cars may be seen standing at City Hall Annex for extended periods, and I have no doubt that many of them could be loaned for a short period of time to such departments as are not in possession of cars, but have temporary need of them. I therefore request that those departments which have cars make every effort to co-operate in loaning cars to those departments which have none.

Departments which have cars should, therefore, always be able to reach the drivers of cars which are not in use in order that the wants of other departments may be satisfied. It would be a simple matter to keep the whereabouts of the cars checked up, particularly when they are standing outside of City Hall, and I request that every effort be made to do this in order that as few cars as possible may be hired by the city.

Very truly yours,

ANDREW J. PETERS,
Mayor.

LAW DEPARTMENT.

February 21, 1921.

WILLIAM C. S. HEALEY,
Editor, *City Record*,
City Hall, Boston.

DEAR SIR,—The Law Department has this day disapproved seventeen claims against the city; in twelve of which no amounts were specified; and the other five aggregated \$785.40, and are classified as follows:

Against the Park and Recreation Department, three, in one of which no amount was specified, and the other two amounted to \$120.40; against the Police Department, one, amounting to \$300; against the Public Works Department, twelve, in ten of which no amounts were specified, and the other two amounted to \$365.00; against the Schoolhouse Department, one, in which no amount was specified.

All these claims have been disapproved for the reason that there appeared to be no legal liability on the part of the city.

Yours very truly,

ARTHUR D. HILL,
Corporation Counsel.

WITHDRAWAL OF APPOINTMENT.

On February 11, Mr. Peters appointed C. Howard Walker, Art Commissioner in place of Alexander Steinert, resigned. Mr. Walker now files that he cannot accept the appointment and Mr. Peters has therefore withdrawn his name.

FIRE DEPARTMENT.

The Mayor has authorized the Fire Commissioner to send Deputy Chief Henry A. Fox of the First Division to visit New York City and study the methods of handling the high pressure system in connection with the New York Fire Department. In this city Deputy Chief Fox's district covers the business section of the city where our high pressure system is to be in operation, and for this reason he should familiarize himself with the operation of high pressure systems. While on this visit he will arrange for

LEASE LAW DEPARTMENT.

The Mayor has approved the order of the Street Commissioners for the changing of the name of the public way known as Elmo street, Dorchester (from Blue Hill avenue to Greenwood street), to Ellington street. This change is the result of a petition for such on account of the confusion in the mail, messenger service, etc. We now have streets named Elmont, Elm, Elmo and Elmore, and the name of Ellington street was suggested by the Street Commissioners.

February 14, 1921.

Ordered, That the name of the public way known as Elmo street, Dorchester District, from Blue Hill avenue to Greenwood street, be changed to, and that it be hereafter known as, Ellington street.

AREA OF BOSTON.

Area to ward lines (26 wards), 30,598 acres (*i. e.*, 47.81 square miles), 2,843 acres being filled land, 1,143 acres water area and 1,585 acres flats. Land area only, 27,870 acres (*i. e.*, 43.55 square miles). Included in the latter are 138 acres of filled flats added to the land area of South Boston in 1919 and 48 acres to that of East Boston in 1918. Original Boston contained about 780 acres of land. Of the twelve leading American cities, five are larger in land area than Boston, *viz.*, New York, Chicago, Philadelphia, St. Louis and San Francisco. The only city in Massachusetts with larger land area is Taunton.

FOREIGN TRADE OF UNITED STATES, CALENDAR YEAR, 1919, WITH RANK OF TEN LEADING PORTS.

Exports, \$7,922,150,592, or \$1,773,063,047 more than in 1918 and the highest total on record.

Imports, \$3,904,406,327, or \$873,193,617 more than in 1918 and the highest for imports. Total foreign commerce in 1919, \$11,826,556,919, or \$2,646,256,664 (*i. e.*, 28.82 per cent) more than in 1918. Excess of exports over imports, \$4,017,744,265.

New York, ranking first among United States ports, handled 46.69 per cent of total commerce, or 4.69 per cent more than in 1918; New Orleans (2d) 6.26 per cent; Philadelphia (3d), 5.72 per cent; Boston (4th), 5.36 per cent; Seattle (5th), 4.13 per cent; Galveston (6th) 4.10 per cent; San Francisco (7th), 4.04 per cent; Baltimore (8th), 3.32 per cent; Detroit (9th), 3.14 per cent; Buffalo (10th), 2.50 per cent. Of value of all imports, 69.14 per cent free of duty. Total duties collected, \$249,774,758, or 44.62 per cent more than in 1918. Of total export value, 70.30 per cent applied to manufactured and partly manufactured materials, 20.78 per cent to crude materials for use in manufacturing and 8.75 per cent to foodstuffs (crude) and food animals.

Boston's rank for many years as the second importing port changed to fourth place in 1917, Seattle taking second place and San Francisco third, probably due to war conditions. In 1918 Boston advanced to third place and was but slightly behind Seattle. In 1919 it regained its former rank of second.

PROCEEDINGS OF SCHOOL COMMITTEE

Feb. 17, 1921.

A special meeting of the School Committee of the City of Boston was held in the School Committee Building, Mason street, at 5:05 o'clock P. M., the Chairman presiding.

Present: Dr. Bogan, Miss Curtis, Messrs. Lane and O'Connor.

APPROVAL OF RECORDS.

The reading of the records of the last meeting was omitted, the Board approving them as printed.

APPOINTMENTS OF TEACHERS.

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the last meeting.

The appointments were approved.

SALARY SCHEDULE FOR TEACHERS AND MEMBERS OF THE SUPERVISING STAFF VETOED BY MAYOR.

Boston 9,

February 16, 1921.

Dr. Frederick L. Bogan, Chairman,
Boston School Committee,
Mason St., Boston, Mass.

Dear Sir:

The salary orders passed by your honorable board, under date of February 1, 1921, include certain rates which have the effect of providing salary increases in excess of the original \$600 requested by the school teachers.

The general understanding seemed to be that, the teachers were seeking an increase of the amount above stated and the petition to the Legislature for an increase in the tax limit had this end in view.

As a matter of good faith, I believe that no increase for any positions totalling more than \$600 originally understood as being the amount sought should be granted.

I believe, further, that any amount available through increased salaries taking effect on February 1, instead of January 1, should not be used for increases beyond those originally intended. The amount thus saved should not be appropriated simply because it is available.

I shall be glad to approve the schedules of salaries as submitted, provided the increases above \$600 are eliminated.

For the above reasons I return the attached salary orders without my approval.

Very truly yours,

ANDREW J. PETERS,
Mayor.

Accompanying the communication were the orders referred to therein as printed in the minutes of Feb. 1, 1921 (see pp. 260-267).

The communication was placed on file.

The question came on the passage of the aforesaid orders notwithstanding the objections of His Honor the Mayor.

The orders were thereupon passed by the following vote:

YEAS—Dr. Bogan, Miss Curtis, Messrs. Lane and O'Connor—4.

NAYS—0.

ABSENT—Dr. Scannell—1.

PROPOSAL TO AUDIT BOOKS AND ACCOUNTS.

A proposal was received from Grimes, Elliott & Clarkson, under date of Feb. 4, 1921, for auditing the books and accounts of the Business Agent and of the principals of the Boston Trade School, Trade School for Girls and the Continuation School.

Placed on file.

On motion it was ORDERED, That the proposal of Grimes, Elliott & Clarkson, Certified Public Accountants, dated Feb. 4, 1921, to audit the books and accounts of the Business Agent and of the principals of the Boston Trade School, the Trade School for Girls and the Continuation School once every three months during the financial year ending Jan. 31, 1922, and to report their findings after each quarterly examination and to render a detailed report for the entire fiscal year at an expense of eleven hundred dollars (\$1,100), is hereby accepted, and said accountants are hereby authorized to undertake such audit in accordance with the terms of their proposal.

ADJOURNMENT.

The Board adjourned at 5:13 o'clock P. M.

Attest:

THORNTON D. APOLLONIO,
Secretary.

MEN IN BOSTON, AS LISTED BY POLICE 1920.

Total 20 years of age and over on April 1, 1920, including all men whether naturalized or not, 236,225 or 8,759 more than in 1919. Maximum ward total, 21,528 (Wd. 5, North End); next largest, 16,776 (Wd. 7); third, 13,631 (Wd. 6); fourth, 12,240 (Wd. 8); fifth, 10,519 (Wd. 2); sixth, 9,303 (Wd. 21); seventh, 9,106 (Wd. 13); eighth, 8,738 (Wd. 16); ninth, 8,465 (Wd. 9); tenth, 8,210 (Wd. 12); the other wards ranking in the following order:—8,183 in Wd. 18, 8,084 in Wd. 20, 8,048 in Wd. 15, 7,977 in Wd. 17, 7,842 in Wd. 10, 7,836 in Wd. 19, 7,827 in Wd. 25, 7,809 in Wd. 22, 7,757 in Wd. 11, 7,581 in Wd. 23, 7,514 in Wd. 14, 7,430 in Wd. 1, 7,223 in Wd. 24, 5,810 in Wd. 26, 5,623 in Wd. 3 and 5,165, the minimum in Wd. 4, Charlestown.

The number of men on the Police List increased from 204,500 in 1910 to 222,951 in 1915, a gain of 18,451, or 9.02 per cent. From 1915 to 1920 the increase was 13,274 or 5.95 per cent.

EXPORTS AND IMPORTS, MASSACHUSETTS CUSTOMS DISTRICT, 1919.

Dating from July 1, 1913, the district includes Boston and the eight minor ports of the State. Value of exports in calendar year, 1919, \$334,554,031, or \$113,076,736 (*i. e.*, 51 per cent) more than in 1918; of imports, \$299,364,999, or \$3,457,952 (*i. e.*, 1.17 per cent) more than in 1918; total foreign trade, \$633,919,030, an increase of \$116,534,688, or 22.52 per cent over the same in 1918. Boston's total foreign trade for year 1919, the largest on record, ranks fourth among American ports, New York, New Orleans and Philadelphia leading. In 1913, Boston ranked fifth. As to imports alone Boston ranked second, and as to exports alone, sixth in 1919. Tonnage of vessels in foreign trade (entered and cleared) in year, 3,051,898, or 624,126 more than in 1918; number of vessels, 1,837, or 151 more than in 1918.

PROCEEDINGS OF CITY COUNCIL.

Adams, Tony De Benedictis, George H. Lang, Richard W. Robinson, Ward 23; William J. Blaher, Rudolph Kundert, Ward 24; Howard W. Brandenburg, Ward 25; William J. Shea, Ward 26.

TEMPORARY CHAIRMAN, EXECUTIVE COMMITTEE.

Coun. WATSON offered an order—That the Acting President be authorized to designate a temporary chairman for the Executive Committee, to serve until a permanent president is elected.

Passed, under a suspension of the rule.
Later in the session Coun. HAGAN, senior member, appointed Coun. WATSON as temporary chairman of the Executive Committee.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the City Council the Mayor submitted the following appointments for terms ending April 30, 1921, viz.:

(1) Robert Emmett Lynch, 244 West Newton street, Boston, to the position of Constable of the City of Boston.

(2) Joseph C. Troy, 35 Fuller street, Boston, to the position of Constable of the City of Boston.
Laid over, under the law.

TRAVELLING EXPENSES, WATER DIVISION.

The following was received:

Office of the Mayor,
February 15, 1921.

To the City Council:

Gentlemen,—There has been available each year from the appropriation of the Water Division, the sum of \$500 for the payment of travelling expenses and incidental bills of that division. I have just received from the Commissioner of Public Works a statement to the effect that this amount is insufficient to meet the demands caused by the increased cost of transportation. The Commissioner of Public Works believes that the sum of \$1,000 should be made available instead of the \$500 which has usually been allotted for this purpose.

I therefore recommend the passage of the accompanying order.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Public Works Department,
February 14, 1921.

To the Honorable the Mayor:

There has been available, each year, from the appropriation of the Water Division the sum of

\$500 for the payment of travelling expenses and incidental bills of that division. This sum is now insufficient to meet the demands caused by the increased cost of transportation. I respectfully recommend that the amount be increased to \$1,000.

Yours respectfully,

T. F. SULLIVAN,
Commissioner of Public Works.

Ordered, That there be allowed and paid to Robert W. Wilson, Superintendent of the Income Branch, Water Division, Public Works Department, the sum of \$1,000 to be used for the payment of travelling expenses and incidental bills incurred in said division from time to time, and to be accounted for to the City Auditor by vouchers before the close of the financial year.

Referred to the Executive Committee, when appointed.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, when appointed, viz.:

Claims.

Mary Cain, for compensation for damages at 149 Westville street, Dorchester, by city employees while repairing the water main.

Joseph A. Cushman, for compensation for damage to automobile by a car of the Park Department.

Frank D'Addio, for compensation for damages to lots 13 and 14, Mattapan Villa, by sewer construction.

John E. Flynn, for compensation for damages at 218 Callender street, incident to the installation of a water meter.

Harrison Supply Co., for refund on ash tickets.
Samuel Kramer, for compensation for damage to automobile by a city ash cart.

Thomas J. Mulligan, for compensation for injuries caused by a fall at 3708 Washington street.

National Furniture Co., for compensation for damage to truck by a defect at corner of Intervale and Normandy streets.

Lena Partnoy, for compensation for damage to door at 29 Rose street, knocked down by two policemen.

Annie A. Shiels, for compensation for injuries caused by a defect in sidewalk at 220 St. Botolph street.

Helen H. Torrey, for compensation for damages at 112 Dartmouth street by repaving the street, etc.

Executive.

Boston League of Women Voters, for permit for children to appear at Ford Hall, February 25.

Mrs. Marcus E. Mansur, for permit for children to appear at N. E. Woman's Club Hall, February 26.

Emma G. Tunnicliffe, for permit for children to appear at Huntington Hall, February 22.

County Accounts.

Communication from Chief Justice of the Municipal Court favoring acceptance of chapter 109, General Acts of 1916, concerning interpreters.

RAILROAD POLICE.

Notice was received from the Boston & Albany Railroad Company, in accordance with law, of appointment of railroad police.

Placed on file.

RAILWAY LOCATION.

A copy of an order was received from the Street Commissioners granting track location at Grove street to the Eastern Massachusetts Railway Company, 5th location.

Ordered printed and placed on file.

WITHDRAWAL OF APPOINTMENT.

Notice was received from the Mayor of withdrawal of appointment of C. Howard Walker as Art Commissioner, as he finds it is impossible for him to accept the same.

Placed on file.

CLERK HIRE.

W. T. A. Fitzgerald, Register of Deeds, submitted pay roll in accordance with the provisions of law certifying that work had been performed from January 24 to February 21, to the amount of \$6,871.30.

Approved and ordered paid.

REFUND OF MONEY BY EDISON COMPANY.

Coun. WATSON offered an order—That his Honor the Mayor is hereby requested to instruct the Corporation Counsel to proceed at once in whatever manner he may deem necessary to compel the Edison Illuminating Company to refund to

the city all monies received by said Company from the city of Boston under the so-called "charges under coal clauses," dating from the time that said Company has been receiving coal under its contract with the mines which was suspended by the Federal authorities during the period of the war.

Coun. WATSON offered an order—That his Honor the Mayor is hereby requested to instruct the City Auditor to withhold his approval of any and all bills rendered by the Edison Illuminating Company against the City of Boston for electricity that includes a "charge under coal clause."

Coun. WATSON, Mr. President, at a former meeting of the Council I stated the apparent fact that the reactionaries and the privileged class were in the saddle, because the general public were so absorbed in matters of personal interest that they have hardly time to give other matters of importance a thought. These two orders that have just been read by the Clerk are in the same position as the order I introduced at a prior meeting when I made a statement concerning those who were in the saddle. The Edison Electric Illuminating Company of Boston was permitted by an act or order of the federal authorities to charge what is called on the Edison bill a charge under the coal clause, and in order that the members of this body may understand the matter fairly and clearly, I will take just a moment of their time to explain what the coal clause is. During the war, because of the lack of transportation facilities and the necessity of having fuel for successful prosecution of the war, the contracts of public service corporations with the coal mine operators were suspended and those corporations were compelled to enter into the open market and buy coal at whatever price they could secure it for, and as well as taking whatever quality they could get. That is, the public service corporations—including the Edison Company, the Boston Elevated Railroad, the Boston Consolidated Gas Company, the steam roads and other public service corporations—were compelled to pay a price ranging from \$9 to \$17 per ton at the mines, whereas in their contracts it was specified that the coal should be sold to these public service corporations, including the Edison Company, at a sum as low as \$2.50 a ton up to \$3.75 a ton f. o. b. mines.

In consequence of that fact the Edison Company and other public service corporations, the Consolidated Gas Company as well, were obliged to buy their coal and pay a far larger sum for it than they would under contract. The Boston Consolidated Gas Company, for instance, was permitted to charge an extra price per thousand feet to take care of the additional cost; but the Edison Company, not being under the control of any board functioning in this Commonwealth, tacked on a ten per cent increase and secured it from the time the federal authorities suspended the contracts between the mine operators and the public service corporations throughout the country. That is, they tacked on ten per cent to their charges under the fuel clause. If you will bear with me for one moment, gentlemen, I will inform you that, according to the report rendered by the Edison Illuminating Company of Boston, its net receipts from the sale of electricity for the year ending June 30, 1920, were \$13,920,060.06. Ten per cent of that amount would be \$1,392,006. That is, that is what they received by their action in tacking on ten per cent on their customers. The amount of \$1,392,006 and some odd is the increased cost to the consuming public of Boston and Greater Boston.

But the city of Boston is affected as well. The city of Boston's lighting bills for the public buildings alone, to say nothing of the library, police department, and so on, amount to \$1,000 a month, and ten per cent of those bills, under the coal clause, would amount to \$100 a month. The amount of electricity used by the city of Boston in the several departments independent of the street lighting, runs up close to \$150,000 a year, and ten per cent of that is \$15,000. The point I want to make is this, that on October of 1920 the federal rules compelling the public service corporations to go into the open market and buy their coal at any price they could get it for, suspending the contracts between the corporations using coal and the mine operators, was terminated, and the contracts came in vogue again. So since October the public service corporations of Boston have been getting their coal as per contract, ranging from \$2.75 or thereabouts to \$3.50 a ton at the mine. But the Edison company continues tacking on the ten per cent under the coal clause, thereby milking the public. To my mind it is equivalent to putting their hands into my pocket and the pockets of other consumers of electricity and taking money therefrom. I would like to mention a strange thing in connection with the Edison Electric Illuminating Company.

The general public are inclined to believe that that company is in some way governed by some governing body in this Commonwealth, but I was informed by the chairman of the Public Utilities Commission, Mr. Atwill, on Saturday, when I had an hour's conversation with him, that the Public Utilities Board does not, nor did its predecessor the Gas and Electric Light Board, have any authority to regulate or set the price to be charged by the Edison company for its power or heat in the city of Boston or in greater Boston. They are not under the same supervision and control as the railroads, steam and electric, or the Consolidated Gas Company. They are a power unto themselves. The Edison Electric Illumi-

nating Company dominates and controls, by foul means or otherwise, the action of the state of Massachusetts. They secure any kind of legislation that they desire. As an example of that, permit me to illustrate the fact that the Committee on Power and Light reported to the House of Representatives of Massachusetts unanimously a bill permitting the Edison company and the Consolidated Gas Company to capitalize their premiums and cut a melon equivalent to \$85 or \$90 on each share of stock—the \$30,000,000 that the Edison would issue and the \$8,000,000 or \$10,000,000 issued by the Consolidated Gas Company. Only one person appeared in favor of that bill and no one against it. It was reported to the House, and there was not a dissenting vote in the House of Representatives when it was passed, not a dissenting vote. It then went to the Senate, and because a newspaper in this town (the *Boston American*), printed an editorial, last Monday, I believe it was, in which they said that the company was capitalizing premiums and cutting a melon, adding another burden that the people of greater Boston had to bear, the chairman of the committee on the part of the Senate, when the bill came there, stood up and amended it by striking from it the Consolidated Gas Company, the smaller one. But the directorates of the Consolidated Gas Company and the Edison Electric Illuminating Company dovetail and fit in as closely together as two perfect gears would fit. You hit one and you hit the other.

While the Consolidated Gas Company is omitted by that amendment, next year, in my opinion, after the Edison company has cut a melon and subjected the people of Boston to added tribute and new burdens at the hands of the electrical company, the Consolidated Gas Company will come in next year in disguise, with another attorney, but practically the same company, and say, "Last year you gave to the Edison company this privilege, and you should now be fair and give us the same privilege," and they would get it.

That bill is still pending. Mr. President, the people are lulled to sleep. The cry of Bolshevism, anarchy, and the great unrest after the war, have made the average people with families get under cover, as it were, and protect their little interests. The lack of employment keeps the average man busy watching for employment, in order that he and his may exist, and the public are asleep. I believe in municipal ownership and have for twenty years. They have tried to present all kinds of arguments to me to the effect that it was a failure and not in the interest of the people, but I have failed to see it. I believe that when melons are cut and when special privileges are to be granted, it should be to the people, rather than a privileged class, that receives them. I intend to elaborate somewhat on this proposition, members of the body, because I consider it very, very important.

Let me cite for your benefit instances showing that the Edison Electric Illuminating Company has a heart of steel.

It charges infants, orphan asylums, churches, regardless of denomination, the rich, the middle class and the poor, the full amount, including the coal clause. It shows no favoritism in that respect, always exacting its pound of flesh, unless there is some good reason to the contrary in what the company considers its own interest. For example, when the *Boston Journal* erected its building the plans were drawn so that in the basement outlets and wires were arranged for, so that they could put in a dynamo and generate their own electricity, in order that they might obtain it at a reasonable rate. As soon as they informed the Edison company, "We are going to put in our own plant, and we are going to supply all the people of this block with electricity at a reasonable rate and a fair profit," the company got very much interested. The *Journal* people said that they were going across the street, but the company said to them, "No, you cannot go across the street." The *Journal* people said, "We will go across towards the Post building, over in that vicinity," but they were told, "No, you cannot do so." They thought they could, and they then found that there was an act on the statute books, put there by the Edison interests, that absolutely practically prohibited anybody dealing in electricity or gas, from laying pipes, conduits or wires under or over the public streets.

Take even the case of City Hall, we were here denied the right to light this building from the Annex, where we have a plant. But I am getting ahead of my story, gentlemen. The *Journal* people found out that running from the *Journal* building across Washington street towards the *Boston Post* was an abandoned steam pipe, and they told the Edison company, I am informed, "Unless we get a reasonably fair price from you for your commodity we will take our electricity from the *Post* building across the street, in that way." Well, the dynamo and the apparatus never went into the *Journal* building, and I assume, I think fairly so, that the people at the other end of the unused steam pipe got their own price and that the people in the *Journal* building got theirs, for electricity, from the company. But you cannot find it out. There is no authority to find it out. They are immune. They have more privileges than any individuals or collection of individuals or corporations in the Commonwealth. They are greater in their power, in my opinion, than this city of Boston is as a corporation. We are amenable to the Legislature, as they are, but they can do business better there than we can.

Now, coming back to the question of the lighting of this building, the story is nothing new to me, members of the Council. I know these facts and conditions. I knew about the prices charged, minus the coal clause, for many years. I got my knowledge from a man who has passed away, who was the proprietor and originator of the Raymond store. He bought many years ago the Suburban Gas and Electric Light Plant out in Roxbury, when the Edison began to get into this field, bought the plant and placed it in a building back of his store, and lit the whole block. He started this fight. He was going to light another block across the street, and he found that because of legislation he could not go across, under or over the streets, to light the Boston Tavern opposite, which he could do more cheaply than it was being done by the company and still get a reasonable profit. I have this from knowledge; I have the data, and it is undisputed. The facts, that the company dominated and controlled things. They have tremendous influence for good or bad on Beacon Hill. Back of this building here, before the City Hall Annex was built, when I was a member of the old Common Council in 1893 and 1899, there stood on the site where the City Hall Annex now stands, before the Court House was transferred to Pemberton square, and from this building to that was a steam pipe by which the old Court House was heated from this building. When that old building was demolished, and the Annex erected, there was a generating plant placed in the basement of the Annex, and the Edison company attempted to stop us, the city of Boston, from lighting this building from that dynamo. But there was steam pipe there. Its use as a steam pipe was abandoned, but there was no law to stop the laying of wires across in that steam pipe. So they put a new steam pipe across from the Annex to City Hall for heating purposes and used the abandoned steam pipe for a conduit to carry wires for the lighting of this building.

While the wiring here has been arranged so that the building can be lighted by the Edison company, the Edison company's juice will never be used here unless our plant gets out of commission. They kept quiet about that; they did not dare to put the screws on to the *Journal* building owners and they did not dare to do it here. But they have done it in many other places. Take the Blake building, for instance,—they built a generating plant, similar to the plant in the *Journal* building and proposed to furnish light for themselves and for some others. Well, that was never used. It is now nominally a sub-station of the Edison company, but it is not in use. It is obsolete. The thing has been tied up in that way so that there will be no competition here, in order to preserve the Edison's lighting business in Boston, so that the company would have a monopoly of the business.

Why, gas for heating, cooking and lighting purposes, and electricity for heating, cooking and power purposes, are absolute necessities to a great degree, as much so as bread and butter in the average family. Still, they have a monopoly of the business. Nobody blames them for getting what they can get, but we should at least criticize ourselves for permitting them to get it in this way without a protest. I have in my possession a number of bills, not entirely confined to Boston, but also taking in Cambridge.

Here is a bill of the Cambridge Electric Light Company, of \$12.71, with a fuel clause charge of .0119 per kilowatt hour—whatever that means; it makes me dizzy,—of \$2.75. You see, the fuel charge over there in Cambridge is just the same as it is here. The fact is, that the thing is universal, and this is a thing that is of extreme importance to the entire Commonwealth of Massachusetts. The gas company is equally as great a piller of the public purse as the Edison company, but I cannot show the coal clause in the gas company's bill, for the simple reason that they lump the charge and were permitted by the Public Utilities Board to lump it, charging for so much extra per thousand feet. But let me show you how the thing works out, by an illustration. Just think of my own personal gas bill, and gas bills in my family. Gentlemen, this question of increased cost of electrical and gas lighting appeals to every man, woman and child in this city, or in the Commonwealth of Massachusetts. My mother lives at 51 Rockland street. September 26, 1920, her gas bill for the month was 81 cents; for the month of October, 54 cents; for the month of November, \$3.51—an increase of more than 500 per cent. They got a right to increase their price per thousand from \$1.35 to \$1.40 within a month.

Take my own case. The gas bill that I paid November 11, 1920, was \$3.92; my gas bill paid December 14, 1920, a shorter month, was \$6.89. Fuel charges galore! I know that the Boston Elevated Railroad have been and are receiving their coal as per contract, and have received it for several months at a contract price of \$3.50 per ton at the mines, where before they had paid as high as \$17.50 at some times. I have a letter here which I will read. This is from the purchasing agent of one of the biggest private business concerns in Greater Boston.

February 16, 1921.

Dear Sir,—Referring to telephone conversation with you this morning in reference to the Edison Company continuing to make an extra charge under "Coal Clause and 5 per cent increase effective July 1st, 1920."

I would be very glad to get for you all possible

data in relation to the price of coal since last November, that is, the few industrial concerns which I know have been getting coal shipped on contract price and if these concerns have been getting coal shipped on their contracts it is very evident that the Edison Electric Light Company have not been discriminated against, thereby making it necessary for them to buy spot coal, and it is about time that this matter is taken up with the legislative committee and this charge discontinued.

If I can be of any help to you in getting data, do not hesitate to call on me as an individual, but as I stated on the telephone, as a consumer I can get plenty of other consumers to follow if a hearing is granted before the Public Service Commission.

That is, substantially, I am informed that these concerns have got their coal from the middle of last October at the contract price of \$3.50. Does anybody suggest for a moment that the Edison company, with their Burdett and with their ability to legislate and lobby on Beacon Hill, where they name the Committee on Light and Power which considers these bills, are being discriminated against by the mine operators? No, of course not. They are getting and have got, in my opinion, for at least three or four months, coal as per contract price at less than \$3 per ton at the mine, and still they continue to rob the public. That is all it is. You cannot get back at them. The Public Utilities Board has no power to compel them to charge any given price for their commodity. I don't think the public has known that, and I am free to confess that I did not know it until Saturday.

I am a Democrat in national and state politics and would be in city politics if I had the opportunity. But their influence is not confined to any particular party on Beacon Hill. I would say, Coun. Lane, that this is no reflection on your party. They are able to convince all of them, any of them, and if they had any Socialists up there they would convince them, too,—and they have the right kind of arguments. The Legislature on Beacon Hill saw fit to belittle this body, and I think it is only fair for me to say that they must be blind or something else. My order provides, Mr. President, that his Honor the Mayor be requested to instruct the City Auditor to withhold payment of any bills rendered by the Edison company that include in the bill a charge under the coal clause, and of course he will do it. He will have to do it. The public will demand that he do it, because all the people pay the electric light bill that the City of Boston pays. They pay it in taxes—not alone the man who owns real estate, but the man who pays rent, who is the ultimate payer of the taxes. It comes back on him, it comes back on the man working in the ditch, the man working in the factory, and he does not have a bank account. Those are the men who pay the taxes ultimately.

Of course, the Mayor will issue the order and of course the Corporation Counsel will proceed forthwith to make the Edison company pay back its ill-gotten gains. The general public have a very deep interest in this matter. I cannot act for them, alone. I am merely acting for them as far as I can, in the manner in which I have a right to act. I am merely one of the directors, one of the nine—or, taking in the Mayor, ten, so that I am one-tenth of this corporation. I am sitting here as a director, as a director of any corporation, the steel trust or otherwise, would sit. The directors of these great combines of millions pass upon the affairs of their organizations and say that this or that shall be done, and we as directors of this corporation have a right to try to see that things are done according to our views and according to our lights.

I am sent here to represent the people of Boston, and I am doing it. We are all doing it, and his Honor the Mayor must do it. The order, under the charter, only requests, but in my words I demand as a member of this body that he forthwith do as he is requested to do in this order and that the Corporation Counsel proceed along the lines suggested in the order as well.

Mr. President, public sentiment will do wonderful things; public sentiment will overturn any action when the public sentiment is on the right side. I know of the power of the Edison Electric Illuminating Company, with their tremendous influence, their great political influence, which I have had occasion to feel several times. They defeated me for this body once, but only once. They never get back at a man like me, because they cannot control me. I would rather have one of my neighbors, a rough and ready sort of man, say of me, "There is my Councilor; he represents me pretty well and I am satisfied with him," than to have the Edison or any other corporation say, "There is Jerry Watson, and we own him." I am glad to say that I, like my colleagues here, am representing the entire constituency of this city, the entire electorate. They all look alike to us. Labor and capital will get treated alike, as far as we can do. We are limited in our power, and if we had more power, the city would be better off, but we can at least try to do our best.

I was informed by an influential individual who got the information yesterday from some source that I was doing this, that my political prospects in the immediate future were in danger if I went too far. If anything results from my action today that interferes with any political future I may think I have or want to have, either little or great, I don't care a snap. I am absolutely satis-

fied with my position in this body. I offer no apologies, Mr. President, to anybody. In view of the fact that there is to be an Executive Committee, and in all probability the chairman of the committee will be appointed today, I am perfectly willing, unless some member objects, to refer these orders to that committee. But if there is no objection, I would be pleased to have them passed, under suspension of the rule. However, in view of the fact that these are matters of great moment, I think they should be at least considered by the Executive Committee and reported upon today, and when reported I am satisfied that they will pass unanimously.

Both orders were referred to the Executive Committee.

TEMPORARY CHAIRMAN OF EXECUTIVE COMMITTEE APPOINTED.

President HAGAN announced the appointment of Coun. WATSON as Temporary Chairman of the Executive Committee.

CONTROL OF COUNTY PENAL INSTITUTIONS.

Coun. BRICKLEY offered the following:

Whereas, A joint Special Committee of the Senate and House of Representatives of the Commonwealth has been appointed to investigate County Penal Institutions and to report upon the recommendation of the Governor that the County Penal Institutions be consolidated under State control and

Whereas, The said Committee is authorized to investigate the "relation of the Counties and their Institutions," and

Whereas, It is of vital importance to the County of Suffolk that it join with the other Counties of the Commonwealth in defending the traditional policy of local self-government and in opposing the proposed consolidation and defending the rights of the Counties and their Institutions, as against unwarranted interference by the Commonwealth,

Be It Resolved, That the City Council, acting under powers of County Commissioners in Suffolk County, is opposed to any legislation for the delivery of any County Penal Institutions to the control of the State.

Referred to the Executive Committee.

RESOLUTION CONCERNING JOHN E. GILMAN.

Coun. BRICKLEY offered the following:

Whereas, The Creator has seen fit in His infinite wisdom to remove from our midst John E. Gilman, and

Whereas, His life as a citizen, soldier and Christian gentleman is an inspiration to all who came in contact with him; therefore be it

Resolved, That the City Council tenders to his widow and family its deepest sympathy in their hour of trial.

Ordered, That the City Clerk forward to the family of John E. Gilman a copy of these preambles and resolution.

Passed, by a unanimous rising vote.

SOLDIERS' RELIEF.

Coun. BRICKLEY offered an order—That under the provisions of chapter 79 of the Revised Laws, chapter 587 of the Acts of 1914, chapter 179 of the General Acts of 1917, and acts in amendment thereof or in addition thereto, the amounts set forth in the list of allowances hereto annexed, for the month of February, 1921, of aid to soldiers and sailors and their families residing in the City of Boston or having a settlement therein, be hereby approved and paid until otherwise ordered, unless the person named shall previously become ineligible to receive said aid.

Passed, under a suspension of the rule.

LOUIS BANGS SQUARE.

Coun. BRICKLEY offered an order—That the open space at the junction of Main, Harvard, Pleasant and Devens streets, Charlestown, be named and known as Louis Bangs square, in honor of Corporal Louis Bangs, who was killed during the World War at Chateau-Thierry, France; and that said space be suitably marked with signs.

Passed, under a suspension of the rule.

RAYMOND FLAHERTY SQUARE.

Coun. BRICKLEY offered an order—That the open space at the junction of Eighth, Telegraph and Dorchester streets, South Boston, be named and known as Raymond Flaherty square, in honor of Private Flaherty, who was wounded at Chateau-Thierry, France, and died as a result thereof; and that said space be suitably marked with signs.

Passed, under a suspension of the rule.

EXEMPTION OF BUILDINGS FROM TAXATION.

Coun. McLAUGHLIN offered an order—That his Honor the Mayor be requested to petition

the General Court, at its present session, for legislation to authorize the City of Boston to exempt from taxation for ten years, or such other period as may be advisable all dwelling houses constructed during the calendar years 1921 and 1922.

Referred to the Executive Committee when appointed.

HARRY KRAMER SQUARE.

Coun. COLLINS offered an order—That the open space at the intersection of Blue Hill avenue and Morton street, Dorchester, be named and known as Harry Kramer square, in honor of Private Harry Kramer, who was killed at Brousey, France, April 5, 1918, during the World War, while serving with Company H, 101st United States Infantry; and said space be suitably marked with signs.

Passed, under a suspension of the rule.

CHARLES J. REGAN SQUARE.

Coun. FORD offered an order—That the space at the junction of Tremont and Prospect streets, Charlestown, be named and known as Charles J. Regan square, in honor of the memory of said Charles J. Regan, who lost his life in the World War, and that said space be suitably marked with signs.

Passed, under a suspension of the rule.

GEORGE F. MEEHAN HEIGHTS.

Coun. FORD offered an order—That the Park and Recreation Commissioners be requested to change the name of Charlestown Heights to George F. Meehan Heights, in honor of the memory of said Meehan, who lost his life in the World War, and that said space be suitably designated by signs.

Coun. FORD, Mr. President, that order is offered again for the reason that Bunker Hill Post feels that it has not had an opportunity to be heard on the matter of rejection by the Park and Recreation Commissioners. They desired the order introduced again so that they can have an opportunity to be heard. I therefore move a suspension of the rule so that the matter may be sent to the Park and Recreation Commissioner.

The order was passed under suspension of the rule.

REINSTATEMENT OF JOSEPH W. MURRAY.

Coun. FORD offered the following:

Resolved, That the City Council of Boston favors legislation for the reinstatement of Joseph W. Murray as a member of the Boston Fire Department.

Passed, under a suspension of the rule.

HALF HOLIDAY, EVACUATION DAY.

Coun. MORIARTY offered an order—That his Honor the Mayor be requested to instruct all heads of departments to grant a half holiday, without loss of pay, on Evacuation Day, March 17, to all city employees who participate in the parade on that day.

Passed, under a suspension of the rule.

BALLOT FOR PRESIDENT.

On motion of Coun. WATSON, the Council voted to proceed to a ballot for President for 1921. The Clerk called the roll, and the members voted as follows:

For David J. Brickley—Coun. Brickley, McLaughlin and Moriarty, 3.

For Daniel J. Lane—Coun. Collins, Hagan and Lane, 3.

For James A. Watson—Coun. Donoghue, Ford and Watson, 3.

And there was no choice.

RECESS.

On motion of Coun. COLLINS, the Council voted at 3.22 p. m., to take a recess, subject to the call of the Chair.

The members reassembled in the Council Chamber and were called together by Coun. HAGAN at 4.37 p. m.

CONFIRMATION OF APPOINTMENTS.

Coun. HAGAN called up unfinished business Nos. 1 to 7, inclusive, viz.:

Action on appointments submitted by the Mayor, February 14, 1921, viz.:

(1) Lewis Joseph Cavagnaro, Jr., to be a Constable.

(2) Michael Francis Egan, to be a Constable.

(3) Joseph J. Hana, to be a Constable.

(4) Harry Jaffe, to be a Constable.

(5) Frank G. McCann, to be a Weigher of Coal, and a Measurer of Wood and Bark.

(6) Louis T. Howard, to be a Weigher of Goods.

(7) Arthur J. Duffy, to be a Measurer of Grain, and an Inspector of Pressed or Bundled Hay and Straw.

The question came on confirmation. Committee, Coun. Ford and Brickley. Whole number of ballots cast, 7; yes 7, and the several appointments were confirmed.

EXECUTIVE COMMITTEE REPORTS.

Coun. WATSON, for the Executive Committee, submitted the following, viz.:

1. Reports on petitions (referred today), for permits for children under fifteen years of age to appear at various places of amusement—that permits be granted, viz.:

Boston League of Women Voters, Ford Hall, February 25.

Mrs. Marcus E. Mansur, N. E. Woman's Club Hall, February 26.

Emma G. Tunnicliffe, Huntington Chambers, February 22.

Reports severally accepted; permits granted on the usual conditions.

2. Report on preambles and resolve (referred today), protesting as County Commissioners against legislation for delivery of county penal institutions to control of State—that the same ought to pass.

Report accepted; preambles and resolution passed.

3. Report on order (referred today), that his Honor the Mayor instruct the City Auditor to withhold his approval from all bills of the Edison Illuminating Company that include a "charge under coal clause"—that the order ought to pass.

Report accepted; order passed.

4. Report on order (referred today), that his Honor the Mayor instruct the Corporation Counsel to proceed against the Edison Illuminating Company to compel it to refund all monies received from the city under so-called "charges under coal clause"—that the order ought to pass.

Report accepted; order passed.

5. Report on order (referred today), that his Honor the Mayor petition the General Court to exempt from taxation for ten years, or such period as may be advisable, all dwelling houses constructed from 1921 to 1922—that the order ought to pass.

Report accepted; order passed.

6. Report on message of Mayor, communication and order (referred today), for appropriation of \$1,000 for travelling expenses in water division, Public Works Department—that the order ought to pass.

GENERAL RECONSIDERATION.

Coun. DONOGHUE moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

Adjourned at 4.32 p. m., on motion of Coun. FORD, to meet on Monday, February 28, at 2 o'clock p. m.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do work with the department forces without advertising; additions to and deductions from contracts.

SUPPLY DEPARTMENT.

February 23, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising the same, to the Henshaw Motor Co., for furnishing one Dodge Runabout, to the Public Works Department, Street Cleaning and Oiling Service, at a price of \$1385, this machine to be used by the Supervisor of Street Cleaning.

Authority is also requested to sell to the Henshaw Motor Co. one 1917 Buick Touring Car for the sum of \$400, making the net amount of the above contract \$985.

Yours respectfully,
G. J. CRONIN,
Superintendent of Supplies.

SUPPLY DEPARTMENT.

February 19, 1921.

HON. ANDREW J. PETERS,
Mayor of Boston.

DEAR SIR,—I respectfully request permission to award a contract, without publicly advertising the same, to the Northern Coal Co. for furnishing a barge of approximately 1,600 tons of semi-bituminous coal to the Public Works Department, Ferry Division, North Ferry, at a price of \$7.50 per gross ton New River coal from Pools Nos. 1 and 2 to be delivered alongside North Ferry.

You will note on enclosed list of prices that there are two bids lower than the Northern Coal Co. but they are for Pennsylvania coal, and in view of the fact that this coal is to be used by the ferry boats, I deem it for the best interests of the city to award this contract to the Northern Coal Co. who have bid on straight New

River coal from Pools Nos. 1 and 2 which is the best coal from the New River district.

Yours respectfully,
G. J. CROXIN,
Superintendent of Supplies.

Prices received on semi-bituminous coal for the ferry service, North Ferry, February 18, 1921.—Northern Coal Co., \$7.50 per gross ton alongside, New River Pool Nos. 1 and 2; Castner, Curran & Bullett, \$8.50, alongside, New River Pool No. 1; Stetson Coal Co., \$8.50 alongside, New River Pool No. 1; Maritime Coaling Co., \$9.35 alongside, Pocahontas; N. E. Coal & Coke Co., \$10 alongside, Pocahontas or New River; N. E. Coal & Coke Co., \$7 alongside, Pennsylvania; Burton Furber Coal Co., \$11 alongside, Pocahontas; C. H. Sprague, \$7.42 alongside, Pennsylvania; Lehigh Valley Coal Sales Co., \$7.60 alongside, Pennsylvania No. 10; Lehigh Valley Coal Sales Co., \$7.85 alongside, Pennsylvania No. 9; Lehigh Valley Coal Sales Co., \$7.95 alongside, Cambria; Coastwise Coal Co., \$8.50 alongside, New River; Coastwise Coal Co., \$7.50 alongside, Pennsylvania Pool No. 9; Spring Coal Co., \$7.70 alongside, Pennsylvania Pool No. 10; Spring Coal Co., \$7.95 alongside, Pennsylvania Pool No. 9.

EXPENDITURES FOR PUBLIC IMPROVEMENTS PER CAPITA IN LEADING CITIES 1917 (by rank).

Detroit, \$8.13; Chicago, \$13.13; San Francisco, \$12.72; Cleveland, \$12.14; Philadelphia, \$11.36; Boston, \$9.86 (as corrected to include Rapid Transit construction); Pittsburgh, \$7.58; Cincinnati, \$7.34; St. Louis, \$6.57. (See U. S. Census Bureau's Financial Statistics of Cities, 1918, p. 144.)

INCREASE OF PUBLIC DEBT IN LEADING CITIES, 1908-1918 (Ranking from Highest).

The net debt in the ten-year period increased as follows: (1) San Francisco, \$31,534,084 or 267.57 per cent; (2) Detroit, \$11,561,738 or 118.10 per cent; (3) Baltimore, \$32,797,853 or 98.40 per cent; (4) Cleveland, \$23,673,565 or 72.59 per cent; (5) Buffalo, \$13,026,177 or 61.14 per cent; (6) Pittsburgh, \$20,912,039 or 58.76 per cent; (7) Philadelphia, \$47,282,300 or 57.62 per cent; (8) New York, \$348,840,074 or 50.97 per cent; (9) Boston, \$12,596,050 or 17.11 per cent.

All of Boston's increase was Rapid Transit debt, representing a 4½ per cent investment. Omitting this, there was a decrease of \$3,849,927 or 5.23 per cent in Boston's net debt during the period stated.

PUBLIC STREETS IN BOSTON, 1920

Total length of the 2,443 paved streets, February 1, 1920, 603.71 miles; total area, 11,391,742 square yards, or 8.45 per cent of the City's total land area. This is exclusive of the private streets (not accepted), numbering about 2,840. 369.90 miles, or 62.93 per cent, are paved with macadam (including 113.22 miles bituminous macadam); 104.69 miles with granite block; 41.40 miles with asphalt; 32.13 miles with gravel; 23.65 miles with bitulithic; 10.66 miles with wood block; 5.46 miles with brick. Old macadam pavement is gradually being replaced with more satisfactory and durable kinds, such as bitulithic, concrete, granite block, etc. Granolithic sidewalks laid in 1919, 117,311 square yards or 22 miles, averaging about 8 feet wide, 50 per cent of cost assessed on estates benefitted:

The 18 principal thoroughfares and traffic routes selected by the Mayor's committee of citizens in 1918 as in urgent need of repair have mostly been resurfaced with granite block, original estimate of cost being \$1,506,200.

New highway construction ordered for 1917-19 and mostly completed includes 29 streets in Dorchester; 25 in West Roxbury; 12 in Roxbury; 14 in Brighton; 6 in East Boston; 2 in Hyde Park and 2 in South Boston, roadway pavement bitulithic or asphalt surface on concrete, and bituminous macadam. Gross debt outstanding February 1, 1920, for all street construction, including damages, \$21,608,521 or \$369,990 less than in 1919.

PLAN FOR PLAYGROUND ACTIVITIES, SEASON OF 1921

On motion of the Superintendent, it was

ORDERED, That with the approval of the Superintendent, the length of the playground season for the year 1921 is hereby left to the judgment of the Director of Physical Training, and he is hereby authorized to begin and to terminate the playground activities at his discretion.

On motion of the Superintendent, it was

ORDERED, That the Director of Physical Training is hereby authorized to conduct playground activities in such schoolyards, children's corners and athletic fields as may be approved by the Superintendent during the season of 1921.

On motion of the Superintendent, it was

ORDERED, That the hours of service of teachers and janitors employed in the playgrounds during the season of 1921, unless otherwise specified, be such portion of the time between 8 o'clock a. m. and 8 o'clock p. m. as the Superintendent may direct.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to change the days and hours on which each playground may be conducted at his discretion.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in the playgrounds during the season of 1921.

On motion of the Superintendent, it was

ORDERED, That any teacher whose name appears on the list of teachers appointed in playgrounds for the season of 1921, may be transferred by the Director of Physical Training from one position to another for which said teacher holds the required certificate, and said teacher shall be paid according to the schedule established for the position actually filled during any day or part of day certified to by the Director of Physical Training.

On motion of the Superintendent, it was

ORDERED, That sessions of the playgrounds be as follows:

Spring Season: From fifteen minutes after the close of school until 5:30 o'clock P. M. on school days, and from 10 o'clock A. M. to 5 o'clock P. M. on Saturdays and holidays.

Summer Season: From 10 o'clock A. M. to 5 o'clock P. M. daily, inclusive of holidays, Sundays excepted.

Fall Season: From fifteen minutes after the close of school until 5:30 o'clock P. M. on school days up to and including October 31; after that date the sessions on school days may be terminated by the teacher in charge of the playground at an earlier hour on account of darkness, and that the sessions on Saturdays and holidays throughout the Fall season be from 10 o'clock A. M. until 5 o'clock P. M.

AFTERNOON CLASS IN LIP-READING.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized in his discretion to conduct an after-school class in lip-reading for upper grade pupils of the day elementary schools; such class to be two hours in duration on not more than one afternoon per week during the remainder of the current school year, compensation of the teacher to be at the rate of three dollars (\$3) per period of service.

VETO, HALF HOLIDAY, EVACUATION DAY

The following was received:

Office of the Mayor,
February 24, 1921.

To the City Council:

Gentlemen,—I have received the order passed by the City Council on February 21, that the heads of departments be authorized to allow all city employees who actually participate in the Evacuation Day Celebration, a half holiday without loss of pay.

I am herewith returning this order without my signature, as I believe that the granting of such a half holiday would not only be exceedingly hard to limit to the cases of those who actually participate in the celebration, but also because it is against the best interests of the city's business to increase the already large number of holidays granted to city employees.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Placed on file.

SALARY INCREASES.

The following was received:

Office of the Mayor,
February 24, 1921.

To the City Council:

Gentlemen,—I am herewith submitting appropriate changes in the city ordinances to give certain increases of salary to five department heads. These amendments to the ordinances provide for an increase in salary of \$1,000 to the City Auditor, the City Treasurer, the City Collector and the Building Commissioner, and an increase of \$900 in the salary of the Superintendent of Public Buildings.

The following table shows the present salaries paid by the city to the department heads in question and the rate which it is proposed to establish:

Position	Present Rate	Proposed Rate
Auditor	\$6,000	\$7,000
Treasurer	5,000	6,000
City Collector	5,000	6,000
Building Commissioner	5,000	6,000
Supt. of Public Buildings	3,600	4,500

No change in the salaries of any of these department heads has been made for a number of years, and I am certain that every thinking man will agree that the salaries they receive at present are not commensurate with the responsibility which their office carries. The proposed salary will be more nearly that which the responsibility of each position demands.

I recommend the immediate adoption of the accompanying amendments to the ordinances.

Respectfully yours,
ANDREW J. PETERS, Mayor.

City of Boston.

In the Year Nineteen Hundred and Twenty-One. An Ordinance Concerning the Salaries of the Building Commissioner, Auditor, Collector, Treasurer, and Superintendent of Buildings.

Be it ordained by the City Council of Boston, as follows:

Section five of chapter three of the Revised Ordinances of 1914 is hereby amended by striking out in the clause establishing the salary of the building commissioner the word "five" and inserting in place thereof the word "six"; by striking out in the clause establishing the salary of the auditor the word "six" and inserting in place thereof the word "seven"; by striking out in the clause establishing the salary of the collector the word "five" and inserting in place thereof the word "six"; by striking out in the clause establishing the salary

of the treasurer the word "five" and inserting in place thereof the word "six"; and by striking out in the clause establishing the salary of the superintendent of buildings the word "thirty-six" and inserting in place thereof the word "forty-five."

Referred to the Committee on Ordinances, when appointed.

MONEY FOR WARD TWELVE MUNICIPAL BUILDING.

The following was received:

Office of the Mayor,
February 25, 1921.

To the City Council:

Gentlemen,—I am herewith attaching copies of letters from Mr. J. A. Schweinfurth, the architect who is preparing the plans for the municipal building in Ward 12, and from Mr. Fred J. Kneeland, Superintendent of Public Buildings. You will note that the estimated cost of the new municipal building is approximately \$78,000 more than we had anticipated.

As it is desirable that there be no delay in our going forward with our plans for the building, I recommend the immediate passage of the accompanying order which provides the necessary additional funds.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Office of Public Buildings Department,
City Hall Annex,
February 24, 1921.

Hon. Andrew J. Peters,
Mayor of the City of Boston.

Dear Sir,—I have received a communication from Mr. J. A. Schweinfurth, architect on the proposed municipal building, corner West Brookline street and Shawmut avenue, which will explain itself, and I enclose same to you for your consideration.

You will observe that he says that the plans as drawn by him contain 909,560 cu. ft. and that probably any work along this line will cost at least 50c per cu. ft., making the probable cost of the building about \$481,780.

There is a balance in the appropriation for this building in the sum of \$404,359.05, and in order to meet the figures as estimated by the architect, it would require an additional appropriation of \$77,421, and I respectfully request that a further appropriation in the sum of \$77,421 be provided to meet the conditions.

Respectfully yours,
FRED J. KNEELAND,
Superintendent of Public Buildings.

1110 Exchange Building, Boston.
February 23, 1921.

Mr. Fred J. Kneeland,
Superintendent of Public Buildings,
City of Boston.

Dear Sir,—In accordance with your suggestion, I am putting in writing my recent statement to you concerning the cost of the proposed municipal building, Ward 12.

After having consulted all the people the Mayor requested me to, I find the resultant building, using all the possible means of economy and simplification proper for such a building, contains 909,560 cubic feet. This at fifty cents per cubic foot, the lowest figure which I think probable (although it may go lower) and including architect's commission, would make the building cost about \$481,780. When you take into consideration that there is often a variation of over \$100,000 in the figures for a building such as this submitted by contractors on their final bids, having all the detailed drawings and specifications and current market prices, and also the present condition of the market, you will see how difficult it is for an architect to make anything more than an approximate figure on the cost of such a building.

I have to report that the drawings are rapidly approaching completion, and I shall start the specification soon.

Will you please let me know the official title of this building, whether Ward 12 or 6, and oblige

Respectfully yours,
J. A. SCHWEINFURTH.

Ordered, That, in addition to the amount heretofore appropriated, the sum of \$78,000 be appropriated to be expended by the Superintendent of Public Buildings for the construction of a municipal building in old Ward 12, and that to meet said appropriation, the City Treasurer be hereby authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance, when appointed.

WITHDRAWAL OF LOAN ORDER.

The following was received:

Office of the Mayor,
February 25, 1921.

To the City Council:

Gentlemen,—I herewith withdraw the order submitted to the City Council on February 7, to authorize the issuance of bonds to the extent of \$1,400,000, and I am herewith substituting an order providing for the authorization of the issuance of bonds not exceeding \$800,000 for Highways, making of.

I am also submitting a loan order authorizing the issuance of bonds not exceeding \$600,000 for the purpose of the construction of the new Chelsea South Bridge. It is estimated that the total cost of the bridge will be \$800,000 and the proportion to be paid for by Chelsea of this total, will be \$200,000. I prefer to procure the money for the construction of this bridge inside the debt limit, and it now seems possible to do so by reducing the total bond issue originally contemplated for Highways, making of.

I recommend the immediate passage of the accompanying orders.

Respectfully yours,
ANDREW J. PETERS, Mayor.

Ordered, That the sum of \$600,000 be, and hereby is, appropriated to be expended under the direction of the Commissioner of Public Works, for the construction of Chelsea Bridge, South, and that to meet said appropriation, the City Treasurer be, and hereby is, authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That the sum of \$800,000 be and hereby is, appropriated for Highways, making of, under the provisions of chapter 393 of the Acts of 1906, and that to meet said appropriation the City Treasurer be, and hereby is, authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance, when appointed.

EXCHANGE OF RIGHTS, STATE AND CITY.

The following was received:

Office of the Mayor,
February 18, 1921.

To the City Council:

Gentlemen,—I herewith transmit an order which authorizes an exchange of rights in flats and lands, owned respectively by the Commonwealth and the City of Boston, and adjacent to Marine Park in the South Boston District, which lands and flats are described in the accompanying order.

As the Commonwealth has filled this land for the purpose of commercial use, and as it will enable the Public Works Department of the Commonwealth to further carry out the development of the port and add a large amount of taxable real estate, and the City of Boston is to have certain of its lands filled, and Pleasure Bay is to be dredged to a depth satisfactory to the Park Department, without expense, I consider this exchange greatly beneficial to the interests of the city, and I heartily recommend the passage of the accompanying order.

Respectfully yours,
ANDREW J. PETERS, Mayor.

City of Boston, in City Council.

Whereas, The City of Boston by deeds from the executor of and trustee under the will of Benjamin Adams, dated April 30, 1883, recorded with Suffolk Deeds, Lib. 1595, pages 395 and 396, acquired title to certain land, beach and flats on Q street, now Farragut road, in the South Boston district, extending easterly and northerly to low-water mark, "to be used for the purposes of a public park," and the said City by a taking recorded with said Deeds, Lib. 1597, page 591, took the said land, beach and flats "as and for a public park"; and

Whereas, The Board of Park Commissioners of the City of Boston by the three following acts was authorized to make such excavations and filling and erect and maintain such structures in and over the area of tide-water at or near Dorchester Point, as the Board may deem necessary or desirable for the purposes of a public park; chapter 360 of the Acts of 1885, covering the area which lies southerly of the northerly line of East First street extended easterly to Castle Island and east of the westerly line of Q street, extended southerly into Old Harbor; chapter 427, section 1, of the Acts of 1887, covering the area which lies south of a line drawn parallel to and three hundred (300) feet northerly from the northerly line of East First street extended easterly to Castle Island and easterly of the westerly line of Q street, extended northerly to an intersection with said parallel line and southerly into Old Harbor; and chapter 438 of the Acts of 1889, covering the area which lies east of the westerly line of Q street and extending southerly into Old Harbor and northerly to the southerly line of the Reserve Channel as established by the Board of Harbor and Land Commissioners under chapter 46 of the Resolves of 1886, and south of the said southerly line of said Reserve Channel. Section 2 of said chapter 438 provides that "all lands of the Commonwealth which are occupied or enclosed under the provisions of this Act shall be appropriated to and used solely for the purposes of a public park"; and

Whereas, The location of the Reserve Channel as established under chapter 46 of the Resolves of 1886 was changed under the authority of chapter 90, Resolves of 1911, leaving a large area of land belonging to the Commonwealth lying between the two locations of the southerly line of the channel and adjacent to the said land, beach and flats owned by the City of Boston for a public park, and

whereas in order to furnish approaches to, and properly develop this area it is necessary to use a portion of the said land, beach and flats which the city owns and was authorized to occupy for a public park; and

Whereas, By agreement between the Department of Public Works of the said Commonwealth and the Mayor and the Park Commissioners of the City of Boston, the Commonwealth in connection with the filling of the area lying between the old and new locations of the southerly line of the Reserve Channel has in addition filled a portion of the flats adjacent to the land of the City of Boston used for a public park with the understanding that a portion of such area should be transferred to the Commonwealth in order to provide proper facilities for reaching and developing the land of the Commonwealth which has been filled; and, further, that the Commonwealth release any interest it may have in and to all the land, beach and flats lying between Marine Park and Castle Island and extending southerly from the northerly side of the existing bridge that connects City Point with the said Island; and that the Commonwealth agree to perform certain acts in regard to the filling of these flats and making a beach running into Pleasure Bay, and in regard to the location and construction of a street one hundred feet wide, and to restrict a certain area.

Ordered, That his Honor, the Mayor, be and hereby is authorized and empowered in the name and behalf of the City, in accordance with the provisions of chapter 748, of the Acts of 1911, to convey to the Commonwealth of Massachusetts all the right, title and interest which the City of Boston has in and to the land and flats on the easterly side of Farragut road in the South Boston district, containing approximately forty-nine thousand and eight hundred (49,800) square feet of solid land, and three hundred eighty-seven thousand and one hundred eighty-three (387,183) square feet of flats to be devoted to commercial purposes, and forty-one thousand (41,000) square feet of solid land and one hundred forty-eight thousand eight hundred seventy (148,870) square feet of flats over which the Commonwealth is to construct a street or way to be used in part for commercial purposes, all as shown on a plan made by Henry C. Mildram, real estate engineer, dated February 14, 1921, in exchange for a conveyance by the said Commonwealth of all its rights, title and interest in and to the land and flats lying between Marine Park, as now filled, and Castle Island, and extending from the southerly line of the said land and flats to be released to the Commonwealth southerly into Old Harbor, and the agreement by the Commonwealth that it will complete the filling of the flats from the southerly line of the flats to be released to it to the southerly side of the existing bridge that connects City Point with said Island, with material dredged from the harbor, making a beach sloping from the southerly side of the said bridge southerly into Pleasure Bay; the beach being made at such slope as the material will naturally assume when placed by a hydraulic dredge, the said Commonwealth further to agree never to erect any building or buildings on the land or flats owned by it lying between Castle Island and the red line shown on said plan and marked "Restriction line, beyond which on the east side no buildings are to be erected," and within a reasonable time to locate and construct a street or way one hundred feet wide within the premises to be released to it and along the southerly line thereof extending from East First street easterly to the line of riparian ownership, using a strip twenty-three (23) feet wide for the location of two standard gauge railroad tracks to be used for commercial purposes, with branches leading into the areas on the northerly side of said street, the Commonwealth to pave and regulate the portion of said street northerly of said twenty-three foot strip, and to agree that the city reserve the right to develop that portion of said street south of said strip for park purposes.

Both conveyances and the agreements referred to in this order are to be in form satisfactory to the Law Department.

Referred to the Executive Committee, when appointed.

APPROPRIATION BILL.

The following was received:

Office of the Mayor,
February 28, 1921.

To the City Council.

Gentlemen,—This year the tax limit of \$6.52 on the thousand for general municipal purposes, has been raised by legislation to \$11 on the thousand. The amount that can be raised by taxes within the limit of \$11 is \$16,790,025.50 to which should be added estimated income of \$5,184,000.00 and the surplus of \$3,817,250.61. Of this sum, I recommend the appropriation of \$23,523,277.58, the total for municipal purposes.

It is to be remarked that as predicted, the yield from the tax limit of \$11 on the thousand plus estimated other income, falls far short of the budget requirements. The large surplus with which the city closed the last financial year alone makes possible the continuation of many public services with which the citizens could ill dispense.

This year I plan to further extend the motorization of the Fire Department, such great advances in which have been made during my administration, and for this purpose I am setting aside the sum of \$150,000.

It is evident that there is a great shortage of books suitable for the branch libraries throughout the city, and mindful of the importance of having available as large a supply as possible for children of our city, I am providing the sum of \$100,000 for the purchase of new books.

Salary increases this year have been granted only in exceptional cases where I was convinced that unless increases were granted real injustice would be done. I do not believe that general group increases are needed, for there is every indication

that the cost of living is now on the decline, and in addition, the finances of the city would not warrant any such group increases.

Those increases which have been granted are intended to be effective April 1, in the case both of employees on the monthly basis, and on the weekly basis. I hope that the City Council will be able to finally adopt the budget before that time.

Respectfully yours,

ANDREW J. PETERS, Mayor.
